ADDENDUM NO.: 1

BID NO.: FWC 16/17-140

BID TITLE: Jon Boats and Related Components

UPDATE: QUESTIONS & ANSWERS

REVISION: SCOPE OF WORK, PRICE SHEET AND
CALENDAR OF EVENTS

The enclosed addendum has been issued for consideration in the preparation of your response to the Florida Fish and Wildlife Conservation Commission's (FWC) Solicitation No. FWC 16/17-140 "Jon Boats and Related Components."

All responses to the subject solicitation must be received no later than 2:30 P.M. (ET) on July 6th, 2017. A response received after the exact time specified will not be considered. Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes (F.S.). Written notices, formal requests and proceedings must conform with the requirements set forth in Chapter 28-110, Florida Administrative Code (F.A.C.). Protests must be filed with the Purchasing Office, Fish and Wildlife Conservation Commission, Suite 100, 2590 Executive Center Circle, Tallahassee, Florida 32301 within the time prescribed in Section 120.57(3), Florida Statutes and Chapter 28-110, Florida Administrative Code.

Sincerely,

Rachel Bozeman

Rachel Bozeman
FWC Procurement Manager

ADDENDUM NO. 1

Item #1: Questions and Answers

Question #1: Quarterly Minority and Service-Disabled Veteran Business Enterprise Reports are shown as being required. Please confirm that these will need to be submitted even though this contract would be for the purchase of goods and will not include sub-contractors.

Answer #1: No reporting will be required due in the event that no subcontractors be utilized for this procurement.

Question #2 Bid Spec. Vessels I. thru VI.:

If the bimini top is located as requested “in a way that covers both console and operator”, it will possibly need to lay down towards the bow or be installed with a slide track or an additional set of mounts. Is there a preference if the top will not lay down in the aft and still cover the requested area?

Answer #2:

We are ok with the top folding forward if, this is the only way to mount it to cover the driver at standing at the console or sitting at the seat. It would appear this will only be an issue on the smaller vessels.

Question #3 Bid Spec. Vessels I. thru VI.:

We have not previously offered “Side Boxes for Weapons Storage”, but we have had several Center Mounted Bow Step Storage & Weapons Boxes” ordered and installed. The side mount boxes are going to make it very tight to walk around the console. Do you want us to quote the center mounted that we have offered, the side boxes as requested, or both?

Answer #3:

Please quote the side boxes as requested on the price sheet. Any additional options would be purchased using the percentage discount off as outlined on the price sheet.

Question #4 Bid Spec. Vessel VI.:

This section does not state that this model should include “Transom hull plating shall be no less than 3/16”. This model is similar to the 20’ Jon as listed in *(II-A-13)*. Please advise if this specification should be included for this model?

Answer #4:

Please refer to the bid specifications on page 25, second paragraph:

NOTE: FWC understands that some vessel manufactures utilize proprietary designs, construction and materials that may exceed the standard provided within this specification. FWC may approve materials or processes outside of this specification provided the manufacturer can satisfactorily demonstrate that its design or product exceeds the minimum requirements.

3/16" hull plating may be substituted as it exceeds the current bid specifications.

Statements for Bid Spec. Vessels I. thru VI.:

Statement #1

Per the options section for bid spec vessels I. thru VI.:

P. Options

The Commission reserves the right to add any available option as applicable to the proposed make and model vessel, but shall include the minimum available options as outlined below to be determined upon order unless otherwise approved by the Commission:

The below options if not available by the manufacturer are approved for omission. Please mark as N/A on the price sheet.

1. UHMW 3/8 bottom skid plate is not available
2. UHMW 3/8 whole boat bottom is not available
3. Capstain Winch Kit is not available from the boat manufacturer
4. Aluminum Boom Hoist is not available from the boat manufacturer
5. The 20' Commercial Duty boat, as listed in this section, is not currently available in a Jet Tunnel hull configuration. It is scheduled for development, but it is not released at this time.
6. This model is not available with a Prop Tunnel option.

Statement #2

Please refer to the bid specifications on page 25, second paragraph:

NOTE: FWC understands that some vessel manufactures utilize proprietary designs, construction and materials that may exceed the standard provided within this specification. FWC may approve materials or processes outside of this specification provided the manufacturer can satisfactorily demonstrate that its design or product exceeds the minimum requirements.

The below proposed equivalent option is approved.

1. Ruggedized Vessel upgrade kit – we will consider this to be a set of Ice Runners and is available.

Statement #3

Per the options section for bid spec vessels I. thru VI.:

P. Options

The Commission reserves the right to add any available option as applicable to the proposed make and model vessel, but shall include the minimum available options as outlined below to be determined upon order unless otherwise approved by the Commission:

Any additional available options outside the minimum options as listed within the bid specification shall be requested by the commission upon order.

1. There are other options that we have provided in the past few years that are not listed. Please let me know if you want to add any of these to the list of options;
 - Hydraulic Jack Plate
 - Leaning Post that attaches to the aft deck
 - Flotation Pods
 - Folding Ladder that attaches to the Pods
 - Power Pole Bracket – attaches to the Pods
 - Power Pole
 - Urethane Paint (White or Sparkle Silver)

Item #2: Scope of Work Revisions

Bid Spec III. Section E, page 34, has been revised to read as follows:

2. Minimum capacity 25 gallons and permanently mounted.

Bid Spec IV. Section A, page 37, has been revised to read as follows:

15. Aft bench seat with storage if available.

Bid Spec IV. Section E, page 38, has been revised to read as follows:

2. Minimum capacity 15 gallons and permanently mounted.

Bid Specs IV and VI., Section H., as listed below is hereby removed:

6. Aluminum or stainless grab rail shall be installed over the windshield.
Minimum 1 ½ " diameter.

Item #3: Price Sheet Revision

The below language as found on the Price sheet, Page 48, is hereby revised to read as follows:

ALL BASE BOATS I. THRU VI. SHALL BE BID, OR THE BID WILL BE REJECTED. THE ENTIRE BID WILL BE AWARDED TO ONE RESPONSIVE, RESPONSIBLE BIDDER THAT SUBMITS THE LOWEST TOTAL PRICE FOR THE ENTIRE PRODUCT LINE. PURSUANT TO SECTIONS 287.057(1)(a)1., AND 287.057(1)(a)2., FLORIDA STATUTES EACH CONTRACTOR SHALL SUPPLY A PRICE FOR EACH YEAR THAT A CONTRACT MAY BE RENEWED. (SEE RENEWAL CLAUSE).
