2. STATEMENT OF WORK.

The Provider shall perform all tasks and provide units of deliverables, including reports, findings, and drafts, as specified in this Contract. Except for advances, if any, provided for in this Contract, these deliverables must be received and accepted by the Contract Manager in writing prior to payment, subject to subsequent audit and review and to the satisfaction of the Department. The Department's determination of acceptable services shall be conclusive. Department receipt of reports and other submissions by the Provider does not constitute acceptance thereof, which occurs only through a separate and express act of the Contract Manager. Unless otherwise provided in the procurement document, if any, or governing law, the Department reserves the right to increase or decrease the volume of services and to add tasks that are incidental or complimentary to the original scope of services. Except where the method of payment is prescribed by law, compensation under Section 3 will be equitably adjusted by the Department to the extent that it prescribes a fixed price (previously called "fixed fee") payment method or does not provide a method of payment for added tasks.

2.1 Scope of Work.

The Scope of Work is described in Exhibit B.

2.2 Task List.

The Provider shall perform all tasks set forth in the Task List, found in Exhibit C, in the manner set forth therein.

2.3 Deliverables.

Deliverables shall be as described in Exhibit D.

2.4 Performance Measures.

2.4.1 Performance Measures for Acceptance of Deliverables. The performance measures for acceptance of deliverables are set forth in Exhibit D, Section D-__.

2.4.2 Minimum Performance Measures. To avoid contract termination, Provider's performance must meet the minimum performance standards set forth in Exhibit E, Minimum Performance Measures, Section E-1, regardless of any other performance measures in this Contract. By execution of this Contract, the Provider hereby acknowledges and agrees that its performance under the Contract must meet these Minimum Performance Measures and that it will be bound by the conditions set forth therein. If the Provider fails to meet these standards, the Department, at its exclusive option, may allow a reasonable period, not to exceed six (6) months, for the Provider to correct performance deficiencies. If performance deficiencies are not resolved to the satisfaction of the Department within the prescribed time, and if no extenuating circumstances can be documented by the Provider to the Department's satisfaction, the Department must terminate the Contract. The Department has the sole authority to determine whether there are extenuating or mitigating circumstances. The Provider further acknowledges and agrees that during any period in which the Provider fails to meet these standards, regardless of any additional time allowed to correct performance deficiencies, payment for deliverables may be delayed or denied and financial consequences may apply.

3. PAYMENT, INVOICE AND RELATED TERMS.

The Department shall pay for services performed by the Provider during the service performance period of this Contract according to the terms and conditions of this Contract in an amount not to exceed that set forth in Section 1.1 hereof, subject to the availability of funds and satisfactory performance of all terms by the Provider. Except for advances, if any, provided for in this Contract, payment shall be made only upon written acceptance of all services by the Department and shall remain subject to subsequent audit or review to confirm contract compliance. The State of Florida's performance and obligation to pay under this Contract is contingent upon an annual appropriation by the Legislature. Any costs or services paid for under any other contract or from any other source are not eligible for payment under this Contract.

3.1 Method of Payment.

The Provider shall be paid in accordance with Exhibit F, Method of Payment and Invoices.

3.2 Invoices.

3.2.1 Generally. The Provider shall submit bills for fees or other compensation for services or expenses in sufficient detail for proper pre-audit and post-audit. Where itemized payment for travel expenses is permitted in this Contract, the Provider shall submit bills for any travel expenses in accordance with section 112.061, F.S., or at such lower rates as may be provided in this Contract.

3.2.2 Final Invoice. The final invoice for payment shall be submitted to the Department no more than __ days after the Contract ends or is terminated. If the Provider fails to do so, all rights to payment are forfeited and the Department will not honor any requests submitted after the aforesaid time period. Any payment due under the terms of this Contract may be withheld until performance of services and all reports due from the Provider and necessary adjustments thereto, have been approved by the Department.

3.3 Financial Consequences.

If the Provider fails to perform in accordance with this Contract or perform the minimum level of service required by this Contract, the Department will apply financial consequences as provided for in Section 6.1 hereof. The parties agree that the penalties provided for under Section 6.1 hereof constitute financial consequences under sections 287.058(1)(h) and 215.971(1)(c), F.S. The foregoing does not limit additional financial consequences, which may include but are not limited to refusing payment, withholding payments until deficiency is cured, tendering only partial payments, applying payment adjustments for additional financial consequences or for liquidated damages to the extent that this Contract so provides, or termination of this Contract per Section 6.2.3 hereof and requisition of services from an alternate source. Any payment made in reliance on the Provider's evidence of performance, which evidence is

subsequently determined to be erroneous, will be immediately due as an overpayment in accordance with Section 3.4 hereof, to the extent of such error.

3.4 Overpayments and Offsets.

The Provider shall return to the Department any overpayments due to unearned funds or funds disallowed that were disbursed to the Provider by the Department and any interest attributable to such funds. Should repayment not be made promptly upon discovery by the Provider or its auditor or upon written notice by the Department, the Provider will be charged interest at the lawful rate of interest on the outstanding balance until returned. Payments made for services subsequently determined by the Department to not be in full compliance with contract requirements shall be deemed overpayments. The Department shall have the right at any time to offset or deduct from any payment due under this or any other contract or agreement any amount due to the Department from the Provider under this or any other contract or agreement.

3.5 MyFloridaMarketPlace Transaction Fee.

This Contract is exempt from the MyFloridaMarketPlace transaction fee.

4. GENERAL TERMS AND CONDITIONS GOVERNING PERFORMANCE.

4.1 Compliance with Statutes, Rules and Regulations.

In performing its obligations under this Contract, the Provider shall without exception be aware of and comply with all State and Federal laws, rules and regulations relating to its performance under this Contract as they may be enacted or amended from time-to-time, including but not limited to those described in Exhibit A1, as well as any court or administrative order, judgment, settlement or compliance agreement involving the Department which by its nature affects the services provided under this Contract.

4.2 Independent Contractor, Subcontracting and Assignments.

4.2.1 In performing its obligations under this Contract, the Provider shall at all times be acting in the capacity of an independent contractor and not as an officer, employee, or agent of the State of Florida, except where the Provider is a State agency. Neither the Provider nor any of its agents, employees, subcontractors or assignees shall represent to others that it is an agent of or has the authority to bind the Department by virtue of this Contract, unless specifically authorized in writing to do so. This Contract does not create any right in any individual to State retirement, leave benefits or any other benefits of State employees as a result of performing the duties or obligations of this Contract.

4.2.2 The Provider shall take such actions as may be necessary to ensure that it and each subcontractor of the Provider will be deemed to be an independent contractor and will not be considered or permitted to be an officer, employee, or agent of the State of Florida. The Department will not furnish services of support (e.g., office space, office supplies, telephone service, secretarial or clerical support) to the Provider, or its subcontractor or assignee, unless specifically agreed to by the Department in this Contract. All deductions for social security, withholding taxes, income taxes, contributions to unemployment compensation funds and all necessary insurance for the Provider, the Provider's officers, employees, agents, subcontractors, or assignees shall be the sole responsibility of the Provider and its subcontractors. The parties agree that no joint employment is intended and that, regardless of any provision directing the manner of provision of services, the Provider and its subcontractors alone shall be responsible for the supervision, control, hiring and firing, rates of pay and terms and conditions of employment of their own employees.

4.2.3 The Provider shall not assign its responsibilities under this Contract to another party, in whole or part, without prior written approval of the Department, upon the Department's sole determination that such assignment will not adversely affect the public interest. No payment shall be made under this Contract to any factor or other person who has been assigned or transferred the right to receive payment in lieu of or on behalf of the Provider except upon full and faithful performance of the Provider's duties hereunder. Any assignment or transfer occurring without prior approval of the Department shall be null and void. The Provider shall not subcontract for any of the work contemplated under this Contract without prior written approval of the Department, which shall not be unreasonably withheld.

4.2.4 The State of Florida shall at all times be entitled to assign or transfer, in whole or part, its rights, duties, or obligations under this Contract to another governmental agency in the State of Florida or to a provider of the Department's selection, upon giving prior written notice to the Provider. In the event of assignment by either party, this Contract shall remain binding upon the lawful successors in interest of the Provider and the Department.

4.2.5 The Provider is responsible for all work performed and for all commodities produced pursuant to this Contract whether actually furnished by the Provider or by its subcontractors. Any subcontracts shall be evidenced by a written document. The

Provider further agrees that the Department shall not be liable to the subcontractor in any way or for any reason relating to this Contract.

4.2.6 The Provider shall include, in all subcontracts (at any tier) the substance of all clauses contained in this Contract that mention or describe subcontract compliance, as well as all clauses applicable to that portion of the Provider's performance being performed by or through the subcontract.

4.3 Provider Indemnity.

Section 19 of PUR 1000 Form shall apply per its terms, except that the phrase "arising from or relating to personal injury and damage to real or personal tangible property" in the first paragraph is replaced with "arising out of or by reason of the execution of this Contract or arising from or relating to any alleged act or omission by the Provider, its agents, employees, partners, or subcontractors in relation to this agreement," and the following additional terms will also apply:

4.3.1 If the Provider removes an infringing product because it is not reasonably able to modify that product or secure the Department the right to continue to use that product, the Provider shall immediately replace that product with a non-infringing product that the Department determines to be of equal or better functionality or be liable for the Department's cost in so doing.

4.3.2 Further, the Provider shall indemnify the Department for all costs and attorneys fees arising from or relating to Provider's claim that a record contains trade secret information that is exempt from disclosure or the scope of the Provider's redaction of the record, as provided for under Section 5.3. hereof, including litigation initiated by the Department.

The Provider's inability to evaluate liability or its evaluation of liability shall not excuse its duty to defend and indemnify after receipt of notice. Only an adjudication or judgment after the highest appeal is exhausted finding the Department negligent shall excuse the Provider of performance under this provision, in which case the Department shall have no obligation to reimburse the Provider for the cost of its defense. If the Provider is an agency or subdivision of the State, its obligation to indemnify, defend and hold harmless the Department shall be to the extent permitted by section 768.28, F.S. or other applicable law, and without waiving the limits of sovereign immunity.

4.4 Insurance.

The Provider shall maintain continuous adequate liability insurance coverage during the existence of this Contract and any renewal(s) and extension(s) thereof. With the exception of a State agency or subdivision as defined by subsection 768.28(2), F.S., by execution of this Contract, the Provider accepts full responsibility for identifying and determining the type(s) and extent of liability insurance necessary to provide reasonable financial protections for the Provider and the clients to be served under this Contract. Upon the execution of this Contract, the Provider shall furnish the Department written verification supporting both the determination and existence of such insurance coverage and shall furnish verification of renewal or replacement thereof prior to the expiration or cancellation. The Department reserves the right to require additional insurance as specified in this Contract.

4.5 Notice of Legal Actions.

The Provider shall notify the Department of potential or actual legal actions taken against the Provider related to services provided through this Contract or that may impact the Provider's ability to deliver the contractual services, or that may adversely impact the Department. The Department's Contract Manager will be notified within 10 days of Provider becoming aware of such actions or potential actions or from the day of the legal filing, whichever comes first.

4.6 Intellectual Property.

It is agreed that all intellectual property, inventions, written or electronically created materials, including manuals, presentations, films, or other copyrightable materials, arising in relation to Provider's performance under this Contract, and the performance of all of its officers, agents and subcontractors in relation to this Contract, are works for hire for the benefit of the Department, fully compensated for by the contract amount, and that neither the Provider nor any of its officers, agents nor subcontractors may claim any interest in any intellectual property rights accruing under or in connection with the performance of this Contract. It is specifically agreed that the Department shall have exclusive rights to all data processing software falling within the terms of section 119.084, F.S., which arises or is developed in the course of or as a result of work or services performed under this Contract, or in any way connected herewith. Notwithstanding the foregoing provision, if the Provider is a university and a member of the State University System of Florida, then section 1004.23, F.S., shall apply.

4.6.1 If the Provider uses or delivers to the Department for its use or the use of its employees, agents or contractors, any design, device, or materials covered by letters, patent, or copyright, it is mutually agreed and understood that, except as to those items specifically listed in Exhibit A as having specific limitations, the compensation paid pursuant to this Contract includes all royalties or

costs arising from the use of such design, device, or materials in any way involved in the work contemplated by this Contract. For purposes of this provision, the term "use" shall include use by the Provider during the term of this Contract and use by the Department its employees, agents or contractors during the term of this Contract and perpetually thereafter.

4.6.2 All applicable subcontracts shall include a provision that the Federal awarding agency reserves all patent rights with respect to any discovery or invention that arises or is developed in the course of or under the subcontract. Notwithstanding the foregoing provision, if the Provider or one of its subcontractors is a university and a member of the State University System of Florida, then section 1004.23, F.S., shall apply, but the Department shall retain a perpetual, fully-paid, nonexclusive license for its use and the use of its contractors of any resulting patented, copyrighted or trademarked work products.

4.7 Transition Activities.

Continuity of service is critical when service under this Contract ends and service commences under a new contract. Accordingly, when service will continue through another provider upon the expiration or earlier termination of this Contract, the Provider shall, without additional compensation, complete all actions necessary to smoothly transition service to the new provider. This includes but is not limited to the transfer of relevant data and files, as well as property funded or provided pursuant to this Contract. The Provider shall be required to support an orderly transition to the next provider no later than the expiration or earlier termination of this Contract and shall support the requirements for transition as specified in a Department-approved Transition Plan, which shall be developed jointly with the new provider in consultation with the Department.

4.8 Real Property.

Any State funds provided for the purchase of or improvements to real property are contingent upon the Provider granting to the State a security interest in the property at least to the amount of the State funds provided for at least five (5) years from the date of purchase or the completion of the improvements or as further required by law. As a condition of receipt of State funding for this purpose, the Provider agrees that, if it disposes of the property before the Department's interest is vacated, the Provider will refund the proportionate share of the State's initial investment, as adjusted by depreciation.

4.9 Publicity.

Without limitation, the Provider and its employees, agents, and representatives will not, without prior Departmental written consent in each instance, use in advertising, publicity or any other promotional endeavor any State mark, the name of the State's mark, the name of the State or any State agency or affiliate or any officer or employee of the State, or any State program or service, or represent, directly or indirectly, that any product or service provided by the Provider has been approved or endorsed by the State, or refer to the existence of this Contract in press releases, advertising or materials distributed to the Provider's prospective customers.

4.10 Sponsorship.

As required by section 286.25, F.S., if the Provider is a non-governmental organization which sponsors a program financed wholly or in part by State funds, including any funds obtained through this Contract, it shall, in publicizing, advertising, or describing the sponsorship of the program state: "Sponsored by (Provider's name) and the State of Florida, Department of Children and Families". If the sponsorship reference is in written material, the words "State of Florida, Department of Children and Families" shall appear in at least the same size letters or type as the name of the organization.

4.11 Employee Gifts.

The Provider agrees that it will not offer to give or give any gift to any Department employee during the service performance period of this Contract and for a period of two years thereafter. In addition to any other remedies available to the Department, any violation of this provision will result in referral of the Provider's name and description of the violation of this term to the Department of Management Services for the potential inclusion of the Provider's name on the suspended vendors list for an appropriate period. The Provider will ensure that its subcontractors, if any, comply with these provisions.

4.12 Mandatory Reporting Requirements.

The Provider and any subcontractor must comply with and inform its employees of the following mandatory reporting requirements. Each employee of the Provider, and of any subcontractor, providing services in connection with this Contract who has any knowledge of a reportable incident shall report such incident as follows: 1) reportable incidents that may involve an immediate or impending impact on the health or safety of a client shall be immediately reported to the Contract Manager; and 2) other reportable incidents shall be reported to the Department's Office of Inspector General through the Internet at <http://www.dcf.state.fl.us/admin/ig/rptfraud1.shtml> or by completing a Notification/Investigation Request (Form CF 1934) and emailing the request to the Office of Inspector General at IG.Complaints@myflfamilies.com. The Provider and subcontractor may also mail the completed form to the Office of Inspector General.

General, 1317 Winewood Boulevard, Building 5, 2nd Floor, Tallahassee, Florida, 32399-0700; or via fax at (850) 488-1428. A reportable incident is defined in Children and Families Operating Procedure (CFOP) 180-4, which can be obtained from the Contract Manager.

5. RECORDS, AUDITS AND DATA SECURITY.

5.1 Records, Retention, Audits, Inspections and Investigations.

5.1.1 The Provider shall establish and maintain books, records and documents (including electronic storage media) sufficient to reflect all income and expenditures of funds provided by the Department under this Contract.

5.1.2 Retention of all client records, financial records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to this Contract shall be maintained by the Provider during the term of this Contract and retained for a period of six (6) years after completion of the Contract or longer when required by law. In the event an audit is required under this Contract, records shall be retained for a minimum period of six (6) years after the audit report is issued or until resolution of any audit findings or litigation based on the terms of this Contract, at no additional cost to the Department.

5.1.3 Upon demand, at no additional cost to the Department, the Provider will facilitate the duplication and transfer of any records or documents during the term of this Contract and the required retention period in Section 5.1.2 hereof.

5.1.4 These records shall be made available at all reasonable times for inspection, review, copying, or audit by Federal, State, or other personnel duly authorized by the Department.

5.1.5 At all reasonable times for as long as records are maintained, persons duly authorized by the Department and Federal auditors, pursuant to 45 Code of Federal Regulations (CFR) s. 92.36(i)(10), shall be allowed full access to and the right to examine any of the Provider's contracts and related records and documents, regardless of the form in which kept.

5.1.6 A financial and compliance audit shall be provided to the Department as specified in this Contract and in Attachment .

5.1.7 The Provider shall comply and cooperate immediately with any inspections, reviews, investigations, or audits deemed necessary by The Office of the Inspector General (section 20.055, F.S.).

No record may be withheld nor may the Provider attempt to limit the scope of any of the foregoing inspections, reviews, copying, transfers or audits based on any claim that any record is exempt from public inspection or is confidential, proprietary or trade secret in nature; provided, however, that this provision does not limit any exemption to public inspection or copying to any such record.

5.2 Inspections and Corrective Action.

The Provider shall permit all persons who are duly authorized by the Department to inspect and copy any records, papers, documents, facilities, goods and services of the Provider which are relevant to this Contract, and to interview any clients, employees and subcontractor employees of the Provider to assure the Department of the satisfactory performance of the terms and conditions of this Contract. Following such review, the Department will deliver to the Provider a written report of its findings, and may direct the development, by the Provider, of a corrective action plan where appropriate. The Provider hereby agrees to timely correct all deficiencies identified in the Department's written report. This provision will not limit the Department's termination rights under Section 6.2.3 hereof.

5.3 Provider's Confidential and Exempt Information.

5.3.1 By executing this Contract, the Provider acknowledges that, having been provided an opportunity to review all provisions hereof, all provisions of this Contract not specifically identified in writing by the Provider prior to execution hereof as "confidential" or "exempt" will be posted by the Department on the public website maintained by the Department of Financial Services pursuant to section 215.985, F.S. The Provider agrees that, upon written request of the Department, it shall promptly provide to the Department a written statement of the basis for the exemption applicable to each provision identified by the Provider as "confidential" or "exempt", including the statutory citation to an exemption created or afforded by statute, and state with particularity the reasons for the conclusion that the provision is exempt or confidential.

5.3.2 Any claim by Provider of trade secret (proprietary) confidentiality for any information contained in Provider's documents (reports, deliverables or workpapers, etc., in paper or electronic form) submitted to the Department in connection with this Contract will be waived, unless the claimed confidential information is submitted in accordance with Section 5.3.2.a. hereof.

- a. The Provider must clearly label any portion of the documents, data, or records submitted that it considers exempt from public inspection or disclosure pursuant to Florida's Public Records Law as trade secret. The labeling will include a justification citing specific statutes and facts that authorize exemption of the information from public disclosure. If different exemptions are claimed to be applicable to different portions of the protected information, the Provider shall include information correlating the nature of the claims to the particular protected information.
- b. The Department, when required to comply with a public records request including documents submitted by the Provider, may require the Provider to expeditiously submit redacted copies of documents marked as trade secret in accordance with Section 5.3.2.a hereof. Accompanying the submission shall be an updated version of the justification under Section 5.3.2.a. hereof, correlated specifically to redacted information, either confirming that the statutory and factual basis originally asserted remain unchanged or indicating any changes affecting the basis for the asserted exemption from public inspection or disclosure. The redacted copy must exclude or obliterate only those exact portions that are claimed to be trade secret. If the Provider fails to promptly submit a redacted copy, the Department is authorized to produce the records sought without any redaction of proprietary or trade secret information.

The Provider shall be responsible for defending its claim that each and every portion of the redactions of trade secret information are exempt from inspection and copying under Florida's Public Records Law.

5.4 Health Insurance Portability and Accountability Act.

The Provider certifies that neither it nor its subcontractors will have access to, receive or provide Protected Health Information within the meaning of the Health Insurance Portability and Accountability Act (42 U.S.C. s.1320d.) and the regulations promulgated thereunder (45 CFR Parts 160, 162, and 164) incidental to performance of this Contract.

In compliance with 45 CFR s.164.504(e), the Provider shall comply with the provisions of Attachment __ to this Contract, governing the safeguarding, use and disclosure of Protected Health Information created, received, maintained, or transmitted by the Provider or its subcontractors incidental to the Provider's performance of this Contract.

5.5 Confidential Client and Other Information. Except as provided in this Contract, the Provider shall not use or disclose but shall protect and maintain the confidentiality of any client information and any other information made confidential by Florida law or Federal laws or regulations that is obtained or accessed by the Provider or its subcontractors incidental to performance under this Contract.

5.6 Data Security. The Provider shall comply with the following data security requirements whenever the Provider or its subcontractors have access to Department data systems or maintain any client or other confidential information in electronic form:

5.6.1 An appropriately skilled individual shall be identified by the Provider to function as its Data Security Officer. The Data Security Officer shall act as the liaison to the Department's security staff and will maintain an appropriate level of data security for the information the Provider is collecting or using in the performance of this Contract. An appropriate level of security includes approving and tracking all Provider employees that request or have access to any Departmental data system or information. The Data Security Officer will ensure that user access to the data system or information has been removed from all terminated Provider employees.

5.6.2 The Provider shall provide the latest Departmental security awareness training to its staff who have access to departmental information.

5.6.3 All Provider employees who have access to Departmental information shall comply with, and be provided a copy of CFOP 50-2, and shall sign the DCF Security Agreement form CF 0114 annually. A copy of CF 0114 may be obtained from the Contract Manager.

5.6.4 The Provider shall make every effort to protect and avoid unauthorized release of any personal or confidential information by ensuring both data and mobile storage devices are encrypted as prescribed in CFOP 50-2. If encryption of these devices is not possible, then the Provider shall assure that unencrypted personal and confidential Departmental data will not be stored on unencrypted storage devices.

5.6.5 The Provider agrees to notify the Contract Manager as soon as possible, but no later than five (5) business days following the determination of any breach or potential breach of personal and confidential Departmental data.

5.6.6 The Provider shall at its own cost provide notice to affected parties no later than 45 days following the determination of any potential breach of personal or confidential Departmental data as provided in section 817.5681, F.S. The Provider shall also at its own cost implement measures deemed appropriate by the Department to avoid or mitigate potential injury to any person due to a breach or potential breach of personal and confidential Departmental data.

The Provider shall cause each of its subcontractors having access to Department data systems or maintaining any client or other confidential information in electronic form to comply with the provisions of this Section 5.6 and the term "Provider" shall be deemed to mean the subcontractor for such purposes.

6. PENALTIES, TERMINATION AND DISPUTE RESOLUTION.

6.1 Financial Penalties for Failure to Take Corrective Action.

6.1.1 In accordance with the provisions of section 402.73(1), F.S., and Rule 65-29.001, F.A.C., corrective action plans may be required for noncompliance, nonperformance, or unacceptable performance under this Contract. Penalties may be imposed for failures to implement or to make acceptable progress on such corrective action plans.

6.1.2 The increments of penalty imposition that shall apply, unless the Department determines that extenuating circumstances exist, shall be based upon the severity of the noncompliance, nonperformance, or unacceptable performance that generated the need for corrective action plan. The penalty, if imposed, shall not exceed ten percent (10%) of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made. Noncompliance that is determined to have a direct effect on client health and safety shall result in the imposition of a ten percent (10%) penalty of the total contract payments during the period in which the corrective action plan has not been implemented or in which acceptable progress toward implementation has not been made.

6.1.3 Noncompliance involving the provision of service not having a direct effect on client health and safety shall result in the imposition of a five percent (5%) penalty. Noncompliance as a result of unacceptable performance of administrative tasks shall result in the imposition of a two percent (2%) penalty.

6.1.4 The deadline for payment shall be as stated in the Order imposing the financial penalties. In the event of nonpayment the Department may deduct the amount of the penalty from invoices submitted by the Provider.

6.2 Termination.

6.2.1 In accordance with Section 22 of PUR 1000 Form, this Contract may be terminated by the Department without cause upon no less than thirty (30) calendar days notice in writing to the Provider unless a sooner time is mutually agreed upon in writing.

6.2.2 In the event funds for payment pursuant to this Contract become unavailable, the Department may terminate this Contract upon no less than twenty-four (24) hours notice in writing to the Provider. The Department shall be the final authority as to the availability and adequacy of funds.

6.2.3 In the event the Provider fails to fully comply with the terms and conditions of this Contract, the Department may terminate the Contract upon no less than twenty-four (24) hours (excluding Saturday, Sunday, and Holidays) notice in writing to the Provider. Such notice may be issued without providing an opportunity for cure if it specifies the nature of the noncompliance and states that provision for cure would adversely affect the interests of the State or is not permitted by law or regulation. Otherwise, notice of termination will be issued after the Provider's failure to fully cure such noncompliance within the time specified in a written notice of noncompliance issued by the Department specifying the nature of the noncompliance and the actions required to cure such noncompliance. In addition, the Department may employ the default provisions in Rule 60A-1.006(3), F.A.C., but is not required to do so in order to terminate the Contract. The Department's failure to demand performance of any provision of this Contract shall not be deemed a waiver of such performance. The Department's waiver of any one breach of any provision of this Contract shall not be deemed to be a waiver of any other breach and neither event shall be construed to be a modification of the terms and conditions of this Contract. The provisions herein do not limit the Department's right to remedies at law or in equity.

6.2.4 Failure to have performed any contractual obligations under any other contract with the Department in a manner satisfactory to the Department will be a sufficient cause for termination. To be terminated under this provision, the Provider must have: (1) previously failed to satisfactorily perform in a contract with the Department, been notified by the Department of the unsatisfactory performance, and failed to timely correct the unsatisfactory performance to the satisfaction of the Department; or (2) had a contract terminated by the Department for cause. Termination shall be upon no less than twenty-four (24) hours notice in writing to the Provider.

In the event of termination under Sections 6.2.1 or 6.2.2 hereof, the Provider will be compensated for any work satisfactorily completed through the date of termination or an earlier date of suspension of work per Section 21 of the PUR 1000.

6.3 Dispute Resolution.

Any dispute concerning performance of this Contract or payment hereunder shall be decided by the Department's Contract Manager, who shall reduce the decision to writing and provide a copy to the Provider. The decision shall be final and conclusive unless within twenty-one (21) calendar days from the date of receipt of the Contract Manager's decision, the Provider delivers to the Contract Manager a petition for alternative dispute resolution. After receipt of a petition for alternative dispute resolution the Department and the Provider shall attempt to amicably resolve the dispute through negotiations. Timely delivery of a petition for alternative dispute resolution and completion of the negotiation process shall be a condition precedent to any legal action by the Provider concerning this Contract. After timely delivery of a petition for alternative dispute resolution, the parties may employ any dispute resolution procedures described in the exhibits or other attachments, or mutually agree to an alternative binding or nonbinding dispute resolution process, the terms of which shall be reduced to writing and executed by both parties. Completion of such agreed process shall be deemed to satisfy the requirement for completion of the negotiation process. This provision shall not limit the parties' rights of termination under Section 6.2 hereof.

All notices provided under Section 6 shall be in writing on paper, physically sent to the person identified in Section 1.2.d hereof by U.S. Postal Service or any other delivery service that provides verification of delivery, or by hand delivery.

7. OTHER TERMS.

7.1 Governing Law and Venue.

Courts of competent jurisdiction in Florida shall have exclusive jurisdiction in any action regarding this Contract and venue shall be in Leon County, Florida. Unless otherwise provided in any other provision or amendment hereof, any amendment, extension or renewal (when authorized) may be executed in counterparts as provided in Section 46 of the PUR 1000 Form.

7.2 No Other Terms.

There are no provisions, terms, conditions, or obligations other than those contained herein, and this Contract shall supersede all previous communications, representations, or agreements, either verbal or written between the parties.

7.3 Severability of Terms.

If any term or provision of this Contract is legally determined unlawful or unenforceable, the remainder of the Contract shall remain in full force and effect and such term or provision shall be stricken.

7.4 Survival of Terms.

The parties agree that, unless a provision of this Contract, its attachments or incorporated documents expressly states otherwise as to itself or a named provision, all provisions of this Contract concerning obligations of the Provider and remedies available to the Department are intended to survive the ending date or an earlier termination of this Contract. The Provider's performance pursuant to such surviving provisions shall be without further payment, as the contract payments received during the term of this Contract are consideration for such performance.

7.5 Modifications.

Modifications of provisions of this Contract shall be valid only when they have been reduced to writing and duly signed by both parties. The rate of payment and the total dollar amount may be adjusted retroactively to reflect price level increases and changes in the rate of payment when these have been established through the appropriations process and subsequently identified in the Department's operating budget.

7.6 Preferred Pricing Affidavit.

The Provider represents and warrants that the prices and terms for its services under this Contract are no less favorable to the Department than those for similar services under any existing contract with any other party. The Provider further agrees that, within 90 days of Provider entering into a contract or contract amendment or offering to any other party services similar to those under this Contract under prices or terms more favorable than those provided in this Contract, the Provider will report such prices and terms to the Department, which prices or terms shall be effective as an amendment to this Contract upon the Department's written acceptance thereof. Should the Department discover such other prices or terms, the same shall be effective as an amendment to this Contract retroactively to the earlier of the effective date of this Contract (for other contracts in effect as of that date) or the date they were first

contracted or offered to the other party (for subsequent contracts, amendments or offers) and any payment in excess of such pricing shall be deemed overpayments. Provider shall submit an affidavit no later than July 31st of each year during the term of this Contract attesting that the Provider is in compliance with this provision, as required by section 216.0113, F.S.

7.7 Anticompetitive Agreements.

The Provider will not offer, enter into nor enforce any formal or informal agreement with any person, firm or entity under which the parties agree to refrain from competing for any future service contract or limit in any manner the ability of either party to obtain employment by or provide services to the Department or a provider of services to the Department.

7.8 Communications.

Except where otherwise provided in this Contract, communications between the parties regarding this Contract may be by any commercially reasonable means. Where this Contract calls for communication in writing, such communication includes email, and attachments thereto are deemed received when the email is received.

7.9 Accreditation.

The Department is committed to ensuring provision of the highest quality services to the persons we serve. Accordingly, the Department has expectations that where accreditation is generally accepted nationwide as a clear indicator of quality service, the majority of the Department's providers will either be accredited, have a plan to meet national accreditation standards, or will initiate a plan within a reasonable period of time.

7.10 Transitioning Young Adults.

The Provider understands the Department's interest in assisting young adults aging out of the dependency system. The Department encourages Provider participation with the local Community-Based Care Lead Agency Independent Living Program to offer gainful employment to youth in foster care and young adults transitioning from the foster care system.

7.11 DEO and Workforce Florida.

The Provider understands that the Department, the Department of Economic Opportunity, and Workforce Florida, Inc., have jointly implemented an initiative to empower recipients in the Temporary Assistance to Needy Families Program to enter and remain in gainful employment. The Department encourages Provider participation with the Department of Economic Opportunity and Workforce Florida.

7.12 Purchases by Other Agencies.

The Department of Management Services may approve this Contract as an alternate contract source pursuant to Rule 60A-1.047, Florida Administrative Code, if requested by another agency. Other State agencies may purchase from the resulting contract, provided that the Department of Management Services has determined that the contract's use is cost-effective and in the best interest of the State. Upon such approval, the Provider may, at its discretion, sell these commodities or services to additional agencies, upon the terms and conditions contained herein.

7.13 Client Risk Prevention.

If services to clients are to be provided under this contract, the Provider and any subcontractors shall, in accordance with the client risk prevention system, report those reportable situations listed in CFOP 215-6 in the manner prescribed in CFOP 215-6. The Provider shall immediately report any knowledge or reasonable suspicion of abuse, neglect, or exploitation of a child, aged person, or disabled adult to the Florida Abuse Hotline on the statewide toll-free telephone number (1-800-96ABUSE). As required by Chapters 39 and 415, F.S., this provision is binding upon both the Provider and its employees.

7.14 Emergency Preparedness Plan

If the tasks to be performed pursuant to this contract include the physical care or supervision of clients, the Provider shall, within thirty (30) days of the execution of this contract, submit to the Contract Manager an emergency preparedness plan which shall include provisions for records protection, alternative accommodations for clients in substitute care, supplies, and a recovery plan that will allow the Provider to continue functioning in compliance with the executed contract in the event of an actual emergency. For the purpose of disaster planning, the term "supervision" includes a child who is under the jurisdiction of a dependency court. Children may remain in their homes, be placed in a non-licensed relative/non-relative home, or be placed in a licensed foster care setting. No later than twelve months following the Department's original acceptance of a plan and every twelve (12) months thereafter, the Provider shall submit a written certification that it has reviewed its plan, along with any modifications to the plan, or a statement that no modifications were found necessary. The Department agrees to respond in writing within thirty (30) days of receipt of the original or updated plan,

accepting, rejecting, or requesting modifications. In the event of an emergency, the Department may exercise oversight authority over such Provider in order to assume implementation of agreed emergency relief provisions.

Although based on unit price, this contract is funded by a federal grant and contract payments must ultimately be based on actual costs.

F-4.2 **Service Unit Rates.** Service unit rates are estimated costs of performance and will be periodically adjusted to reflect the cost of performance actually incurred, based on the Department's review of the actual expenditure reports submitted by the Provider, provided that the actual expenditure reports reflect a deficit or surplus in operational costs. Adjustments to the service unit price will be made via contract amendment, reflecting the Department's determination of the price that should be applied in light of the actual expenditure reports. Payments made to the Provider in excess of the actual costs of providing contracted services will be refunded to the Department in accordance with Section 3.5 of the Standard Integrated Contract.

F-4.3 The number of clients served shown in the fee presentation table, **Exhibit __**, is not the performance goal for the contract, rather, is a set of estimated numbers allocated to different categories of service. Performance measures are outlined in Exhibit E. Client numbers and service cost totals may be reallocated within the Service Unit Tables without the need for a formal contract amendment, however such changes are subject to the conditions specified in Section F9.

F-4.4 Conditions of Fixed Price Payment.

F-5 Supporting Documentation Requirements.

- F-5.1 Fixed Price.** Refugee Services will produce the official fixed price invoice report and supporting documentation the first (1st) day following the submission deadline for the previous period's data. The Provider shall request reimbursement for each period through the submission of a properly completed invoice (**Exhibit __**, Invoice) based on the official fixed price invoice report produced by RS, which includes a client list and a number of service units rendered list. Although the Provider is not required to submit the invoice with supporting documentation of actual payment of expenses, the Department reserves the right to request verification of expenses at any time. Consequently, the Provider shall ensure expenses are verifiable by maintaining receipts and copies of cancelled checks to support all program expenses.

Such documentation should include time sheets or a time log and either copies of canceled payroll checks or the applicable check numbers.
- F-5.2.2 Postage and Reproduction Expenses.** Purchases made from outside vendors must be supported by paid invoices and/or receipts and copies of canceled checks if available. Subsection 287.058(1)(b), F.S., requires that bills for any travel expense shall be submitted in accordance with section 112.061, F.S., governing payments by the state for traveling expenses. CFOP 40-1 (Official Travel of the Department of Children and Families Employees and Non-Employees) provides further explanation, clarification and instruction regarding the reimbursement of traveling expenses necessarily incurred during the performance of official state business.

In order for supplemental invoices to be reviewed and approved for payment they must be received by the Department's contract manager within ninety (90) calendar days of the month of service provision. In the event that the Provider encounters events beyond their control or other extenuating circumstances in meeting invoice deadlines, the Provider shall submit a written request for an extension to the contract manager detailing the circumstances. The Department has sole discretion on whether to grant such a request. The final invoice is due forty-five (45) days after the contract ends or is terminated. Charges on the invoice must be accompanied by supporting documentation.

OR

Cost Reimbursement. The Provider shall submit a properly completed invoice for allowable expenditures incurred each period (Exhibit__, Invoice) no later than the 20th of each month following the month of service provision. In order for supplemental invoices to be reviewed and approved for payment they must be received by the Department's contract manager within ninety (90) calendar days of payment of actual costs by the provider or services being rendered, whichever date is later. In the event that the Provider encounters events beyond their control or other extenuating circumstances in meeting invoice deadlines, the Provider shall submit a written request for an extension to the contract manager detailing the circumstances. The Department has sole discretion on whether to grant such a request. The final invoice is due forty-five (45) days after the contract ends or is terminated. Charges on the invoice must be accompanied by supporting documentation.

If any compensation under this contract is based on Provider costs, in order to be recognized for such purposes, all such costs must be of a type authorized by this contract, allowable in nature under Federal standards and State law, reasonable in amount and prudently incurred in the performance of services under this contract. Additionally, cost reimbursement remains subject to any contract terms relating to performance and other conditions affecting compensation. Except as otherwise provided in this contract, to the extent that administrative, overhead or similar costs are recognized for purposes of compensation, such costs are limited to recurring costs normally and prudently incurred in the ordinary course of business in the delivery of services under this contract and will not include extraordinary costs or costs resulting from or relating to uninsured loss, litigation or nonrecurring events, regardless of cause. Furthermore, recovery of any cost is barred by the indemnity provisions of this contract to the extent resulting from any imprudent or negligent act or omission of the Provider, its agents, employees or subcontractors.

OR

Fixed Price/Cost Reimbursement. The Provider shall submit a properly completed invoice for service units and expenses no later than the 20th of each month following the month of service provision. For fixed price invoices, in order for supplemental invoices to be reviewed and approved for payment they must be received by the Department's contract manager within ninety (90) calendar days of the month of service provision. For cost reimbursement invoices, in order for supplemental invoices to be reviewed and approved for payment they must be received by the Department's contract manager within ninety (90) calendar days of payment of actual costs by the provider or services being rendered, whichever date is later. The Department has sole discretion on whether to grant such a request. The final invoice is due forty-five (45) days after the contract ends or is terminated. Charges on the invoice must be accompanied by supporting documentation.

F-7 Invoice Approval Process. The RS contract manager will have five (5) business days to approve or disapprove the invoice. Invoices will be approved only after receipt of the complete and accurate required reports and data as outlined in Exhibit C3. Once approved, the Department will pay the invoice in accordance with Section 215.422, F.S.

F-8 Budget Revisions. Budget revisions may be authorized under the terms of this contract. The Provider must obtain written approval from the Department's contract manager prior to making changes in or between line items of the approved contract budget summary. Such changes may be allowed by prior letter of approval if the following conditions are met:

F-8.1 The change does not decrease or increase the original dollar amount of the contract budget;

F-8.2 There is another line item in the budget from which funds can be shifted without affecting the scope of the work;

F-8.3 The change does not involve establishing a new line item; and

F-8.4 If financial consequences are applied to an invoice, a budget revision (Exhibit __) will be required to account for the penalties assessed.

Budget revisions which do not meet the above conditions will require a properly executed contract amendment signed by the Provider and the Department. Such modifications cannot be made retroactive to a date prior to the execution date of the formal amendment.

F-9 Cumulative Actual Expenditure Report. The Provider shall submit a cumulative actual expenditure report (as specified in Exhibit __) to the Department's contract manager forty-five (45) days following the end of each quarter/term/six-month period. The cumulative actual expenditure report shall reflect:

F-9.1 Line item actual expenditures incurred during the quarter/term/six-month period;

F-9.2 Sufficient line item detail by line item (e.g. include actual expenditures under the Personnel line item); and

F-9.3 Line item expenditure projections for the remaining quarter/term/six-month period(s).

The Department reserves the right to request reimbursement for payments issued to the Provider that exceed actual expenditures that cannot be reasonably justified through these expenditure reconciliation reports.

Although payment is based on unit rates, this contract is funded by a Federal grant and contract payments must ultimately be based on actual costs. If the cumulative actual expenditure report indicates that payments were made to the Provider in excess of the actual costs of providing contracted services, the Provider may be directed to return funds to the Department.

F-10 Annual Actual Expenditure Report. Should the Provider's annual actual expenditure report for each contract budget year indicate that payments were made to the Provider in excess of the actual costs of providing contracted services for that contract budget year, the Provider shall refund the difference to the Department in accordance with Section 3.5., Overpayments and Offsets, in the Standard Integrated Contract. During the final year of the contract, the Department reserves the right to request quarterly or monthly expenditure reports to monitor the relationship of fixed-rate payments to actual costs. If, in the Department's sole determination, there appears a potential for payments being made to the Provider in excess of the actual costs of providing contracted services for that final contract year, the Department may require refunds of such excess as frequently as quarterly.

F-11 Appropriation Data. This contract is funded by the following FY 2016-2017 Appropriation Line Item 366.

EXHIBIT F1 –ADDITIONAL FINANCIAL CONSEQUENCES (Optional)

The following financial consequences apply in addition to the Financial Consequences provided in Section 3.4 of this Contract

By entering into this agreement, the recipient agrees to comply and cooperate with any monitoring procedures deemed appropriate by the Department. In the event the Department determines that a limited scope audit of the recipient is appropriate, the recipient agrees to comply with any additional instructions provided by the Department regarding such audit. The recipient further agrees to comply and cooperate with any inspections, reviews, investigations, or audits deemed necessary by the Department's inspector general, the state's Chief Financial Officer or the Auditor General.

AUDITS

PART I: FEDERAL REQUIREMENTS

This part is applicable if the recipient is a State or local government or a non-profit organization as defined in 2 CFR §§ 200.500-200.521.

In the event the recipient expends \$500,000 (*\$750,000 for fiscal years beginning on or after December 26, 2014*) or more in Federal awards during its fiscal year, the recipient must have a single or program-specific audit conducted in accordance with the provisions of 2 CFR §§ 200.500-200.521. The recipient agrees to provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the recipient expends less than \$500,000 (*\$750,000 for fiscal years beginning on or after December 26, 2014*) in Federal awards during its fiscal year, the recipient agrees to provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. In determining the Federal awards expended during its fiscal year, the recipient shall consider all sources of Federal awards, including Federal resources received from the Department of Children & Families, Federal government (direct), other state agencies, and other non-state entities. The determination of amounts of Federal awards expended should be in accordance with guidelines established by 2 CFR §§ 200.500-200.521. An audit of the recipient conducted by the Auditor General in accordance with the provisions of 2 CFR Part 200 §§ 200.500-200.521 will meet the requirements of this part. In connection with the above audit requirements, the recipient shall fulfill the requirements relative to auditee responsibilities as provided in 2 CFR § 200.508.

The schedule of expenditures should disclose the expenditures by contract number for each contract with the Department in effect during the audit period. The financial statements should disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number.

PART II: STATE REQUIREMENTS

This part is applicable if the recipient is a nonstate entity as defined by Section 215.97(2), Florida Statutes.

In the event the recipient expends \$500,000 or more in state financial assistance during its fiscal year, the recipient must have a State single or project-specific audit conducted in accordance with Section 215.97, Florida Statutes; applicable rules of the Department of Financial Services; and Chapters 10.550 (local governmental entities) or 10.650 (nonprofit and for-profit organizations), Rules of the Auditor General. The recipient agrees to provide a copy of the single audit to the Department's Single Audit Unit and its contract manager. In the event the recipient expends less than \$500,000 in State financial assistance during its fiscal year, the recipient agrees to provide certification to the Department's Single Audit Unit and its contract manager that a single audit was not required. In determining the state financial assistance expended during its fiscal year, the recipient shall consider all sources of state financial assistance, including state financial assistance received from the Department of Children & Families, other state agencies, and other nonstate entities. State financial assistance does not include Federal direct or pass-through awards and resources received by a nonstate entity for Federal program matching requirements.

In connection with the audit requirements addressed in the preceding paragraph, the recipient shall ensure that the audit complies with the requirements of Section 215.97(8), Florida Statutes. This includes submission of a financial reporting package as defined by Section 215.97(2), Florida Statutes, and Chapters 10.550 or 10.650, Rules of the Auditor General.

The schedule of expenditures should disclose the expenditures by contract number for each contract with the Department in effect during the audit period. The financial statements should disclose whether or not the matching requirement was met for each applicable contract. All questioned costs and liabilities due the Department shall be fully disclosed in the audit report package with reference to the specific contract number.
