Further, Contractor failure to maintain bond for the life of the Agreement will result in suspension of all work until such bond has been reinstated or replaced, and satisfactory evidence of bond has been provided to FDVA Contract Manager or may result in termination of Agreement. Additionally, Contractor failure to obtain, provide satisfactory evidence of, and maintain bond will not extend deadlines and FDVA will impose financial consequences as if work had commenced as scheduled or not been suspended.

12.1.4 Bond will provide that the surety company pay losses suffered by FDVA directly to FDVA, including losses for material breaches based on violations of Florida public records law through failure to produce public records or improper disclosure of confidential or exempt structural documents as described in the Agreement. In the event of termination of the Agreement by Contractor prior to full performance, Contractor agrees that FDVA damages shall be considered to be for the full amount of the bond. FDVA need not prove the damage amount in exercising its right of recourse against the bond.

12.1.5 In the event of material change or cancellation of the bond, Contractor must provide a substitute bond naming FDVA as the payee to FDVA Contract Manager within five (5) business days thereafter. If the surety company for any bond provided by Contractor is declared bankrupt, becomes insolvent, has its right to do business in the State of Florida terminated, or ceases to meet the requirements imposed by the Agreement, the Contractor shall provide a substitute bond within five (5) business days thereafter to the FDVA Contract Manager. Both the substitute surety company and bond shall be subject FDVA's sole approval.

13.1 APPLICABLE LEGAL STANDARDS:

13.1.1 Contractor shall comply with all local, state, and federal codes, laws, ordinances, rules, regulations, guidelines, requirements, and any applicable authorities having jurisdiction that, in any manner, could bear on the provision of services under the Contract Documents.

13.1.2 As between the parties, Contractor shall obtain and maintain at its own expense all licenses, permits, approvals, and regulatory authority required by law with respect to Contractor's operation and provision of services as contemplated in the Contract Documents, and FDVA shall obtain and maintain at its own expense all licenses, permits, approvals, and regulatory authority required by law with respect to FDVA's use of the services contemplated in the Contract Documents. Unless specified otherwise in the Contract Documents, each party will give all notices, pay all fees, and comply with all local, state, and federal codes, laws, ordinances, rules, regulations, guidelines, requirements, and any applicable authorities having jurisdiction relating to its performance obligations specified in this Agreement.

13.1.3 If the Contractor provides services in a manner that it knows is contrary to any local, state, and federal codes, laws, ordinances, rules, regulations, guidelines, requirements, and any applicable authorities having jurisdiction, or that the Contractor should have known was contrary to the same, the Contractor shall assume full responsibility for such services and shall bear all attributable costs.

13.1.4 If the contract sum is for \$1 million dollars or more, and the Contractor is subsequently placed on the Scrutinized Companies with Activities in Sudan List or Scrutinized Companies with Activities in Iran Petroleum Energy Sector List, or has been found to have submitted a false certification representing that Contractor has not been placed on these lists, or is engaged in business operations in Cuba or Syria, then FDVA may terminate this agreement, pursuant to section 287.135, Florida Statutes and section 215.473, Florida Statutes.

The Contract may only be modified or amended upon mutual written agreement of the Customer and the Contractor. No oral agreements or representations shall be valid or binding upon the Customer or the Contractor. No alteration or modification of the Contract terms, including substitution of product, shall be valid or binding against the Customer. The Contractor may not unilaterally modify the terms of the Contract by affixing additional terms to product upon delivery (e.g., attachment or inclusion of standard preprinted forms, product literature, "shrink wrap" terms accompanying or affixed to a product, whether written or electronic) or by incorporating such terms onto the Contractor's order or fiscal forms or other documents forwarded by the Contractor for payment. The Customer's acceptance of product or processing of documentation on forms furnished by the Contractor for approval or payment shall not constitute acceptance of the proposed modification to terms and conditions.

16.1 SUCCESSORS AND ASSIGNS:

16.1.1 The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Contract, or under any purchase order issued pursuant to the Contract, without the prior written consent of the Customer; provided, the Contractor assigns to the State any and all claims it has with respect to the Contract under the antitrust laws of the United States and the State. In the event of any assignment, the Contractor remains secondarily liable for performance of the contract, unless the Customer expressly waives such secondary liability. The Customer may assign the Contract with prior written notice to Contractor of its intent to do so.

17.1 RIGHT TO INSPECT and AUDIT:

17.1.1 Right to Inspect and Audit: In accordance with Article I, Section 24, Florida State Constitution and Chapter 119, Florida Statutes, FDVA, its duly authorized representatives, federal and state auditors, and other persons shall have the right to inspect and audit any facilities, commodities, services, materials, records, papers, documents, drawings, books, and electronic storage media of Contractor and subcontractor(s) which FDVA and its duly authorized representatives deem relevant to the purposes of this Agreement.

- At its sole discretion, without notice, FDVA and its duly authorized representatives may conduct audits at any location during normal business days and hours.
- If an audit has been initiated and audit findings have not been resolved, the information shall be retained until resolution of the audit findings.
- The rights of access must not be limited to the required retention periods but shall be provided for as long as the records are retained and deemed relevant to the Agreement by FDVA and its duly authorized representatives.
- Under the Agreement, Contractor shall be solely responsible for all storage, maintenance, preparation, duplication, transfer, delivery, and disposal; as well as any associated costs or fees.
- Contractor's failure to provide retention of and access to the above detailed, as well as any violation of Chapter 119, Florida Statutes will be sufficient grounds for immediate termination of the Agreement. Further, under Florida law, noncompliance remedies may include criminal prosecution and civil actions.

17.1.2 Inspector General: Pursuant to Section 20.055(5), Florida Statutes, every state officer, employee, agency, special district, board, commission, contractor and subcontractor corporation, partnership, or person must understand, cooperate, and comply with the inspector general in any investigation, audit, inspection, review, or hearing.

17.1.3 Chief Financial Officer: Pursuant to Section 287.136, Florida Statutes, after execution of a contract, the Chief Financial Officer shall perform audits of the executed contract document and contract manager's records to ensure that adequate internal controls are in place for complying with the terms and conditions of the contract and for the validation and receipt of goods and services.

18.1 PUBLIC RECORDS:

18.1.1 Article 1, section 24, Florida Constitution, guarantees every person access to all public records, and Section 119.011, Florida Statutes, provides a broad definition of public record. All responses to a competitive solicitation are public records unless exempt by law.

18.1.2 In accordance with Florida Statute 215.985, the State of Florida Department of Financial Services (DFS) has implemented the web-based Florida Accountability Contract Tracking System (FACTS). All State of Florida contracts are considered public records and shall be published to FACTS for public access. Published records include but are not limited to contract document images, financial information, and audit findings. Online public access is available via "<https://facts.fldfs.com>."

18.1.3 Any respondent claiming that its response to a competitive solicitation contains information that is exempt from the public records law such as a "trade secret," shall clearly segregate and mark that information, and provide the specific statutory authority for such exemption. If under contract, it is expressly understood that a Contractor's refusal to comply with this provision shall constitute a breach of contract.

18.1.4 Pursuant to the provisions of Section 119.0701, Florida Statutes, Contractor shall:

- Keep and maintain public records required by the public agency to perform the service.
- Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed the costs provided for under Florida's public records law.
- Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
- Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.
- Notwithstanding these provisions, a request to inspect or copy public records relating to a public agency's contract for services must be made directly to the public agency. Therefore, if the contractor receives a request to inspect or copy public records, the Contractor shall immediately contact the agency's Custodian of Public Records for disposition.
- Contractor's failure to provide retention of and access to public records, as well as any violation of Chapter 119, Florida Statutes will be sufficient grounds for immediate termination of the Agreement. Further, under Florida law, noncompliance remedies may include criminal prosecution and civil actions.
