

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
FDOT NOTICE OF INTENDED DECISION
TO ENTER INTO A SINGLE SOURCE CONTRACT
(PUR 7778)

375-040-54
 PROCUREMENT
 01/16

This notice of intended decision to enter into a single source contract is posted in accordance with section 287.057(3)(c), Florida Statutes.

AGENCY: DEPARTMENT OF TRANSPORTATION

TITLE: Line Laser Upgrade

Short description of the commodity or service desired: Replacement of spot lasers on the Roadway Profiler Systems with line lasers.

CONTACT

Name: Katie Wagner

Address: 605 Suwannee Street, MS20, Tallahassee, Florida 32399-0450

Telephone: (850) 414-4956

Email: katie.wagner@dot.state.fl.us

Internal tracking number, if any: SS-DOT-17/18-9056-KW

Date posted: 2/20/2018

Time Posted: 5:00 PM

Commodity or Service Required (commodity class and group, manufacturer, model, and description, as appropriate): 41111600: Length and thickness and distance measuring instruments, 41111615: Laser measuring systems.

Requestor (division, bureau, office, individual, as appropriate): State Materials Office

Performance and/or Design Requirements (intended use, function or application, compatibility etc. requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate): The Department must replace existing spot lasers with line lasers to facilitate laser-based smoothness measurements on all pavement types and advance safer and more appropriate smoothness measurements. If line lasers are not purchased, pavement smoothness will continue to be based on obsolete laser technology and potentially hazardous manual methods currently used with new construction of concrete pavements.

Intended source (vendor, contractor): International Cybernetics Corp.(ICC)

Price: \$111,705.00

Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate): The Pavement Profiler System data acquisition hardware and software are proprietary to International Cybernetics Corporation (ICC). ICC is the designer and manufacturer of the existing Roadway Profiler Systems used by the Department. As such, ICC is the only vendor that can install and configure the laser hardware required to operate the Roadway Profiler System.

Approved By (names & titles, as appropriate to Post on Vendor Bid System (VBS), e.g., requestor, requestor manager, information systems, budget, purchasing, DMS approver)
