

Good afternoon,

As an Information Technology Vendor, you provide vital support to DMS's role as the administrative arm of state government. To continue to build on that partnership, the Division of State Purchasing has scheduled a meeting to update you on IT procurements within the State of Florida and steps we have taken in recent years to improve procurement processes. We also want to discuss best steps for moving forward and continuing our progress.

We really value your input to ensure we are meeting the needs of your industry. Please attend so we can keep each other informed. We look forward to seeing you there!

Information Technology Forum

April 11, 2018

9:30 a.m. – 11 a.m.

R.A. Gray Building Auditorium

500 South Bronough Street

Tallahassee, Florida 32399
