This description of commodities or contractual services intended for purchase from a single source is posted in accordance with sections 120.57(3) and 287.057(3), Florida Statutes and will remain posted for a period of at least 7 business days.

Commodity or Contractual Service Required (commodity or United National Standard Products and Services Code (UNSPSC), manufacturer, model, and description, as appropriate):

81111819 Quality Assurance Services

Quantity or Term (as appropriate):

1 Year

Requestor (division, bureau, office, individual, as appropriate):

Division of Emergency Preparedness and Community Support

Performance and/or Design Requirements (e.g... intended use, function or application, compatibility, requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate):

The Florida Department of Health's Division of Emergency Preparedness and Community Support has the need to purchase quality assurance analyst services to develop and test statewide EMS performance measurements in the Biospatial Inc platform. These measurements in the Biospatial Inc platform are being used to meeting the requirements of Chapter 401.243, Florida Statutes for injury prevention data collection and surveillance. In accordance with 60A-1.045 F.A.C, the Division of Emergency Preparedness and Community Support requests authorization to purchase, as a sole source, quality assurance services from National Emergency Medical Services Quality Alliance.

Intended Single Source:

National Emergency Medical Services Quality Alliance (NEMSQA)

Estimated Dollar Amount:

\$125,000

Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate):

- The Division of Emergency Preparedness and Community Support has need to establish a statewide inspection program to monitor the quality of patient care delivered by each licensed service and appropriately certified personnel, also the Biospatial, Inc system is being utilized for quality assurance services with licensed EMS providers.
- The National EMS Quality Alliance is the sole source provider to develop and test EMS performance measures of the existing Biospatial Inc. platform currently owned by the Department.

Approved By (names & titles, as appropriate, e.g., requestor, requestor management, information systems, budget, purchasing):

Sonja German-Jones, OMC Manager

Prospective vendors are requested to provide information regarding their ability to supply the commodities or contractual services described. If it is determined in writing by the agency, after reviewing any information received from prospective vendors, that the . Also or contractual services are available only from a single source, the agency shall: provide notice of its intended decision to enter a single-source purchase contract in the manner specified in s.120.57(3), FS.
