TTV Architects	4
Williamson Dacar Associates	2

DMA contracts for these projects provide that the consultants be available on an as-needed basis for a period of 3 years with a 1 time option to renew for an additional 3 years.

CONTRACT AWARD: No contract for a specific project shall be awarded directly from this solicitation. The sole purpose of this solicitation is to obtain Professional Qualifications from Qualified Licensed Professional Service Firms. There is no stated or implied guarantee or promise of work. Task Orders will be issued against the term contracts on an as-needed and as-qualified basis.

CONTINUING CONTRACT DEFINITION:

A "continuing contract" is a contract for professional services entered into in accordance with all the procedures of this act between an agency and a firm whereby the firm provides professional services to the agency for projects in which the estimated construction cost of each individual project under the contract does not exceed $2 million, for study activity if the fee for professional services for each individual study under the contract does not exceed $200,000, or for work of a specified nature as outlined in the contract required by the agency, with the contract being for a fixed term or with no time limitation except that the contract must provide a termination clause. Firms providing professional services under continuing contracts shall not be required to bid against one another.

In determining whether a firm was selected for this Agency's Term Contracts, the agency considered such factors as location (zone), technical staff and licensed personnel; minority business status, past relevant experience; recent, current, and projected workloads of the firms; and disciplines represented on staff with the object of effecting an equitable distribution of contracts among qualified firms throughout the state.

Firms providing professional services under continuing contracts shall not be required to bid against one another. However, depending upon the project type, a project manager may request multiple firms to submit proposals in order to meet time and budget requirements. The Agency may also decide to advertise according to F.S. 287.055 for services if the Agency feels more competition is required.

Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, shall constitute a waiver of proceedings under Chapter 120, Florida Statutes. Any person who is adversely affected by the Agency's decision or intended decision shall file with the Agency a notice of protest in writing within 72 hours after the posting of the notice of decision or intended decision.

The State of Florida's award, performance, and obligation to pay under Task Orders issued against this contract is contingent upon availability of funding and an annual appropriation by the Legislature.

Your point of contact for this is the CFMO-Contract Management Branch at ng.fl.flarng.list.ngfl-cfmo-contracting@mail.mil

As there was a limited number of term contracts we could issue per zone (as dictated by Agency policy) your firm may not have been selected (stated in the list above), we appreciate your support of the Department and encourage firms to submit against future project specific solicitations.
