September 1-15, 2017	Time Period to Negotiate with Preferred Candidates
September 25, 2017	Estimated date of Notice of Intent to Award

Space Needs and Response Scenarios

- Method for submitting ITN response:
 - General Tax Administration: 20,005 (minimum) to 22,111 (maximum) net useable square feet.

Lease Terms

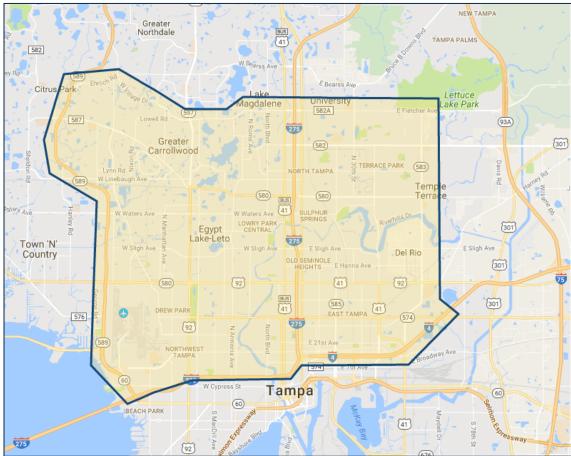

- All Responses Must Reflect Full Service (Gross)/Turn Key Rental Rates.
- Proposed space must be made available on September 1, 2018.
 - Any delays will result in liquidated damages of \$2,281.55/day
- Three Lease Terms Restructures
 - 5 Year Base Term with 10-1 Year Renewals
 - 7 Year Base Term with 10-1 Year Renewals
 - 10 Year Base Term with 10-1 Year Renewals
- All three lease terms must be provided completely or the ITN will be rejected.

Savills Studley

Geographic Area

• Only the boundaries listed below within Tampa, FL will be considered.

Parking Requirements

- A minimum of 145 spaces are required to be provided at no cost. Preference will be given to those offers which provide 155 spaces.
- Additional spaces to meet ADA requirements shall follow the latest ADA specifications.
- Responses will receive points based on the type of parking provided (exclusive, nonexclusive, adjacent to the facility, etc.).

How Are ITN Responses Evaluated?

- An initial review of all ITNs are completed to determine compliance.
- If compliant, site inspections are conducted with DOR personnel who score each site individually.
- As a result of the scoring, the Tenant Broker commences negotiations with the highest scored option(s).
- Upon receipt of all best and final offers, DOR in consultation with the Tenant Broker, selects the preferred Offeror that is considered to be the State's best leasing value.

Use of the State's Leasing Forms is a Must

- It's important to understand all the forms and requirements in the ITN.
- The selected Offeror is required to utilize ALL of the forms included in the ITN, including the State's standard lease agreement.

Understanding DOR's Design and Construction Requirements is Critically Important

The selected Offeror is responsible for <u>all</u> design and construction costs.

Designing The Right Space is a Team Effort Driven By The Selected Offeror

- The selected Offeror is expected to work with the programs, DOR facilities, and Tenant Broker to design a space that best meets the Department's needs.
- Programs and DOR facilities must "sign off" on plans prior to State Fire Marshal and permitting review.
- Design requirements include, but are not limited to, the following:
 - Test fits
 - Development of final space plan
 - Development of Construction Documents (CDs)
 - Submittal of CDs to all required government jurisdictions including DOR Facilities and the State Fire Marshal

Understanding the Build Out Specifications Up Front Is Also Very Important

- Construction requirements include, but are not limited to, the following:
 - All interior construction
 - All cabling (electrical, data, voice, etc) including CAT-6 or CAT-5 E
 - All furniture for the Premises (workstations, lobby seating, all lobby employee work areas, etc) except for private offices
 - Project/Construction management, including weekly meetings during construction

Significant Security Requirements Must Be Properly Addressed

- All doors leading outside the building, with the exception of the main entrance(s), are to be equipped with interior push bar release locks and a singular cylinder deadbolt lock (main entrance to have a singular cylinder deadbolt lock), with battery backup to supply electricity for no less than 6 hours when power is lost. Security system to include fire and smoke detection (monitoring to be paid by DOR). Selected Offeror shall consult with the Department for an approved security vendor and system.
- Electronic locks and automatic closure devices are required on interior doors leading from the reception/ lobby area into the support areas, employees' offices and customer interview stations.
- Area over the reception counter and customer interview stations counters shall be enclosed with a fixed window. Window must be constructed of Safety Glass.

Knowing the Details is Important

Rest Rooms	Per code	Each restroom is to equipped as follows: shall meet all DCA/ADA, local and state requirements. All shall be supplied with hot & cold water. Lessor to provide water heater, air deodorizers, trash cans, exhaust fans and two paper towel dispensers. Sanitary apkin receptacles to be accessible to each water closet station in the women's restrooms. Disposable sanitary seat covers to be provided in each water closet. One full length mirror to be provided in staff restrooms. Public restrooms shall be accessible from the reception area or common area and separate from the staff restrooms for security purposes. Both male and female restrooms shall have a baby diaper changing station. (see page 32 of TTN)	per code	
Exterior Doors		All doors leading outside the building, with the exception of the main entrances, are to be equipped with interior push bar release locks and a singular cylinder deadbolt lock, with battery back up to supply electricity for no less than 6 hours when power is lost. Doors to automatically lock upon closure and require an electronic key card or proximity card reader to gain entry. (see page 35 of ITN)		
Main Entrar Door	nce	Main entrance to have a singular cylinder deadbolt lock. Mai be programmed to lock at the end of the scheduled work unlock at the beginning of each day at 8:00 a.m. as stated by p and to include a dead bolt.	day at 5:00 p.m.	and

Parking Requirements / Lock & Door Knob Requirements

		CSP Parking Needs: Staff 33 Client 10 Total 43		
		GTA Parking Needs: Staff 44 Client 10 Total 54		
		Lock and Door Knob Types		
Common Name	Code	Description		
Keyed Lock Set	1	Outside lockable by key, inside handle always unlocked all keys to be master keyed unless noted		
Key Fob	2	Electronic strike entry, allows for electronic release and monitoring		
Passage	3	Rotating door handles, neither of which lock		
Privacy	4	Lockable on one side commonly by push button, emergency release on the opposite side		
Store Room	5	Always locked on outside requiring key for entry with rotating door handle which never locks for safe exit		
	Require	ments above are the minimum, final approval to be given by DOR prior to const	ruction	
		All buildings standards are to follow the United States Department of Justice 2010 ADA Standards. ADA information is available at www.usdoj.gov/crt/ada/adahom1.htm		

Communication During Design and Construction With All Parties Will Help Ensure a Successful Project

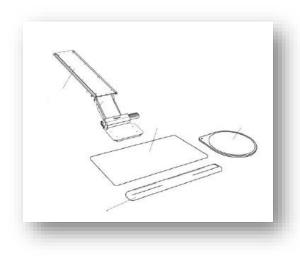

NO changes may be made during the design/construction phase without approval of the programs and DOR facilities office...the expense of any changes not signed off will be borne by the originator!

Standard Modular Workstations (Non-Lobby) – GTA

2 lockable file cabinets, 1 lockable pencil drawer, tack board, an ergonomic / articulating keyboard tray, mouse pad and overhead locking bins with task lighting underneath bins.
