Performance and/or Design Requirements (e.g.. intended use, function or application, compatibility, requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate):

The Division of Library and Information Services statutory mission is to provide—

F.S. 257.04 Publications, pictures, and other documents received to constitute part of State Library; powers and duties of Division of Library and Information Services.

(1) All books, pictures, documents, publications, and manuscripts received through gifts, purchase, or exchange, or on deposit from any source for the use of the state, shall constitute a part of the State Library and shall be placed therein for the use of the public under the control of the Division of Library and Information Services of the Department of State.

(3) The division shall maintain a library for state officials and employees, especially of informational material pertaining to the phases of their work, and provide for them material for general reading and study.

(4) The division shall maintain and provide research and information services for all state agencies.

(7) The division shall perform such other services and engage in any other activity, not contrary to law, that it may think appropriate in the development of library service to state government, to the libraries and library profession of the state, and to the citizens of the state.

To make library materials such as books, photos, maps and state documents owned by the State Library available to state employees, the general public and other libraries around the state and the world, the Division must have a searchable online catalog.

SirsiDynix Integrated Library System provides modules for

- acquisition of library materials
- searchable on line catalog of the 609,822 titles in the State Library
- database of current State Library card holders
- circulation of library materials to State Library card holders
