IDENTICAL TIE BIDS

In accordance with Section 287.087, Florida Statutes, preference shall be given to businesses with drug-free workplace programs. If two (2) or more bids which are equal with respect to price, quality, and service are received by the State or by any political subdivision for the procurement of commodities or contractual services, a bid received from a business that certifies that it has implemented a drug-free workplace program shall be given preference in the award process. Bidders must complete the **Identical Tie Bid / Drug Free Workplace form (Attachment B)** provided and return it with their bid.

AWARDED BID/INSPECTION

The Commission will award the bid to the responsive, responsible Bidder which submits the lowest bid price (see **Price Sheet - Attachment C**). If deemed necessary, an interview with the Bidder by the Contract Manager may be required before the bid is awarded.

The Commission reserves the right to inspect the prospective contractor's materials and background record prior to making an award of the Contract. If the Contract Manager determines the lowest bidder does not have sufficient experience, equipment, etc. to meet the specifications of this ITB, the Commission reserves the right to reject the Bidder and evaluate the next lowest Bidder.

SUPPORTING/SUPPLEMENTAL INFORMATION

The Commission requires that Bidders submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made by the Contract Manager that the product/service offered meets this ITB's specifications and that other requirements of this ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the Commission reserves the right to request supplemental information from the Bidder, after the bids have been opened, to ensure that the products/services offered completely meet this ITB's requirements. The requirement for such supplemental information will be at the reasonable discretion of the Commission and may include the requirement that a Bidder will provide a sample product(s) so that the Commission can make a first-hand examination and determination.

A Bidder's failure to provide this supplemental information or the product sample(s), within the time set by the Commission, will cause the Commission to consider the contractor non-responsive and reject the contractor's bid.

DELIVERABLES

The following services or service tasks are identified as deliverables for the purposes of this Contract:

- a.) Performance of all services set forth in the Scope of Work.
- b.) Submission of all invoicing, supporting documentation, Corrective Action Plans and reports.

Contractor Performance. The Contractor shall perform the activities described in the Scope of Work in a proper and satisfactory manner. Unless otherwise provided for in the Scope of Work, any and all equipment, products or materials necessary or appropriate to perform under this Contract shall be supplied by the Contractor. Contractor shall obtain all necessary local, state, and federal authorizations necessary to complete this project, and the Contractor shall be licensed as necessary to perform under this Contract as may be required by law, rule, or regulation. The Contractor shall provide evidence of such compliance to the Commission upon request. The Contractor shall procure all supplies and pay all charges, fees, taxes and incidentals that may be required for the completion of this Contract. By acceptance of this Contract, the Contractor warrants that it has the capability in all respects to totally perform the requirements and the integrity and reliability that will assure good-faith performance as a responsible contractor. The Contractor shall immediately notify the Commission's Contract Manager in writing if its ability to perform under the Contract is compromised in any manner during the term of the Contract. The Commission shall take appropriate action, including potential termination of this Contract, in the event that the Contractor's ability to perform under this Contract becomes compromised.

Contractor – Quarterly Minority and Service-Disabled Veteran Business Enterprise Report. Contractor shall provide a quarterly Minority and Service-Disabled Veteran Business Enterprise Report to the Commission's Contract Manager, summarizing the participation of

certified and non-certified minority and service-disabled veteran subcontractors/material suppliers for the current quarter and project to date. The report shall include the names, addresses and dollar amount of each certified and non-certified Minority Business Enterprise and Service-Disabled Veteran Enterprise participant and a copy must be forwarded to the Commission's Contract Manager. The Department of Management Services, Office of Supplier Diversity at (850) 487-0915 will assist in furnishing names of qualified minorities. The Commission's Minority Coordinator at (850) 488-6551 will assist with questions and answers.

Contractor Responsibilities. Contractor agrees that all Contractor employees, subcontractors, or agents performing work under the Contract shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, Contractor shall furnish a copy of technical certification or other proof of qualification. All employees, subcontractors, or agents performing work under the Contract must comply with all security and administrative requirements of the Commission. The Commission may conduct, and Contractor shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by Contractor. The Commission may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with the Commission's security or other requirements. Such refusal shall not relieve Contractor of its obligation to perform all work in compliance with the Contract. The Commission may reject and bar from any facility for cause any of Contractor's employees, subcontractors, or agents.

FINANCIAL CONSEQUENCES

In accordance with Section 287.058(1)(h), F.S., the Scope of Work, contains clearly defined deliverables. If Contractor fails to produce each deliverable within the time frame specified by the Scope of Work, the budget amount allocated for that deliverable will be deducted from Contractor's payment. The Commission shall apply any additional financial consequences identified in the Scope of Work.

Cumulative Remedies. The rights and remedies of the Commission in this paragraph are in addition to any other rights and remedies provided by law or under the Contract.

LIQUIDATED DAMAGES

If the Contractor fails to complete the work or the conditions of the Purchase Order and/or Change Orders by the completion date, the Commission shall have the right to deduct from any amount due and payable to the Contractor, as liquidated damages, in an amount of **\$100.00** per calendar day. All liquidated damages assessed after the agreed to work completion date will include every day of the week (weekdays and weekends). Exceptions to this may be made if a delay is attributable to circumstances that are clearly beyond the control of the Contractor. The burden of proof of unavoidable delay shall rest with the Contractor and shall be supplied in a written form and submitted to the Contract Manager.

PERMITTING

Permitting for this project, if needed, is the responsibility of the Contractor. A copy of all permits shall be posted at the work site location at all times during the project. The Contractor is responsible for complying with all permit conditions and the Contractor shall pay any penalties arising from the Contractor's permit violations.

INSURANCE REQUIREMENTS

Reasonably Associated Insurance. During the term of the Contract, Contractor, at its sole expense, shall maintain insurance coverage of such types and with such terms and limits as may be reasonably associated with the Contract. Providing and maintaining adequate insurance coverage is a material obligation of the Contractor, and failure to maintain such coverage may void the Contract. The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers licensed and authorized to write policies in Florida.

Workers Compensation. To the extent required by Chapter 440, F.S., the Contractor will either be self-insured for Worker's Compensation claims, or will secure and maintain during the life of this Contract, Workers' Compensation Insurance for all of its employees connected with the work of this project, with minimum employers' liability limits of **\$100,000.00** per accident, **\$100,000.00** per person, and **\$500,000.00** policy aggregate. Such policy shall cover all employees engaged in any contract work. If any work is subcontracted, the Contractor shall require the subcontractor similarly to provide Workers' Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Such self-insurance program or insurance coverage shall comply fully with the Florida Workers' Compensation law (Chapter 440, F.S.). In case any class of employees engaged in hazardous work under this Contract is not protected under Workers' Compensation statutes, the Contractor shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Commission, for the protection of its employees not otherwise protected. Employers who have employees who are engaged in work in Florida must use Florida rates, rules, and classifications for those employees.

General Liability Insurance. By execution of this Contract, unless Contractor is a state agency or subdivision as defined by Subsection 768.28(2), F.S. or unless otherwise provided for in the Scope of Work, Contractor shall provide reasonable and adequate commercial general liability insurance coverage and hold such liability insurance at all times during the Contract. A self-insurance program established and operating under the laws of the State of Florida may provide such coverage.

Insurance Required for Performance. During the Contract term, Contractor shall maintain any other types and forms of insurance required for the performance of this Contract. Additional insurance requirement may also be found in the Scope of Work.

Written Verification of Insurance. Upon execution of this Contract, Contractor shall provide the Commission written verification of the existence and amount for each type of applicable insurance coverage. Within ten (10) days of the effective date of the Purchase Order, Contractor shall furnish proof of applicable insurance coverage to the Commission's Contract Manager by standard Association for Cooperative Operations Research and Development (ACORD) form certificates of insurance. In the event that any applicable coverage is cancelled by the insurer for any reason, Contractor shall immediately notify the Commission's Contract Manager in writing of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within fifteen (15) business days after the cancellation of coverage. Copies are acceptable and can be faxed to (850) 922-8060.

Commission Not Responsible for Insurance Deductible. The Commission shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of Contractor providing such insurance.

DAMAGES TO STATE PROPERTY

Any damages to state property (e.g. structures, roads, culverts, fences, trees, or other natural resources) caused by the Contractor while working on this project shall be the responsibility of the Contractor to remedy, as determined by the Commission. The Contractor shall be responsible for the conduct of all Contractor personnel at all times while on the job site.

Should any historical or cultural artifacts be uncovered the Contractor shall immediately halt work and notify the Contract Manager. **Please note:** The State Archeologist has the power to halt work if he or she has reason to believe artifacts are being disturbed.

SUBCONTRACTS

Contractor shall ensure, and provide assurances to the Commission upon request, that any subcontractor selected for work under this Contract has the necessary qualifications and abilities to perform in accordance with the terms and conditions of this Contract. Contractor must provide the Commission with the names of any subcontractor considered for work under this Contract; the Commission reserves the right to reject any subcontractor. Contractor agrees to be responsible for all work performed and all expenses incurred with the project. Any subcontract arrangements must be evidenced by a written document available to the Commission upon request. Contractor further agrees that the Commission shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract and Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract. Contractor, at its expense, will defend the Commission against such claims. The following provisions apply, in addition to any terms and conditions included in the Scope of Work.

Contractor Payments to Subcontractor. The Contractor agrees to make payments to the subcontractor within seven (7) working days after receipt of full or partial payments from the Commission in accordance with Section 287.0585, F.S., unless otherwise stated in the contract between Contractor and subcontractor. Contractor's failure to pay its subcontractors within seven (7) working days will result in a penalty charged against Contractor and paid to the subcontractor in the amount of one-half of one percent (.05%) of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen percent (15%) of the outstanding balance due.

Commission Right to Reject Subcontractor Employees. The Commission shall retain the right to reject any of Contractor's or subcontractor's employees whose qualifications or performance, in the Commission's judgment, are insufficient.

Subcontractor as Independent Contractor. The Contractor agrees to take such actions as may be necessary to ensure that each subcontractor will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venture or partner of the State of Florida.

TERMINATION

Commission Unilateral Termination. The Commission may unilaterally terminate this Contract for convenience by providing the Contractor with thirty (30) calendar days of written notice of its intent to terminate. Contractor shall not be entitled to recover any cancellation charges or lost profits.

Termination – Fraud or Willful Misconduct. This Contract shall terminate immediately in the event of fraud or willful misconduct on the part of the Contractor. In the event of such termination, the Commission shall provide Contractor with written notice of termination.

Termination - Funds Unavailability. In the event funds to finance this Contract become unavailable or if federal or state funds upon which this Contract is dependent are withdrawn or redirected, the Commission may terminate this Contract upon no less than twenty-four (24) hours' notice in writing to Contractor. Said notice shall be delivered by certified mail, return receipt requested or in person with proof of delivery. The Commission shall be the final authority as to the availability of funds and will not reallocate funds appropriated for this Contract to another program thus causing "lack of funds." In the event of termination of this Contract under this provision, Contractor will be compensated for any work satisfactorily completed prior to notification of termination.

Termination – Other. The Commission may terminate this Contract if the Contractor fails to: 1.) comply with all terms and conditions of this Contract; 2.) produce each deliverable within the time specified by the Contract or extension; 3.) maintain adequate progress, thus endangering the performance of the Contract; or, 4.) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences for default. The rights and remedies of the Commission in this clause are in addition to any other rights and remedies provided by law or under the Contract. Contractor shall not be entitled to recover any cancellation charges or lost profits.

Contractor Discontinuation of Activities upon Termination Notice. Upon receipt of notice of termination, the Contractor shall, unless the notice directs otherwise, immediately discontinue all activities authorized hereunder. Upon termination of this Contract, the Contractor shall promptly render to the Commission all property belonging to the Commission. For the purposes of this section, property belonging to the Commission shall include, but shall not be limited to, all books and records kept on behalf of the Commission.

FAMILIARITY AND COMPLIANCE WITH LAWS

The Contractor is required to be familiar and comply with all Federal, State and Local laws, ordinances, rules and regulations that in any manner affect the work. The Contractor shall comply with all laws and rules applicable to the Contractor(s) that shall provide the required commodities or services to the Commission. Ignorance on the part of the Contractor will in no way relieve him from responsibility. Violation of such laws shall be grounds for Contract termination.

ELIGIBILITY AND LICENSURE

The Bidder shall be licensed as necessary to perform under this contract as may be required by law, rule, or regulation; and shall provide evidence of such compliance to the Commission upon request.

By acceptance of this contract, the Contractor warrants that it has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good-faith performance as a responsible Bidder, and that the Contractor shall comport with Chapter 287, F.S., Chapter 60A of Florida Administrative Code, and all other applicable rules and laws.

Unless otherwise provided herein, the Commission will not reimburse the Contractor for any non-expendable equipment or personal property for use by the Contractor to perform services under this Contract.

RELATIONSHIP OF THE PARTIES

Independent Contractor. The Contractor shall perform as an independent contractor and not as an agent, representative, or employee of the Commission. The Contractor covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required. Each party hereto covenants that there is no conflict of interest or any other prohibited relationship between the Contractor and the Commission.

Commission Rights to Assign or Transfer. Contractor agrees that the State of Florida shall at all times be entitled to assign or transfer its rights, duties, or obligations under this Contract to another governmental agency in the State of Florida, upon giving prior written notice to Contractor.

Commission Rights to Undertake or Award Supplemental Contracts. Contractor agrees that the Commission may undertake or award supplemental contracts for work related to the Contract. Contractor and its subcontractors shall cooperate with such other contractors and the Commission in all such cases.

PROHIBITION OF UNAUTHORIZED ALIENS

In accordance with federal Executive Order 96-236, the Commission shall consider the employment by the Contractor of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this Contract if the Contractor knowingly employs unauthorized aliens.

EMPLOYMENT ELIGIBILITY VERIFICATION

Requirement to Use E-Verify. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires Commission contracts in excess of nominal value to expressly require the Contractor to: 1.) utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by Contractor during the Contract term; and, 2.) include in all subcontracts under this Contract, the requirement that subcontractors performing work or providing services pursuant to this Contract utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the term of the subcontract.

E-Verify Online. E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States after the effective date of the required Memorandum of Understanding (MOU); the responsibilities and elections of federal contractors, however, may vary, as stated in Article II.D.1.c. of the MOU. There is no charge to employers to use E-Verify. The Department of Homeland Security's E-

Verify system can be found online at http://www.dhs.gov/files/programs/gc_1185221678150.shtm

Enrollment in E-Verify. If Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Contract.

E-Verify Recordkeeping. The Contractor further agrees to maintain records of its participation and compliance with the provisions of the E-Verify program, including participation by its subcontractors as provided above, and to make such records available to the Commission or other authorized state entity consistent with the terms of the Contractor's enrollment in the program. This includes maintaining a copy of proof of the Contractor's and subcontractors' enrollment in the E-Verify Program (which can be accessed from the "Edit Company Profile" link on the left navigation menu of the E-Verify employer's homepage).

Employment Eligibility Verification. Compliance with the terms of the Employment Eligibility Verification provision is made an express condition of this Contract and the Commission may treat a failure to comply as a material breach of the Contract.

NON-DISCRIMINATION

Non-Discrimination in Performance. No person, on the grounds of race, creed, color, national origin, age, sex, or disability, shall be excluded from participation in, be denied the proceeds or benefits of, or be otherwise subjected to discrimination in performance of this Contract.

Discriminatory Vendor List. I. INTRODUCTION

Rule 68B-55.004(2), Florida Administrative Code (F.A.C.), authorizes the Commission to retrieve derelict spiny lobster, stone crab, and blue crab traps, at any time during the open season deemed appropriate by the Commission. Trap retrieval activities shall be conducted pursuant to Rule 68B-55, F.A.C. Retrieval activities shall commence after issuance of the Purchase Order and within 30 days following submittal of the final detailed schedule (see item II.3. below). There is an estimated budget of approximately \$132,892.00 and is the total for all applicable regions. This funding will not be divided equally among each region to perform trap retrieval pursuant to this contract. The availability of this estimated budget is contingent upon an appropriation by the National Fish and Wildlife Foundation.

This work is expected to take +/- 3 weeks (up to 30 trips total) and will focus on coastal and inland areas, mangroves, seagrass beds, and areas where derelict traps may become hazards to navigation.

1. The Contractor shall administer and implement the Post-Hurricane Irma Derelict Trap Retrieval and Debris Removal Program and shall provide all labor and materials necessary to retrieve traps from state waters and adjacent federal waters. This schedule must show that the Contractor is able to conduct trap retrieval activities and that the Contractor has sufficient staff within the entire area covered by the region for which the bid is made. The Commission has the right to reject a bid if a

Bidder fails to provide this information with bid submittal, or if determined by the Commission that a Bidder does not have adequate and/or sufficient staff to perform services for the region(s) for which a bid is submitted.

3. The Contractor shall provide a final detailed trap retrieval schedule for each region within fourteen (14) days after issuance of the Purchase Order for that region. This schedule shall include the names and phone numbers of the project participants, the proposed departure locations and departure times for each trap retrieval trip, as well as a disposal plan for traps and trap material for each trip. This schedule shall be approved, in writing, by the Contract Manager. The Commission reserves the right to amend this schedule, in writing, at any time.

Adequate space for a Commission-appointed observer and space for stowing of trap ropes, buoys, trap throats and wooden, plastic and/or wire traps is required. If the vessel is deemed to be unsafe or inappropriate for trap retrieval, the Contract Manager shall reschedule the retrieval trip for another day and the Contractor must provide a safe vessel acceptable to the Contract Manager.
6. Trap retrieval operations shall be governed by the following "Operational Guidelines":
 - a. Daily operations shall be based on an 8 to 12 hour work day (on the water), unless prior approval is received from the Commission's Contract Manager. The location and duration of each retrieval trip must be approved by the Contract Manager. Trip plans must be mutually acceptable by Contract Manager and Contractor.

 - g. The Commission may provide authorized direction to the Contractor to retrieve traps in specific areas of state and adjacent federal waters in the event that derelict traps are discovered.
7. The Contractor shall be responsible for all costs and expenses including, but not limited to, vessel fuel and disposal fees, resulting from the trap retrieval process and shall not hold the Commission responsible for any damage(s) that may occur to any vessel or equipment during the trap retrieval or disposal process.
8. The Contractor must submit an invoice to the Contract Manager, along with completed Work Certification Forms and Disposal Certification Forms for each retrieval trip conducted within each region for the payment to the Contractor to be authorized by the Commission's Contract Manager. No payment shall be made to the Contractor prior to trap retrieval effort in a region; payments shall be based on services rendered.
9. The Contractor shall, in consultation with the Commission, settle any and all labor disputes.

1. The Commission shall provide operational guidelines for project management to ensure that traps are properly retrieved and disposed of according to the terms of this Contract, and applicable laws. This shall include possible identification of trap locations from the

Commission's Division of Law Enforcement, and the possible assistance of the Commission's Division of Law Enforcement for selection of areas from which traps will be retrieved.

For each trap retrieved, the Commission-appointed observer will be responsible for recording the following information: the intended species targeted by the trap; the owner's identification and/or endorsement number; presence or absence of a required trap tag; if it is a commercial or recreational trap; location of the trap; and buoy colors. In the event that a trap is retrieved that does not have a clearly identifiable endorsement number, trap tag, or identification, the trap will be recorded as unidentified. The Commission-appointed observer will provide the project participant and Contract Manager the total number of traps retrieved and disabled by each vessel at the end of each work day. The Contract Manager will provide such data as required to the Contractor for accurate and timely payments to project participants.
3. The Commission will provide and complete all forms required to efficiently and effectively document the trap retrieval process, as the basis for payment to the Contractor. The Commission shall provide a "Work Certification Form" (Exhibit I) for the purpose of documenting and certifying project work performance. A Work Certification Form shall be completed and signed by the Commission appointed observer and co-signed by the project participant at the completion of each work day. One copy of each completed Work Certification Form shall be provided to the Commission's Contract Manager, to the Contractor, and to the project participant. The Commission will provide a "Disposal Certification Form" (Exhibit II) for the purpose of documenting and verifying the disposal of traps, lines, buoys, and other trap parts. A Disposal Certification Form shall be completed and signed by the project participant. The original copy of the disposal certification form shall be returned to the Contract Manager upon completion.
4. The Commission's Contract Manager (or Commission employed delegate) will be responsible for enforcing performance of the Contract terms and conditions, shall serve as liaison with the Contractor, and shall approve all invoices prior to payment.
5. The Commission's Contract Manager (or Commission employed delegate) will be responsible for approving the Contractor's detailed trap retrieval schedule. The Contract Manager reserves the right to amend this schedule at any time.

A. Composition and Priority

The Contractor agrees to provide commodities or contractual services to the Agency within the manner and at the location specified in the Purchase Order, and any attachments to the Purchase Order. These Purchase Order Terms and Conditions, whether generic or specific, shall take precedence over any inconsistent or conflicting provision in the State of Florida, General Contract Conditions, PUR 1000. Additionally, the terms of the Purchase Order supersede the terms of any and all prior agreements with respect to this purchase.

B. Initial Term

Unless otherwise specified, the Purchase Order begins on the date of issuance. Contractual services or commodities to be provided by the Contractor shall be completed by the date specified on the Purchase Order end date.

Section 2. Performance

A. Performance Standards

The Contractor agrees to perform all tasks and provide deliverables as set forth in the Statement of Work and attachments to the Purchase Order. The Agency shall be entitled at all times, upon request, to be advised as to the status of work being done by the Contractor and of the details thereof. Coordination shall be maintained by the Contractor with representatives of the Agency, or of other agencies involved in the project on behalf of the Agency.

B. Performance Deficiency

If the Agency determines that the performance of the Contractor is unsatisfactory, the Agency may notify the Contractor of the deficiency to be corrected, which correction shall be made within a time-frame specified by the Agency. The Contractor shall provide the Agency with a corrective action plan describing how the Contractor will address all issues of contract non-performance, unacceptable performance, and failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Agency, the Contractor will be assessed a non-performance retainage equivalent to 10% of the total invoice amount or as specified in the contractual documents. The retainage will be applied to the invoice for the then-current billing period. The retainage will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may invoice the Agency for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained will be forfeited.

Section 3. Payment and Fees

A. Payment Invoicing

The Contractor will be paid upon submission of properly certified invoice(s) to the Agency after delivery and acceptance of commodities or contractual services is confirmed in writing by the

Agency. Invoices shall contain detail sufficient for audit thereof and shall contain the Purchase Order and the Contractor's Federal Employer Identification Number or Social Security Number.

B. Payment Timeframe

Section 215.422, Florida Statutes (F.S.), provides that agencies have five (5) working days to inspect and approve commodities or contractual services. Items may be tested for compliance with specifications. Items delivered not conforming to specifications may be rejected and returned at the Contractor's expense. Interest penalties for late payment are also provided for in section 215.422, F.S. A Vendor Ombudsman, whose duties include acting as an advocate for vendors who may be experiencing problems obtaining timely payment(s) from an Agency, may be contacted at 850-413-5516, or Vendors may call the State Comptroller's Hotline at 1-800-848-3792. With the exception of payments to health care providers for hospital, medical, or other health care services, if payment is not available within 40 days, measured from the latter of the date the invoice is received or the commodities or services are received, inspected, and approved, a separate interest penalty set by the DFS pursuant to subsection 55.03(1), F.S. will be due and payable in addition to the invoice amount. Payments to health care providers for hospitals, medical or other health care services, shall be made not more than 35 days from the date of the eligibility for payment is determined, and the daily interest rate is .03333%. Invoice payment requirements do not start until a properly completed invoice is provided to the Commission. Invoices returned to a vendor due to preparation errors will result in a payment delay. The State of Florida is not required to pay direct Federal Excise and State taxes on services or commodities purchased.

C. MyFloridaMarketPlace Fees

Vendors shall submit monthly reports required by the rule. All reports shall be subject to audit. Failure to pay Transaction Fees or submit reports shall constitute grounds for default and exclusion from business with the State of Florida.

D. Payment Audit
