To Whom it May Concern

HumanWare is the manufacturer of the BrailleNote Touch, Brailiant braille displays, the Prodigy family of Video Magnifiers, the Prodigy Connect 12, the Explore line of hand-held magnifiers, the Victor Reader digital book readers as well as our newest GPS system the VR TREK. Recently HumanWare acquired Enabling Technologies adding their whole line of embossers to our product line. HumanWare is also the Master Distributor for the Index Embossers for North America as well as the Master Distributor for Harpo's Mountbatten line of products.

Florida Vision Technology is sole authorized distributor to sell HumanWare's blindness and low vision products in the following areas of Florida State

- **Cocoa** (Brevard County)
- **Daytona Beach** (Flagler; Putnam; and Volusia Counties)
- **Ft. Myers** (Collier; Glades; Hendry; Lee and Charlotte Counties)
- **Jacksonville** (Baker; Clay; Duval; Nassau; and St. John Counties)
- **Lakeland** (Citrus; Hardee; Polk; Pasco; and Hernando Counties)
- **Miami** (Dade and Monroe Counties)
- **Orlando** (Lake; Orange; Osceola; Seminole; and Sumter Counties)
- **Palmetto** (DeSoto; Highlands; Manatee; and Sarasota Counties)
- **Sunrise** (Broward County)
- **Tampa** (Hillsborough and Pinellas counties)
- **West Palm Beach** (Indian River; Martin; Okeechobee; Palm Beach; and St. Lucie Counties)

Florida Vision Technology is also the sole authorized distributor to sell HumanWare's blindness and low vision products in Puerto Rico.

Service or modification of HumanWare's products must be done by an authorized HumanWare Service Technician.

Please do not hesitate to contact me if you require any other information.

Sincerely,

Francine Callaghan
