This description of commodities or contractual services intended for purchase from a single source is posted in accordance with section 287.057(3)(c), Florida Statutes and will remain posted for a period of at least 7 business days.

Commodity or Service Required (commodity class and group, manufacturer, model, and description, as appropriate):

43232400: Development software

81111805: Proprietary or licensed systems maintenance or support

Quantity or Term (as appropriate):

Author and Collaborator Licenses and Support

Requestor (division, bureau, office, individual, as appropriate):

Debbie Hoover, Division of Information Systems Administration (ISA)

Performance and/or Design Requirements (intended use, function or application, compatibility etc. requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate):

The Department's Division of ISA has utilized Blueprint Software since 2012. This software application allows ISA personnel the ability to provide detailed traceability, impact analysis, agile planning, enterprise administration, and test management solutions for requirements gathering, validation and development related to the Motorist Modernization

Program Initiative. It also provides for concurrent access by ISA personnel to the information/data stored within the system.

Blueprint Software is critical to the Department's mission as it interfaces with the Team Foundation Server that provides the Department's source code management. This purchase will allow for continued operations without interruption, and will ensure the successful completion and implementation of the Motorist Modernization Program Initiative.

Intended Source (vendor, contractor):

Blueprint Software Systems
5174 McGinnis Ferry Rd, Suite 148
Alpharetta, GA 30005
