Each submission must have the solicitation number in the subject line of the email. Questions must be submitted in the following format to be considered:

2.1.1.3 Submission of Responses

Once the Department posts the answers to the questions, Respondents may begin submitting Responses as indicated in Section 3.4, How to Submit a Response; however, Respondents are encouraged to submit their Responses no earlier than five (5) days prior to the submission deadline. Respondents’ Responses must be submitted by the deadline listed in Section 2.2, Timeline, below.

2.1.1.4 Public Opening

The Department will open the Responses in a public meeting at the date, time, and location noted in Section 2.2, Timeline. The Procurement Officer will review the entire Response to ensure that all required volumes were timely submitted. Prices will not be read aloud at the Response opening.

2.1.2 Evaluation Phase

2.1.2.1 Administrative Review

All Responses will be reviewed by the Procurement Officer to ensure that complete Responses have been submitted and to ensure that the Responses meet the minimum mandatory criteria listed in Attachment C, Mandatory Criteria Certification. Complete Responses that meet the minimum mandatory criteria will be sent to the Evaluation Team for their qualitative review. In order to foster maximum competition, the Department will seek to minimize Respondent disqualifications resulting from non-responsiveness during the administrative review process. Therefore, the Department may, in its sole discretion, notify Respondents whose qualifying information or documentation does not meet the requirements of the RFP and allow the correction of errors and omissions prior to making a final determination of responsiveness. Timely cures will be accepted by the Department.

2.1.2.2 Technical Response Evaluation

All initially responsive Responses reviewed by the Procurement Officer pursuant to Section 2.1.2.1, Administrative Review, will be evaluated according to the criteria in Attachment B, Evaluator Score Sheet, and set forth in this RFP. After the evaluation phase, the Procurement Officer will compile the final evaluation scores and forward them as the recommendation of award to the Chief Financial Officer, or designee.

The Respondent's answers to requested clarifications must be submitted to the Department within the time specified by the Department in the requested clarification.

2.8 RESPONSE QUALIFICATION AND CURE PROCESS

In the interest of maximizing competition, the Response qualification and cure process seeks to minimize, if not eliminate, Respondent disqualifications resulting from nonmaterial, curable deficiencies in the Response. During the Administrative Review portion of the evaluation, if the Department determines that a nonmaterial, curable deficiency in the Response will result in the disqualification of a Respondent, the Department may notify the Respondent of the deficiency and a timeframe within which to provide the information. This process is at the sole discretion of the Department; therefore, the Respondent is advised to ensure that its Response is compliant with the RFP at the time of submittal.

2.9 INFORMATION FROM OTHER SOURCES

The Department reserves the right to seek information from outside sources regarding the Respondent and the Respondent's offerings, capabilities, references, and performance, if the Department determines that such information is pertinent to the RFP. The Department may consider such information throughout the solicitation process including, but not limited to, determining whether the award is ultimately in the best interest of the State. This may include, but is not limited to, the Department engaging consultants, subject matter experts, and others to ensure that the Department has a complete understanding of the information provided pursuant to the solicitation.

2.10 DIVERSITY

The Department is dedicated to fostering the continued development and economic growth of minority-owned, veteran-owned, and women-owned small businesses. Participation of a diverse group of Respondents doing business with the State is central to the Department's effort. To this end, minority-owned, veteran-owned, women-owned small business enterprises are encouraged to participate in the State's procurement process as both prime contractors and subcontractors.

By submitting the Response, Respondent certifies that it agrees to and satisfies all mandatory requirements specified in this RFP. At any time during the solicitation process, the Department may request, and the Respondent must provide, supporting information or documentation. Failure to supply supporting information or documentation as required and requested may result in disqualification or rejection of the Response.

SECTION 4. SELECTION METHODOLOGY

4.1 MANDATORY CRITERIA

In the Administrative Review Phase, the Procurement Officer will review Attachment C, Mandatory Criteria Certification, and make a determination of responsiveness. The Procurement Officer will also ensure that all documents that were labeled as “Mandatory” in this RFP have been submitted by the Respondent. Only those Responses that meet the mandatory criteria and contain all the mandatory documentation, including those Responses that meet these requirements after a timely cure, will be sent to the evaluation team for evaluation.

4.2 EVALUATION TEAM

The Department’s evaluation team will consist of at least three (3) persons who collectively have experience and knowledge in the program area and service requirements for the commodities and/or contractual services sought.

4.3 EVALUATION CRITERIA

Each Response will be evaluated against the criteria set forth in Attachment B, Evaluator Score Sheet.

4.3.1 RESPONSE QUALIFICATION

The evaluation team members will also review and evaluate portions of Volume One, Response Qualifications Documents, if the Evaluator Score Sheet requires the evaluation team to assign a point value to portions of Volume One.

4.3.2 TECHNICAL RESPONSE

Each evaluation team member will independently evaluate each Response against the evaluation criteria set forth in the Evaluator Score Sheet.

4.3.3 PRICE RESPONSE

The Procurement Officer will evaluate the Price Response. Price Responses will be awarded a maximum of eight (8) points. The prices provided for the optional pieces of the Report will not be factored into the scoring. The scores for the Price Response will be determined based on the following formula:

$$\text{(Lowest Respondent's Price/Respondent's Price) x (Maximum Number of Points available) = Points Awarded for Price Response}$$

SECTION 5. AWARD

5.1 BASIS OF AWARD

A Contract(s) may be awarded to the responsible and responsive Respondent(s) whose Response(s) is deemed the most advantageous offer to the State based on points awarded, in consideration of price and selection criteria in this RFP. The Department reserves the right to award regional contracts for all or part of the work contemplated by this solicitation.

The Department reserves the right to accept or reject any or all offers, or separable portions, and to waive any minor irregularity, technicality, or omission if the Department determines that doing so will serve the best interest of the State. The Department has the right to use any or all ideas or adaptations of the ideas presented in any Response. Selection or rejection of a Response will not affect this right.

Responses that do not meet all requirements, specifications, terms, and conditions of the solicitation or that fail to provide all required information, documents, or materials may be rejected as non-responsive. Respondents whose Responses, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of a contract may be rejected. The Department may request additional information pertaining to the Respondent's ability and qualifications to accomplish all services described in this RFP as deemed necessary during the RFP or after contract award.

5.2 AWARD PREFERENCES FOR IDENTICAL EVALUATIONS OF RESPONSES

In the event that the Department's evaluation results in identical evaluations of Responses, the Department will provide Attachment F, Award Preference for Identical Evaluation of Responses Form, to the Respondents whose Responses resulted in the identical evaluations. Based on those forms, the Department will give the award to a Respondent if it is a minority-owned (including women-owned) or veteran-owned business. If more than one Respondent is entitled to this preference, the preference will be given to the Respondent that is the qualifying business of the smallest net worth, consistent with section 295.187(4)(b), F.S. If the award cannot be decided based on this preference, the Department will apply the criteria identified in subsections 60A-1.011(1), 60A-1.011(3), and 60A-1.011(4), F.A.C., in that order of precedence.

5.3 THE DEPARTMENT'S RECOMMENDATION OF AWARD

The Department will develop a recommendation as to the award(s) that will result in a Contract(s) that is most advantageous to the State based on the evaluation team's scores.

5.4 CHIEF FINANCIAL OFFICER'S APPROVAL

The Chief Financial Officer, or designee, will make the final decision as to which Respondent(s) should be awarded the Contract(s) based on the Recommendation of Award.

5.5 POSTING OF DECISION

The Department will post a Notice of Intent to Award, stating its intent to enter into one (1) or more Contracts with the Respondent(s) identified therein, on the VBS website (http://vbs.dms.state.fl.us/vbs/main_menu). If the Department decides to reject all Responses, it will post its notice on the same VBS website.

5.6 EXECUTION OF CONTRACT

The awarded Respondent shall sign the Contract within three (3) calendar days of receipt of the Contract for execution, unless there is an automatic stay triggered by the filing of a formal protest. If a formal protest is timely filed, the time to sign the Contract shall be tolled. The Department reserves the right to withdraw its Notice of Intent to Award if the Contract is not timely signed, if it determines in its sole discretion that it is in the best interest of the State to do so. The Department also reserves the right to award to the Respondent ranked second if the Department does not receive a timely signed Contract from the awarded Respondent.

If the Standard Contract Signature Page indicates renewals are available, the Contract may be renewed for the timeframe(s) indicated in the Standard Contract Signature Page.

4. Deliverables.

The Contractor agrees to render the services or other units of deliverables as set forth in the Attachment 2, Statement of Work. The services or other units of deliverables specified in the above paragraph shall be delivered in accordance with the schedule and at the pricing outlined in the Statement of Work. Deliverables may be comprised of tasks or activities that must be completed prior to the Department making payment on that deliverable.

5. Performance Measures.

The Contractor warrants that: (1) the services will be performed by qualified personnel; (2) the services will be of the kind and quality described in the Statement of Work; (3) the services will be performed in a professional and workmanlike manner in accordance with industry standards and practices; (4) the services shall not and do not infringe upon the intellectual property rights, or any other proprietary rights, of any third party; and (5) its employees shall comply with any security requirements and processes as provided by the Department, or provided by the Department's customer, for work done at the Department or other locations. The Department reserves the right to investigate or inspect at any time whether the services or qualifications offered by the Contractor meet the Contract requirements. Notwithstanding any provisions to the contrary, written acceptance of a particular deliverable/minimum requirement does not foreclose the Department's remedies in the event those performance standards that cannot be readily measured at the time of delivery are not met.

6. Acceptance of Deliverables.

- a. Acceptance Process. All deliverables must be received and accepted in writing by the Contract Manager before payment.
- b. Rejection of Deliverables. The Department reserves the right to reject deliverables as outlined in the Statement of Work as incomplete, inadequate, or unacceptable due in whole or in part to the Contractor's lack of satisfactory performance under the terms of this Contract. Failure to use the appropriate technical requirements or complete all tasks or activities as identified in the Statement of Work will result in automatic deliverable rejection and may not be invoiced or paid until correction of the deliverable. Failure to complete the required duties as outlined in the Statement of Work will result in the rejection of the invoice. The Department, at its option, may allow

additional time within which the Contractor may remedy the objections noted by the Department and the Department may, after having given the Contractor a reasonable opportunity to complete or make acceptable said deliverables, declare this Contract to be in default. If the Contract Manager rejects the deliverables, the Contractor shall work diligently to correct all deficiencies in the deliverable that remain outstanding, within a reasonable time, at the Contractor's expense. If the Contract Manager does not accept the deliverables within thirty (30) days, the will be deemed rejected.

- c. Status Reports. If status reports are required as part of the Contract, the Contractor shall timely submit status reports showing deliverables, tasks, or activities worked on, attesting to the level of services provided, hours spent on each deliverable/task/activity, and upcoming major deliverables, tasks, or activities.
- d. Completion Criteria and Date. The Contract will be considered complete once all of the deliverables under the Contract have been provided and accepted. The final date for completion of the Contract shall not exceed the Contract duration, including any executed renewals or extensions, or, where applicable, the expiration date of any purchase orders made from the Contract.

7. Financial Consequences for Nonperformance.

Withholding Payment. In addition to the specific consequences explained in the Statement of Work, the state of Florida (State) reserves the right to withhold payment when the Contractor has failed to perform/comply with provisions of this Contract. These consequences for nonperformance shall not be considered penalties.

8. Dispute Resolution.

Any claim, counterclaim, or dispute between the Department and the Contractor relating to this Contract shall be resolved as set forth herein. For all claims, the party with the dispute shall submit an affidavit executed by that party's Contract Manager or his or her designee certifying that:

- i. The claim is made in good faith;
- ii. The claim accurately reflects the adjustments for performance; and
- iii. The supporting data provided with such an affidavit are current and complete to the Contract Manager's best knowledge and belief.

The Contractor is obligated to address any cost-related issues with the Department for which the Contractor believes the State is liable and address all costs of every type to which the Contractor is entitled from the occurrence of the claimed event. The Contractor shall not seek a claim under this Contract for an increase in payment.

- a. Informal Resolution Process. If the parties are unable to resolve any disputes after compliance with such processes, the parties shall meet with the Department's Chief Financial Officer (CFO), or designee, for the purpose of attempting to resolve such dispute without the need for formal legal proceedings, as follows:
 - i. The representatives of the Contractor and the Department shall meet as often as the parties reasonably deem necessary in order to gather and furnish to each other all information with respect to the matter at issue which the parties believe to be appropriate and germane in connection with its resolution. The representatives shall discuss the problem and negotiate in good faith in an effort to resolve the dispute without the necessity of any formal proceeding.
 - ii. During the course of negotiations, all reasonable requests made by one party to another for non-privileged information reasonably related to this Contract will be honored in order that each of the parties may be fully advised of the other's position.
 - iii. The specific format for the discussions will be left to the discretion of the designated Department's and Contractor's representatives but may include the preparation of agreed upon statements of fact or written statements of position.
 - iv. Following the completion of this process, the Department, or designee, shall issue a written opinion regarding the issue(s) in dispute. The opinion regarding the dispute shall be considered the Department's final action.
- b. Continued Performance. Each party agrees to continue performing its obligations under this Contract while a dispute is being resolved except to the extent the issue in dispute precludes performance (dispute with the Department over compensation shall not be deemed to preclude performance) and without limiting either party's right to terminate this Contract for convenience or default.

9. Payment.

- a. Payment Process. Subject to the terms and conditions established in the Statement of Work, the pricing per deliverable established by the Attachment 3, Completed Price Response, or Statement of Work, and the billing procedures established by the Department, the Department agrees to pay the Contractor for services rendered in accordance with section 215.422, F.S. To obtain the applicable interest rate, please refer to <http://www.myfloridacfo.com/Division/AA/Vendors/default.htm>.

The Contractor, however, shall not be exempted from paying State sales and use taxes to the appropriate governmental agencies or for payment by the Contractor to suppliers for taxes on materials used to fulfill its contractual obligations with the Department. The Contractor shall not use the Department's exemption number in securing such materials. The Contractor shall be responsible and liable for the payment of all its FICA/Social Security and other taxes resulting from this Contract. The Contractor shall provide the Department its taxpayer identification number upon request.
- d. Invoice Detail. All charges for services rendered or for reimbursement of expenses authorized by the Department pursuant to the Statement of Work, shall be submitted to the Department in sufficient detail for a proper pre-audit and post-audit to be performed.
- e. Interim Payments. Interim payments may be made by the Department at its discretion under extenuating circumstances if the completion of services and other units of deliverables to date have first been accepted in writing by the Department's Contract Manager.

10. Insurance.

- a. Required Coverage. At all times during the duration of the Contract, the Contractor, at its sole expense, and its subcontractors, if any, shall maintain insurance coverage of such types and with such terms and limits as may be reasonably associated with the Contract. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers licensed and authorized to write policies in the State. Unless specifically exempted in the Statement of Work, the following are the minimum insurance requirements applicable to this Contract:
 - i. Commercial General Liability Insurance.
By execution of this Contract, unless the Contractor is a state agency or subdivision as defined by subsection 768.28(2), F.S., the Contractor shall provide adequate commercial general liability insurance coverage and hold such liability insurance at all times during the Contract. A self-insurance program established and operating under the laws of the State may provide such coverage. The Department, its employees, and officers shall be named as an additional insured on any general liability policies.
 - ii. Workers' Compensation and Employer's Liability Coverage.
The Contractor shall provide workers' compensation, in accordance with Chapter 440, F.S., and employer's liability insurance with minimum limits of \$100,000 per accident, \$100,000 per person, and \$500,000 policy aggregate. Such policies shall cover all employees engaged in any Contract work.

At all times during the duration of the Contract, the Contractor shall maintain any other insurance as required in the Statement of Work.
- b. Deductibles. The Department shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Contractor providing such insurance
- c. Verification of Insurance. Upon execution of the Contract, the Contractor shall provide to the Department written verification of the existence and amount for each type of applicable insurance coverage. Upon receipt of written request from the Department, the Contractor shall furnish to the Department proof of applicable insurance coverage by standard form certificates of insurance.
- d. Failure to Maintain Coverage. In the event that any applicable coverage is cancelled by the insurer for any reason, the Contractor shall immediately notify the Department of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within fifteen (15) business days after the cancellation of coverage.

11. Termination.

- a. Contractor Obligations upon Notice of Termination. After receipt of a notice of termination or partial termination, and except as otherwise directed by the Department, the Contractor shall stop performing services on the date, and to the extent specified, in the notice. The Contractor shall accept no further work or new services related to the affected deliverables, and shall, as soon as practicable, but in no event longer than thirty (30) calendar days after termination, terminate any orders and/or subcontracts related to the terminated deliverables and settle all outstanding liabilities and all claims arising out of such termination of orders and/or subcontracts, with the approval or ratification of the Department to the extent required, which approval or ratification shall be final for the purpose of this section. The Contractor shall not perform any services after it receives the notice of termination or after Contract expiration, except as necessary to complete the transition or continued portion of the Contract, if any. The Contractor shall submit to the Department within ninety (90) calendar days of termination a request for payment of completed services. Requests submitted later than ninety (90) calendar days after termination will

not be honored and will be returned unpaid. All services for which the Department has paid prior to the termination date of this Contract shall be professionally serviced to conclusion in accordance with the requirements of the Contract. Should the Contractor fail to perform all services under the Contract, the Contractor shall be liable to the Department for any fees or expenses that the Department may incur in securing a substitute provider to assume completion of those services.

- b. Contractor Obligations after Termination. If at any time the Contract is canceled, terminated, or expires, and a contract is subsequently executed with a provider other than the Contractor, the Contractor has the affirmative obligation to assist in the smooth transition of Contract services to the subsequent contractor in accordance with Exit Transition requirements in the Statement of Work or Section 31, below.
- c. Termination for Convenience. The Department may, in its sole discretion, terminate the Contract at any time by giving thirty (30) days' written notice to the Contractor.

12. Notice of Default.

If the Contractor defaults in the performance of any covenant or obligation contained in the Contract, including, without limitation, any of the events of default listed below, the Department shall provide notice to the Contractor and an opportunity to cure that is reasonable under the circumstances. This notice shall state the nature of the failure to perform and provide a time certain for correcting the failure. The notice will also provide that, should the Contractor fail to perform within the time provided, the Contractor will be found in default, and the Department may terminate the Contract effective as of the date of receipt of the default notice.

13. Events of Default.

Provided such failure is not the fault of the Department or outside the reasonable control of the Contractor, the following non-exclusive list of events, acts, or omissions, shall constitute events of default:

- a. The commitment of any material breach of this Contract by the Contractor, including failure to timely deliver a material deliverable, discontinuance of the performance of the work, failure to resume work that has been discontinued within a reasonable time after notice to do so, or abandonment of the Contract;
- b. Failure to maintain adequate progress, thus endangering performance of the Contract;

- g. One or more of the following circumstances, uncorrected for more than thirty (30) calendar days unless within the specified thirty (30) day period, the Contractor (including its receiver or trustee in bankruptcy) provides to the Department adequate assurances, reasonably acceptable to the Department, of its continuing ability and willingness to fulfill its obligations under the Contract:
 - i) Entry of an order for relief under Title 11 of the United States Code;
 - ii) The making by the Contractor of a general assignment for the benefit of creditors;
 - iii) The appointment of a general receiver or trustee in bankruptcy of the Contractor's business or property;

All references to attorney's fees in section 19, PUR 1000, are stricken.

15. Limitation of Liability.

The following terms replace the limitations of liability terms in section 20 of Form PUR 1000: The Department's liability for any claim arising from this Contract is limited to compensatory damages in an amount no greater than the sum of the unpaid balance of compensation due for goods or services rendered pursuant to and in compliance with the terms of the Contract. Such liability is further limited to a cap of \$100,000.

16. Remedies.

Notwithstanding any provisions to the contrary, written acceptance of a particular deliverable does not foreclose the Department's remedies in the event those performance standards that cannot be readily measured at the time of delivery are not met. Nothing in this Contract shall be construed to make the Contractor liable for force majeure events. Nothing in this Contract, including financial consequences for nonperformance, shall limit the Department's right to pursue its remedies for other types of damages under the Contract, at law, or in equity. The Department may, in addition to other remedies available at law or equity and upon notice to the Contractor, retain such monies from

amounts due to the Contractor as may be necessary to satisfy any claim for damages, penalties, costs, and the like asserted by or against it. The Department may set off any liability or other obligation of the Contractor or its affiliates to the Department against any payments due the Contractor under any contract with the State.

17. Waiver.

The delay or failure by the Department to exercise or enforce any of its rights under this Contract shall not constitute or be deemed a waiver of the Department's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

18. Record Retention.

The Contractor shall retain records demonstrating its compliance with the terms of the Contract five (5) years after the expiration of the Contract and all pending matters, or the period required by the General Records Schedules maintained by the Florida Department of State (available at: <http://dos.myflorida.com/library-archives/records-management/general-records-schedules/>), whichever is longer. If the Contractor is required to comply with section 119.0701, F.S., then compliance with the retention of records in accordance with section 119.0701(2)(b)4., F.S., will fulfill the above stated requirement. If the Contractor's record retention requirements terminate prior to the requirements stated herein, the Contractor may meet the Department's record retention requirements for this Contract by transferring its records to the Department at that time, and by destroying duplicate records in accordance with section 501.171(8), F.S., and, if applicable, section 119.0701, F.S. The Contractor shall adhere to established information destruction standards such as those established by the National Institute of Standards and Technology Special Publication 800-88, "Guidelines for Media Sanitization" (2014). The following terms apply, unless otherwise stated in the Statement of Work:

If the Contractor fails to provide, or no longer can provide, a deliverable or service under the Contract that contains or otherwise utilizes intellectual property controlled by the Contractor, the Contractor shall grant the Department a royalty-free, paid-up, nonexclusive, perpetual license to use, modify, reproduce, distribute, publish or release to others, such Contractor-controlled intellectual property solely for use in connection with the deliverables or services under the Contract.

20. Ownership of Property.

Title to all property furnished by the Department under this Contract and deliverables provided to the Department shall remain property of the Department and/or become property of the Department upon receipt and acceptance. The Contractor shall perfect any transfer of the property to the Department upon completion, termination, or cancellation of the Contract prior to payment of the final invoice.

21. Nonexclusive Contract.

This Contract is not an exclusive license to provide the services described in the solicitation or the resulting Contract. The Department may, without limitation and without recourse by the Contractor, contract with other vendors to provide the same or similar services.

22. Statutory Notices.

The Department shall consider the employment by any contractor of unauthorized aliens a violation of section 274A(e) of the Immigration and Nationality Act. Pursuant to sections 287.133 and 287.134, F.S., the following restrictions are placed on the ability of persons placed on the convicted vendor list or the discriminatory vendor list:

- a. Public Entity Crime. A person or affiliate who has been placed on the convicted vendor list following a conviction for a public entity crime may not submit a bid, proposal, or reply on a contract to provide any goods or services to a public entity; may not submit a bid, proposal, or reply on a contract with a public entity for the construction or repair of a public building or public work; may not submit a bid, proposal, or reply on leases of real property to a public entity; may not be awarded or perform work as a contractor, supplier, subcontractor, or consultant under a contract with any public entity; and may not transact business with any public entity in excess of the threshold amount provided in section 287.017, F.S., for CATEGORY TWO for a period of thirty-six (36) months following the date of being placed on the convicted vendor list.

The Contractor shall notify the Department if it or any of its suppliers, subcontractors, or consultants have been placed on the convicted vendor list or the discriminatory vendor list during the life of the Contract.

23. Compliance with Federal, State, and Local Laws.

- c. Section 508 Compliance. If applicable, the Contractor shall ensure that, as to its products and services it develops for the Department, electronic and information technology accessibility requirements of the Rehabilitation Act Amendments, 29 U.S.C. section 794 are met. Section 508 of the Rehabilitation Act Amendments, 29 U.S.C. section 794, compliance information on the supplies and services in this Contract are available on a website indicated by the Contractor. By entering into or renewing this Contract, the Contractor certifies that it is not on either of these lists and that it is not participating in a boycott of Israel. The Contract may be terminated if the Contractor submits a false certification regarding such matters or is placed on either list. In addition, a Contract entered into on or after October 1, 2016, may be terminated if the Contractor is on the Scrutinized Companies that Boycott Israel List or is engaged in a boycott of Israel. The State Board of Administration maintains the "Scrutinized List of Prohibited Companies" list at the following link: <http://www.sbafla.com/fsb/PerformanceReports.aspx> and the "Quarterly List of Scrutinized Companies that Boycott Israel" list at the following link: <http://www.sbafla.com/fsb/FundsWeManage/FRSPensionPlan/GlobalGovernanceMandates.aspx>.

24. Employment Eligibility Verification.

The Contractor is responsible for payment of costs, if any, and retention of records relating to employment eligibility verification. These records are exempt from Chapter 119, F.S. Verification requires the following:

- a. In cooperation with the Governor's Executive Order 11-116, the Contractor must participate in the federal E-Verify System for employment eligibility verification under the terms provided in the "Memorandum of Understanding" with the U.S. Citizenship and Immigration Services if any new employees are hired to work on this Contract during the term of the Contract. The Contractor agrees to provide to the Department, within thirty (30) days of hiring new employees to work on this Contract, documentation of such enrollment in the form of a copy of the E-Verify "Edit Company Profile" screen, which contains proof of enrollment in the E-Verify System. Information on "E-Verify" is available at the following website: <http://www.uscis.gov/e-verify>.
- b. The Contractor further agrees that it will require each subcontractor that performs work under this Contract to enroll and participate in the E-Verify System if the subcontractor hires new employees during the term of this Contract. The Contractor shall include this provision in any subcontract and obtain from the subcontractor(s) a copy of the "Edit Company Profile" screen indicating enrollment in the E-Verify System and make such record(s) available to the Department upon request.

25. Data.

- a. Data Centers. All data centers used to process and store State Data under this Contract shall only be located in the United States.
- b. Requirements of Section 501.171, F.S. If the Department shares data that is covered by section 501.171, Florida Statutes, with the Contractor in the process of fulfilling this Contract, the Contractor is responsible for fulfilling the requirements of section 501.171, Florida Statutes, in the event that the Contractor is responsible for a breach of this data.

26. Applicable Law and Disputes.

For cause, includes, but is not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with an applicable Department policy or other requirement.
- c. The Department may, for cause, deny access to the Department's secure information or any facility by any Contractor employee, subcontractor, or agent.
- d. The Department's actions under paragraphs b. or c. shall not relieve the Contractor of its obligation to perform all work in compliance with the Contract.
- e. The Department will not deny the Contractor's employees, subcontractors, or agents access to meetings within the Department's facilities, unless the basis of the Department's denial is safety or security considerations.

29. Guarantee of Parent Corporation.

In the event the Contractor is a subsidiary of another corporation or other business entity, the Contractor asserts that its parent corporation will guarantee all of the obligations of the Contractor for purposes of fulfilling the obligations of the Contract. In the event the Contractor is sold during the period the Contract is in effect, the Contractor agrees that it will be a requirement of sale that the new parent company guarantee all of the obligations of the Contractor.

30. Survival.

The respective obligations of the parties, which by their nature would continue beyond the termination or expiration of this Contract, including without limitation, the obligations regarding confidentiality, proprietary interests, and public records, shall survive termination, cancellation, or expiration of this Contract.

31. Exit Transition Services.

If not otherwise addressed in the Statement of Work, the Contractor has the affirmative obligation to provide to the Department, or its designee, all reasonable services necessary for the transfer of knowledge regarding the services and deliverables provided under the Contract (Exit Transition Services) to facilitate the orderly transfer of such services to the Department or its designee. If Exit Transition Services are necessary, such services may continue for up to six (6) months after termination, expiration, or cancellation of the Contract, at no cost to the Department.

32. Third Parties.

The Department shall not be deemed to assume any liability for the acts, omissions to act, or negligence of the Contractor, its agents, servants, and employees, nor shall the Contractor disclaim its own negligence to the Department or any third party. This Contract does not and is not intended to confer any rights or remedies upon any person other than the parties. If the Department consents to a subcontract, the Contractor will specifically disclose that this Contract does not create any third party rights. Further, no third parties shall rely upon any of the rights and obligations created under this Contract.

33. Employment of State Employees.

During the term of this Contract, the Contractor shall not knowingly employ, subcontract with, or subgrant to any person (including any nongovernmental entity in which such person has any employment or other material interest as defined in section 112.312(15), F.S.), who is employed by the State or who has participated in the performance or procurement of this Contract except as provided in section 112.3185, F.S.

46. Execution in Counterparts.

47. Severability.

1. Definitions. The definitions contained in s. 60A-1.001, F.A.C. shall apply to this agreement. The following additional terms are also defined:

(a) “Contract” means the legally enforceable agreement that results from a successful solicitation. The parties to the Contract will be the Customer and Contractor.

(b) “Customer” means the State agency or other entity identified in a contract as the party to receive commodities or contractual services pursuant to a contract or that orders commodities or contractual services via purchase order or other contractual instrument from the Contractor under the Contract. The “Customer” may also be the “Buyer” as defined in the PUR 1001 if it meets the definition of both terms.

(c) “Product” means any deliverable under the Contract, which may include commodities, services, technology or software.

(d) “Purchase order” means the form or format a Customer uses to make a purchase under the Contract (e.g., a formal written purchase order, electronic purchase order, procurement card, contract or other authorized means).

2. Purchase Orders. In contracts where commodities or services are ordered by the Customer via purchase order, Contractor shall not deliver or furnish products until a Customer transmits a purchase order. All purchase orders shall bear the Contract or solicitation number, shall be placed by the Customer directly with the Contractor, and shall be deemed to incorporate by reference the Contract and solicitation terms and conditions. Any discrepancy between the Contract terms and the terms stated on the Contractor’s order form, confirmation, or acknowledgement shall be resolved in favor of terms most favorable to the Customer. A purchase order for services within the ambit of section 287.058(1) of the Florida Statutes shall be deemed to incorporate by reference the requirements of subparagraphs (a) through (f) thereof. Customers shall designate a contract manager and a contract administrator as required by subsections 287.057(15) and (16) of the Florida Statutes.

3. Product Version. Purchase orders shall be deemed to reference a manufacturer’s most recently release model or version of the product at the time of the order, unless the Customer specifically requests in writing an earlier model or version and the contractor is willing to provide such model or version.

4. Price Changes Applicable only to Term Contracts. If this is a term contract for commodities or services, the following provisions apply.

(a) Quantity Discounts. Contractors are urged to offer additional discounts for one time delivery of large single orders. Customers should seek to negotiate additional price concessions on quantity purchases of any products offered under the Contract. State Customers shall document their files accordingly.

(b) Best Pricing Offer. During the Contract term, if the Customer becomes aware of better pricing offered by the Contractor for substantially the same or a smaller quantity of a product outside the Contract, but upon the same or similar terms of the Contract, then at the discretion of the Customer the price under the Contract shall be immediately reduced to the lower price.

(c) Sales Promotions. In addition to decreasing prices for the balance of the Contract term due to a change in market conditions, a Contractor may conduct sales promotions involving price reductions for a specified lesser period. A Contractor shall submit to the Contract Specialist documentation identifying the proposed (1) starting and ending dates of the promotion, (2) products involved, and (3) promotional prices compared

to then-authorized prices. Promotional prices shall be available to all Customers. Upon approval, the Contractor shall provide conspicuous notice of the promotion.

(d) Trade-In. Customers may trade-in equipment when making purchases from the Contract. A trade-in shall be negotiated between the Customer and the Contractor. Customers are obligated to actively seek current fair market value when trading equipment, and to keep accurate records of the process. For State agencies, it may be necessary to provide documentation to the Department of Financial Services and to the agency property custodian pursuant to Chapter 273, F.S.

(e) Equitable Adjustment. The Customer may, in its sole discretion, make an equitable adjustment in the Contract terms or pricing if pricing or availability of supply is affected by extreme and unforeseen volatility in the marketplace, that is, by circumstances that satisfy all the following criteria: (1) the volatility is due to causes wholly beyond the Contractor's control, (2) the volatility affects the marketplace or industry, not just the particular Contract source of supply, (3) the effect on pricing or availability of supply is substantial, and (4) the volatility so affects the Contractor that continued performance of the Contract would result in a substantial loss.

5. Additional Quantities. For a period not exceeding ninety (90) days from the date of solicitation award, the Customer reserves the right to acquire additional quantities up to the amount shown on the solicitation but not to exceed the threshold for Category Two at the prices submitted in the response to the solicitation.

6. Packaging. Tangible product shall be securely and properly packed for shipment, storage, and stocking in appropriate, clearly labeled, shipping containers and according to accepted commercial practice, without extra charge for packing materials, cases, or other types of containers. All containers and packaging shall become and remain Customer's property.

7. Inspection at Contractor's Site. The Customer reserves the right to inspect, at any reasonable time with prior notice, the equipment or product or plant or other facilities of a Contractor to assess conformity with Contract requirements and to determine whether they are adequate and suitable for proper and effective Contract performance.

8. Safety Standards. All manufactured items and fabricated assemblies subject to operation under pressure, operation by connection to an electric source, or operation involving connection to a manufactured, natural, or LP gas source shall be constructed and approved in a manner acceptable to the appropriate State inspector. Acceptability customarily requires, at a minimum, identification marking of the appropriate safety standard organization, where such approvals of listings have been established for the type of device offered and furnished, for example: the American Society of Mechanical Engineers for pressure vessels; the Underwriters Laboratories and/or National Electrical Manufacturers' Association for electrically operated assemblies; and the American Gas Association for gas-operated assemblies. In addition, all items furnished shall meet all applicable requirements of the Occupational Safety and Health Act and state and federal requirements relating to clean air and water pollution.

9. Americans with Disabilities Act. Contractors should identify any products that may be used or adapted for use by visually, hearing, or other physically impaired individuals.

10. Literature. Upon request, the Contractor shall furnish literature reasonably related to the product offered, for example, user manuals, price schedules, catalogs, descriptive brochures, etc.

11. Transportation and Delivery. Prices shall include all charges for packing, handling, freight, distribution, and inside delivery. Transportation of goods shall be FOB Destination to any point within thirty (30) days after the Customer places an Order. A Contractor, within five (5) days after receiving a

purchase order, shall notify the Customer of any potential delivery delays. Evidence of inability or intentional delays shall be cause for Contract cancellation and Contractor suspension.

12. Installation. Where installation is required, Contractor shall be responsible for placing and installing the product in the required locations at no additional charge, unless otherwise designated on the Contract or purchase order. Contractor's authorized product and price list shall clearly and separately identify any additional installation charges. All materials used in the installation shall be of good quality and shall be free of defects that would diminish the appearance of the product or render it structurally or operationally unsound. Installation includes the furnishing of any equipment, rigging, and materials required to install or replace the product in the proper location. Contractor shall protect the site from damage and shall repair damages or injury caused during installation by Contractor or its employees or agents. If any alteration, dismantling, excavation, etc., is required to achieve installation, the Contractor shall promptly restore the structure or site to its original condition. Contractor shall perform installation work so as to cause the least inconvenience and interference with Customers and with proper consideration of others on site. Upon completion of the installation, the location and surrounding area of work shall be left clean and in a neat and unobstructed condition, with everything in satisfactory repair and order.

13. Risk of Loss. Matters of inspection and acceptance are addressed in s. 215.422, F.S. Until acceptance, risk of loss or damage shall remain with the Contractor. The Contractor shall be responsible for filing, processing, and collecting all damage claims. To assist the Contractor with damage claims, the Customer shall: record any evidence of visible damage on all copies of the delivering carrier's Bill of Lading; report damages to the carrier and the Contractor; and provide the Contractor with a copy of the carrier's Bill of Lading and damage inspection report. When a Customer rejects a product, Contractor shall remove it from the premises within ten days after notification or rejection. Upon rejection notification, the risk of loss of rejected or non-conforming product shall remain with the Contractor. Rejected product not removed by the Contractor within ten days shall be deemed abandoned by the Contractor, and the Customer shall have the right to dispose of it as its own property. Contractor shall reimburse the Customer for costs and expenses incurred in storing or effecting removal or disposition of rejected product.

14. Transaction Fee. The State of Florida has instituted MyFloridaMarketPlace, a statewide eProcurement System ("System"). Pursuant to section 287.057(23), Florida Statutes (2002), all payments shall be assessed a Transaction Fee of one percent (1.0%), which the Contractor shall pay to the State, unless exempt pursuant to 60A-1.032, F.A.C.

For payments within the State accounting system (FLAIR or its successor), the Transaction Fee shall, when possible, be automatically deducted from payments to the Contractor. If automatic deduction is not possible, the Contractor shall pay the Transaction Fee pursuant to Rule 60A-1.031(2), F.A.C. By submission of these reports and corresponding payments, Contractor certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee.

Contractor shall receive a credit for any Transaction Fee paid by the Contractor for the purchase of any item(s) if such item(s) are returned to the Contractor through no fault, act, or omission of the Contractor. Notwithstanding the foregoing, a Transaction Fee is non-refundable when an item is rejected or returned, or declined, due to the Contractor's failure to perform or comply with specifications or requirements of the agreement.

Failure to comply with these requirements shall constitute grounds for declaring the Contractor in default and recovering reprocurement costs from the Contractor in addition to all outstanding fees.

CONTRACTORS DELINQUENT IN PAYING TRANSACTION FEES MAY BE SUBJECT TO BEING REMOVED FROM THE DEPARTMENT OF MANAGEMENT SERVICES' VENDOR LIST AS PROVIDED IN RULE 60A-1.006, F.A.C.

15. Invoicing and Payment. Invoices shall contain the Contract number, purchase order number if applicable, and the appropriate vendor identification number. The State may require any other information from the Contractor that the State deems necessary to verify any purchase order placed under the Contract. At the State's option, Contractors may be required to invoice electronically pursuant to guidelines of the Department of Management Services. Current guidelines require that Contractor supply electronic invoices in lieu of paper-based invoices for those transactions processed through the system. Electronic invoices

shall be submitted to the Customer through the Ariba Supplier Network (ASN) in one of the following mechanisms – EDI 810, cXML, or web-based invoice entry within the ASN.

Payment shall be made in accordance with sections 215.422 and 287.0585 of the Florida Statutes, which govern time limits for payment of invoices. Invoices that must be returned to a Contractor due to preparation errors will result in a delay in payment. Contractors may call (850) 413-7269 Monday through Friday to inquire about the status of payments by State Agencies. The Customer is responsible for all payments under the Contract. A Customer's failure to pay, or delay in payment, shall not constitute a breach of the Contract and shall not relieve the Contractor of its obligations to the Department or to other Customers.

16. Taxes. The State does not pay Federal excise or sales taxes on direct purchases of tangible personal property. The State will not pay for any personal property taxes levied on the Contractor or for any taxes levied on employees' wages. Any exceptions to this paragraph shall be explicitly noted by the Customer in the special contract conditions section of the solicitation or in the Contract or purchase order.

17. Governmental Restrictions. If the Contractor believes that any governmental restrictions have been imposed that require alteration of the material, quality, workmanship or performance of the products offered under the Contract, the Contractor shall immediately notify the Customer in writing, indicating the specific restriction. The Customer reserves the right and the complete discretion to accept any such alteration or to cancel the Contract at no further expense to the Customer.

18. Lobbying and Integrity. Customers shall ensure compliance with Section 11.062, FS and Section 216.347, FS. The Contractor shall not, in connection with this or any other agreement with the State, directly or indirectly (1) offer, confer, or agree to confer any pecuniary benefit on anyone as consideration for any State officer or employee's decision, opinion, recommendation, vote, other exercise of discretion, or violation of a known legal duty, or (2) offer, give, or agree to give to anyone any gratuity for the benefit of, or at the direction or request of, any State officer or employee. For purposes of clause (2), "gratuity" means any payment of more than nominal monetary value in the form of cash, travel, entertainment, gifts, meals, lodging, loans, subscriptions, advances, deposits of money, services, employment, or contracts of any kind. Upon request of the Customer's Inspector General, or other authorized State official, the Contractor shall provide any type of information the Inspector General deems relevant to the Contractor's integrity or responsibility. Such information may include, but shall not be limited to, the Contractor's business or financial records, documents, or files of any type or form that refer to or relate to the Contract. The Contractor shall retain such records for the longer of (1) three years after the expiration of the Contract or (2) the period required by the General Records Schedules maintained by the Florida Department of State (available at: <http://dhis.dos.state.fl.us/barm/genschedules/gensched.htm>). The Contractor agrees to reimburse the State for the reasonable costs of investigation incurred by the Inspector General or other authorized State official for investigations of the Contractor's compliance with the terms of this or any other agreement between the Contractor and the State which results in the suspension or debarment of the Contractor. Such costs shall include, but shall not be limited to: salaries of investigators, including overtime; travel and lodging expenses; and expert witness and documentary fees. The Contractor shall not be responsible for any costs of investigations that do not result in the Contractor's suspension or debarment.

19. Indemnification. The Contractor shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State and Customers, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Contractor, its agents, employees, partners, or subcontractors, provided, however, that the Contractor shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or a Customer.

Further, the Contractor shall fully indemnify, defend, and hold harmless the State and Customers from any suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right, provided, however, that the foregoing obligation shall not apply to a Customer's misuse or modification of Contractor's products or a Customer's operation or use of Contractor's products in a manner not contemplated by the Contract or the purchase order. If any product is the subject of an RFP # 1718-15 RFP GC

Report on Economic Impact of a 1-in-100 Year Hurricane

infringement suit, or in the Contractor's opinion is likely to become the subject of such a suit, the Contractor may at its sole expense procure for the Customer the right to continue using the product or to modify it to become non-infringing. If the Contractor is not reasonably able to modify or otherwise secure the Customer the right to continue using the product, the Contractor shall remove the product and refund the Customer the amounts paid in excess of a reasonable rental for past use. The customer shall not be liable for any royalties.

The Contractor's obligations under the preceding two paragraphs with respect to any legal action are contingent upon the State or Customer giving the Contractor (1) written notice of any action or threatened action, (2) the opportunity to take over and settle or defend any such action at Contractor's sole expense, and (3) assistance in defending the action at Contractor's sole expense. The Contractor shall not be liable for any cost, expense, or compromise incurred or made by the State or Customer in any legal action without the Contractor's prior written consent, which shall not be unreasonably withheld.

20. Limitation of Liability. For all claims against the Contractor under any contract or purchase order, and regardless of the basis on which the claim is made, the Contractor's liability under a contract or purchase order for direct damages shall be limited to the greater of \$100,000, the dollar amount of the contract or purchase order, or two times the charges rendered by the Contractor under the purchase order. This limitation shall not apply to claims arising under the Indemnity paragraph contain in this agreement.

Unless otherwise specifically enumerated in the Contract or in the purchase order, no party shall be liable to another for special, indirect, punitive, or consequential damages, including lost data or records (unless the contract or purchase order requires the Contractor to back-up data or records), even if the party has been advised that such damages are possible. No party shall be liable for lost profits, lost revenue, or lost institutional operating savings. The State and Customer may, in addition to other remedies available to them at law or equity and upon notice to the Contractor, retain such monies from amounts due Contractor as may be necessary to satisfy any claim for damages, penalties, costs and the like asserted by or against them. The State may set off any liability or other obligation of the Contractor or its affiliates to the State against any payments due the Contractor under any contract with the State.

21. Suspension of Work. The Customer may in its sole discretion suspend any or all activities under the Contract or purchase order, at any time, when in the best interests of the State to do so. The Customer shall provide the Contractor written notice outlining the particulars of suspension. Examples of the reason for suspension include, but are not limited to, budgetary constraints, declaration of emergency, or other such circumstances. After receiving a suspension notice, the Contractor shall comply with the notice and shall not accept any purchase orders. Within ninety days, or any longer period agreed to by the Contractor, the Customer shall either (1) issue a notice authorizing resumption of work, at which time activity shall resume, or (2) terminate the Contract or purchase order. Suspension of work shall not entitle the Contractor to any additional compensation.

22. Termination for Convenience. The Customer, by written notice to the Contractor, may terminate the Contract in whole or in part when the Customer determines in its sole discretion that it is in the State's interest to do so. The Contractor shall not furnish any product after it receives the notice of termination, except as necessary to complete the continued portion of the Contract, if any. The Contractor shall not be entitled to recover any cancellation charges or lost profits.

23. Termination for Cause. The Customer may terminate the Contract if the Contractor fails to (1) deliver the product within the time specified in the Contract or any extension, (2) maintain adequate progress, thus endangering performance of the Contract, (3) honor any term of the Contract, or (4) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences of default. The Contractor shall continue work on any work not terminated. Except for defaults of subcontractors at any tier, the Contractor shall not be liable for any excess costs if the failure to perform the Contract arises from events completely beyond the control, and without the fault or negligence, of the Contractor. If the failure to perform is caused by the default of a subcontractor at any tier, and if the cause

of the default is completely beyond the control of both the Contractor and the subcontractor, and without the fault or negligence of either, the Contractor shall not be liable for any excess costs for failure to perform, unless the subcontracted products were obtainable from other sources in sufficient time for the Contractor to meet the required delivery schedule. If, after termination, it is determined that the Contractor was not in default, or that the default was excusable, the rights and obligations of the parties shall be the same as if the termination had been issued for the convenience of the Customer. The rights and remedies of the Customer in this clause are in addition to any other rights and remedies provided by law or under the Contract.

24. Force Majeure, Notice of Delay, and No Damages for Delay. The Contractor shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Contractor. In case of any delay the Contractor believes is excusable, the Contractor shall notify the Customer in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result, or (2) if delay is not reasonably foreseeable, within five (5) days after the date the Contractor first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. No claim for damages, other than for an extension of time, shall be asserted against the Customer. The Contractor shall not be entitled to an increase in the Contract price or payment of any kind from the Customer for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Contractor shall perform at no increased cost, unless the Customer determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State or to Customers, in which case the Customer may (1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to Customers with respect to products subjected to allocation, or (2) purchase from other sources (without recourse to and by the Contractor for the related costs and expenses) to replace all or part of the products that are the subject of the delay, which purchases may be deducted from the Contract quantity, or (3) terminate the Contract in whole or in part.

25. Changes. The Customer may unilaterally require, by written order, changes altering, adding to, or deducting from the Contract specifications, provided that such changes are within the general scope of the Contract. The Customer may make an equitable adjustment in the Contract price or delivery date if the change affects the cost or time of performance. Such equitable adjustments require the written consent of the Contractor, which shall not be unreasonably withheld. If unusual quantity requirements arise, the Customer may solicit separate bids to satisfy them.

26. Renewal. Upon mutual agreement, the Customer and the Contractor may renew the Contract, in whole or in part, for a period that may not exceed 3 years or the term of the contract, whichever period is longer. Any renewal shall specify the renewal price, as set forth in the solicitation response. The renewal must be in writing and signed by both parties, and is contingent upon satisfactory performance evaluations and subject to availability of funds.

27. Purchase Order Duration. Purchase orders issued pursuant to a state term or agency contract must be received by the Contractor no later than close of business on the last day of the contract's term to be considered timely. The Contractor is obliged to fill those orders in accordance with the contract's terms and conditions. Purchase orders received by the contractor after close of business on the last day of the state term or agency contract's term shall be considered void.

Purchase orders for a one-time delivery of commodities or performance of contractual services shall be valid through the performance by the Contractor, and all terms and conditions of the state term or agency contract shall apply to the single delivery/performance, and shall survive the termination of the Contract.

Contractors are required to accept purchase orders specifying delivery schedules exceeding the contracted schedule even when such extended delivery will occur after expiration of the state term or agency contract. For example, if a state term contract calls for delivery 30 days after receipt of order (ARO), and an order specifies delivery will occur both in excess of 30 days ARO and after expiration of the state term contract, the Contractor will accept the order. However, if the Contractor expressly and in writing notifies the ordering office within ten (10) calendar days of receipt of the purchase order that Contractor will not accept the extended delivery terms beyond the expiration of the state term contract, then the purchase order will either be amended in writing by the ordering entity within ten (10) calendar days of receipt of the contractor's notice to reflect the state term contract delivery schedule, or it shall be considered withdrawn.

The duration of purchase orders for recurring deliveries of commodities or performance of services shall not exceed the expiration of the state term or agency contract by more than twelve months. However, if an extended pricing plan offered in the state term or agency contract is selected by the ordering entity, the contract terms on pricing plans and renewals shall govern the maximum duration of purchase orders reflecting such pricing plans and renewals.

Timely purchase orders shall be valid through their specified term and performance by the Contractor, and all terms and conditions of the state term or agency contract shall apply to the recurring delivery/performance as provided herein, and shall survive the termination of the Contract.

Ordering offices shall not renew a purchase order issued pursuant to a state term or agency contract if the underlying contract expires prior to the effective date of the renewal.

28. Advertising. Subject to Chapter 119, Florida Statutes, the Contractor shall not publicly disseminate any information concerning the Contract without prior written approval from the Customer, including, but not limited to mentioning the Contract in a press release or other promotional material, identifying the Customer or the State as a reference, or otherwise linking the Contractor's name and either a description of the Contract or the name of the State or the Customer in any material published, either in print or electronically, to any entity that is not a party to Contract, except potential or actual authorized distributors, dealers, resellers, or service representative.

29. Assignment. The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Contract, or under any purchase order issued pursuant to the Contract, without the prior written consent of the Customer. In the event of any assignment, the Contractor remains secondarily liable for performance of the contract, unless the Customer expressly waives such secondary liability. The Customer may assign the Contract with prior written notice to Contractor of its intent to do so.

30. Antitrust Assignment. The Contractor and the State of Florida recognize that in actual economic practice, overcharges resulting from antitrust violations are in fact usually borne by the State of Florida. Therefore, the contractor hereby assigns to the State of Florida any and all claims for such overcharges as to goods, materials or services purchased in connection with the Contract.

31. Dispute Resolution. Any dispute concerning performance of the Contract shall be decided by the Customer's designated contract manager, who shall reduce the decision to writing and serve a copy on the Contractor. The decision shall be final and conclusive unless within twenty one (21) days from the date of receipt, the Contractor files with the Customer a petition for administrative hearing. The Customer's decision on the petition shall be final, subject to the Contractor's right to review pursuant to Chapter 120 of the Florida Statutes. Exhaustion of administrative remedies is an absolute condition precedent to the Contractor's ability to pursue any other form of dispute resolution; provided, however, that the parties may employ the alternative dispute resolution procedures outlined in Chapter 120.

Report on Economic Impact of a 1-in-100 Year Hurricane

Without limiting the foregoing, the exclusive venue of any legal or equitable action that arises out of or relates to the Contract shall be the appropriate state court in Leon County, Florida; in any such action, Florida law shall apply and the parties waive any right to jury trial.

32. Employees, Subcontractors, and Agents. All Contractor employees, subcontractors, or agents performing work under the Contract shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under the Contract must comply with all security and administrative requirements of the Customer and shall comply with all controlling laws and regulations relevant to the services they are providing under the Contract. The State may conduct, and the Contractor shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by the Contractor. The State may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with a Customer's security or other requirements. Such approval shall not relieve the Contractor of its obligation to perform all work in compliance with the Contract. The State may reject and bar from any facility for cause any of the Contractor's employees, subcontractors, or agents.

33. Security and Confidentiality. The Contractor shall comply fully with all security procedures of the United States, State of Florida and Customer in performance of the Contract. The Contractor shall not divulge to third parties any confidential information obtained by the Contractor or its agents, distributors, resellers, subcontractors, officers or employees in the course of performing Contract work, including, but not limited to, security procedures, business operations information, or commercial proprietary information in the possession of the State or Customer. The Contractor shall not be required to keep confidential information or material that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the State's or Customer's confidential information, or material that is otherwise obtainable under State law as a public record. To insure confidentiality, the Contractor shall take appropriate steps as to its personnel, agents, and subcontractors. The warranties of this paragraph shall survive the Contract.

34. Contractor Employees, Subcontractors, and Other Agents. The Customer and the State shall take all actions necessary to ensure that Contractor's employees, subcontractors and other agents are not employees of the State of Florida. Such actions include, but are not limited to, ensuring that Contractor's employees, subcontractors, and other agents receive benefits and necessary insurance (health, workers' compensations, and unemployment) from an employer other than the State of Florida.

35. Insurance Requirements. During the Contract term, the Contractor at its sole expense shall provide commercial insurance of such a type and with such terms and limits as may be reasonably associated with the Contract. Providing and maintaining adequate insurance coverage is a material obligation of the Contractor. Upon request, the Contractor shall provide certificate of insurance. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers authorized or eligible to write policies in Florida.

36. Warranty of Authority. Each person signing the Contract warrants that he or she is duly authorized to do so and to bind the respective party to the Contract.

37. Warranty of Ability to Perform. The Contractor warrants that, to the best of its knowledge, there is no pending or threatened action, proceeding, or investigation, or any other legal or financial condition, that would in any way prohibit, restrain, or diminish the Contractor's ability to satisfy its Contract obligations. The Contractor warrants that neither it nor any affiliate is currently on the convicted vendor list maintained pursuant to section 287.133 of the Florida Statutes, or on any similar list maintained by any other state or the federal government. The Contractor shall immediately notify the Customer in writing if its ability to perform is compromised in any manner during the term of the Contract.

38. Notices. All notices required under the Contract shall be delivered by certified mail, return receipt requested, by reputable air courier service, or by personal delivery to the agency designee identified in the original solicitation, or as otherwise identified by the Customer. Notices to the Contractor shall be delivered to the person who signs the Contract. Either designated recipient may notify the other, in writing, if someone else is designated to receive notice.

39. Leases and Installment Purchases. Prior approval of the Chief Financial Officer (as defined in Section 17.001, F.S.) is required for State agencies to enter into or to extend any lease or installment-purchase agreement in excess of the Category Two amount established by section 287.017 of the Florida Statutes.

40. Prison Rehabilitative Industries and Diversified Enterprises, Inc. (PRIDE). Section 946.515(2), F.S. requires the following statement to be included in the solicitation: "It is expressly understood and agreed that any articles which are the subject of, or required to carry out, the Contract shall be purchased from the corporation identified under Chapter 946 of the Florida Statutes (PRIDE) in the same manner and under the same procedures set forth in section 946.515(2) and (4) of the Florida Statutes; and for purposes of the Contract the person, firm, or other business entity carrying out the provisions of the Contract shall be deemed to be substituted for the agency insofar as dealings with such corporation are concerned." Additional information about PRIDE and the products it offers is available at <http://www.pridefl.com>.

41. Products Available from the Blind or Other Handicapped. Section 413.036(3), F.S. requires the following statement to be included in the solicitation: "It is expressly understood and agreed that any articles that are the subject of, or required to carry out, this contract shall be purchased from a nonprofit agency for the Blind or for the Severely Handicapped that is qualified pursuant to Chapter 413, Florida Statutes, in the same manner and under the same procedures set forth in section 413.036(1) and (2), Florida Statutes; and for purposes of this contract the person, firm, or other business entity carrying out the provisions of this contract shall be deemed to be substituted for the State agency insofar as dealings with such qualified nonprofit agency are concerned." Additional information about the designated nonprofit agency and the products it offers is available at <http://www.respectofflorida.org>.

42. Modification of Terms. The Contract contains all the terms and conditions agreed upon by the parties, which terms and conditions shall govern all transactions between the Customer and the Contractor. The Contract may only be modified or amended upon mutual written agreement of the Customer and the Contractor. No oral agreements or representations shall be valid or binding upon the Customer or the Contractor. No alteration or modification of the Contract terms, including substitution of product, shall be valid or binding against the Customer. The Contractor may not unilaterally modify the terms of the Contract by affixing additional terms to product upon delivery (e.g., attachment or inclusion of standard preprinted forms, product literature, "shrink wrap" terms accompanying or affixed to a product, whether written or electronic) or by incorporating such terms onto the Contractor's order or fiscal forms or other documents forwarded by the Contractor for payment. The Customer's acceptance of product or processing of documentation on forms furnished by the Contractor for approval or payment shall not constitute acceptance of the proposed modification to terms and conditions.

43. Cooperative Purchasing. Pursuant to their own governing laws, and subject to the agreement of the Contractor, other entities may be permitted to make purchases at the terms and conditions contained herein. Non-Customer purchases are independent of the agreement between Customer and Contractor, and Customer shall not be a party to any transaction between the Contractor and any other purchaser. State agencies wishing to make purchases from this agreement are required to follow the provisions of s. 287.042(16)(a), F.S. This statute requires the Department of Management Services to determine that the requestor's use of the contract is cost-effective and in the best interest of the State.

44. Waiver. The delay or failure by the Customer to exercise or enforce any of its rights under this Contract shall not constitute or be deemed a waiver of the Customer's right thereafter to enforce those rights, nor shall any single or partial exercise of any such right preclude any other or further exercise thereof or the exercise of any other right.

45. Annual Appropriations. The State's performance and obligation to pay under this contract are contingent upon an annual appropriation by the Legislature.

46. Execution in Counterparts. The Contract may be executed in counterparts, each of which shall be an original and all of which shall constitute but one and the same instrument.

47. Severability. If a court deems any provision of the Contract void or unenforceable, that provision shall be enforced only to the extent that it is not in violation of law or is not otherwise unenforceable and all other provisions shall remain in full force and effect.

DEPARTMENT OF FINANCIAL SERVICES
Public Records Requirements
Addendum A

1. Public Records Access Requirements.

- a. If the Contractor is acting on behalf of the Department in its performance of services under the Contract, the Contractor must allow public access to all documents, papers, letters, or other material, regardless of the physical form, characteristics, or means of transmission, made or received by the Contractor in conjunction with the Contract (Public Records), unless the Public Records are exempt from public access pursuant to section 24(a) of Article I of the Florida Constitution or section 119.07(1), F.S.
- b. The Department may unilaterally terminate the Contract if the Contractor refuses to allow public access to Public Records as required by law.

2. Public Records Requirements Applicable to All Contractors.

- a. For purposes of the Contract, the Contractor is responsible for becoming familiar with Florida's Public Records law, consisting of Chapter 119, F.S., section 24(a) of Article I of the Florida Constitution, or other applicable state or federal law (Public Records Law).
- b. All requests to inspect or copy Public Records relating to the Contract must be made directly to the Department. Notwithstanding any provisions to the contrary, disclosure of any records made or received by the State in conjunction with the Contract is governed by Public Records Law.
- c. If the Contractor has a reasonable, legal basis to assert that any portion of any records submitted to the Department are confidential, proprietary, trade secret, or otherwise not subject to disclosure ("Confidential" or "Trade Secret") under Public Records Law or other authority, the Contractor must simultaneously provide the Department with a separate redacted copy of the records the Contractor claims as Confidential or Trade Secret and briefly describe in writing the grounds for claiming exemption from the Public Records Law, including the specific statutory citation for such exemption. The un-redacted copy of the records must contain the Contract name and number, and must be clearly labeled "Confidential" or "Trade Secret." The redacted copy of the records should only redact those portions of the records that the Contractor claims are Confidential or Trade Secret. If the Contractor fails to submit a redacted copy of records it claims are Confidential or Trade Secret, such action may constitute a waiver of any claim of confidentiality.
- d. If the Department receives a Public Records request, and if records that have been marked as "Confidential" or "Trade Secret" are responsive to such request, the Department will provide the Contractor-redacted copies to the requester. If a requester asserts a right to the portions of records claimed as Confidential or Trade Secret, the Department will notify the Contractor that such an assertion has been made. It is the Contractor's responsibility to assert that the portions of records in question are exempt from disclosure under Public Records Law or other authority. If the Department becomes subject to a demand for discovery or disclosure of the portions of records the Contractor claims as Confidential or Trade Secret in a legal proceeding, the Department will give the Contractor prompt notice of the demand, when possible, prior to releasing the portions of records the Contractor claims as Confidential or Trade Secret (unless disclosure is otherwise prohibited by applicable law). The Contractor will be responsible for defending its determination that the redacted portions of its records are Confidential or Trade Secret. No right or remedy for damages against the Department arises from any disclosure made by the Department based on the Contractor's failure to promptly legally protect its claim of exemption and commence such protective actions within ten days of receipt of such notice from the Department.
- e. If the Contractor claims that the records are "Trade Secret" pursuant to section 624.4213, F.S., and all the requirements of section 624.4213(1), F.S., are met, the Department will respond to the Public Records Request in accordance with the provisions specified in that statute.
- f. The Contractor will ensure that exempt or confidential and exempt Public Records are not disclosed except as permitted by the Contract or by Public Records Law.

3. Additional Public Records Duties of Section 119.0701, F.S., If Applicable.

If the Contractor is a "contractor" as defined in section 119.0701(1)(a), F.S., the Contractor shall:

- (1) Keep and maintain Public Records required by the Department to perform the service.
- (2) Upon request, provide the Department with a copy of requested Public Records or allow the Public Records to be inspected or copied within a reasonable time at a cost that does not exceed the cost provided in Chapter 119, F.S., or as otherwise provided by law.
- (3) A Contractor who fails to provide the Public Records to the Department within a reasonable time may be subject to penalties under section 119.10, F.S.
- (4) Ensure that Public Records that are exempt or confidential and exempt from Public Records disclosure requirements are not disclosed except as authorized by law for the duration of the Contract term and following completion of the Contract if the Contractor does not transfer the Public Records to the Department.
- (5) Upon completion of the Contract, transfer, at no cost, to the Department all Public Records in possession of the Contractor or keep and maintain Public Records required by the Department to perform the service. If the Contractor transfers all Public Records to the Department upon completion of the Contract, the Contractor shall destroy any duplicate Public Records that are exempt or confidential and exempt from Public Records disclosure requirements. If the Contractor keeps and maintains Public Records upon completion of the Contract, the Contractor shall meet all applicable requirements for retaining Public Records. All Public Records stored electronically must be provided to the Department, upon request from the Department's custodian of Public Records, in a format specified by the Department as compatible with the information technology systems of the Department. These formatting requirements are satisfied by using the data formats as authorized in the Contract or Microsoft Word, Outlook, Adobe, or Excel, and any software formats the Contractor is authorized to access.

DEPARTMENT OF FINANCIAL SERVICES
Data Security Requirements
Addendum B

1. Data Security.

The Contractor, its employees, subcontractors, and agents, shall comply with Rule Chapter 74-2, Florida Administrative Code (F.A.C.), which contains information technology (IT) security procedures and requires adherence to the Department's security policies, the relevant parts of which are contained herein, in performance of this Contract. The Contractor shall provide immediate notice to the Department's Information Security Office, within the Office of Information Technology, in the event it becomes aware of any security breach or any unauthorized transmission or loss of any or all of the data collected, created for, or provided by the Department (State Data). Except as required by law or legal process, and after notice to the Department, the Contractor shall not divulge to third parties any Confidential Information obtained by the Contractor or its agents, distributors, resellers, subcontractors, officers, or employees in the course of performing Contract work according to applicable rules, including, but not limited to, Rule Chapter 74-2, F.A.C. "Confidential Information" means information in the possession of, or under the control of, the state of Florida (State) or the Contractor that is exempt from public disclosure pursuant to Chapter 119, Florida Statutes (F.S.), or to any other applicable provision of State or federal law that serves to exempt information from public disclosure. This includes, but is not limited to, the security procedures, business operations information, or commercial proprietary information in the possession of the State or the Department. The Contractor will not be required to keep confidential any information that is publicly available through no fault of the Contractor, material that the Contractor developed independently without relying on the State's Confidential Information, or information that is otherwise obtainable under State law as a public record.

2. Data Protection.

No State Data will be transmitted, processed, or stored outside of the United States of America regardless of method, except as required by law. Access to State Data will only be available to staff approved and authorized by the Department that have a legitimate business need. Access to State Data does not include remote support sessions for devices that might contain the State Data; however, during remote support sessions the Department requires the Contractor to escort the remote support access and maintain visibility of the support personnel's actions. The Contractor shall encrypt all data transmissions containing Confidential Information. The Contractor agrees to protect, indemnify, defend, and hold harmless the Department from and against any and all costs, claims, demands, damages, losses, and liabilities arising from or in any way related to the Contractor's breach of this addendum or the negligent acts or omissions of the Contractor related to this addendum.

3. Separate Security Requirements.

Any Criminal Justice Information Services-specific and/or Health Information Portability and Accountability Act-specific security requirements are attached in a separate addendum, if applicable. The Contractor shall develop data security procedures to ensure only authorized access to data submissions by personnel for contracted activities.

4. Ownership of State Data.

State Data will be made available to the Department upon its request, in the form and format reasonably requested by the Department. Title to all State Data will remain property of the Department and/or become property of the Department upon receipt and acceptance. The Contractor shall not possess or assert any lien or other right against or to any State Data in any circumstances.

Evaluator Score Sheets**

**Attachment B
INSTRUCTIONS**

Each evaluator should read all Responses before attempting to assign scores to any one Response. Evaluators shall print a copy of the score sheet for each Respondent they are evaluating.

Response Evaluation – The Evaluation Team will score Volume II - Technical Response. The Evaluation Team will not review the Volume 1 – Response Qualification Documents, which will be reviewed by the Procurement Officer, or Volume 3 – Price Response, which will be added to the scores by the Procurement Officer. All Responses received for evaluation by the Evaluation Team have completed the Administrative Review Process.

NOTE: Through the evaluation process, the confidentiality and security of the Responses and the scoring process must be maintained.

RESPONSE EVALUATION CRITERIA

Introduction

The evaluation of the Technical Responses will involve the point scoring of each question in each of two categories. The categories to be evaluated are:

- Category 1 – Experience and Ability
- Category 2 – Proposed Solution

Questions have been developed for each category. They are presented below.

A score should be assigned to each question as follows:

- 0 = **Omitted:** Not included in the response.
- 1 = **Poor:** Below minimum requirements; demonstrates insufficient understanding of the project, demonstrated poor programmatic capability and is not clearly presented.
- 2 = **Adequate:** Meets minimum requirements; demonstrates general understanding of the project, acceptable programmatic capability.
- 3 = **Good:** Above minimum requirements; Respondent has a good approach with above average understanding of the project, and average programmatic capability
- 4 = **Exceptional/Superior:** Exceeds minimum requirements; demonstrates superior understanding of the project, excellent and innovative programmatic capability, an outstanding approach and clarity in presentation.

Each evaluator is encouraged to notate briefly the “reasons” for his/her scores, if necessary, on the score sheets in the space provided for comment. In general, the reasons should be brief. Evaluators should include the page number(s) in the Response that illustrate the reasons. If the Respondent did not address the criteria in their Response, the evaluator must score “0” and indicate “not addressed in Response” or “not included in Response”.

Scoring should reflect the evaluator’s independent evaluation of the Respondent’s overall response to each criterion. Each evaluator shall enter a score for each criterion in the appropriate column on the evaluation

score sheet, initial each in the appropriate column, and sign and date each score sheet in the appropriate space.

Following the evaluator's independent evaluations of the Responses, the Evaluation Team member shall return each Response's set of Score Sheets, and all materials regarding this RFP, to the Procurement Officer to review and record final scores.

Assigning Point Values to Responses

1. *Scoring by the Evaluation Team*

Scoring of Categories 1 and 2 in each Response shall be done using the evaluation criteria contained in the RFP and pre-defined scores (0-4). Evaluators shall independently score each question within a category. Scoring will be based on the Respondent's ability to meet each function, characteristic, performance level, or specification described in the RFP. A Respondent who exceeds the function, characteristic, performance level, or specification described in the RFP should receive a higher score than a Respondent who merely meets the function, characteristic, performance level, or specification.

2. *Total Score*

After each evaluator has completed his or her independent scoring of each Response, the evaluators will return all materials to the Procurement Officer. For each Response, the final scores of each question will be averaged and then be added together to obtain total category points. The final point value for each Response will be assessed by adding the pricing points to the evaluator points.
