Question Number	Question	Answer
1	For Line Item #3 (Twill, white, T180), I just want to double check that you are wanting twill, not sheeting? Also, what will this be used to make?	Please refer to Change No. 1, which revises and replaces Attachment I, Price Page. The Department needs T-180 sheeting, which will be used to manufacture sheets and boxer shorts.
2	What is the width you need for the white mesh, line item 4?	The width should be 50" rolls.
3	Please confirm Bid Detail close date (11/17/2017) and Timeline date (10/17/2017). Bidnet detail posting have a close date of 11/17/2017, timeline close date of 10/17/2017.	Per the Timeline, sealed Bids are due and will be opened October 17, 2017 at 2:00 p.m. Eastern Time. The advertisement will come off of posting November 17, 2017, which is 72 hours after the anticipated posting of recommended award.
4	Can we bid two prices? One FOB Destination where we prepay for the shipping and another FOB Shipping Point?	Per Section 2.4, Delivery, products shall be shipped Freight On Board (F.O.B.) to destination within 30 days after receipt of an order. Only bids with F.O.B. destination will be considered, and only one Bid price is permitted.
5	The bid shows that for item #1, the width of the fabric to be 58" to 65". The standard size for Poplin is 60" to 65". Can this be changed to match the Item #2 Twill specifications? 60" minimum is generally needed to fit most patterns for apparel.	The standard size for Poplin of 60" is within the specification request.
6	The bid shows for item #3 White Twill. Is that correct? We believe the word should be sheeting. If the item is to make bed sheets, boxer shorts, and pillowcases, then I believe sheeting is what you want. Twill is a weave of fabric typically used to make uniforms.	Please refer to the answer to question #1.

Question Number	Question	Answer
7	Is the 5% price preference for the bidders inside the state of Florida or outside the state of Florida? Also, what procedures are needed to take advantage of this preference?	Please see Section 3.8 of the ITB. When the lowest responsible and responsive Bid is submitted by a Bidder whose principal place of business is located outside the State of Florida, a Bidder whose principal place of business is in the State of Florida will receive a 5% price preference if the State where the lowest responsible and responsive Bidder has its principal place of business does not give a price preference. If, however, the lowest responsible and responsive Bidder's State provides for a price preference (as evidenced by the letter signed by an attorney at law from the State), then the Florida Bidder will receive the same price preference that the lowest responsible and responsive Bidder's State provides to it.
8	Does delivery time or any other factor play any component in determining the awarded vendor or is it awarded solely by lowest grand total price?	Per Section 3.9, Basis of Award, a single award shall be made to the lowest responsive, responsible Bidder with the lowest Grand Total Price, as specified in Attachment I, Price Page. As per Section 2.4 of the ITB, products must be shipped to their destinations within 30 days of receipt of an order.
9	What is the expected delivery time After Receipt of Order for each item?	Please refer to the answers for Question #4, and #8.
10	The bid shows for Item #4 White Mesh. What is the minimum Cuttable Width you are looking for?	Please refer to the answer for Question #2.
11	Line 3...is this TWILL? T180 are usually percale sheet. Is there a weight specification?	Please refer to the answer for Question #1.
12	Line 4...need to know the width.	Please refer to the answer for Question #2.

Question Number	Question	Answer
13	Can you please verify/specify the width of fabric/mesh on Line 4?	Please refer to the answer for Question #2.
14	Would it be possible to obtain samples of the items on this bid? Also, is a sample required to bid these items?	No, the Department does not provide samples to prospective Bidders. Yes, per Section 1.5, Specifications, and the Timeline, samples must be submitted with any Bid in order to be considered responsive.
15	I see where a larger bid including these items was put out to bid last year and awarded in July 2016 for three years. Can you tell me why it is being put out again, prior to contract end dates?	The Department has a need to re-issue a competitive solicitation and re-establish a new Agency Term Contract, as the awarded Vendor was unable to meet the requirements of the previously-awarded Contract.
16	What size sample is needed for each line? Is a sample of every color needed per line or just one color per line?	The Department requests a 12" x 12" sample, and a sample of each color should be provided.
17	Can you provide a bid tab from a previous bid? If there is no bid tab can you provide the vendor and price you are purchasing these textiles at currently?	The previous bid tabulation is attached hereto.
18	Can you provide any information regarding purchasing history? Is this monthly, quarterly, etc? Can you tell me how many POs were issued for this in the past 12 months?	Bulk textiles are ordered by each institution on a quarterly basis or as needed, based upon special projects. From September 1, 2016 to present, approximately 422 Purchase Orders were issued for materials/textiles.
