The Department shall be exempt from, and in no way liable for, any sums of money which may represent a deductible in any insurance policy. In submitting a proposal, the proposer agrees to be legally bound by these terms and conditions.

15) REVIEW OF PROPOSER'S FACILITIES & QUALIFICATIONS

After the proposal due date and prior to Contract execution, the Department reserves the right to perform or have performed an on-site review of the Proposer's facilities and qualifications. This review will serve to verify data and representations submitted by the Proposer and may be used to determine whether the Proposer has an adequate, qualified, and experienced staff, and can provide overall management facilities. The review may also serve to verify whether the Proposer has financial capability adequate to meet the Contract requirements.

Should the Department determine that the proposal has material misrepresentations or that the size or nature of the Proposer's facilities or the number of experienced personnel (including technical staff) are not adequate to ensure satisfactory contract performance, the Department has the right to reject the proposal.

16) PROTEST OF REQUEST FOR PROPOSAL SPECIFICATIONS

Any person who is adversely affected by the contents of this Request for Proposal must file the following with the Department of Transportation, Clerk of Agency Proceedings, Office of the General Counsel, 605 Suwannee Street, Mail Station 58, Tallahassee, Florida 32399-0450:

2. A formal written protest in compliance with Section 120.57(3), Florida Statutes, within ten (10) days of the date on which the written notice of protest is filed.

Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

Section 287.135, Florida Statutes, also prohibits companies from entering into a contract for goods or services of \$1 million or more that are on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector Lists which were created pursuant to Section 215.473, Florida Statutes.

If the Department determines the Vendor submitted a false certification under Section 287.135 of the Florida Statutes, the Department shall either terminate the Contract after it has given the Vendor notice and an opportunity to demonstrate the Department's determination of false certification was in error pursuant to Section 287.135 of the Florida Statutes, or maintain the Contract if the conditions of Section 287.135 of the Florida Statutes are met.

19) RESERVATIONS

The Department reserves the right to accept or reject any or all proposals received and reserves the right to make an award without further discussion of the proposals submitted. ALL determinations of responsiveness will be the responsibility of the Florida Department of Transportation Procurement Office.

Other conditions which may cause rejection of proposals include, but are not limited to, evidence of collusion among Proposers, obvious lack of experience or expertise to perform the required work, failure to perform or meet financial obligations on previous contracts, or in the event an individual, firm, partnership, or corporation is on the General Services Administration Excluded Parties List. 30) PROPOSAL EVALUATION

30.1 Evaluation Process:

A Technical Review Committee (TRC) will be established to review and evaluate each proposal submitted in response to this Request for Proposal (RFP). The TRC will be composed of at least three (3) persons who collectively have experience and knowledge in the program areas and service requirements for which the commodities and/or contractual services are sought.

The Procurement Office will distribute to each member of the TRC a copy of each technical proposal. The TRC members will independently evaluate the proposals on the criteria and point system established in the section below entitled "Criteria for Evaluation" in order to assure that proposals are uniformly rated. Due to the complexity of certain procurements, the TRC members are authorized to consult with subject matter experts for the purpose of gathering information, if needed. The independent evaluations will be sent to the Procurement Office and averaged for each vendor. Proposing firms must attain an average score of thirty-five (35) points or higher on the Technical Proposal to be considered responsive. Should a Proposer receive fewer than thirty-five (35) points for their average Technical Proposal score, the Price Proposal will not be opened.

During the process of evaluation, the Procurement Office will conduct examinations of proposals for responsiveness to requirements of the RFP. Those determined to be non-responsive will be automatically rejected.

30.2 Oral Presentations - THERE ARE NO ORAL PRESENTATIONS FOR THIS PROJECT.

30.3 Price Proposal

The Proposer shall complete the Price Proposal form and submit as part of the Price Proposal Package. Any proposal in which this form is not used or in which the form is improperly executed may be considered non-responsive and the proposal will be subject to rejection. The Vendor's completed form shall become a part of the Contract upon award of the Contract.

The Procurement Office will open Price Proposals in accordance with Section 29, Proposal Openings. The Procurement Office will review and evaluate the price proposals and prepare a summary of its price evaluation. The Procurement Office will assign points based on price evaluation criteria identified herein.

30.4 Criteria for Evaluation

Proposals will be evaluated and graded in accordance with the criteria detailed below.

a. Technical Proposal (50 Points)

Technical evaluation is the process of reviewing the Proposer's response to evaluate the experience, qualifications, and capabilities of the proposers to provide the desired services and assure a quality product.

The following point system is established for scoring the technical proposals:

	<u>Point Value</u>
1. Corporate Qualifications and Experience	0-10
2. Team Member's Qualifications and Experience	0-10
3. Understanding the Scope of Services	0-15
4. Project Approach	0-15

b. Price Proposal (50 Points)

Price evaluation is the process of examining a prospective price without evaluation of the separate cost elements and proposed profit of the potential provider. Price analysis is conducted through the comparison of price quotations submitted.

The criteria for price evaluation shall be based upon the following formula:

(Low Price / Proposer's Price) x Price Points = Proposer's Awarded Points

31) POSTING OF INTENDED DECISION/AWARD

31.1 The Department's decision will be posted on the Florida Vendor Bid System, at www.myflorida.com, (click on "BUSINESS", click on "Doing Business with the State", under "Everything for Vendors and Customers", click on "Vendor Bid System (VBS)", on date and time in the Timeline, and will remain posted for a period of seventy-two (72) hours. Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

31.2 - Inability to Post:

If the Department is unable to post as defined above, the Department will notify all proposers by electronic notification on the Florida Vendor Bid System (see Special Condition 31.1, above) or by mail, fax, and/or telephone. CONTRACTOR NOTIFICATION

TO: All Contractors
FROM: Turnpike Asbestos Coordinator
(954) 975-4855
Pompano Beach, Florida
SUBJECT: ASBESTOS-CONTAINING MATERIALS IN TURNPIKE FACILITIES

It is possible that you may encounter Asbestos-containing materials (ACM) while working in State-owned buildings since ACM are present in many of these buildings. The presence of ACM does not necessarily mean that a hazard exists. However, a hazard may be created when ACM is disturbed and asbestos fibers become airborne. The best way to maintain a safe environment is to avoid disturbance of ACM.

Prominently posted in each building is an "Occupant Notification" which summarizes known locations of ACM in that building. An Operations and Maintenance (O & M) plan has been developed for these known locations of ACM. Since the known locations may or may not include all ACM, workers must exercise caution and be watchful for materials that might contain asbestos. You must avoid inadvertently disturbing ACM or suspected ACM as you carry out your work.

If you need additional information regarding ACM in a particular building or would like to see a copy of the O & M Plan, contact the Building Asbestos Contact Person (BACPer) responsible for that building or the Turnpike Asbestos Coordinator. The specific designated BACPer (name and telephone) is listed on the "Occupant Notification".

If your work necessitates the disturbance of ACM, you shall take all precautions necessary to protect human health and the environment from asbestos fibers. At a minimum, you must use the procedures found in the O & M Plan; comply with all federal, state and local laws governing work with asbestos; assure that your employees are medically certified, trained and equipped with the proper personal protective devices for safe handling of ACM; and ensure that all employees performing work with ACM related to State-owned buildings execute a "Certificate of Worker's Acknowledgment" prior to beginning work. Immediately upon inadvertently or before disturbing ACM in any State-owned building you must notify the designated BACPer.

ACKNOWLEDGMENT OF ASBESTOS WARNING

I, _____ (Name) Owner, President, Vice President or Designated Officer (Corp. Resolution*) _____ (Title)
of _____ (Name of Business), hereby acknowledge receipt of the above memorandum about

Asbestos-Containing Materials (ACM) Information for Turnpike Facilities and information on how to contact the Building Asbestos Contact Person (BACPer), for information regarding how to find out where asbestos-containing materials are located and how to avoid any contact with ACM.

Reference herein to this Agreement shall include any amendment(s).
- C. All tracings, plans, specifications, maps, computer files, and reports prepared or obtained under this Agreement, as well as all data collected, together with summaries and charts derived therefrom, shall be the exclusive property of the Department without restriction or limitation on their use and shall be made available, upon request, to the Department at any time during the performance of such services and/or upon completion or termination of this Agreement. Upon delivery to the Department of said document(s), the Department shall become the custodian thereof in accordance with Chapter 119, Florida Statutes. The Vendor shall not copyright any material and products or patent any invention developed under this Agreement. The Department shall have the right to visit the site for inspection of the work and the products of the Vendor at any time.
- D. All final plans, documents, reports, studies, and other data prepared by the Vendor shall bear the professional’s seal/signature, in accordance with the applicable Florida Statutes, Administrative Rules promulgated by the Department of Business and Professional Regulation, and guidelines published by the Department, in effect at the time of execution of this Agreement. In the event that changes in the statutes or rules create a conflict with the requirements of published guidelines, requirements of the statutes and rules shall take precedence.
- E. The Vendor agrees to provide project schedule progress reports in a format acceptable to the Department and at intervals established by the Department. The Department shall be entitled at all times to be advised, at its request, as to the status of work being done by the Vendor and of the details thereof. 2. TERM

- A. Initial Term. This Agreement shall begin on date of execution and shall remain in full force and effect through completion of all services required or as selected below, whichever occurs first. Subsequent to the execution of this Agreement by both parties, the services to be rendered by the Vendor shall commence and be completed in accordance with the option selected below. (Select box and indicate date(s) as appropriate):
- Services shall commence November 1, 2020 and shall be completed by five (5) years thereafter or date of termination, whichever occurs first.
 - Services shall commence upon written notice from the Department's Contract Manager and shall be completed by _____ or date of termination, whichever occurs first.
 - Other: See Exhibit "A"
- B. RENEWALS (Select appropriate box):
- This Agreement may not be renewed.
 - This Agreement may be renewed for a period that may not exceed three (3) years or the term of the original contract, whichever is longer. Renewals are contingent upon satisfactory performance evaluations by the Department and subject to the availability of funds. Costs for renewal may not be charged. Any renewal or extension must be in writing and is subject to the same terms and conditions set forth in this Agreement and any written amendments signed by the parties.
- C. EXTENSIONS. In the event that circumstances arise which make performance by the Vendor impracticable or impossible within the time allowed or which prevent a new contract from being executed, the Department, in its discretion, may grant an extension of this Agreement. Extension of this Agreement must be in writing for a period not to exceed six (6) months and is subject to the same terms and conditions set forth in this Agreement and any written amendments signed by the parties; provided the Department may, in its discretion, grant a proportional increase in the total dollar amount based on the method and rate established herein. There may be only one extension of this Agreement unless the failure to meet the criteria set forth in this Agreement for completion of this Agreement is due to events beyond the control of the Vendor.

It shall be the responsibility of the Vendor to ensure at all times that sufficient time remains in the Project Schedule within which to complete services on the project. In the event there have been delays which would affect the project completion date, the Vendor shall submit a written request to the Department which identifies the reason(s) for the delay and the amount of time related to each reason. The Department shall review the request and make a determination as to granting all or part of the requested extension.

3. COMPENSATION AND PAYMENT

- A. Payment shall be made only after receipt and approval of goods and services unless advance payments are authorized by the Chief Financial Officer of the State of Florida under Chapters 215 and 216, Florida Statutes. Deliverable(s) must be received and accepted in writing by the Contract Manager on the Department's invoice transmittal forms prior to payment. If the Department determines that the performance of the Vendor is unsatisfactory, the Department shall notify the Vendor of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Vendor shall, within five days after notice from the Department, provide the Department with a corrective action plan describing how the Vendor will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract noncompliance. If the corrective action plan is unacceptable to the Department, the Vendor shall be assessed a non-performance retainage equivalent to 10% of the total invoice amount. The retainage shall be applied to the invoice for the then-current billing period. The retainage shall be withheld until the vendor resolves the deficiency. If the deficiency is subsequently resolved, the Vendor may bill the Department for the retained amount during the next billing period. If the Vendor is unable to resolve the deficiency, the funds retained may be forfeited at the end of the agreement period.
- B. If this Agreement involves units of deliverables, then such units must be received and accepted in writing by the Contract Manager prior to payments.
- C. Bills for fees or other compensation for services or expenses shall be submitted in detail sufficient for a proper preaudit and postaudit thereof.
- D. The bills for any travel expenses, when authorized by terms of this Agreement and by the Department's Project Manager, shall be submitted in accordance with Section 112.061, Florida Statutes. In addition, if compensation for travel is authorized under this Agreement and by the Department's Project Manager, then the Department shall not compensate the Vendor for lodging/hotel expenses in excess of \$150.00 per day (excluding taxes and fees). The Vendor may expend their own funds to the extent the lodging/hotel expense exceeds \$150.00 per day. The Department, in its sole discretion and pursuant to its internal policies and procedures, may approve compensation to the Vendor for lodging/hotel expenses in excess of \$150.00 per day.
- E. Vendors providing goods and services to the Department should be aware of the following time frames. Upon receipt, the Department has five (5) working days to inspect and approve the goods and services, unless otherwise specified herein. The Department has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.

- F. If a payment is not available within forty (40) days, a separate interest penalty as established pursuant to Section 215.422, Florida Statutes, shall be due and payable, in addition to the invoice amount, to the Vendor. Interest penalties of less than one (1) dollar shall not be enforced unless the Vendor requests payment. Invoices which have to be returned to a Vendor because of Vendor preparation errors shall result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.
- G. The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system. Pursuant to Section 287.057(22), Florida Statutes, all payments shall be assessed a transaction fee of one percent (1%), which the Vendor shall pay to the State. For payments within the State accounting system (FLAIR or its successor), the transaction fee shall, when possible, be automatically deducted from payments to the Vendor. If automatic deduction is not possible, the Vendor shall pay the transaction fee pursuant to Rule 60A-1.031(2), Florida Administrative Code. By submission of these reports and corresponding payments, Vendor certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee. The Vendor shall receive a credit for any transaction fee paid by the Vendor for the purchase of any item(s) if such item(s) are returned to the Vendor through no fault, act, or omission of the Vendor. Notwithstanding the foregoing, a transaction fee is non-refundable when an item is rejected or returned, or declined, due to the Vendor's failure to perform or comply with specifications or requirements of the Agreement. Failure to comply with these requirements shall constitute grounds for declaring the Vendor in default and recovering procurement costs from the Vendor in addition to all outstanding fees. VENDORS DELINQUENT IN PAYING TRANSACTION FEES MAY BE EXCLUDED FROM CONDUCTING FUTURE BUSINESS WITH THE STATE.
- H. A vendor ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for vendors who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.
- I. Records of costs incurred under terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for three (3) years after final payment for the work pursuant to this Agreement is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred shall include the Vendor's general accounting records and the project records, together with supporting documents and records of the Vendor and all subcontractors performing work on the project, and all other records of the Vendor and subcontractors considered necessary by the Department for a proper audit of project costs.
- J. The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding one (1) year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature.

4. INDEMNITY AND PAYMENT FOR CLAIMS

- A. **INDEMNITY:** To the extent permitted by Florida Law, the Vendor shall indemnify and hold harmless the Department, its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by negligence, recklessness, or intentional wrongful misconduct of the Vendor and person employed or utilized by the Vendor in the performance of this Agreement.

It is specifically agreed between the parties executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof, a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provision of this Agreement.

PAYMENT FOR CLAIMS: The Vendor guaranties the payment of all just claims for materials, supplies, tools, or labor and other just claims against the Vendor or any subcontractor, in connection with the Agreement. The Department's final acceptance and payment does not release the Vendor's bond until all such claims are paid or released.

The container used for transport of money for deposit will be a canvas bag secured with a seal, as approved by the Department.

Each armored car service employee will be appropriately uniformed for identification purposes and carry an identification card that will be presented to Department employees upon request. The armored car service, both field and warehouse employees, shall be able to speak and understand the English language.

The Department reserves the right to make changes to pickup locations and to the frequency of the pickups as specified in this Contract. The Department also reserves the right to remove the armored car service from this Contract at any time.

The Vendor shall provide the Department with the Identification (ID) process used for identifying armored car service employees authorized to receive deposits. Any changes to the ID process must be approved by the Department before implementation thereof.

Armored cars are required to pay the appropriate toll as they pass through any toll lane. A SunPass[®] Transponder account can be setup for the Vendor or their sub-vendor(s), if desired, at the appropriate cost. The cost for such toll charges should be included in the Vendor's Price Proposal. For additional information on setting up SunPass[®] accounts please call 1-888-TOLL-FLA (1-888-865-5352).

Representatives of the Vendor or their sub-vendor(s) are required to comply with all the Department's security procedures regarding access to the Department's buildings and safes. In addition, the Vendor shall be responsible for any damages caused by the Vendor and any sub-vendor to the Department's buildings, which are due to the negligence of the Vendor and/or sub-vendor.

- B. The Vendor will participate in a pre-work meeting, to be scheduled following the execution of this Contract, which shall include representatives of the Department, the Vendor, and the Vendor's armored car courier service provider. The pre-work meeting shall be held no less than two (2) weeks prior to the start of work under this Contract, or at such time as determined by the Department. The purpose of the meeting is to promote a clear understanding of the specific requirements of this Contract.
- C. The Vendor's armored car service shall pickup deposits from, and deliver change orders to, the toll plazas designated in Section III herein, seven (7) days per week (including bank holidays) between the hours of 6:30 a.m. and 11:30 a.m. Schedules are to be provided by the Vendor to the Department's Contract Manager.

Funds picked up on a weekday will be delivered to the bank on the same day in sufficient time to provide same day credit.

Funds picked up on a Saturday, Sunday or on a bank holiday will be delivered to the bank the next day or on the next weekday if the Vendor's processing center is closed on the day of pickup.

- D. Plastic deposit bags will be used for collection deposits. Specifications for plastic deposit bags are detailed in Attachment "A." Security Deposit Bag Specifications.
- E. Deposits for each day's collections will include:
 - 1. Sealed plastic deposit bags, each containing a two-part Toll Collection Deposit Slip, currency, checks and loose coins up to \$25.00, or sealed plastic deposit bags with two-part Toll Collection Deposit Slip and coins in excess of \$25.00.
 - 2. Locked coin vaults, which are to be weighed and bagged by Department employees and armored car personnel, respectively, at the time of pickup and in the presence of armored car personal and a Department employee.
 - 3. One (1) copy of Manifest for each day's collections.
- F. The Vendor will be provided master keys for coin vaults and to the "Drop" safe for each pickup location and will be required to sign for these keys. These keys are not to be duplicated under any circumstances. Responsibility for the safety and security of the keys resides solely with the Vendor once the key receipt has been signed. The key is never to be placed in the possession of or made available to any Department employee other than the Regional Toll Manager or designee, and then only with the benefit of a signed receipt. In the event these keys are damaged or lost, the Vendor shall immediately notify the Department's Contract Manager for replacement. If the Vendor's employees lose a key, the Vendor will be assessed the cost of re-keying affected "Drop" safe.

G. Upon arrival to the toll plaza, each armored car employee shall enter the Administration Building through the front door and sign the Guest Sign-in Log. The armored car employee shall be accompanied by a Department employee when entering the vault room. The armored car employee and Department employee will perform the following tasks in the vault room:

1. Where applicable, and prior to processing deposit bags, the Department employee weighs and calls out weight of each individual coin vault while armored car personnel record results and individually initials each vault accepted on the Bank Manifest.

If for any reason the vault listed on Bank Manifest has a difference greater than five (5) pounds from prior weighing, that vault is not to be picked up by the armored car service without approval from the Regional Toll Manager or their designee.

2. Opening the dual controlled key/combination drop safe. The armored car employee uses the key provided by the Department to unlock the core of the dial lock on the “Drop” safe to allow the Department employee to open the dial with the safe combination.
3. The Department employee will remove the deposit bags from the “Drop” safe and sort by toll collection “work of date.”
4. The armored car courier employee will initial the Manifest for each individual deposit bag as the Department employee calls the number out.
5. Once the Department employee finishes calling out one “work of date,” the armored car employee signs the Manifest, and places the deposit bags in a canvas bag provided by the Vendor and places a numbered seal, provided by the Vendor, on the bag. The Department employee will record the seal number on the Manifest. Each “work of date” will be placed in a separate canvas bag.
6. When the last “work of date” has been called out, and prior to placing the deposit bags in the canvas bag, the Department employee will spin the “Drop” safe dial, and the armored car employee will key-lock the dial. Failure to relock the “Drop” safe will require a return to the toll plaza that same day, at no additional cost to the Department.
7. After completely locking the safe, the armored car employee will place the last “work of date” deposit bags in a canvas bag and place a seal on the bag, and Department employee will record the seal number on the Manifest.
8. One (1) copy of each “work of date” Manifest will be sealed in a dated envelope and will be delivered to the Vendor with the canvas bags containing the plastic deposit bags, on the same day, or next day if picked up on a weekend day or bank holiday.
9. Each individual deposit bag and any other listed item shall be receipted for by the armored car employee, and any comments or refused items shall be signed and dated by both the armored car service employee and a Department employee. When a pickup is made of receipts from more than one (1) day, a separate signature is required for each day’s deposit bags and placed in a separate sealed envelope.

- H. Immediately upon receipt by the Vendor from the armored car service and prior to opening and counting the contents, each coin vault is to be weighed and results recorded on Bank Manifest located in the sealed and dated envelope, which accompanies the day's deposits.

Appropriate scales, and maintenance thereof, will be provided by the Department. The Vendor will be responsible for any damages to the Department's equipment while this equipment is under the care and control of the Vendor or its employees, agents or subvendor caused by negligence or misuse.

- I. Upon delivery to the Vendor, an authorized Vendor employee will sign for each deposit bag and each sealed and dated envelope, by number, on the Manifest enclosed in the accompanying sealed envelope, noting the time of receipt.

Daily, the Vendor shall package a signed copy of each receipt with the validated bank deposit slips and the corresponding originals of the Toll Collection Deposit Slips with corrections in red ink and provide to the Vendor's armored car service for delivery on the next business day to the toll plaza to which it relates (Garcon or Mid-Bay).

The Vendor shall provide documentation with each above-described package that includes an itemized list of the deposit bag number, the declared deposit amounts, the received deposit amounts, and the over/under amount (including an explanation of the over/under).

The yellow copies of Toll Collection Deposit Slips and copies of all records acknowledging separate receipt for the deposit bags and envelope representing each day's collections shall be retained by the Vendor and made available to the Department for review upon request by the Department.

- J. The coin amount of each deposit bag is to be counted separately from any other bag, the contents are not to be commingled nor counted in aggregate, so that the actual count of each collector's deposit may be recorded.
- K. It is mandatory that empty coin vaults be returned to designated toll plaza as soon as possible after funds contained therein are processed, and no later than two (2) days. It is especially critical the Department receives as many empty coin vaults as possible prior to weekends and holidays.

All coin vaults are to be returned in the same condition as received. The Vendor will assume liability for damages or loss of coin vaults.

It is the Vendor's responsibility to ensure that the armored car service returns empty coin vaults. The Vendor will be required to return to the toll plaza to return coin vaults, if necessary, at no additional cost to the Department.

- L. Toll collection funds are to be credited to the depository account **on the same day** as they are picked up by the armored car service. It is the Vendor's responsibility to ensure that the armored car service delivers all toll plaza funds on the same day that they are picked up from a toll plaza and in sufficient time to allow full processing of deposit bags and same day credit to the depository account. If toll collection funds are delivered on a Saturday or Sunday, all provisions concerning same day processing listed above will apply. Credit for these funds will be effective the opening of the next weekday (excluding bank holidays).

The Department recognizes that when deposits from several days are delivered at one (1) time, it is possible that all funds delivered on that day will not be processed the same day. In such circumstances the following procedures shall apply:

1. The Department's accounts shall be credited the same day as the toll collection funds are picked up, based upon the average of the previous seven (7) day's deposit from the same location(s), multiplied by the number of days work for which credit is not being provided as otherwise required in this Contract.
2. When the deposit is processed on the next working day, a matching debit is to be made, washing the credit based upon the seven (7) day average amount.
3. The Department's accounts are credited, based upon the actual counting of the Department's fund by the Vendor's personnel. An individual credit will be made for each day's work received.

In all cases, the Vendor shall prepare and retain, at the bank, preprinted deposit tickets for the Toll Collection Accounts described in Section IV (N) herein. One (1) separate deposit slip (if necessary) will be prepared for each day's receipts (seven (7) days each week):

1. One (1) daily deposit ticket for the toll plaza will be for that day's deposit bags and will include, a validated total for all of the deposit bags from that day.
2. All bank deposit tickets shall contain a machine generated validation, and the validation information shall contain the name of the account, teller number, time of day, account number, and declared amount.
3. The following items will be packaged together for return to the toll plaza: completed and validated bank deposit tickets, corresponding Toll Collections Deposit Slips, completed and signed deposit slips, batch tickets (or legible copies) from coin counters used to count deposit bag contents. On a daily basis, the Vendor will provide the package to the Vendor's armored car service for delivery on the next business day to the toll plaza to which it relates (locations listed in Section III).
4. If, upon further investigation, it is determined that a debit or credit memo is required for a disputed amount, the Vendor shall provide a deposit adjustment notification to the Department. The debit or credit memo will reference the original deposit and be sent by Vendor to the following location:

Traffic & Revenue Audit Center
P.O. Box 9828
Ft. Lauderdale, FL 33310

- M. The Vendor shall fill the Department's orders for change and currency upon request. Change orders are to be processed on the same day received. A list of authorized Department employees, along with reset order limits, will be provided by the Department Contract Manager. Employees on this list, within their pre-established limits, may order change and currency by telephone. Confirmation of the order will be noted on the same or next morning's Plaza Bank Manifest at the time of delivery. **Individual change**

order accounts will be established to be drawn from to fulfill change order requests. Deposits received for the change orders shall be deposited in these accounts.

Trust Indenture specifically prohibits debiting of the revenue account for the purpose of filling change orders.

- N. For each Toll Plaza referred to in Section III herein, the Vendor shall establish and maintain a separate checking account for which toll collection funds are deposited on the same day that they are picked up from the Department. The account title for each toll plaza will be the following:

“Toll Plaza” Toll Collection Account

The Toll Plaza Toll Collection Accounts shall hereinafter be collectively referred to as the “Toll Collection Accounts”. For reporting purposes, banking transactions on a calendar month basis will be grouped into one (1) bank statement for each account, and the cut off for the bank statements shall be the last day of the month. The Vendor shall make available to the Department – Traffic & Revenue Audit Center (TRAC) and the Office of Comptroller the capability to:

1. View depository accounts online daily, weekly, and monthly as needed to verify deposit status.
2. View and print (printable version) the monthly bank statement online for each and every account between the Department and Vendor.
3. View deposit adjustment notifications online.

The Vendor shall also make available the monthly bank statement online no later than the 2nd day of the following month.

There shall be no additional charges for accessing bank statements online. In addition, there will be no online access restrictions imposed upon TRAC and/or the Office of Comptroller, by the Vendor.

There will be no itemized charges for preprinted deposit slips, numbered seals, checks, additional statements, analyses, wire transfers, change orders, coin wrappers, bill straps, canvas bags or other materials requested and/or used in administrative, audit or operational support of the Toll Collection Accounts or for any additional accounts. Any such charges shall be deemed to have been included in the Vendor’s Price Proposal.

Checks that are returned as nonsufficient funds will be taken through the customer’s account twice prior to returning to the Department. The Vendor shall send returned checks to:

Department’s Office of the Comptroller
Attn. Revenue Management, Accounts Receivable
Florida Department of Transportation
605 Suwanee Street, MS 42B
Tallahassee, Florida 32399

The Vendor shall wire transfer, each Monday morning prior to 9:00 a.m. (Eastern Standard Time - EST), the balance of funds in the Toll Collection Accounts at the close of business the previous workday:

In the event a national or banking holiday occurs on a Monday, the wire will take place on the morning of the next business day. The Vendor shall make the wire transfer amount per Toll Collection Account available to the Department online before 9:00 a.m., EST, the same day of the wire transfer.

Failure of the Vendor to make transfers in strict accordance with this schedule will result in the Vendor providing compensation to the Department in an amount equal to the average of the prior four (4) week's 13 week U.S. Treasury Bill Rates as published in the Wall Street Journal or the managed rate of .575%, whichever is greater.

- O. The Vendor will apply a monthly analysis credit for interest earned on the average daily balance in the Toll Collection Accounts which will be computed from the weekly average of the **prior four (4) weeks'** 13 week U. S. Treasury Bill Rate as published in the Wall Street Journal. Copies of the Analysis statement will be provided with the invoice for services each month. The Vendor shall make available the monthly analysis available to the Department online and any other medium as may be required by the Department. **Interest rates shall be rounded up for any amount over .50.**
- P. The Vendor shall provide pledged security for the Toll Collection Accounts for the maximum amount on deposit at any one time in accordance with current laws of the State of Florida, including Section 280.04, F.S.
- Q. The Vendor assumes full responsibility for the safekeeping and delivery of each sealed container and the contents therein. Such liability will begin when the sealed container is received by the Vendor or sub-vendor and will end when the funds are transferred by or for the Department's Office of the Comptroller. In the event of loss of any sealed container, or any or all of the contents therein, while in the possession of the Vendor or their sub-vendor, the Vendor shall reimburse the Department for the full amount of such loss. Loss will be defined as the contents therein as provided by documentation provided by the Department to the Vendor.

If for any reason, representatives of the Vendor disputes the contents documentation, then "contents" will be defined as the average of the most recent seven (7) days' deposits recorded from the container(s) of like type collected from the same location as the container(s) in question. The Vendor will not be liable for any delay in delivery caused by fire, strike, riot, war, insurrection, act of God, or other controlling cause not arising from the fault or negligence of the Vendor or its agent(s).

- R. The Vendor shall allow the Department's authorized employees to visually inspect the internal security of the Vendor's coin counting and teller area operations upon prior notification by the Department. After such inspection, the Department will notify the Vendor, in writing, of any internal control weaknesses noted and the Vendor shall correct the same at no additional cost to the Department, within fourteen (14) days of such notice.
- S. Any travel expenses incurred by the Vendor shall be the sole responsibility of the Vendor. The Department shall not be responsible for reimbursing the Vendor for any travel expenses.
