MANDATORY RESPONSIVENESS REQUIREMENTS/PROPOSAL SUBMISSION

Proposal submission should be organized as follows. Respondents shall adhere to the page maximums where specified. Additional pages will not be reviewed.

TAB A. Respondent Acknowledgment Form (Mandatory Form) –In order for a potential respondent’s response to be valid, the Respondent shall complete and submit the Respondent Acknowledgment form enclosed herein. By affixing your signature to the Respondent Acknowledgment form, the Respondent hereby states that the Respondent has read all RFP specifications and conditions and agrees to all terms, conditions, provisions, specifications, and is currently licensed to do business within the State of Florida, if required by State or Federal Law, for the services or commodities the proposer will provide the Commission under these RFP specifications. The Respondent Acknowledgment form shall be completed in its entirety, and returned, as part of the RFP response or the response shall be rejected.

TAB B. Respondent Experience (Mandatory Submission) –The Respondent shall provide the following information to demonstrate their related experience:

1. Respondents must submit a description of relevant wildlife management experience including experience with wildlife population assessment techniques, removing wildlife via trapping and using survey techniques to detect presence of species, documenting at least 3 years of experience. The documentation must thoroughly describe what species the Respondent has trapped and surveyed, ownership of lands worked on, scale of past efforts, and analysis of trapping efficacy as well as stakeholder engagement, including public meetings. **This portion of Tab B shall be no more than three single-spaced pages in length.**
2. Respondents must include Work Product Examples comprised of three (3) of the following types of documents for population management projects for which they are the primary author: project proposals, management plans, annual project reports, final project reports, and/or peer-reviewed publications. Respondents shall not include confidential documents.
3. Respondents must describe their capabilities with regard to administrative processes or procedures regarding document production, word processing, support staff for key staff and quality assurance procedures. **This portion of Tab B shall be no more than two single-spaced pages in length.**

TAB C. Respondent Understanding of Project (Mandatory Submission) – The Respondents must include a response to each of the three scenarios described below, which are meant to provide a means to showcase their understanding of how to effectively remove target wildlife using surveying and removal methodology. Effective removal efforts will need to be both large in scale and dynamic in response to new and emerging information. **The response for each scenario shall be no more than two single-spaced pages in length.**

- Scenario 1. Although preliminary research has been conducted, to date little is known about the habits of tegus. Assume a trap array has been set in three management units. One unit demonstrates high catch per unit effort (CPUE) compared to the two other units. However, after two weeks, CPUE in the once productive unit has declined considerably below the other two. Recommend a management approach for using trapping resources effectively and what kind of data would be evaluated to help make those decisions.
- Scenario 2. Tegus have been confirmed on four ELAPP properties to date; however, there is little reason to suspect they do not also occur on other ELAPP or state properties. Recommend an approach for surveying new sites to determine presence of tegus on new ELAPP and state properties. Keeping in mind that resources are limited, what steps would you take to remove tegus if they are documented on new ELAPP or state lands?
- Scenario 3. ELAPP properties are all public lands and management activities include prescribed burning, wildlife inventory, trail maintenance, and habitat improvements for endangered and threatened species of plants and animals. In what scenarios would communication about field activities be necessary and what steps would be taken to ensure effective communication with both Hillsborough County and FWC on any assets or personnel brought into the field?

TAB D. Qualifications and Experience of Proposed Personnel (Mandatory Submission) – The Respondent shall provide Resumes for themselves and their proposed subcontractors as a means to evaluate staff qualifications and knowledge as well as prior wildlife removal and surveying experience. Respondents must submit resumes (**4 pages maximum per individual, including experience narrative specified in the next paragraph**) of all proposed senior and mid-level professional staff members who the Respondent anticipates will be performing services under the contract (including staff from subcontractors, which should be labeled to distinguish from in-house staff) in the roles identified below.

Resumes should include experience narratives for all staff which shall describe the specific relevant experience of the staff members in relation to the role that member will perform. The narrative(s) must include the name of the individual(s) proposed and should include thorough descriptions of the education, knowledge, and relevant experience, including but not limited to projects aimed at wildlife population management, wildlife surveys, and exotic or nuisance species removal, as well as certifications or other professional credentials, that clearly show how they meet and/or exceed the Commission’s minimum experience requirements.

Resumes shall be provided for individuals that would fulfill any of the following core roles for this project. The program manager(s) should be a senior professional with resume demonstrating a minimum of five (5) years of experience in applied wildlife management and/or nuisance or exotic species control. The senior scientist/technician/planner(s) should be a senior professional with a resume demonstrating a minimum of three (3) years of experience in applied wildlife management and/or nuisance or exotic species control. The junior scientist/technician/planner(s) should have a resume demonstrating

a minimum of one (1) year of experience in applied wildlife management and/or exotic or nuisance wildlife control. Each proposed program manager, senior and junior scientist/technician/planner should have a degree in an appropriate field (e.g., biology, wildlife biology, ecology, wildlife conservation). Administrative support should be junior, mid-level, or senior professionals with a resume demonstrating a minimum of one (1) year of experience in providing organizational, logistics, planning, and/or communications support to professionals.

Appropriate subject matter expertise should be demonstrated through the resumes for the program manager(s), project manager(s), senior scientist/technician/planner(s), and junior scientist/technician/planner(s). Such expertise may include, but is not limited to:

Each evaluator's total score for each Proposal is to be added and averaged among the other evaluators to determine the final score for each Proposal. The proposal with the highest score shall be awarded the contract.

In cases where Contractors submit proposals that are determined by the Commission's evaluation committee to contain equal or very nearly equal terms, stated herein, the evaluation committee shall have no obligation except to select the proposal which they consider to be in the best interest of the State.

Reasonably Associated Insurance. During the term of the Contract, Contractor, at its sole expense, shall maintain insurance coverage of such types and with such terms and limits as may be reasonably associated with the Contract. Providing and maintaining adequate insurance coverage is a material obligation of the Contractor, and failure to maintain such coverage may void the Contract. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers licensed and authorized to write policies in Florida.

Workers Compensation. To the extent required by Chapter 440, F.S., the Contractor will either be self-insured for Worker's Compensation claims, or will secure and maintain during the life of this Contract, Workers' Compensation Insurance for all of its employees connected with the work of this project, with minimum employers' liability limits of \$100,000 per accident, \$100,000 per person, and \$500,000 policy aggregate. Such policy shall cover all employees engaged in any contract work. If any work is subcontracted, the Contractor shall require the subcontractor similarly to provide Workers' Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Such self-insurance program or insurance coverage shall comply fully with the Florida Workers' Compensation law (Chapter 440, F.S.). In case any class of employees engaged in hazardous work under this Contract is not protected under Workers' Compensation statutes, the Contractor shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Commission, for the protection of its employees not otherwise protected. Employers who have employees who are engaged in work in Florida must use Florida rates, rules, and classifications for those employees.

General Liability Insurance. By execution of this Contract, unless Contractor is a state agency or subdivision as defined by Subsection 768.28(2), F.S. or unless otherwise provided for in the Scope of Work, Contractor shall provide reasonable and adequate commercial general liability insurance coverage as shall protect him/her from claims based on personal injury, including accidental death, as well as claims for property damage, and hold such liability insurance at all times during the Contract. A self-insurance program established and operating under the laws of the State of Florida may provide such coverage.

The Contractor shall secure and maintain, for the life of this Contract, insurance coverage satisfactory to the Commission for the Contractor's use of Commission vehicles with limits not less than \$300,000 per incident for bodily injury and property damage liability. The coverage must also include personal injury protection meeting the statutory minimum of \$10,000.

Upon execution of this Contract, Contractor shall provide the Commission written verification of the existence and amount for each type of applicable insurance coverage. Within ten (10) days of the effective date of the Task Assignment, Contractor shall furnish proof of applicable insurance coverage to the Commission's Contract Manager by standard Association for Cooperative Operations Research and Development (ACORD) form certificates of insurance. In the event that any applicable coverage is cancelled by the insurer for any reason, Contractor shall immediately notify the Commission's Contract Manager in writing of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within fifteen (15) business days after the cancellation of coverage. Copies are acceptable and can be faxed to (850) 922-8060.

The Contractor shall be responsible for the conduct of all Contractor personnel at all times while on the job site.

Contractor must provide the Commission with the names of any subcontractor considered for work under this Contract; the Commission reserves the right to reject any subcontractor. Contractor agrees to be responsible for all work performed and all expenses incurred with the project. Any subcontract arrangements must be evidenced by a written document provided to the Commission at least 30 days prior to the start of any work under this Contract. The Commission may adjust the 30 day requirement at its discretion. Contractor further agrees that the Commission shall not be liable to any subcontractor for any expenses or liabilities incurred

under the subcontract and Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract. Contractor, at its expense, will defend the Commission against such claims. The following provisions apply, in addition to any terms and conditions included in the Scope of Work.

Contractor Payments to Subcontractor. The Contractor agrees to make payments to the subcontractor within seven (7) working days after receipt of full or partial payments from the Commission in accordance with Section 287.0585, F.S., unless otherwise stated in the contract between Contractor and subcontractor. Contractor's failure to pay its subcontractors within seven (7) working days will result in a penalty charged against Contractor and paid to the subcontractor in the amount of one-half of one (1) percent of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen (15) percent of the outstanding balance due.

Commission Right to Reject Subcontractor Employees. The Commission shall retain the right to reject any of Contractor's or subcontractor's employees whose qualifications or performance, in the Commission's judgment, are insufficient.

The Contractor agrees to take such actions as may be necessary to ensure that each subcontractor will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venture, or partner of the State of Florida.

TERMINATION

Commission Unilateral Termination. The Commission may unilaterally terminate this Contract for convenience by providing the Contractor with thirty (30) calendar days of written notice of its intent to terminate. Contractor shall not be entitled to recover any cancellation charges or lost profits.

Termination. Fraud or Willful Misconduct. This Contract shall terminate immediately in the event of fraud or willful misconduct on the part of the Contractor. In the event of such termination, the Commission shall provide Contractor with written notice of termination.

Termination. Funds Unavailability. In the event funds to finance this Contract become unavailable or if federal or state funds upon which this Contract is dependent are withdrawn or redirected, the Commission may terminate this Contract upon no less than twenty-four (24) hours' notice in writing to Contractor. Said notice shall be delivered by certified mail, return receipt requested or in person with proof of delivery. The Commission shall be the final authority as to the availability of funds and will not reallocate funds appropriated for this Contract to another program thus causing "lack of funds." In the event of termination of this Contract under this provision, Contractor will be compensated for any work satisfactorily completed prior to notification of termination.

Termination. Other. The Commission may terminate this Contract if the Contractor fails to: 1.) comply with all terms and conditions of this Contract; 2.) produce each deliverable within the time specified by the Contract or extension; 3.) maintain adequate progress, thus endangering the performance of the Contract; or, 4.) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences for default. The rights and remedies of the Commission in this clause are in addition to any other rights and

remedies provided by law or under the Contract. Contractor shall not be entitled to recover any cancellation charges or lost profits.

Upon receipt of notice of termination, the Contractor shall, unless the notice directs otherwise, immediately discontinue all activities authorized hereunder. Upon termination of this Contract, the Contractor shall promptly render to the Commission all property belonging to the Commission. For the purposes of this section, property belonging to the Commission shall include, but shall not be limited to, all books and records kept on behalf of the Commission.

FAMILIARITY AND COMPLIANCE WITH LAWS

The Contractor is required to be familiar and comply with all Federal, State and Local laws, ordinances, rules and regulations that in any manner affect the work. The Contractor shall comply with all laws and rules applicable to the Contractor(s) that shall provide the required commodities or services to the Commission. Ignorance on the part of the Contractor will in no way relieve him from responsibility. Violation of such laws shall be grounds for Contract termination.

ELIGIBILITY AND LICENSURE

The Respondent shall be licensed as necessary to perform under this contract as may be required by law, rule, or regulation; and shall provide evidence of such compliance to the Commission upon request.

By acceptance of this contract, the Contractor warrants that it has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good-faith performance as a responsible Respondent, and that the Contractor shall comport with Chapter 287, F.S., chapter 60 A of Florida Administrative Code, and all other applicable rules and laws.

Unless otherwise provided herein, the Commission will not reimburse the Contractor for any non-expendable equipment or personal property for use by the Contractor to perform services under this Contract.

RELATIONSHIP OF THE PARTIES

Independent Contractor. The Contractor shall perform as an independent contractor and not as an agent, representative, or employee of the Commission. The Contractor covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required. Each party hereto covenants that there is no conflict of interest or any other prohibited relationship between the Contractor and the Commission.

The Commission may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with the Commission's security or other requirements. Such refusal shall not relieve Contractor of its obligation to perform all work in compliance with the Contract. The Commission may reject and bar from any facility for cause any of Contractor's employees, subcontractors, or agents.

Commission Rights to Assign or Transfer. Contractor agrees that the State of Florida shall at all times be entitled to assign or transfer its rights, duties, or obligations under this Contract to another governmental agency in the State of Florida, upon giving prior written notice to Contractor.

PROHIBITION OF UNAUTHORIZED ALIENS

In accordance with Executive Order 96-236, the Commission shall consider the employment by the Contractor of unauthorized aliens a violation of section 274A(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this Contract if the Contractor knowingly employs unauthorized aliens.

EMPLOYMENT ELIGIBILITY VERIFICATION

Requirement to Use E-Verify. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires Commission contracts in excess of nominal value to expressly require the Contractor to: 1.) utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by Contractor during the Contract term; and, 2.) include in all subcontracts under this Contract, the requirement that subcontractors performing work or providing services pursuant to this Contract utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the term of the subcontract.

E-Verify Online. E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States after the effective date of the required Memorandum of Understanding (MOU); the responsibilities and elections of federal contractors, however, may vary, as stated in Article II.D.1.c. of the MOU. There is no charge to employers to use E-Verify. The Department of Homeland Security's E-Verify system can be found online at http://www.dhs.gov/files/programs/gc_1185221678150.shtm

Enrollment in E-Verify. If Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Contract.

E-Verify Recordkeeping. The Contractor further agrees to maintain records of its participation and compliance with the provisions of the E-Verify program, including participation by its subcontractors as provided above, and to make such records available to the Commission or

other authorized state entity consistent with the terms of the Contractor's enrollment in the program. This includes maintaining a copy of proof of the Contractor's and subcontractors' enrollment in the E-Verify Program (which can be accessed from the "Edit Company Profile" link on the left navigation menu of the E-Verify employer's homepage).

Employment Eligibility Verification. Compliance with the terms of the Employment Eligibility Verification provision is made an express condition of this Contract and the Commission may treat a failure to comply as a material breach of the Contract.

If Contractor is not a state agency or subdivision as defined above, Contractor shall be fully liable for the actions of its agents, employees, partners, or subcontractors and shall fully indemnify, defend, and hold harmless the State and the Commission, and their officers, agents, and employees, from suits, actions, damages, and costs

of every name and description, including attorneys' fees, arising from or relating to personal injury and damage to real or personal tangible property alleged to be caused in whole or in part by Contractor, its agents, employees, partners, or subcontractors, provided, however, that Contractor shall not indemnify for that portion of any loss or damages proximately caused by the negligent act or omission of the State or the Commission.
