Last day for receipt of information: 6/19/2020 @ 5:00PM

This description of commodities or contractual services intended for purchase from a single source is posted in accordance with sections 120.57(3) and 287.057(3), Florida Statutes and will remain posted for a period of at least 7 business days.

Commodity or Contractual Service Required (commodity or United National Standard Products and Services Code (UNSPSC), manufacturer, model, and description, as appropriate):

85130000- Medical science research and experimentation

85100000- Comprehensive health services

85101500- Healthcare centers

80101506- Organizational structure consultation

80101513- Process and procedures management consultation service

Quantity or Term (as appropriate):

Three (3) Years

Requestor (division, bureau, office, individual, as appropriate):

Bureau of Emergency Medical Oversight, Trauma Section

Performance and/or Design Requirements (e.g.. intended use, function or application, compatibility, requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate):

The Florida Department of Health-Bureau of Emergency Medical Oversight, Trauma Section has the need to purchase reporting data services to establish a statewide trauma system collaborative to act as a catalyst for improvements in the process and outcomes of the provision of trauma care in an inclusive trauma system outlined in F.S 395.40 (6). The Department of Health supports a statewide trauma collaborative to allow for: data sharing, discuss best practice ideas, identify quality improvement opportunities and initiatives for measured results. The exchange of ideas and problem solving within collaborative setting allows designated trauma centers to improve trauma outcomes.

In accordance with 60A 1.045 F.A.C. and 395.401(2), Florida Statutes, the Bureau of Emergency Medical Oversight, Trauma Section requests authorization to purchase, as single source, proprietary data reports services from the American College of Surgeons.

Intended Single Source:

American College of Surgeons

Estimated Dollar Amount:

\$60,000.00

Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate):

- American College of Surgeons (ACS) is the only National Professional Association that has the National Surgical Quality Improvement Program that generates reports from the trauma data dictionary that they create for all trauma centers to report Trauma Quality Improvement Performance (TQIP) data, specifically mentioned in Florida Statutes.

Approved By (names & titles, as appropriate, e.g., requestor, requestor management, information systems, budget, purchasing):

Sonja German-Jones, OMC Manager

Prospective vendors are requested to provide information regarding their ability to supply the commodities or contractual services described. If it is determined in writing by the agency, after reviewing any information received from prospective vendors, that the commodities or contractual services are available only from a single source, the agency shall: provide notice of its intended decision to enter a single-source purchase contract in the manner specified in s.120.57(3), FS.
