INSTRUCTIONS: Documents for this bid will be available for download on Thursday, August 30, 2018. Any firm desiring a Project Manual with the plans for this project may obtain directions by emailing BDC_Contracts@dep.state.fl.us

SCOPE OF WORK:

Base Bid:

The contractor shall provide all labor, materials, equipment, supervision, and permitting to successfully level, compact, stabilize, and build crown into road prior to paving the existing entry/exit, approximately 4,400 linear feet RV campground access and loop road and pavement striping, including new 7" lime rock compacted base per FDOT specification to accommodate new paving at the grass island in front of the bathhouse, as per the contract documents.

Alternate #1:

The contractor shall provide all labor, materials, equipment, supervision and permitting to successfully install 1.5" thick layer compacted #89 pea sized 3/8" granite at the aprons from the roadway edge to the gravel RV campsite pad edge per the contract documents.

Alternate #2:

The contractor shall provide all labor, materials, equipment, supervision and permitting to successfully level, compact, stabilize, and pave the aprons from the roadway edge to the gravel RV campsite pad edge per the contract documents. Asphalt shall finish level with existing gravel RV campsite pad.

Alternate #3:

The contractor shall provide all labor, materials, equipment, supervision, and permitting to successfully level, compact, stabilize, and build crown into road prior to paving the existing approximately 5,600 linear feet equestrian campground access road from the end of the base bid access road to the equestrian campground as per the contract documents. FDEP will be responsible for obtaining the Southwest Water Management District permit exemption. If this alternate is accepted 30 days will be added to the date of Substantial Completion.

An Installation Floater is required for this project and must be included in bid price.

Note: Bidder Prequalification is required for all bids. Each bidder shall provide a copy of its biennial pre-qualification letter from FDEP's Bureau of Design and Construction. If not pre-qualified, the bidder must submit a current State Contractor license certification or registration and current Corporate Charter registration with the bid.

Pursuant to Executive Order 07-126 and Section 255.252(3), F.S. the Department requires the proposed project be designed and constructed in accordance with green building standards where applicable.
