

Attachment H Resource Staffing Approach and Plan Response

Narrative/Requirement

It is recognized that this project is a significant implementation requiring several types of roles and an optimal number of resources.

One of the other response documents is a high-level workplan and potential schedule. A targeted timeline must be based on a staffing model utilizing many resources, in various roles. It is the intent of the Department to ensure quality planning and implementation, the goal being a reasonably swift schedule to reach production.

Vendor Response

Respond with a detailed outline of how you plan to approach staffing the project. Additionally, provide a plan to staff post-implementation support.
