DATE: April 27, 2017  
ADDENDUM NO.: 1 Revised  
BID NO.: FWC 16/17-108  
BID TITLE: 108 ITB Big Bend Area Improvements  
UPDATE: Revised Questions and Answers (Item #1)

The enclosed addendum has been issued for consideration in the preparation of your response to the Florida Fish and Wildlife Conservation Commission's (FWC) Solicitation No. FWC 16/17-108 "Invitation to Bid (ITB) for Big Bend Area Improvements - issued on April 19, 2017.

**All responses to the subject solicitation must be received no later than 3:00 P.M. (ET) on May 4, 2017.** A response received after the exact time specified will not be considered. Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes (F.S.). Written notices, formal requests and proceedings must conform with the requirements set forth in Chapter 28-110, Florida Administrative Code (F.A.C.). Protests must be filed with the Purchasing Office, Fish and Wildlife Conservation Commission, Suite 100, 2590 Executive Center Circle, Tallahassee, Florida 32301 within the time prescribed in Section 120.57(3), Florida Statutes and Chapter 28-110, Florida Administrative Code.

Sincerely,

*Bryan Tucker*

Bryan Tucker  
FWC Procurement Manager

ADDENDUM NO. 1

Item #1: Question and Answer:

**Please see revised answer to question no. 4.**

Question #1: After reviewing the invitation to bid for the above mentioned project. I am unable to locate the project budget. Can you provide me with that information, or does it need to be added to the questions and answers?

Answer #1: \$85,000

Question #2: What is the estimate/budget for the FWC 16/17-108 - Bid Bend Area Improvements project currently out for bid?

Answer #2: \$85,000

Question #3: What is the budget for the project?

Answer #3: \$85,000

Question #4: Will permits be required on any or all parts of the project/locations?

Answer #4: No permits should be required by the contractor.

Question #5: At Pine Log Landing plans mentions that "proposed limerock driveway and parking by others" and it also mentions contractor is to install a limerock approach apron at the trailer parking space. Seems counterproductive to bring in limerock for a small section if FWC is doing the entire driveway and parking in limerock. If contractor is to provide an apron, please note the size required.

Answer #5: FWC staff will be installing all limerock at Pine Log Landing. See revised cover sheets now attached to the VBS advertisement.

Question #6: Additive # 2 at Tide Swamp mentions as-build drawings required after demo of picnic tables and slabs. What will the as-built drawings show if we are only doing demo?

Answer #6: No asbuilts are not to be required at this site. See revised cover sheets now attached to the VBS advertisement.

Question #7: At Dallis Creek plans say to remove 10x10 concrete picnic shelter and replace with 12x12 RCP shelter. Will the existing concrete slab be re-used for the new RCP shelter?

Answer #7: No, the existing concrete slabs are not to be reused at this site.

Question #8: At Dallus Creek will the RCP building have metal or shingle roof?

Answer #8: Metal.

Question #9: At Dallus Creek will the RCP building have steel or wood columns?

Answer #9: Wood.

Question #10: At Dallus Creek will the RCP building have stained finish on the wood?

Answer #10: No need for staining.

END OF ADDENDUM NO. 1
