*****ALL EMAILS TO THE PROCUREMENT OFFICER SHALL CONTAIN THE SOLICITATION NUMBER IN THE SUBJECT LINE OF THE EMAIL*****

1.04 Questions.

NOTE: This section supersedes Section 2.00, General Instructions to Respondents (PUR 1001), Paragraph#5, Questions.

Information will not be provided by telephone. Bidders may submit written questions or requests for clarification regarding the terms, conditions, requirements of the ITB and its attachments, and any processes described in those documents, to the Procurement Officer by email by the deadline listed in the Timeline of Events of the ITB. The Department will address all inquiries submitted by the deadline listed in the Timeline of Events.

Questions will not constitute a formal protest of the specifications or of the ITB. Responses to all written inquiries, and clarifications or addenda if made to the ITB, will be made through the Vendor Bid System.

Each submission shall have the ITB number in the subject line of the email. **Questions must be submitted in the following format to be considered:**

Question #	Bidder	ITB Section	ITB Page #	Question

Once the Department posts the answers to the questions, Bidders may begin submitting bids, however, Bidders are encouraged to submit their bids no earlier than five (5) days prior to the submission deadline. Bids must be submitted by the deadline listed in the Timeline of Events.

1.05 Addenda. If the Department finds it necessary to supplement, modify, or interpret any portion of the Bid documents, a written "Addendum" will be posted on the VBS. It is the responsibility of the vendor to be aware of any Addenda that might have a bearing on their bid.

1.06 Price Sheet Form. Price Sheet Form must be completed and submitted, or the bid will be rejected. The Department will not accept any other type "Price Sheet Form" as a valid bid to this Bid. **The Department** will multiply each cost per unit price by the estimated quantity and add lines one (1) through 16 for the Original Term and for the Renewal Term. The Grand Total Bid Price will be determined by adding the Original Term total and Renewal Term total. By affixing authorizing signature, the Bidder hereby affirms and agrees to all terms, conditions, provisions, and specifications within the Bid. Prior to issuance of a Contract, the selected Bidder must be properly licensed to do business within the State of Florida, if required by federal or state law, for the service or commodities the Bidder will provide this Department.

1.07 Past Performance / Client References: In the space provided on the Client Reference Form, the Bidder must list all names under which it has operated during the last five (5) years. The Department will review its records to identify all contracts that the respondent has undertaken with the Department, where the Bidder was the prime contractor, during the last five (5) years (contracts in effect during or after February 2014).

In the spaces provided on Client Reference Form, the Respondent must provide the required information for three (3) separate and verifiable clients to whom Bidder (not intended subcontractors) has provided services for projects similar in nature to those specified in the Solicitation. Confidential clients shall not be included. Do not list projects completed for the Department as a reference on this form.

The same client may not be listed for more than one (1) reference (for example, if the Bidder has completed a project for the Florida Department of Transportation – District One and one project for the Florida Department of Transportation – District Two, only one of the projects may be listed because the client, the Florida Department of Transportation, is the same).

Clients that are listed as subcontractors in a bid will not be accepted as Past Performance references under this Solicitation. Firms that are currently parent or subsidiary companies to the Bidder will not be accepted as Past Performance references under this Solicitation.

In the event that the Bidder has had a name change since the time work was performed for a listed reference, the name under which the Bidder operated at the time that the work was performed must be given, at the end of the project description for that reference, on the Client Reference Form.

In the event that the Bidder submits a bid as a joint venture, at least one (1) past performance client must be listed for each member of the joint venture. However, the total minimum number of clients to be listed remains three (3).

References should be available to be contacted during normal business hours (Monday-Friday, 8:00 a.m.–5:00 p.m.), per the Timeline of Events. The Department will contact ALL three (3) of the Bidder's references in order to complete an evaluation questionnaire as provided in Client Reference Form.

A Department representative will contact the references via telephone and/or email to verify satisfactory Past Performance. The Department will attempt to contact each reference up to two (2) times during the duration of time listed on the Timeline of Events. In the event that the contact person cannot be reached following the specified number of attempts the reference will not be considered. The Department will not attempt to correct incorrectly supplied information. Each Bidder is required to have at least two (2) satisfactory references to be deemed responsible and considered for award.

Bidder must also complete and sign the **Client Reference Form** allowing the Department to evaluate and assess Vendor's eligibility for Contract Award pursuant to the indicated solicitation, and that any such information provided may be subject to disclosure under Chapter 119, F.S., the Florida Constitution, or other authority.

Failure to provide the required information for three (3) separate and verifiable clients per service in the spaces provided on the Client Reference Form, or failure to provide the required information for each reference shall result in the Bidder being deemed not responsible and their bid will not be considered for award.

1.08 Vendor Principal Place of Business Attestation. The Bidder shall complete and submit the Vendor Principal Place of Business Attestation Form, indicating whether its principal place of business is within the State. For the purpose of this ITB, "principal place of business" means the state in which the Bidder's high-level officers direct, control, and coordinate the Bidder's activities.

Consistent with section 287.084 (2), F.S., if a Bidder indicates on its form that its principal place of business is outside of this State, it shall have an attorney provide the opinion on the Vendor Principal Place of Business Attestation Form.

1.09 Submittal of Bid.

NOTE: This section supersedes Section 2.00, General Instructions to Respondents (PUR 1001)

Paragraph 3, Electronic Submission of Responses.

The Bidder must submit one (1) original and one (1) duplicate electronic copy of the entire bid to the Department. The hard copy of the bid shall bear original signatures and be marked as the "Original". The electronic copy of the bid may be submitted on CD, DVD, or USB-compatible memory stick and must be in .pdf format. The Department will reject bids submitted in alternate file formats or which contain information different from that in the hard copy of the bid.

Bidders shall deliver Bids to the Department's office designated in the Solicitation Acknowledgement Form before the date and time specified. Any Bid that is received after the exact time specified in the Timeline of Events will be considered late. Bidder should be aware that the U.S. Postal Service does not guarantee on time delivery for any service other than Express Mail. Late Bids, as well as Bids submitted electronically or by facsimile, are Non-Responsive and will not be considered and are not eligible for Award. All Bid materials must be packaged so that each box shipped to the Department does not exceed 25 pounds.

In addition to whatever markings are required for shipment, Bid packages must be marked to show the Bidder's name and address, the solicitation number, and the date and time Bids are due. If multiple packages are shipped, package sequences (i.e. 1 of 3, 2 of 4, etc.) must also be indicated on the outside of the package.

The bid package shall contain the following:

- Solicitation Acknowledgement Form;
- Price Sheet Form(s);
- Vendor Financial Attestation;
- Vendor Responsibility Disclosure;
- Vendor Conflicts of Interest Attestation;
- Vendor Principal Place of Business Attestation;
- Vendor Drug-Free Workplace Attestation (if applicable);
- Vendor Scrutinized Companies Lists Attestation;
- Client Reference Forms;
- Bidder/Subcontractor Summary Form

If you assert that any portion of your Bid is exempt from disclosure under the Florida Public Records law, you must submit a redacted version of the Bid along with the un-redacted version. The redacted copy shall be clearly titled "Redacted Copy."

CAUTION: Bids received at the office designated after the exact time specified for receipt will not be considered.

1.10 Alternate Replies. A Bidder may not submit more than one (1) bid. The Department seeks each Bidder's single-best bid.

1.11 General Evaluation Information. The Department reserves the right to accept or reject any or all bids received; waive any minor irregularity, technicality, or omission if the Department determines that doing so will serve the State's best interest; and reserves the right to make an award without further

discussion of the bids submitted. No allowances will be made to the Bidder because of a lack of knowledge of conditions or requirements and will not relieve any liabilities and obligations.

A non-responsive submittal shall include, but not be limited to, those that: a) are irregular or are not in conformance with the requirements and instructions contained herein; b) fail to utilize or complete prescribed forms; or c) have improper or undated signatures. A NON-RESPONSIVE SUBMITTAL WILL NOT BE CONSIDERED.

The Department objects to and shall not consider any additional terms or conditions submitted by a Bidder, including any appearing in documents attached as part of a Bid. In submitting its bid, a Bidder agrees that any additional terms or conditions, whether submitted intentionally or inadvertently, shall have not force or effect.

1.12 Administrative Review. All bids will be reviewed by the Procurement Officer to ensure that complete bids have been submitted and to ensure that the bids meet the minimum requirements as outlined in this ITB. In order to foster maximum competition, the Department will seek to minimize Bidders disqualifications resulting from non-responsiveness during the administrative review process. Therefore, the Department may, in its sole discretion, notify Bidders whose qualifying information or documentation does not meet the requirements of the ITB and will allow the correction of errors and omissions prior to making a final determination of responsiveness. Timely cures will be accepted by the Department.

1.13 Administrative Cure Process. In the interest of maximizing competition, the bid qualification and cure process seeks to minimize, if not eliminate, Bidders disqualifications resulting from nonmaterial, curable deficiencies in the bid. During the Administrative Review portion of the evaluation, if the Department determines that a nonmaterial, curable deficiency in the Bid will result in the disqualification of a Bidder, the Department may notify the Bidder of the deficiency and a timeframe within which to provide the information. This process is at the sole discretion of the Department; therefore, the Bidder is advised to ensure that its Bid is compliant with the ITB at the time of submittal.

1.14 Basis of Award. The Department intends to make award to the lowest responsible, responsive Bidder meeting all specifications and conditions. The Department reserves the right to go to the next lowest responsible, responsive Bidder if the lowest Bidder is unable to meet the terms and conditions of the Solicitation.

1.15 Posting of Agency Decision.

NOTE: This section supersedes Section 2.00, General Instructions to Respondents (PUR-1001), Paragraph #3, Electronic Posting of Notice of Intended Award.

The Department will post a Notice of Intent to Award, stating its intent to enter into one (1) or more Contract(s) with the Bidder identified therein, on the Vendor Bid System (VBS) website. If the Department decides to reject all Bids, it will post its notice on the same VBS website. The Notice of Intent to Award will be posted for review by interested parties on the VBS on or after the date listed on the Timeline of Events.

1.16 Department's Reserved Rights.

The Department reserves the right to:

- A. Reject all bids at any time, including after an award is made when doing so would be in the best interest of the State of Florida.

- B. Award to the next Bidder if the selected Bidder is unable to meet the terms and conditions of the Solicitation.
- C. Award to a single Bidder or multiple Bidders, or to make no award, as determined to be in the best interest of the State.
- D. Determine a Bid non-responsive.
- E. Waive any minor irregularity, technicality, or omission if the Department determines that doing so will be in the best interest of the State of Florida.
- F. Withdraw the ITB at any time, including after an award is made, when doing so would be in the best interest of the State of Florida.
- G. Withdraw or amend its Notice of Award at any time prior to execution of a contract, including, but not limited to situations in which the selected vendor fails to execute the contract.
- H. Withdraw or amend its Notice of Award if the Contractor defaults in performance.
- I. Re-procure services in accordance with Rule 60A-1.006(3), F.A.C.
- J. To make an award without further discussion of the bids submitted.

By exercising the above listed rights, the Department assumes no liability to any vendor.

The selected Contractor(s) shall be paid for the services rendered under the contract resulting from this Solicitation upon satisfactory completion of these services.

A copy of the proposed Contract containing all requirements is included in this Solicitation. The requirements contained in the proposed Contract should be closely reviewed by the Bidder since modifications proposed by the Bidder will not be considered.

1.19 Anticipated Contract Term and Renewal. The term of the Contract will begin upon execution by both parties and remain in effect for a period of one (1) year, unless cancelled earlier in accordance with the terms of the Contract. The Department reserves the right to renew any Contract resulting from this Solicitation. Renewal(s) shall be in writing and subject to the same terms and conditions as the original Contract and any amendments thereto, for a period no greater than one (1) year. Renewal is contingent upon satisfactory performance by Contractor.

1.20 Florida Department of State Registration Requirements. The Bidder is responsible for registering with the Florida Department of State prior to execution of the Contract unless exempt (see applicable sections of Title XXXVI, Business Organizations, Chapters 605 through 623, F.S.).

1.21 Convicted Vendor List. A company placed on the Convicted Vendor List may not submit a Bid or be awarded a contract to provide any goods or services pursuant to Rule 60A-1.006 F.A.C. The "Convicted Vendor List" is published at MyFlorida.com.

1.22 Diversity. The Department is dedicated to fostering the continued development and economic growth of small, minority-owned, veteran-owned, and women-owned businesses. Participation of a diverse group of Bidders doing business with the State is central to the Department's effort.

To this end, small, minority-owned, veteran-owned, and women-owned business enterprises are encouraged to participate in the State's procurement process as both prime Bidders and subcontractors under prime contracts. Bidders are encouraged to partner with certified small, minority-owned, veteran-owned, and women-owned businesses for contract performance. Enterprises that desire to be certified as a small, minority-owned, veteran-owned, or women-owned business and prime contractors who wish to partner with these entities can request certification information from the State's Office of Supplier Diversity (OSD) within the Florida Department of Management Services.

1.23 Bidder Responsibility. In determining Bidder responsibility, the Department may consider any information or evidence which comes to its attention and which reflects upon a Bidder's capability to fully perform the bid requirements and/or the Bidder's demonstration of the level of integrity and reliability which the Department determines to be required to assure performance of the bid.

1.24 Protest Rights. Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, or failure to post a bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

Documents received after Business hours (Monday-Friday, 8:00 a.m. - 5:00 p.m., Eastern Time) will be filed the following business day.

All filings must be made with the Agency Clerk ONLY and are only considered "filed" when stamped, physically or digitally, by the Agency Clerk. It is the responsibility of the filing party to meet all filing deadlines.

SECTION 2.00 –INSTRUCTIONS TO BIDDERS (PUR 1001)

This section contains the General Instructions and Special Instructions to Bidders. The "General Instructions to Respondents" Form PUR 1001 is incorporated by reference and can be accessed at MyFlorida.com or at:

https://www.dms.myflorida.com/content/download/2934/11780/PUR_1001_General_Instructions_to_Respondents.pdf . The remaining instructions are "Special Instructions."

2.01 Assertion of Confidentiality Regarding Submitted Materials.

- A. If Bidder asserts that any portion of their Bid is proprietary, trade secret, intellectual property, or otherwise confidential ("Confidential Information") and which Bidder claims as exempt from disclosure under Chapter 119 Florida Statutes, the Florida Constitution or other authority ("Florida Public Records Law"), then Bidder must submit a redacted version of the Bid along with the un-redacted version. The redacted copy shall be clearly titled "Redacted Copy."
- B. Any relevant and responsive information submitted which is asserted by Bidder to be Confidential Information that Bidder claims as exempt from disclosure from applicable Florida Public Records Law must be clearly marked as such in the un-redacted version of your bid, and either removed from or obliterated in the Redacted Copy.
- C. The Redacted Copy should redact all, but only, those portions of material that Bidder asserts are Confidential Information. Bidder must identify the statutory citation supporting its claim of confidentiality for each and every redaction. Bidder shall not mark the entire Bid as confidential, trade secret or otherwise not subject to Florida Public Records Law. Any Bid with more than fifty percent (50%) of the documents, data or records so marked will be deemed non-responsive and will not be considered.
- D. Failure to identify asserted Confidential Information in bids, and/or to redact such information in the Redacted Copy, shall constitute a waiver of any claim of confidentiality or exemption to such information, document or bid.

2.02 Conflict of Interest. The Bidder covenants that it presently has no interest and shall not acquire any interest, direct or indirect, which would conflict in any manner or degree with the performance of the services required to be performed under the contract.

2.03 Disclosure. Information will be disclosed to bids in accordance with State statutes and rules applicable to this ITB after evaluations are complete.

2.04 Firm Response.

NOTE: This section supersedes Section 2.00, General Instruction to Bidders (PUR1001), Paragraph 14, Firm Response.

The Department may make an award within one hundred eighty (180) days after the date of the bid opening, during which period the bid submitted shall remain firm and shall not be withdrawn. If an award

is not made within one hundred eighty (180) days after the bid opening date, the bid shall remain firm until either the Department posts an Agency Decision, or the Department receives a written notice from the Bidder that the bid is withdrawn, whichever occurs first. Any bid that expresses a shorter duration shall be rejected.

2.05 Misrepresentations. All information submitted, and representations made by the Bidder are material and important and will be relied upon by the Department in awarding the contract. Any misstatement or omission (a “Misrepresentation”) shall be treated as a fraudulent concealment of the true facts relating to submission of the ITB. A misrepresentation shall be a basis for Department to disqualify the Bidder from participating in this ITB, and any re-bid pertaining to this subject matter (regardless of whether the re-bid resulted from Bidder’s misrepresentation) and shall be punishable under law, including, but not limited to, Chapter 817, F.S.

2.06 Public Requests for Bids.

- A. If a public records request for the bids is made, the Department will provide the requestor access to the Redacted Copy, bearing Bidder’s assertion of exemption from disclosure. If Bidder failed to submit a Redacted Copy, the Department is authorized to produce the entire un-redacted document submitted to the Department in response to a public records request encompassing the bid.
- B. If a public records request is made for the un-redacted bids challenging the assertion of Bidder’s exemption, the Department will notify Bidder. Bidder shall be solely responsible for taking whatever action it deems appropriate to legally defend its claim of exemption from disclosure under the Public Records Law.
- C. Bidder shall obtain either an agreement with the requestor withdrawing its request or commence an action in a court of competent jurisdiction requesting an injunction prohibiting its disclosure within seventy-two (72) hours (excluding weekends and state and federal holidays) of Bidder’s receipt of notice of the public records request.
- D. By submitting its bid, Bidder agrees that no right or remedy for damages against the Department will arise from disclosure by the Department of the alleged Confidential Information following Bidder’s failure to promptly protect its claim of exemption.
- E. By submitting a bid, the Bidder agrees to protect, defend, and indemnify the Department for any and all claims arising from or relating to the Bidder’s assertion that the redacted portions of its bid are Confidential Information not subject to disclosure.

2.07 Qualifications. The Bidder must prove to the satisfaction of the Department that they have available under their direct supervision the necessary organization, experience, equipment and staff to properly fulfill all the conditions, requirements, and specifications required under this ITB. The Bidder must provide contact information for references as outlined in the Past Performance/Client References section. Bidders are only qualified for the installation of potable water service lines from utility meters to homes/businesses in Citrus County if they are licensed as a State certified or registered plumbing contractor.

2.08 Prime Contractor and Subcontractor. In accordance with the terms of the Acknowledgment Form, a Bidder may not respond to this ITB as both prime Contractor and as a subcontractor. The Bidder **shall be disqualified** if and to the extent it responds to this ITB as a proposed prime Contractor and has agreed to serve as a subcontractor to any other bidder to this ITB. A Bidder may not disclose to any other Bidder or subcontractor what prices or terms Bidder has included in its bid as a prime Contractor.

All bids to this ITB to provide services as prime Contractors which are received from affiliated entities (those with any common ownership, management or control), shall be rejected if discovered prior to selection and any award or contract thereon shall be terminated if discovered subsequent thereto.

SECTION 3.00 – SCOPE OF SERVICES

3.01 Purpose. The purpose of this Scope of Services is to outline the work to be performed for the installation of potable water service lines from utility meters to homes/businesses in Citrus County and to establish per item costs for required services per the Price Sheet Form submitted by the selected Bidder.

3.02 Initial Sites. The Water Supply Restoration Funding Program (WSRF) plans to have 98 sites (see Exhibit I) connected to Citrus County Utilities. All utility, local and state requirements/permits shall be followed before, during and upon completion of each well disconnect. This work will proceed upon clearance of the new potable water mains and upon execution of a Contract for this work and remain in effect for twelve (12) months, inclusive. Each site owner listed may choose not to have the connection made through this program. Once a Contract is awarded, the Department will provide the list of properties that have been approved for work to proceed.

3.03 Additional/Decreased Sites. If additional contamination is found or additional sites are determined to need to be connected, the Department reserves the right to modify the scope of work to add new sites. Work will not start until a Contract is fully executed and only at sites approved by WSRF personnel. Work on additional sites shall not be performed unless and until the Contract is amended to include those sites. Work at all approved sites and any additional sites authorized by contract amendment shall be completed at the rates in the contract, to be based on the awarded Contractor's responses in the bid rates submitted on the Price Sheet Form. The Department reserves the right to remove sites from the List of Qualified Sites at its discretion.

3.04 Scope of Work. The Contractor shall obtain all applicable permits, inspections/certifications and provide all labor, materials and yard restoration. The Contractor shall include all operation/overhead costs required for the complete installation of service lines from public utility's water meters (meter set costs not included in this work) to the residence/commercial property approved for connection by the Department's Project Manager. All work shall meet or exceed all state and local building and plumbing codes. All connections will be coordinated with the utility provider and the Department's Project Manager and through the county building/plumbing permit process. Before work starts at each property, the Contractor shall meet with the property owner to learn of site conditions such as buried lines or septic tanks, to inform the owner of the path of the service line and the resulting conditions of the site upon completion. All associated costs to complete this work shall be included in the prices submitted by the selected Contractor on the Response Form and will become the Rate Schedule as part of the final Contract.

NOTE: Bidders should anticipate the need for rock removal (lime rock has been encountered in the past) and include the cost for rock removal in the "per foot" cost of the first three items listed on the Price Sheet Form.

Each site shall include the following work:

- A. Locate all underground utilities in the public right of way and on private properties. In addition, to locating buried utilities through a public utility line location service, it will be the responsibility of the Contractor to contact the owner/resident to locate buried on-site water lines, electric lines and septic

systems. As a standard Plumbing practice, the Contractor should utilize the local "Line Location Services for all Public Utilities".

- B. Unless local code requires alternate line sizes: Furnish and install ¾" Schedule 40 PVC potable water lines (for service line lengths up to 150'), one-inch (1") schedule 40 PVC potable water lines (for service line lengths greater than 150' up to 250'), one and a half inch (1½") Schedule 40 PVC potable water lines (for service line lengths greater than 250'), and two inch (2") Schedule 40 PVC to match existing line sizes at commercial properties. All line sizes, including all required fittings, are to be installed in the most direct/economical path from utility's water meter to the specified residence/commercial property. At sites where the well is near the front of the property the most direct/economical service line path will be to the point on the downstream side of where the existing well's service line will be disconnected.
- C. RPZ backflow devices are required by the Utility to be installed, tested and certified annually at commercial properties only. If not already present at the site in question, furnish and install, test and certify an appropriately sized RPZ back-flow device, above ground plumbing shall be schedule 80 PVC or galvanized piping.
- D. Furnish and install a pressure-reducing valve when required due to excessive pressure and/or other questionable plumbing conditions.
- E. Two (2) appropriately sized shut-off ball valves shall be installed at each site: one directly after the backflow valve or meter and the other near the new line's connection point.
- F. Disconnect the existing water line from the well by removing at least two feet (2') of the plumbing line that was used to connect the well to the residence/building. If needed, to maintain any existing irrigation line originating from the well, the point of 'well disconnect' can be made as close to the new line's point of entry into the residence. Install hose bibb at well as needed.
- G. As required by local permitting authority, disconnection of the existing well's service lateral from the home may require re-grounding of electrical services. Follow all electrical permitting requirements to re-ground electrical services.
- H. Repair all cut or damaged electrical, irrigation/water and sewer/septic lines. Labor costs can be charged where, after on-site consultation with the property owner, damage occurred to unknown privately (non-disclosed) owned lines. The Contractor shall be responsible for locating and preventing damage to all public utilities. The Contractor and/or the Contractor's Line Location Service will be responsible for damage to public utility lines.
- I. **If driveway/sidewalk must be cut, the Contractor shall notify the homeowner and advise them that the patching could be a different color and/or texture than the original driveway/sidewalk. The Contractor shall obtain a signed release (See Exhibit II) from the homeowner prior to cutting a driveway or sidewalk.**
- J. Restore each resident yard to the "as it was" condition. To avoid misunderstandings with homeowners, the Contractor shall meet with homeowner before work is started to discuss the condition the site will be left in.

- K. At least 48 hours prior to completion of work, the Contractor shall contact the Utility to request a final inspection of work prior to back filling the area of disconnect.
- L. Upon completion of the work, flush all debris and bleed air from the new service line. Show the owner/resident where the new service line and valves are located.
- M. Inform the owner/resident that the new service line is their property and that they are responsible for all future maintenance repairs of the line.
- N. When crossing a driveway or sidewalk is required, **the preferred method** of crossing is to jet or push the service line under, but alternate methods should be considered. As required one of the following will be needed:
- Jet/push service line under driveway/sidewalk (preferred method)
 - Concrete-cut and patch driveway/sidewalk. (discuss with owner and get signature on Permission Form, Exhibit II)
 - Asphalt-cut and patch driveway/sidewalk. (discuss with owner and get signature on Permission Form, Exhibit II)
- O. The Contractor shall submit invoices to the Department on a monthly basis for each completed residence. All invoices shall be submitted in detail sufficient for a proper pre-audit and post-audit thereof. Final invoices must be submitted to the Department no later than thirty (30) days following the completion date of the Contract to assure the availability of funds for payment.

Any additional work required to complete the service line connection but not included in the above scope of work shall not be performed unless approved in writing by the Department's Project Manager prior to the start of that work.

Note: It is a requirement of these bid conditions that only bids received from "licensed plumbers" will be considered as a responsive bid. Contractor shall be in compliance with Chapter 489, Florida Statutes.

RE: Permission to Cut Concrete/Asphalt and Patch Driveway/Sidewalk for Water Service Line

It has been determined that the new waterline will cross a driveway or sidewalk and a cut and patch will be needed in order to complete the work. Although every attempt will be made to match the existing texture and/or color of the driveway/sidewalk, the Contractor may not be able to match it exactly.

Select one of the following options:

_____ I do not wish to have my driveway/sidewalk cut.

_____ I have read and understand the above paragraph and I wish to have my driveway/sidewalk cut for the water service line. I will not hold Water Supply Restoration Funding Program (WSRF) or the Contractor responsible if the patching of the driveway/sidewalk is a different texture and/or color.

E. Any Claim not resolved at formal conference or mediation, may be the subject of a complaint filed in a court of competent jurisdiction in Leon County, Florida.

17. FINANCIAL CONSEQUENCES FOR UNSATISFACTORY PERFORMANCE.

A. No payment will be made for deliverables deemed unsatisfactory by the Department. In the event that a deliverable is deemed unsatisfactory by the Department, the Contractor shall re-perform the services needed for submittal of a satisfactory deliverable, at no additional cost to Department, within thirty (30) days of being notified of the unsatisfactory deliverable.

B. If a satisfactory deliverable is not submitted within the specified time frame, the Department may, in its sole discretion: 1) assess liquidated damages if specified in the Contract or its attachments; 2) request from the Contractor agreement to a reduction in the amount payable; 3) suspend all Work until satisfactory performance is achieved, or 4) terminate the Contract for failure to perform.

If the CAP is not accepted, the Contractor shall have ten (10) calendar days from receipt of the Department letter rejecting the proposal to submit a revised proposed CAP. Failure to obtain the Department approval of a CAP as specified above shall result in the Department's termination of the Contract for cause as authorized in the Contract.

B. Upon the Department's notice of acceptance of a proposed CAP, the Contractor shall have ten (10) calendar days, or longer if specified in the approved CAP, to commence implementation of the accepted plan. Acceptance of the proposed CAP by the Department does not relieve the Contractor of any of its obligations under the Contract. In the event the CAP fails to correct or eliminate performance deficiencies by the Contractor, the Department shall retain the right to require additional or further remedial steps, or to terminate the Contract for failure to perform. No actions approved by the Department or steps taken by the Contractor shall estop the Department from subsequently asserting any deficiencies in performance. Contractor shall continue to implement the CAP until all deficiencies are corrected. Reports on the progress of the CAP will be made to the Department as requested by the Department Contract Manager.

C. Failure to respond to a Department request for a CAP shall result in suspension or termination of the Contract.

19. PAYMENT AND PERFORMANCE BONDS. An "X" beside the correct provision in this section signifies that the provision is applicable to the Contract.

- No Payment or Performance bonds are required.
- Contractor shall provide executed Payment and Performance Bonds naming the Department as obligee, issued by a surety acceptable to the Department, in the amount(s) of \$ *insert amount*.

- In addition to other remedies elsewhere in this Contract, and as provided by law, unless otherwise stipulated in the Scope, the Contractor hereby covenants and agrees to pay liquidated damages to the Department as follows:
 - A. Contractor acknowledges that time is of the essence for all services provided under this Contract, and whereas the actual damages to be suffered by late performance are incapable of accurate calculation, the parties agree to the following as a reasonable estimation thereof as liquidated damages. In addition to any other provisions of this Contract, in the event that the deliverable identified in the Scope, is not completed and submitted by the close of business on the date the deliverable is due, the compensation amount stated for that portion of the Work may be reduced by five percent (5%) per week for each week the deliverable is late, with the total amount of the liquidated damages not to exceed the total compensation amount of the Scope deliverable.
 - B. The date of submission shall be the date of receipt by the Department.

- C. If no Department receipt date appears or the date is illegible, the date of submission shall be deemed to be five (5) days prior to receipt by the Contract Manager.
- D. If completion is or will be justifiably delayed due to reasons as set out in paragraph contained herein, the Department may grant an extension of time as evidenced by a properly executed Amendment.
- E. If the deliverable(s) fail to comply with the requirements of this Contract, or if questions arise from review and the Contractor is so notified and requested to respond, the Contractor shall furnish the required additions, deletions, or revisions in accordance with the Scope at no additional cost to the Department.
- F. If the additions, deletions, and revisions are not submitted to the Department's Contract Manager in accordance with the Scope, the compensation stated for that portion of the Work may be reduced by five percent (5%) for each week that the requested deliverable is late, as specified. The total reduction shall not exceed the total amount of the Work.
- G. Contractor's failure to respond to a request to correct the deliverables will result in termination of the Work and **forfeiture** of any unpaid balance for such deliverables. Additionally, the Department, at its discretion, may re-assign future Work.

21. RETAINAGE

A. Department reserves the right to establish the amount and application of retainage on a Work Assignment (one resident plumbing connection) basis to a maximum of 10%. Retainage shall be withheld from each payment to Contractor pending satisfactory completion of ten (10) resident plumbing connections a month and approval of all deliverables. After the completion of ten (10) plumbing connections during a specific month, no further retainage will be withheld for that month. Retainage withholding will begin again at the beginning of the next month until another ten (10) connections are completed. Retainage shall be withheld for the entire contracted amount and paid to Contractor pending satisfactory completion of all work assigned by the Department.

B. Department reserves the right to withhold payment of 1% of total retainage amount for each satisfactory connection the Contractor fails to complete within the timeframe stipulated in the contract. Department shall provide written notification to Contractor of identified deficiencies and Department's intent to withhold retainage on the Contract. Contractor's failure to rectify the identified deficiency within the timeframe stated in Department's notice will result in forfeiture of retainage by Contractor.

C. If Contractor fails to perform the requested scope of work or fails to perform the work in a satisfactory manner, Contractor shall forfeit its right to payment for the work and the retainage called for in each individual task under the contract. Failure to perform includes, but is not limited to, failure to submit the required deliverables by the specified due date or failure to provide adequate documentation that the work was performed to a satisfactory completion level to be determined by the Department.

D. For deliverables (reports and response to comments) submitted one (1) to seven (7) calendar days past the required due date, retainage will be forfeited on the amount of the Deliverable (report) pay item.

E. For deliverables (reports and response to comments) submitted more than seven (7) calendar days past the required due date, retainage will be forfeited on the amount of the entire task associated with the deliverable.

F. No retainage shall be released or paid for work on an uncompleted plumbing connection while work under this contract is being completed.

G. Except as otherwise provided above, Contractor shall be paid the retainage associated with the contract, provided Contractor has completed the work and submits an invoice for retainage held in accordance with previously stated guidelines.

LIABILITY

22. INSURANCE.

A. Required Coverage. At all times during the Contract the Contractor, at its sole expense, shall maintain insurance coverage of such types and with such terms and limits described below. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers licensed and authorized to issue policies in Florida, or alternatively, Contractor may provide coverage through a self-insurance program established and operating under the laws of Florida. Additional insurance requirements for this Contract may be required elsewhere in this Contract, however the minimum insurance requirements applicable to this Contract are:

- i. Commercial General Liability Insurance. The Contractor shall provide adequate commercial general liability insurance coverage and hold such liability insurance at all times during the Contract. The Department of Environmental Protection, its employees, and officers shall be named as an additional insured on any general liability policies. The minimum limits shall be \$200,000 each individual's claim and \$300,000 each occurrence.
- ii. Workers' Compensation and Employer's Liability Coverage. The Contractor shall provide workers' compensation, in accordance with Chapter 440, F.S., and employer's liability insurance with minimum limits of \$100,000 per accident, \$100,000 per person, and \$500,000 policy aggregate. Such policies shall cover all employees engaged in any work under the Contract.
- iii. Commercial Automobile Insurance. If the Contractor's duties include the use of a commercial vehicle, the Contractor shall maintain automobile liability, bodily injury, and property damage coverage. Insuring clauses for both bodily injury and property damage shall provide coverage on an occurrence basis. The Department of Environmental Protection, its employees, and officers shall be named as an additional insured on any automobile insurance policy. The minimum limits shall be as follows:
 - \$200,000/300,000 Automobile Liability Combined Single Limit for Company-Owned Vehicles, if applicable
 - \$200,000/300,000 Hired and Non-owned Automobile Liability Coverage
- iv. Other Insurance. Additional insurance may be required by federal law, where applicable, if any work proceeds over or adjacent to water, including but not limited to Jones Act, Longshoreman's and Harbor Worker's, or the inclusion of any applicable rider to worker's compensation insurance, and any necessary watercraft insurance, with limits of not less than \$300,000 each. Questions concerning required coverage should be directed to the U.S. Department of Labor or to the parties' insurance carrier.

B. Insurance Requirements for Sub-Contractors. Department shall not be liable to any subcontractor for any expenses or liabilities incurred under any subcontract, regardless of whether the Department has approved such subcontract or subcontractor. Contractor shall be solely liable to its subcontractor(s) for all expenses and liabilities incurred under any subcontract. Any subcontracts made under or in performance of this Contract must include the same conditions specified in this Contract, with the exception of insurance requirements (paragraph contained herein), and shall include a release of any rights, claims or liabilities against the Department. The level of insurance to be carried by subcontractors performing work under this Contract shall be at the discretion of Contractor.

C. Exceptions to Additional Insured Requirements. If the Contractor's insurance is provided through an insurance trust, the Contractor shall instead add the Department of Environmental Protection, its employees, and officers as an additional covered party everywhere the Contract requires them to be added as an additional insured. Further, notwithstanding the requirements above, if Contractor is self-insured, then the Department of Environmental Protection, its employees, and officers do not need to be listed as additional insureds.

D. Deductibles. The Department shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of the Contractor providing such insurance.

E. Proof of Insurance. Upon execution of this Contract, the Contractor shall provide the Department documentation demonstrating the existence and amount for each type of applicable insurance coverage *prior to* performance of any work under this Contract. Upon receipt of written request from the Department, the Contractor shall furnish the Department with proof of applicable insurance coverage by standard form certificates of insurance, a self-insured authorization, or other certification of self-insurance.

F. Failure to Maintain Coverage. In the event that any applicable coverage is cancelled by the insurer for any reason, the Contractor shall immediately notify the Department of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within ten (10) calendar days after the cancellation of coverage.

23. INDEMNIFICATION.

A. Contractor shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State of Florida, the Department, and the State of Florida Board of Trustees of the Internal Improvement Trust Fund, and their officers, agents, and employees, from suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by the Contractor, its agents, employees, partners, or subcontractors, provided, however, that the Contractor shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State of Florida, the Department, and the State of Florida Board of Trustees of the Internal Improvement Trust Fund.

B. Further, the Contractor shall fully indemnify, defend, and hold harmless the State and Department from any suits, actions, damages, and costs of every name and description, including attorneys' fees, arising from or relating to violation or infringement of a trademark, copyright, patent, trade secret or intellectual property right, provided, however, that the foregoing obligation shall not apply to the Department's misuse or modification of the Contractor's products or the Department's operation or use of the Contractor's products in a manner not contemplated by this Contract. If any product is the subject of an infringement suit, or in the Contractor's opinion is likely to become the subject of such a suit, the Contractor may at its sole expense procure for the Department the right to continue using the product or to modify it to become non-infringing. If the Contractor is not reasonably able to modify or otherwise secure the Department the right to continue using the product, the Contractor shall remove the product and refund the Department the amounts paid in excess of a reasonable rental for past use. Department shall not be liable for any royalties.

C. The Contractor's obligations under the preceding two (2) paragraphs with respect to any legal action are contingent upon the State or the Department giving Contractor 1) written notice of any action or threatened action, 2) the opportunity to take over and settle or defend any such action at the Contractor's sole expense, and 3) assistance in defending the action at the Contractor's sole expense.

THIRD PARTIES

24. SUBCONTRACTING. An "X" beside the correct provision in this section signifies that the provision is applicable to the Contract.

Contractor shall not subcontract any work under this Contract.

A. Contractor shall not subcontract any work under this Contract without the prior written consent of the Department's Contract Manager. Department reserves the right to reject any proposed subcontractor based upon the Department's prior experience with subcontractor, subcontractor's reputation, or the

Department's lack of adequate assurance of performance by subcontractor. Contractor agrees to be responsible for the fulfillment of all work elements included in any subcontract and agrees to be responsible for the payment of all monies due under any subcontract.

- B. Department shall not be liable to any subcontractor for any expenses or liabilities incurred under any subcontract, regardless of whether the Department has approved such subcontract or subcontractor. Contractor shall be solely liable to its subcontractor(s) for all expenses and liabilities incurred under any subcontract. Any subcontracts made under or in performance of this Contract must include the same conditions specified in this Contract, with the exception of insurance requirements (paragraph contained herein), and shall include a release of any rights, claims or liabilities against the Department. The level of insurance to be carried by subcontractors performing work under this Contract shall be at the discretion of Contractor.

25. NONASSIGNABILITY. Contractor shall not sell, assign or transfer any of its rights, duties or obligations under this Contract (its **Rights and Duties**), without the prior written consent of the Department. Contractor shall remain liable for performance of its Rights and Duties, regardless of any assignment to or assumption by any third party, notwithstanding any approval thereof by the Department. However, the Department may expressly release the Contractor from any and all Rights and Duties through a novation accompanying an approved assignment. Department may assign the Department's Rights and Duties but shall give prior written notice of its intent to do so to the Contractor. The foregoing notwithstanding, the Contractor hereby assigns to the State any and all claims it has with respect to the Contract under the antitrust laws of the United States and the State.

26. THIRD PARTY BENEFICIARIES. This Contract is neither intended nor shall it be construed to grant any rights, privileges or interest in any third party without the mutual written agreement of the parties hereto.

SUSPENSION AND TERMINATION

27. SUSPENSION.

A. Department may order the Contractor in writing to suspend, delay or interrupt all or any part of the Work for failure to perform, or as otherwise specified herein, such period of time as the Department may determine to be appropriate for any of the following reasons:

- 1.) Contractor fails to timely and properly correct deficiencies in or performs unsatisfactory work;
- 2.) Contractor's or subcontractor's insurer or surety notifies the Department that any of its required insurance or bonds has lapsed or will lapse, and the Contractor fails to provide replacement insurance or bonds acceptable to the Department before the insurance or bond cancellation or termination date;
- 3.) Contractor or subcontractor materially violates safety laws or other constraints;
- 4.) Department determines that there is a threat to the public health, safety or welfare that necessitates such suspension; or
- 5.) For the convenience of the Department.

B. GENERAL CONDITIONS

32. ATTORNEY'S FEES. In the event of any legal action to enforce the terms of this Contract, each party shall bear its own attorney's fees and costs.

34. COMPLIANCE WITH APPLICABLE LAW. Contractor shall comply with all applicable federal, state and local rules and regulations in providing services to the Department under this Contract including, but not limited to, local health and safety rules and regulations. In the event that any signature is delivered by facsimile transmission or by e-mail delivery of a ".pdf" format data file, such signature shall create a valid and binding obligation of the party executing (or on whose behalf such signature is executed) with the same force and effect as if such facsimile or ".pdf" signature page were an original thereof.

37. FORCE MAJEURE. Contractor shall not be responsible for delay resulting from its failure to perform if neither the fault nor the negligence of the Contractor or its employees, subcontractors or agents contributed to the delay and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, hurricanes, or other similar cause wholly beyond the Contractor's control, or for any of the foregoing that affect subcontractors or suppliers if no alternate source of supply is available to the Contractor. In case of any delay the Contractor believes is excusable, the Contractor shall notify the Department in writing of the delay or potential delay and describe the cause of the delay either 1) within five (5) days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result, or 2) if delay is not reasonably foreseeable, within ten (10) days after the date the Contractor first had reason to believe that a delay could result. **THE FOREGOING SHALL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy. Contractor shall not be entitled to an increase in the price or payment of any kind from the Department for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency, arising because of delay, disruption, interference, or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist the Contractor shall perform at no increased cost, unless the Department determines, in its sole discretion, that the delay will significantly impair the value of the Contract to the State or to the Department, in which case the Department may 1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to the Department with respect to products subjected to allocation, or 2) purchase from other sources (without recourse to and by the Contractor for the related costs and expenses) to replace all or part of the products that are the subject of the delay, which purchases may be deducted from the Contract quantity, or 3) terminate the Contract in whole or in part.

Any action in connection with this Contract shall be brought in a court of competent jurisdiction located in Leon County, Florida.

39. GOVERNMENTAL RESTRICTIONS. If the Contractor believes that any governmental restrictions require alteration of the material, quality, workmanship or performance of the products offered under this Contract, the Contractor shall immediately notify the Department so in writing, identifying the specific restriction and alteration. Department reserves the right and the complete discretion to accept any such alteration or to cancel the Contract at no further expense to the Department. Contractor's failure to timely notify the Department of its asserted belief shall constitute a waiver of such claim.

40. HEADINGS. The headings contained herein are for convenience only, do not constitute a part of this Contract and shall not be deemed to limit or affect any of the provisions hereof.

41. INTEGRATION. This Contract contains all the terms and conditions agreed upon by the parties, which terms and conditions shall govern all transactions between the Department and the Contractor. Any alterations, variations, changes, modifications or waivers of provisions of this Contract shall only be valid when they have been reduced to writing, duly signed by each of the parties hereto, and attached to the original of this Contract, unless otherwise provided herein. No oral agreements or representations shall be valid or binding upon the Department or the Contractor. No alteration or modification of the Contract terms, including substitution of product, shall be valid or binding against the Department. Contractor may not unilaterally modify the terms of this Contract by affixing additional terms to product upon delivery (e.g., attachment or inclusion of standard preprinted forms, product literature, "shrink wrap" terms accompanying or affixed to a product, whether written or electronic) or by incorporating such terms onto the Contractor's order or fiscal forms or other documents forwarded by the Contractor for payment.
