SECTION 1. INTRODUCTION

1.1 Introduction to the Procurement

The Department of Children and Families (Department), Office of Child Welfare is issuing this solicitation for the purpose of expanding early intervention and home visitation services for infants who are prenatally affected by controlled substances and their families. Any person interested in submitting a proposal must comply with any and all terms and conditions described in this Request for Proposal (RFP).

1.2 Statement of Purpose

The Department is seeking a Vendor to provide early intervention home visits for at-risk pregnant women and parents/caregivers using substances and infants affected by substances. The Vendor is required to have existing evidence-based services for early intervention and home visitation for this population and currently be providing services in Florida. The home visitation services shall be performed by licensed registered nurses (RN). The RN shall have at least: 2-years of experience in maternal/child health, public health, or mental behavioral nursing; experience with home visiting; and work flexible hours to meet the clients' needs.

The Vendor shall implement an evidence-based home visiting model to improve the rate of development and behavior for the substance-affected infants and their families. RNs will create individualized Plans of Safe Care to address the needs of substance-affected newborns and their families. A Plan of Safe Care is intended to be developed at the earliest point the mother's use or infant's exposure has been identified. In addition, RNs will provide referrals for voluntary services tailored to the families' needs.

Prenatal exposure to substances has the potential to cause a wide spectrum of physical, emotional, and developmental problems for infants. Early intervention to support families in developing positive relationships with their infants and toddlers can promote good parenting practices. Furthermore, early detection and appropriate developmental and behavioral services and supports are critical to significantly improve development and overall well-being of the children.

For the purposes of this procurement, the awarded entity (or entities) shall have a Sub-recipient relationship with the Department for the purposes of carrying out these contracted services.

1.3 Term of the Agreement

The anticipated start date of the resulting contract is **November 1, 2019**. The anticipated duration of the contract is three years, November 1, 2019 through June 30, 2022, from contract execution. The contract may be renewed for a period not to exceed three (3) years or for the term of the original contract, whichever period is longer. Such renewal shall be made by mutual agreement and shall be contingent upon satisfactory performance evaluations as determined by the Department and shall be subject to the availability of funds. Any renewal shall be in writing and shall be subject to the same terms and conditions as set forth in the initial contract, including any amendments.

1.3.1 The total estimated dollar amount for this contract resulting from this RFP is **\$1,000,000.00** for each state fiscal year, resulting in a total dollar amount of \$3,000,000.00, subject to the availability of funds.

4.4 Public Records and Trade Secrets

4.4.1 Proposals and Other Submissions Are Property of the State.

These provisions supplement Section 19 of Form PUR 1001. All materials submitted in the proposal or other response to this RFP become the property of the State of Florida, which shall have the right to use such ideas or adaptations of those ideas without cost or charge, regardless of selection or rejection of a proposal.

4.4.2 Proposals and Other Submissions are Subject to Public Inspection

Unless exempted by law, all public records are subject to public inspection and copying under Florida's Public Records Law, Chapter 119, F.S. A time-limited exemption from public inspection is provided for the contents of a proposal and other submittals pursuant to subsection 119.071(1)(b), F.S. Once that exemption expires, all contents of a proposal and other submittals become subject to public inspection unless another exemption applies. Any claim of trade secret exemption for any information contained in a Vendor's proposal or other submittal to this solicitation will be waived upon opening of the proposal or other submittal by the Department, unless the claimed trade secret information is submitted in accordance with this Section. This waiver includes any information included in the Vendor's proposal or other submittal outside of the separately bound document described below.

4.4.3 How to Claim Trade Secret Protection

If the Vendor considers any portion of the documents, data or records submitted in its proposal to be trade secret and exempt from public inspection or disclosure pursuant to Florida's Public Records Law, the Vendor must submit all such information in a separately bound document (or in the case of electronic media, a separate USB Drive, with the words "Trade Secret" included in the file name) clearly labeled "Attachment to Proposal, RFP No.

- Trade Secret Material". Appropriate cross-references should be included in nonexempt materials. The first page of the electronic file or hard copy document must explain why the information in the electronic file or hard copy document is a trade secret. This submission must be made no later than the proposal submittal deadline. Where such information is part of material already required to be submitted as a separately bound or enclosed portion of the proposal, it shall be further segregated and separately bound or enclosed and clearly labeled as set forth above in addition to any other labeling required of the material. If the Vendor considers any portion of a submission made after its proposal to be trade secret the Vendor must clearly label the submission as containing trade secret information (or in the case of electronic media, include "Trade Secret" in the relevant file names).

4.4.4 Vendor's Duty to Respond to Public Records Requests

In response to any notice by the Department that a public records request received by the Department encompasses any portion of the separately bound part of the Vendor's proposal or other submissions labeled as "trade secret," the Vendor shall expeditiously provide the Department, or the public pursuant to subsection 119.0701(2), F.S., with a redacted version

of the document(s) and identify in writing the specific statutes and facts that authorize exemption of the information from the Public Records Law. If different exemptions are claimed to be applicable to different portions of the redacted information, the Vendor shall provide information correlating the nature of the claims to the particular redacted information. The redacted copy must only exclude or obliterate only those exact portions that are claimed confidential or trade secret. If the Vendor fails to promptly submit a redacted copy and justification in response to the notice of a public records request, the Department is authorized to produce the records sought without any redaction.

4.4.5 Department not Obligated to Defend Vendor Claims

The Department is not obligated to agree with the Vendor's claim of exemption and, by submitting a proposal or other submission, the Vendor agrees to be responsible for defending its claim that each and every portion of the redactions is exempt from inspection and copying under Florida's Public Records Law. Further, the Vendor agrees that it shall protect, defend, and indemnify, including attorney's fees and costs, the Department for any and all claims and litigation (including litigation initiated by the Department) arising from or relating to Vendor's claim that the redacted portions of its proposal are confidential, proprietary, trade secret, or otherwise not subject to disclosure or the scope of the Vendor's redaction.

The Department will award the contract based on a final selection by the Secretary or his or her designee, who will consider the relative importance of price and other evaluation criteria set forth in the solicitation. The Secretary or his or her designee may also make a determination as to whether to deem one or more Vendors ineligible for award. The Department will electronically post the Secretary’s or his or her designee’s final decision and intent to award in accordance with section 120.57(3)(a), Florida Statutes, and Rule 60A-1.021, Florida Administrative Code. 5.2 Application of Mandatory Requirements

A Vendor must meet all Mandatory Requirements (defined herein) in order to be considered for evaluation under this RFP. The Mandatory Requirements for this RFP are set forth in **APPENDIX IV - MANDATORY CRITERIA CHECKLIST**.

5.2.1 The Procurement Manager will examine each proposal to determine whether the proposal meets the Mandatory Requirements specified herein and in **APPENDIX IV - MANDATORY CHECKLIST**. A proposal that fails to meet the Mandatory Requirements will be deemed nonresponsive and will not be evaluated.

5.2.2 An initial determination that a proposal meets the Mandatory Requirements does not preclude a subsequent determination of non-responsiveness.

5.3 Evaluation Phase Methodology

All proposals meeting the Mandatory Requirements and are determined to be otherwise responsive will be evaluated using the following process: **Scoring by Evaluators.**

5.3.1 Scoring

The Department’s Evaluators will independently evaluate each Programmatic Proposal in accordance with the following criteria:

This ranking will serve as the recommended ranking of the Department's Evaluators.

5.3.3 Report of the Procurement Manager

After developing the recommended ranking in accordance with **Section 5.3.2**, the Procurement Manager will provide to the Department a report on proposals deemed nonresponsive and, as to those deemed responsive, a report on the evaluation process and the recommended ranking of the Evaluators.

5.4 Final Selection and Notice of Intent to Award Contract

5.4.1 Selection of Vendor(s)

The Secretary or his designee will then decide which solutions and Vendor(s) represent the best value, based on the selection criteria in **Section 5.1**, and to whom the contract should be awarded under this RFP. In so doing, the Secretary or his designee is not required to score the Vendors, and will base his or her decision on a determination of best value. If the Secretary, or his or her designee determines that two or more proposals most advantageous to the state are equal with respect to all relevant considerations, including price, quality, and service, the award will be made in accordance with section 295.187, Florida Statutes, and Rule 60A-1.011, Florida Administrative Code.
