PROGRAM DESCRIPTION**SECTION 1: INTRODUCTION**

The Stephen Beck, Jr. Achieving a Better Life Experience (**ABLE**) Act, a federal law enacted in December 2014, created Section 529A of the Internal Revenue Code (**Code**) which authorizes each state to establish a program that offers tax-free savings and investment accounts. ABLE Accounts encourage individuals with a disability and their families to save private funds to support health, independence, and quality of life. Money in an ABLE Account is generally disregarded when determining eligibility for federal benefit programs, such as Supplemental Security Income (**SSI**) and Medicaid.

PROGRAM OVERSIGHT AND ADMINISTRATION

In July 2015, the State of Florida created Florida ABLE, Inc. (d/b/a **ABLE United**) a registered not-for-profit and direct support organization of the Florida Prepaid College Board to administer the ABLE United Program (**Program**).

The ABLE United Board of Directors includes the Chair of the Florida Prepaid College Board, an appointee of the Florida Prepaid College Board, and one member appointed by the Governor, the Speaker of the House, and the President of the Senate.

ABLE United invests in accordance with a Comprehensive Investment Plan that specifies the investment policies for the Program. A report including a financial description of the Program is made available to each Administrator and to the general public annually.

The Florida Prepaid College Board, established in 1987, oversees more than \$10 billion in investments for the Stanley G. Tate Florida Prepaid College Program and the Florida 529 Savings Program under Section 529 of the Code. The Board is comprised of seven members: the Attorney General of Florida, the Chief Financial Officer of Florida, the Chancellor of the State University System of Florida, the Chancellor of the Division of Florida Colleges, or a designee appointed separately by each officer to represent them; and three members appointed by the Governor, subject to confirmation by the Senate. The Board is administratively housed within the State Board of Administration, but independently exercises the powers and duties specified in Sections 1009.97-1009.988, Florida Statutes.

KEY TERMS

Before you begin, it is important that you understand two key terms used throughout this Program Description and Participation Agreement (**PDPA**). Please refer to the Terms and Conditions for more detailed information and a full list of definitions.

“**Administrator**” is the Beneficiary, or an individual legally authorized to act on his or her behalf, who opens and manages the ABLE United account (**Account**). References in the PDPA to “**You**” mean you in your capacity as the Administrator.

“**Beneficiary**” is the individual with a disability and the owner of the Account. The Beneficiary may exercise the rights of the Account, even if someone else is serving as the Administrator. The Account is established for the purpose of meeting the Qualified Disability Expenses of the Beneficiary.

ABOUT INVESTING

- Start saving early.

SECTION 3: INVESTMENT OPTIONS

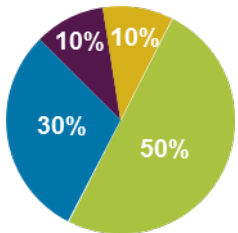

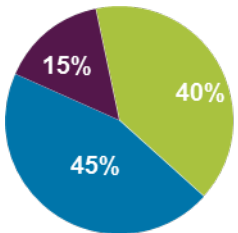

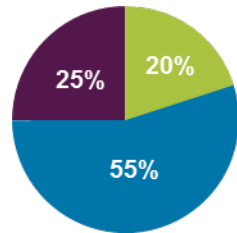

The Program offers seven Investment Options designed to meet the needs of most investors. These include three predesigned portfolios and four individual funds from which you may build a custom portfolio by allocating funds to one or more options.

You may update how new contributions are invested at any time. For money that is already in an ABLE United account, the allocation of the Account Balance may be modified up to two times per calendar year.

New Contributions:	Modify allocation at any time
Account Balance:	Two allocation modifications per year

PREDESIGNED PORTFOLIO OPTIONS

The Program has designed three fully diversified and professionally managed investment portfolios covering a spectrum of risk. The portfolios are constructed from the individual fund options and rebalanced periodically to maintain the allocations described below.

SECTION 4: INVESTMENT MANAGERS

 BlackRock, Inc. (**BlackRock**) founded in 1988 under the umbrella of The Blackstone Group, focused initially on fixed-income securities. In 1995, as a wholly-owned subsidiary of the PNC Financial Services Group, BlackRock gained access to a large distribution network and began managing open-end mutual funds, including equity funds. In 1998, PNC consolidated its asset management subsidiary names under BlackRock and the following year, BlackRock went public with broad employee ownership (NYSE: BLK). Today, BlackRock provides a breadth of investment solutions across active management, quantitative and index strategies with more than \$4 trillion in assets under management, spanning equity, fixed income, real estate, liquidity, alternatives, and asset allocation/balanced strategies for institutional and retail clients.

 The Local Government Surplus Funds Trust Fund (**Florida PRIME**) was created by an Act of the Florida Legislature in 1977 and currently serves over 800 participants across the state of Florida. Florida PRIME invests exclusively in short-term, high-quality fixed-income securities rated in the highest short-term rating category by one or more nationally recognized statistical rating organizations, or securities of comparable quality. Since February 13, 2008, Federated Investors, Inc. has managed the assets of Florida PRIME to the exact specifications of its investment policies. Since 1955, Federated has grown to become one of the nation's largest investment managers with \$377.3 billion in assets under management. Federated has honed its disciplined investment process over a half-century to deliver style-consistent investment products, including 137 domestic and international equity, fixed-income and money market funds, as well as a variety of separately managed accounts.

 The Vanguard Group, Inc. (**Vanguard**) traces its roots to the Wellington Fund, which began in 1928. Vanguard was founded in 1975 and is owned by its member funds and, in turn, the shareholders of those funds. The firm has more than \$3 trillion in assets under management in a variety of passive and actively managed mutual funds across a wide array of asset classes and investment styles serving individual investors, retirement plans, institutions, and financial advisors.

SECTION 5: INVESTMENT, TAX AND LEGAL CONSIDERATIONS

Please be advised that the investment, tax, and legal information set forth in this PDPA is intended to support the marketing of the Program. Individual circumstances may vary; please consult your financial, tax and legal advisors.

INVESTMENT CONSIDERATIONS

This PDPA is not an offer to sell nor the solicitation of an offer to buy any security other than an investment in the Program offered hereby, nor is it an offer to sell or the solicitation to any person in any jurisdiction or under any circumstances in which it would be unlawful.

No security issued by the Program has been registered with or approved by the United States Securities and Exchange Commission or any state securities commission. Further, neither the ABLE United accounts nor this PDPA are subject to oversight by the Financial Industry Regulatory Authority or the Municipal Securities Rulemaking Board.

NO GUARANTEE

Enrolling and investing in the Program involves certain risks, including the loss of the entire amount of funds invested in the Program. ABLE United accounts are not deposits or obligations of, nor are they insured or guaranteed by, the State of Florida or any agency, or instrumentality thereof, the United States government, the Program, any financial institution, the Federal Deposit Insurance Corporation, the investment managers listed herein or any other agency, entity, instrumentality or person.

NO INVESTMENT ADVICE

The Board, Program staff and contract employees are not registered investment advisors or broker/dealers, and therefore cannot offer investment advice or make recommendations with respect to enrolling in the Program or the selection of Investment Options. It is critical that you fully understand each Investment Option and the risks associated with each Investment Option. Before making a selection, it is suggested that you consult your own tax, financial and legal advisors.

INVESTMENT OPTION RISKS

You should carefully consider investment risk factors before enrolling and investing in the Program. The predesigned portfolio options are generally subject to the proportional risk of their underlying fund components.

Active Trading Risk: Active trading can increase transactions costs, which can negatively impact the total return of the fund.

Call Risk: Call risk exists when the issuer of a security may redeem the security by repaying it early. Call risk normally applies to bonds during periods of falling interest rates. If a security is called and the proceeds of the sale are reinvested at a lower yield, it may negatively affect the return of the fund.

Country/Political Risk: Country/political risk exists when political changes, natural disasters, or regional financial troubles affect the value of securities issued by companies located in foreign countries.

Credit Risk: Credit risk exists when the issuer of a security is unable or unwilling to make interest and principal payments as agreed. Changes in the credit rating of the issuer of a security can also negatively impact the price of a security.

Currency Risk: Currency risk exists when the U.S. dollar value of investments declines due to declines in the value of the currency of a foreign investment.

Derivatives Risk: Derivatives risk exists when financial contracts or instruments are used to create leverage within an investment, or when these contracts or instruments do not provide the same value or liquidity as the financial asset(s) they are designed to replace.

Duration/Interest Rate Risk: Duration/interest rate risk exists when increases in prevailing interest rates result in a decrease in the valuation of fixed income securities.

Equity Market Risk: Equity market risk is the chance that stock prices overall will decline. Stock markets tend to move in cycles, with periods of rising stock prices and periods of falling stock prices.

Extension Risk: Extension risk applies to mortgage-backed securities. This risk exists when borrowers pay off their mortgage loans later than expected which prevents an owner of mortgage-backed securities from reinvesting principal proceeds at higher prevailing interest rates.

Income Risk: Income risk is the chance that a fund's income will decline because of falling interest rates.

Index Sampling Risk: Index sampling risk is the chance that the securities selected for a fund will not provide investment performance matching that of the target index.

Liquidity Risk: Liquidity risk exists when a particular investment may be difficult to buy or sell at an advantageous price. The value of illiquid securities may be lower than the price of liquid securities, and thus may negatively impact fund values.

Prepayment Risk: Prepayment risk applies to mortgage-backed securities. This risk exists when borrowers pay off their mortgage loans faster than anticipated, which may cause an owner of mortgage-backed securities to reinvest principal proceeds at lower prevailing interest rates.

Regulatory Risk: Regulatory risk exists when potential changes in the regulation of securities markets or in the broader economy negatively impact the prices or liquidity of securities held in an investment fund.

TAX CONSIDERATIONS

The information provided in this PDPA should not be deemed as tax advice. The tax information provided herein is solely intended for informational purposes and to support the marketing of the Program. The tax information herein may not be used for the purpose of avoiding the payment of taxes or penalties under the Code.

Carefully review the tax considerations and consult your own tax advisor with respect to your specific circumstances.

DOCUMENTATION FOR IRS

In the event of an IRS inquiry, it is the recipient's or deemed recipient's responsibility to substantiate the federal tax treatment of any Request or transaction. Accordingly, documents and information adequate to substantiate such tax treatment should be retained.

FEDERAL AND STATE INCOME TAXES

The earnings on an ABLE United account are deferred for federal income tax purposes until withdrawal. As long as withdrawals from the Account are used for the Beneficiary's Qualified Disability Expenses, the earnings portion of the withdrawals will not be subject to federal income taxation. Contributions to the Account and earnings on the Account are exempt from State of Florida taxation.

If the Beneficiary moves to another state or has taxable income in another state, and if that state has established a Qualified ABLE Program, that state's program may offer favorable state income tax benefits or other benefits that are only available if you invest in that state's program, and are not available to the Beneficiary in this Program.

FEDERAL GIFT, ESTATE AND GENERATION-SKIPPING TRANSFER TAXES

Contributions to an Account are generally excluded from federal gift tax as aggregate annual contributions to an Account cannot exceed the amount of the annual per-donee gift tax exclusion under section 2503(b) of the Code in effect for that calendar year, currently \$14,000. When made by a person other than the designated Beneficiary, contributions are treated as non-taxable gifts to the Beneficiary. A contribution by a corporation is treated as a gift by its shareholders and a contribution by a partnership is treated as a gift by its partners. This rule also applies to trusts, estates, associations, and companies. Contributions made by a Beneficiary to an Account benefitting the Beneficiary are not treated as a completed gift.

Gift tax consequences may arise from contributions to an ABLE United account if a contributor makes other gifts to a designated Beneficiary in addition to the gift to the

Beneficiary's Account. The contributor's total gifts made to the Beneficiary in that year could give rise to a gift tax liability.

Amounts in an ABLE United account that were considered completed gifts by the person making the contribution will not be included in such person's gross estate for federal estate tax purposes. However, if that person elected to treat the gifts as having been made over a five-year period and dies before the end of the five-year period, the portion of the contribution allocable to the remaining years in the five-year period (not including the year in which the person making the contribution died) would be includable in computing said person's gross estate for federal estate tax purposes. Amounts in an Account at the death of a Beneficiary will be included in the Beneficiary's gross estate for federal estate tax purposes.

NON-QUALIFIED DISTRIBUTION

The earnings portion of a Non-Qualified Distribution is includable in determining the federal taxable income of the recipient (or deemed recipient) for the year in which the Non-Qualified Distribution is paid. The portion of such withdrawal that is attributable to earnings will not be included in income for state personal income tax purposes in Florida because the State of Florida does not impose a personal income tax. If the recipient (or deemed recipient) is a resident of a state other than Florida, then such person should consult their tax advisor to determine if the portion of such withdrawal that is attributable to earnings is subject to state income taxation in such person's state of residence.

Also, the Additional Tax payable through the federal income tax return of the Non-Qualified Distribution recipient (or deemed recipient) to the United States Treasury will generally apply to the earnings portion of any Non-Qualified Distribution.

LEGAL CONSIDERATIONS

The information provided herein is solely intended for informational purposes and to support the marketing of the Program. Please consult with your legal advisors concerning the applicability of any relevant law, rule or statute to your individual circumstances.

FEDERAL BANKRUPTCY LAW

Bankruptcy cases commenced by individuals under Title 11 of the United States Code expressly exclude from such individual's bankruptcy estate (and therefore, will not be available for distribution to the individual's creditors), certain funds paid or contributed by such individual to an ABLE United account. The bankruptcy protection for these types of Accounts, however, is limited. To be protected, the Beneficiary of the Account must be a child, stepchild, grandchild, or step-grandchild of such individual during the taxable year in which such contribution was made and the funds must have been contributed at least 365 days prior to the individual's bankruptcy filing.

This bankruptcy protection also imposes a cap on the amount of funds that may be excluded from such individual's bankruptcy estate. The maximum amount entitled to this bankruptcy exclusion is \$6,225 for payments or contributions made by such individual to the ABLE United account during the period between 365 and 720 days prior to the bankruptcy filing. Contributions made by such individual to the Account more than 720 days prior to the individual's bankruptcy filing should not be a part of the bankruptcy estate provided that the aggregate amount contributed by such individual to the Account does not exceed the Maximum Account Balance Limit at the time of the bankruptcy filing.

FLORIDA BANKRUPTCY LAW

Funds paid into or out of the Program by or on behalf of the Beneficiary are exempt, as provided by Section 222.22, Florida Statutes, from all claims of creditors of the Beneficiary if the Participation Agreement has not been terminated.

RISKS RELATED TO CHANGES IN LAW

Congress may amend Section 529A of the Code or other federal law in a manner that would materially change or eliminate the federal tax treatment described in this PDPA. Such changes in federal law could materially affect the state tax treatment of ABLE United account contributions, earnings and distributions.

The proposed federal regulations and interim guidance that have been issued under Section 529A of the Code provide guidance and requirements for the establishment and operation of the Program, but do not provide guidance on certain aspects of the Program. Final regulations or other administrative guidance or court decisions might be issued that

could adversely impact the federal tax consequences or requirements with respect to the Program or contributions to, or withdrawals from, ABLE United accounts.

The Florida Legislature could make changes to Florida's tax law which could materially affect the State of Florida tax treatment of the Program or adopt statutory changes which could terminate or otherwise adversely affect the Program.

RISKS RELATED TO CHANGES IN THE PDPA

This PDPA is dated June 2016, and supersedes all previous ABLE United PDPAs or Disclosure Statements, including any supplements or addendums and no person should rely upon those previously distributed documents. The PDPA is reviewed at least annually and updated as necessary. Information contained in this PDPA is believed to be accurate as of its date, but is not guaranteed by the Program and is subject to change without notice.

Any changes or updates to the Terms and Conditions or to the Participation Agreement are made to comply with Federal laws and regulations and the Florida Legislature's grant of authority under Sections 1009.986(1) and 1009.986(4), including subparts, through the rulemaking process as more fully described in Section 120.54, Florida Statutes. Administrators will be notified of any material changes.

The most current PDPA, investment manager information and performance data is posted on the Program website, www.ableunited.com.

SECTION 6: ABLE AND GOVERNMENT BENEFITS

Pursuant to federal law, funds in an ABLE United account are generally disregarded for purposes of determining eligibility to receive government assistance or benefits. This includes contributions, earnings and withdrawals for Qualified Disability Expenses.

Further, contributions to an ABLE United account, including funds contributed by a third-party, are generally not considered income to the Beneficiary. However, a contribution made to an ABLE United account by an employer will still be considered income to the employee, who could be either the Beneficiary or someone else. For example, a contribution by the employer of the Beneficiary's parent continues to constitute earned income to the parent and then a gift by the parent to the Beneficiary.

SUPPLEMENTAL SECURITY INCOME

For the purposes of determining eligibility for SSI benefits under Title XVI of the Social Security Act, the following exceptions apply whereby funds in, or distributions from an ABLE United account, may lead to a suspension of benefits.

1. A distribution for housing expenses will not be disregarded if the funds are not expended in the same month that they are withdrawn from the ABLE United account. Funds withdrawn from an Account and held beyond the month of withdrawal before spending are not considered a countable resource so long as they remain unspent and identifiable.
2. Any amount in an ABLE United account in excess of \$100,000 will be considered a resource and may, therefore, cause suspension of SSI benefits while the Account Balance exceeds \$100,000.

MEDICAID

Funds in an ABLE United account are disregarded for the purposes of determining Medicaid eligibility, even if the Account Balance exceeds \$100,000 and/or SSI benefits are suspended due to one of the exceptions outlined above.

MEDICAID REPAYMENT

If the Beneficiary receives Medicaid benefits, upon the death of the Beneficiary, a state may request reimbursement for Medicaid benefits paid after establishment of the ABLE United account and after all outstanding Qualified Disability Expenses have been paid. The claim is limited to the total amount of assistance paid by the Medicaid program, less premiums paid by, or on behalf of, the Beneficiary to a Medicaid Buy-In program under Title XIX of the Social Security Act. For this purpose, a state is considered a creditor of the Account and not a beneficiary.

SECTION 7: GETTING STARTED

2.01 General Requirements of an ABLE Account.

(b) The Beneficiary must be a Resident at the time of Application submission. However, the Beneficiary may continue to maintain the Account if the Beneficiary subsequently changes his or her residence to another state.

If an ABLE Account is established for a Beneficiary who already has an ABLE Account in existence, the additional account will not be treated as an ABLE Account. The exception is a rollover where the ABLE account from which the funds were rolled is closed within 60 days. The Program may disclose the existence of an Account for the Beneficiary as necessary to enforce this requirement.

(d) Any person may make a contribution to the Account as described in Section 6: Contributions.

(e) Distributions may be made only to, or for the benefit of, the Beneficiary. The exceptions are: (1) a change of Beneficiary; (2) the return or rejection of a contribution to a contributor; and (3) repayment of state Medicaid benefits.

(a) An Account is established once the Program issues a "Confirmation of

Participation," which identifies: (1) the Beneficiary; (2) the Administrator; (3) the Date of Establishment; (4) the annual contributions received by Qualified ABLE Programs for the current calendar year; and (5) the Account Balance.

(b) If an Application was submitted by an unauthorized individual, the Beneficiary may reject the establishment of the Account. The Program will terminate the Account pursuant to Paragraph 10.04; however, the contributions, if any, will be returned to the person(s) who contributed the funds for the Account. The contributors must submit the necessary information for tax reporting and check processing before a refund is issued. If the contributions are not claimed, Paragraph 10.06 will apply.

2.04 Eligibility to Allocate or Deposit Contributions to the Account.

(a) The Program considers the Certification that the Beneficiary is an Eligible Individual to be valid until the end of the calendar year in which a change in the Beneficiary's condition occurred.

(b) The Administrator is responsible for promptly notifying the Program of any changes in the Beneficiary's condition that would result in the Beneficiary failing to satisfy the definition of Eligible Individual. An Administrator's notice will be considered prompt if the Program received the notice in the calendar year in which the Beneficiary's condition changes.

(c) The Program may inquire by e-mail, mail, or phone to confirm that the Beneficiary is an Eligible Individual for the calendar year. If the Administrator fails to respond to three consecutive inquiries, the Program may conclude the Beneficiary has ceased to be an Eligible Individual and will apply subparagraph (d) until the Program receives a Certification.

(d) If the Beneficiary ceases to be an Eligible Individual, the Account will continue to be an ABLE Account, but, beginning on the first day of the following calendar year the Beneficiary is not an Eligible Individual, the Program will not allocate or deposit any contributions to the Accounts.

Accordingly, they cannot, and do not, offer investment advice or make recommendations with respect to enrolling in the Program or the selection of Investment Options, and they do not assume any responsibility for performance of any Investment Option.

(b) The Administrator acknowledges and agrees that he or she has not been advised by the State of Florida, Florida ABLE, Inc., the Board or any employee, agent, independent contractor, or affiliate or any vendor, contractor, third-party administrator, investment advisor, investment consultant, or investment manager of the State of Florida, Florida ABLE, Inc., or the Board to invest, or to refrain from investing, in the Program or a particular Investment Option.

SECTION 5: RISKS OF INVESTING IN THE PROGRAM

5.01 No Guarantee of Program Suitability.

Participation in the Program may not be suitable to meet some or all of the Beneficiary's objectives. The Beneficiary and Administrator are strongly encouraged to consult a qualified financial advisor regarding whether the Beneficiary should establish an ABLE Account and the effects of contributing, maintaining and distributing funds.

5.02 No Guarantee of Adequate Funds to Pay Qualified Disability Expenses.

Participation in the Program does not guarantee that sufficient funds will be available to cover any or all Qualified Disability Expenses for any Beneficiary, even if the Account reached or exceeded the Maximum Account Balance Limit.

5.03 No Guarantee of Participation in Any Federal or State Programs.

Participation in the Program does not guarantee that the Beneficiary will be eligible for, maintain, or receive benefits directly or indirectly from any federal or state program now or in the future.

5.04 Limited Liquidity.

Investment in the Program involves the risk of reduced liquidity for the investment. Once an Account is opened, the circumstances under which funds may be withdrawn from the Account without the imposition of tax liability and the Additional Tax are limited.

SECTION 6: CONTRIBUTIONS

6.01 Making a Contribution.

(a) If the Beneficiary is an Eligible Individual during the calendar year, a contribution to the Account may be made during that year. To be included in the current calendar year, the contribution must be received and processed by the Program by the last Business Day of the calendar year. If the Beneficiary is not an Eligible Individual, contributions will be rejected pursuant to Paragraph 6.08.

(b) The Program may require the Taxpayer Identification Number of the contributor before, at the time of, or after: (1) accepting the contribution; or (2) allocating or depositing the contribution into the Account.

(c) The number of Trust Units purchased will be determined by dividing the contribution for a specified Investment Option by the NAV of that Investment Option as described in (a).

(d) The Account will not receive any interest or earnings on the contribution before the funds have been used to purchase Trust Units.

6.05 NAV Valuation.

Individual securities held by an Investment Option are valued using market quotations or independent pricing services. If market quotations or independent pricing services are not readily available, or if events that have a significant effect on the value of an investment occur between when the price is determined and when a NAV is calculated, a security's fair value, as determined in good faith, may be used.

6.06 Maximum Annual Contribution Limit.

(a) The current Maximum Annual Contribution Limit for a Beneficiary is \$14,000.

(b) Rollover Contributions do not count toward the Maximum Annual Contribution Limit.

(c) Contributions will be rejected to the extent the amount of the contribution would cause the total contributions for a given calendar year to the Account and all prior ABLE Accounts for the Beneficiary to exceed the Maximum Annual Contribution Limit.

6.07 Maximum Account Balance Limit.

(a) The current Maximum Account Balance Limit for a Beneficiary is \$418,000.

(b) The Maximum Account Balance Limit may be lower than other Qualified ABLE

Programs and lower than previously published amounts for the Program.

(c) Contributions will be rejected to the extent the amount of the contribution would cause the Account Balance for the Beneficiary to exceed the Maximum Account Balance Limit. However, Accounts that have reached the Maximum Account Balance Limit may continue to accrue earnings.

6.08 Rejected Contributions.

(a) If all or part of a contribution cannot be accepted, then the Program will attempt to contact the Administrator to periodically reattempt, reassign, or return the contribution to the contributor.

(b) If the rejected contribution is not claimed and the funds cannot be allocated and deposited into an Account, Paragraph 10.06 will apply.

(c) The rejected contribution will not receive any interest or earnings.

6.09 Returned Contributions.
