INSTRUCTION TO BIDDERS

1. EXPLANATIONS TO BIDDERS. Any explanation desired by a bidder regarding the meaning or interpretation of the Invitation To Bid, drawings, specifications, Form of Agreement and Bond, etc. must be requested in writing from the COLLEGE Executive Director, Purchasing and Auxiliary Services and with sufficient time allowed for a reply to reach all bidders before the submission of their proposals. Any interpretation made will be in the form of an addendum which will be furnished (mailed or emailed with read receipt) to all prospective bidders. Its receipt by the bidder must be acknowledged by one of the means set forth in the addendum prior to the time set for opening of proposals. ORAL EXPLANATIONS OR INSTRUCTIONS given before the award of the contract will NOT be binding on the OWNER.

2. CONDITIONS AFFECTING THE WORK. Bidders should visit the site and take such other steps as may be reasonably necessary to ascertain the nature and location of the work, and the general and local conditions which can affect the work or the cost thereof. Bidders and subcontractors/suppliers (at all tiers) should also carefully examine the drawings, specifications and related documents so that they are accurately informed regarding any and all conditions and requirements contained therein that may in any manner affect the work to be performed. Neither the Architect, nor the Owner will assume any responsibility for bidding errors and omissions caused by failure of the bidder or any of his subcontractors/suppliers (at all tiers) to visit the site or to inspect and familiarize themselves with the complete set of contract documents. Full and complete sets of contract documents are available for inspection in the office of the COLLEGE Executive Director, Purchasing and Auxiliary Services.

3. ADDENDA. Any addenda issued prior to the opening of bids for the purpose of changing the intent of the specifications and drawings, or clarifying the meaning of the same, shall be binding in the same way as if written in the specifications and drawings. Since all addenda are available to bidders at the Purchasing Office at COLLEGE and it is each bidder's responsibility to check with the issuing office and immediately secure all addenda before submitting bids. The COLLEGE Purchasing Office mails or emails (with read receipts) addenda to all prospective bidders, but no guarantee can be made that addenda will be received by anyone. The College posts all addenda on the Purchasing website at www.fscj.edu/bids

4. PLANS AND SPECIFICATIONS. It has been noted in the past that some bidders may be using plans located in various information centers as a basis for bidding. Prospective bidders are cautioned that information bid sets being used under such circumstances, after reproduction action by others, may not be complete or addenda may not be up to date. To ensure accuracy, bid sets should be obtained from the COLLEGE Purchasing Office.

5. PREPARATION OF PROPOSALS. (a) Proposals shall be submitted in duplicate on the forms furnished, or copies thereof, and must be manually signed. If erasures or other changes appear on the forms, each erasure or change must be initialed by the person signing the bid. Unless specifically authorized in the Invitation To Bid, telegraphic bids will not be considered. Proposals must be typed or written in ink. (b) The proposal form may provide for submission of a price or prices for one or more items, which may be lump sum bids, alternate prices, scheduled items resulting in a bid on a unit of construction or a combination thereof, etc. Where the proposal form explicitly requires that the bidder bid on all items, failure to do so will disqualify the proposal. When submission of a price on all items is not required, bidders should insert the words "no bid" in the space provided for any item on which no price is submitted. All bid prices shall be stated in both words and numerals. (c) Unless called for, alternate bids or exclusions will not be considered and the bidder will be considered non-responsive. (d) Modifications of proposals already submitted will be considered if received at the office designated in the Invitation To Bid by the time set for opening of bids. Fax modifications will be considered if received before public bid opening but will not reveal the amount of the original or

revised bid. Modifications of proposals, other than fax, must be typed or written in ink and submitted in duplicate.

6. PROPOSAL GUARANTEE. Where a proposal guarantee is required by the Invitation To Bid, failure to furnish a proposal guarantee in the proper form and amount, by the time set for opening of proposals, shall be cause for the rejection of the proposal. The proposal guarantee shall be in the form of a firm commitment, such as a certified or cashier's check on any national or state bank, or a bid bond issued by a Surety licensed to conduct business in the State of Florida, in a sum not less than five percent (5%) of the base bid, and made payable to the Florida State College at Jacksonville. Proposal guarantees, other than bonds, will be returned (a) to the unsuccessful bidders as soon as practicable after the opening of proposals, and (b) to the successful bidder upon execution of such further contractual documents and bonds as may be required by the proposal as accepted.

7. SUBMISSION OF PROPOSALS. Proposals must be sealed, marked and addressed as directed in the Invitation To Bid. Failure to do so may result in a premature opening of, or a failure to open, such proposal.

8. LIST OF SUBCONTRACTORS. The Bidder shall submit with his Proposal a list of subcontractors for trades designated as provided on **form titled "Designated Subcontractors Form" in accordance with Article 5** of General Conditions.

9. LATE PROPOSALS AND MODIFICATIONS. (a) Proposals and modifications or withdrawals thereof received at the place designated in the Invitation To Bid after the exact time set for opening of proposals will not be considered unless, if submitted by mail, it is determined by the College that late receipt at the place of bid opening was caused solely by distribution delay within the College after receipt at the College's mail distribution center, provided that timely receipt is established upon examination of the time stamps of such installation. (b) The College reserves the right as deemed in its best interest to accept a late bid, if COLLEGE is provided within 48 hours of public opening, a letter from a commercial next day/air courier stating that the late delivery was due solely to their failure and that they had possession of the bid in time to meet the bid opening. (c) Hand-carried proposals must be received and time-stamped in at the place designated in the Invitation To Bid not later than the exact time set for opening of proposals. Late hand-carried bids will not be accepted. (d) A late bid modification which make the price and other terms of the otherwise successful bid more favorable to the Owner, and which under ordinary circumstances would have arrived on time, as herein described, will be considered at any time it is received.

10. WITHDRAWAL OF PROPOSAL. A bidder may withdraw his Proposal without prejudice to himself, not later than the date and time set for opening of bids, by communicating his purpose in writing to the Owner. His proposal will be returned to him unopened.

11. SIGNATURE ON PROPOSAL. The bidder must sign his Proposal correctly. If the Proposal is made by an individual, his name, post office address (including ZIP), and telephone number shall be shown. If made by a firm or partnership, the name and post office address of each member of the firm or partnership shall be shown. If made by a corporation, the person signing the Proposal shall show the name of the state under the laws of which the corporation was chartered, also the name and business address of its president, secretary and treasurer. The Proposal shall bear the seal of the corporation attested by the secretary. Anyone signing the Proposal as agent shall file with the Proposal legal evidence of his authority to do so.

12. BIDDER. "Bidder" means an individual, firm or corporation submitting a Proposal to the Owner for the work contemplated.

13. PUBLIC OPENING OF PROPOSALS. Proposals will be publicly opened at the time set for opening in the Invitation To Bid. At the appointed time and place, the Owner's representative will announce the close of bidding and commence with the public bid opening. Bidders are invited to attend the proceedings.

Pursuant to HB 7223/FS 119.071 the College will not be reading aloud the individual bid prices at the Public Opening and only open individual bids/proposals and announce who a bid/proposal was received from. The actual bid prices submitted will not be a public record until the date of posting (defined herein) or 30 days after bid opening (whichever is earlier) as defined in FS 119.071. The actual bid prices will be posted for a 72-hour period after the posting time and date on the College's Purchasing Department website located at www.fscj.edu/bids for the information of bidders and others interested, and those who may be present during the bid opening either in person or by representative.

14. QUALIFICATIONS OF BIDDER. In order to be qualified, bidders shall, prior to the time of submitting a bid, be qualified under appropriate local and state regulations or statutes to perform the work required and submit a copy of your current license with your bid. In particular (but not exclusively) bidders are referred to Chapter 489, Florida Statutes for specific qualification requirements. Before a bid is considered for award, the bidder may be requested by the College to submit a statement regarding his previous experience in performing comparable work, his business and technical organization, financial resources, and plan available to be used in performing the work.

15. AWARD OF CONTRACT. (a) Award of contract will be made to that responsible bidder whose proposal, conforming to the Invitation To Bid and all addenda plus specifications without exclusions, is most advantageous to the College, price and other factors considered. (b) Bids will be evaluated and award made on the basis of the Lump Sum Base Bid, or Lump Sum Base Bid plus or minus Alternate Additive or Deductive Bid Items in the order of priority within the funds available for award. BIDDERS MUST BID ALL ALTERNATE BID ITEMS IN ORDER TO BE ELIGIBLE FOR AWARD.

16. CONTRACT AND BONDS. The bidder whose proposal is accepted will, within the time established in the proposal, enter into a written contract with the Owner and, if required, furnish acceptable performance and payment bonds and a certificate of insurance on specified forms in the amounts indicated in the Invitation To Bid or the specifications. If the successful bidder, upon acceptance of his proposal by the Owner within the period specified therein for acceptance (thirty days if no period is specified) fails to execute such further contractual documents, if any, and give such acceptable bond(s) and insurance certificate as may be required by the terms of the proposal as accepted within the time specified, fails to execute such further contractual documents, if any, and give such acceptable bond(s) and insurance certificate as may be required by the terms of the proposal as accepted within the time specified (ten days if no period is specified) after receipt of the forms by him, his contract may be terminated for default. In such event he shall be liable for any cost of procuring the work which exceeds the amount of his proposal, and the proposal guarantee shall be available toward offsetting such difference.

No contract shall be considered binding upon the Owner until it has been properly executed.

17. RECORDING PERFORMANCE AND PAYMENT BONDS. Chapter 88-397, Laws of Florida, modifies FS255.05 (1) (a) to require any person entering into a formal contract for public work ... to record in the public records of the county where the improvement is located, the payment and performance bond furnished for the improvement. The recording office for projects in Duval County is the Duval County Unified Courthouse Facility located at 501 West Adams, Jacksonville, Florida 32202.

18. DISQUALIFICATION OF BIDDERS. No bidder shall submit more than one proposal, and reasonable grounds for believing that a bidder has an interest in more than one proposal for the same work will cause rejection of all proposals in which such bidder, or bidders, are believed to be interested. Any or all proposals will be rejected if there is reason to believe that collusion exists among the bidders and no participants in such collusion will be considered in future proposals for the same work.

19. FAMILIARITY WITH LAWS. The bidder is assumed to be familiar with all Federal, State and local laws, ordinances, rules and regulations that in any manner affect the work. Ignorance on the part of the bidder will in no way relieve him from responsibility.

20. FLORIDA PRODUCTS AND LABOR. The contractor's attention is called to Section 255.04, Florida Statutes, which require that on public building contracts, Florida products and labor shall be used wherever price and quality are equal.

21. SALES AND USE TAXES. Although the owner is not subject to the Florida Sales and Use Tax, any contractor who purchases materials which will be used in the construction of a state-owned building will not be exempted from the sales tax on these materials.

22. PRE-BID CONFERENCE. A non-mandatory pre-bid conference will be held as follows on: 11/6/14 @ 9:00 am, Cecil Center South -Bldg. K, ROOM K-135 located at 13450 Lake Fretwell Street, Jacksonville, FL 32221

23. EQUALITY AND SUBSTITUTIONS. Reference is made to paragraph 7.10.2 in the General Conditions. If the bidder proposes to furnish a 'different' product from that specified, he shall submit in writing two copies of detailed specifications and catalog cuts (with information copy to the COLLEGE Purchasing Office) clearly identified, and clearly stating the differences from the product specified, ten (10) days prior to the bid opening to the Architect (address below) for evaluation and approval to bid. Submittal of substitutions with a bid that has not been authorized by an ITB addenda issued will constitute the bid being considered non-responsive. The COLLEGE Executive Director, Purchasing and Auxiliary Services will issue an addendum at least seven (7) days prior to the bid opening date adding acceptable equivalent items to the bid items involved. The Owner and the Architect shall not be responsible for locating or securing any information which is not identified properly on the information supplied for evaluation of the proposed equivalent product.

Engineers: [Systech Fire Protection, LLC](#)

24. Proposals/bids submitted shall not include any closed proprietary architecture equipment systems. Responsive proposals/bids shall assure an open architecture (i.e. generic in nature) where parts available, maintenance and repair of said equipment/systems are not restricted to only the original equipment manufacturer. Bidders must disclose with their proposal/bid any closed architecture equipment/system for College evaluation/determination of responsiveness.

25. MINORITY PARTICIPATION. It is Florida State College at Jacksonville "Minority (MBE) Outreach Monitoring Policy" to encourage maximum solicitation (Invitation To Bid) and participation by minority firms in its construction contracts. To this end, minority and non-minority firms bidding as general contractors are encouraged to conduct similar outreach efforts in its subcontract processes as your efforts will be monitored by the College's District Board of Trustees. While the College does not

establish specific goals for minority "set-asides", it does have a 25% minority solicitation (Invitation To Bid) monitored goal with award being to the low bidder meeting specification. The form entitled "List of Subcontractors" page is required to be submitted by all bidders as part of the bid submission.

26. IDENTICAL OR TIE BIDS: The decision for the award of tie bids shall be made after a careful review of the circumstances surrounding the tie, with preference being given to State of Florida bidders, secondly to drug free State of Florida bidders, or finally by flip of coin, when all other factors are equal.

An entity or affiliate who has been placed on the discriminatory vendor list may not submit a bid on a contract to provide goods or services to a public entity, may not submit a bid on a contract with a public entity for the construction or repair of a public building or public work, may not submit bids on leases of real property to a public entity, may not award or perform work as a contractor, supplier, subcontractor, or consultant under contract with any public entity, and may not transact business with any public entity.

28. INSURANCE: Pursuant to Senate Bill 50A and FS Chapter 440: During the Contract term, the Contractor at its sole expense shall provide commercial insurance of such a type and with such terms and limits as may be reasonably associated with the Contract, which, at a minimum, shall be: as defined in Section #7 and #8 of the General Conditions, Attachment No. 6, titled "Supplemental Conditions."

Pursuant to Florida Statutes effective 1/1/2004 employers who have employees who are engaged in work in Florida must use Florida rates, rules and classifications for those employees. In the construction industry, only corporate officers of a corporation or any group affiliated corporations may elect to be exempt from workers' compensation coverage requirements. Such exemptions are limited to a maximum of three per corporation and each exemption holder must own at least 10% of the corporation. General Instructions
Section references are to the Internal Revenue Code unless otherwise noted.

Purpose of Form
A person who is required to file an information return with the IRS must obtain your correct taxpayer identification number (TIN) to report, for example, income paid to you, real estate transactions, mortgage interest you paid, acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA.

Use Form W-9 only if you are a U.S. person (including a resident alien), to provide your correct TIN to the person requesting it (the requester) and, when applicable, to:

1. Certify that the TIN you are giving is correct (or you are waiting for a number to be issued),
2. Certify that you are not subject to backup withholding, or
3. Claim exemption from backup withholding if you are a U.S. exempt payee. If applicable, you are also certifying that as a U.S. person, your allocable share of any partnership income from a U.S. trade or business is not subject to the withholding tax on foreign partners' share of effectively connected income.

Note. If a requester gives you a form other than Form W-9 to request your TIN, you must use the requester's form if it is substantially similar to this Form W-9.

Definition of a U.S. person. For federal tax purposes, you are considered a U.S. person if you are:

- An individual who is a U.S. citizen or U.S. resident alien,
- A partnership, corporation, company, or association created or organized in the United States or under the laws of the United States,
- An estate (other than a foreign estate), or
- A domestic trust (as defined in Regulations section 301.7701-7).

Special rules for partnerships. Partnerships that conduct a trade or business in the United States are generally required to pay a withholding tax on any foreign partners' share of income from such business. Further, in certain cases where a Form W-9 has not been received, a partnership is required to presume that a partner is a foreign person, and pay the withholding tax. Therefore, if you are a U.S. person that is a partner in a partnership conducting a trade or business in the United States, provide Form W-9 to the partnership to establish your U.S. status and avoid withholding on your share of partnership income.

Specific Instructions

Name.—If you are an individual, you must generally enter the name shown on your social security card. However, if you have changed your last name, for instance, due to marriage, without informing the Social Security Administration of the name change, enter your first name, the last name shown on your social security card, and your new last name.

If the account is in joint names, list first and then circle the name of the person or entity whose number you enter in Part I of the form.

Sole Proprietor.—You must enter your individual name as shown on your social security card. You may enter your business, trade, or "doing business as" name on the business name line.

Other Entities.—Enter the business name as shown on required Federal tax documents. This name should match the name shown on the charter or other legal document creating the entity. You may enter any business, trade, or "doing business as" name on the business name line.

Part I—Taxpayer Identification Number (TIN)

You must enter your TIN in the appropriate box. If you are a resident alien and you do not have and are not eligible to get an SSN, your TIN is your IRS individual taxpayer identification number (ITIN). Enter it in the social security number box. If you do not have an ITIN, see **How To Get a TIN** below.

If you are a sole proprietor and you have an EIN, you may enter either your SSN or EIN. However, using your EIN may result in unnecessary notices to the requester.

Note: See the chart on this page for further clarification of name and TIN combinations.

How To Get a TIN.—If you do not have a TIN, apply for one immediately. To apply for an SSN, get **Form SS-5** from your local Social Security Administration office. Get **Form W-7** to apply for an ITIN or **Form SS-4** to apply for an EIN. You can get Forms W-7 and SS-4 from the IRS by calling 1-800-TAX-FORM (1-800-829-3676).

If you do not have a TIN, write "Applied For" in the space for the TIN, sign and date the form, and give it to the requester. For interest and dividend payments, and certain payments made with respect to readily tradable instruments, you will generally have 60 days to get a TIN and give it to the requester. Other payments are subject to backup withholding.

Note: Writing "Applied For" means that you have already applied for a TIN OR that you intend to apply for one soon.

Part II—For Payees Exempt From Backup Withholding

Individuals (including sole proprietors) are not exempt from backup withholding. Corporations are exempt from backup withholding for certain payments, such as interest and dividends. For more information on exempt payees, see the separate Instructions for the Requester of Form W-9.

If you are exempt from backup withholding, you should still complete this form to avoid possible erroneous backup withholding. Enter your correct TIN in Part I, write "Exempt" in Part II, and sign and date the form.

If you are a nonresident alien or a foreign entity not subject to backup withholding, give the requester a completed **Form W-8**, Certificate of Foreign Status.

Part III—Certification

For a joint account, only the person whose TIN is shown in Part I should sign (when required).

1. Interest, Dividend, and Barter Exchange Accounts Opened Before 1984 and Broker Accounts Considered Active During 1983. You must give your correct TIN, but you do not have to sign the certification.

2. Interest, Dividend, Broker, and Barter Exchange Accounts Opened After 1983 and Broker Accounts Considered Inactive During 1983. You must sign the certification or backup withholding will apply. If you are subject to backup withholding and you are merely providing your correct TIN to the requester, you must cross out item 2 in the certification before signing the form.

3. Real Estate Transactions. You must sign the certification. You may cross out item 2 of the certification.

4. Other Payments. You must give your correct TIN, but you do not have to sign the certification unless you have been notified that you have previously given an incorrect TIN. "Other payments" include payments made in the course of the requester's trade or business for rents, royalties, goods (other than bills for merchandise), medical and health care services (including payments to corporations), payments to a nonemployee for services (including attorney and accounting fees), and payments to certain fishing boat crew members.

5. Mortgage Interest Paid by You, Acquisition or Abandonment of Secured Property, Cancellation of Debt, or IRA Contributions. You must give your correct TIN, but you do not have to sign the certification.

Privacy Act Notice

Section 6109 of the Internal Revenue Code requires you to give your correct TIN to persons who must file information returns with the IRS to report interest, dividends,

and certain other income paid to you, mortgage interest you paid, the acquisition or abandonment of secured property, cancellation of debt, or contributions you made to an IRA. The IRS uses the numbers for identification purposes and to help verify the accuracy of your tax return. The IRS may also provide this information to the Department of Justice for civil and criminal litigation and to cities, states, and the District of Columbia to carry out their tax laws.

You must provide your TIN whether or not you are required to file a tax return. Payers must generally withhold 31% of taxable interest, dividend, and certain other payments to a payee who does not give a TIN to a payer. Certain penalties may also apply.

MATERIAL SUPPLIES AND EQUIPMENT - OWNER'S SALES TAX EXEMPTIONS

Florida State College at Jacksonville is a political subdivision of the State of Florida and is a Tax Exempt Institution. As such it is exempt from the payment of Sales and Use Tax on purchases of tangible property, materials, etc., necessary for the performance of Work under construction contracts, provided the College determines it is to its best interest to do so and provided the purchase of such properties, materials, etc., are handled in the manner hereinafter described.

If the Owner exercises his right to purchase directly various construction materials, supplies and equipment that may be a part of this contract, then the Contractor will coordinate Direct Purchasing for the Owner. The Owner will, via his purchase orders, purchase the materials, and each Subcontractor shall assist the Owner and Contractor in the preparation of purchase orders.

The contract/subcontract amount shall be reduced by the net, undiscounted amount of the purchase orders, plus all sales taxes. Issuance of the purchase orders by the Owner shall not relieve the Contractor/Subcontractor of any of his responsibilities regarding material purchases, or installation, with the exception of the payments for the materials so purchased. Contractor shall remain fully responsible for coordination, correct quantities ordered, submittal, protection, storage, scheduling, shipping, security, expediting, receiving, installation, cleaning and all applicable warranties.

The material supplier may be required to provide a supply bond in the amount of 100% of the purchase order price. The bond shall be from a qualified surety company authorized to do business in the State of Florida and acceptable to the Owner and the Contractor. If the supply bond is required, the cost of the bond will be added to the amount of the purchase order. The premium cost for this supply bond should not be included in the bid price. Verifying that a designated material supplier can furnish a supply bond (if required) will be the responsibility of the Contractor.

GENERAL DESCRIPTION AND PROVISIONS

1. Summary: In connection with this subcontract, Florida State College at Jacksonville reserves the option to enter into an agreement with the contractor to purchase all, or a portion of the tangible personal property necessary for the performance of the Contract, and thereby to save the amount of the sales tax thereon by virtue of the College's status as a Tax Exempt Institution.

2. Base Bid: The Base Bid (and all Alternate Bids) submitted on the bid form WILL INCLUDE the COST of all required taxes, including sales and use tax.

3. Bids: The Contractor shall submit his bid for Base Bid and bids for each Alternate with the inclusion of all required taxes including sales and use tax, the same as if tax were to be paid in the normal manner. The sales and use tax savings will be affected during the performance of the construction contract.

4. Administrative Costs: Any and all administrative costs incurred by the Contractor's administering the purchase in the name of the Owner shall be considered to be included in the Base bid for the Work. No addition shall be added to the contract amount because of the service provided by Contractor in the purchase of property, materials, etc., in the name of the Owner.

5. Administration: The administration of the sales and use tax savings will be in accordance with the Tax Agreement (Attachment "A") and forms bound herein and the procedure will be administered through the Contractor by the Purchasing Department, Florida State College at Jacksonville. Under the agreement, the Contractor will be responsible to submit to the Owner duly authorized requisitions from which the Owner will purchase necessary construction material for this project. The owner will issue and approve said Purchase Orders and render payment directly to vendors and materials suppliers, on behalf of the contractor.

Such certification by the Architect does not in any way relieve the Contractor of his final responsibility for conformity with plans and specifications.

2.2.6 The Architect will be the interpreter of the requirements of the Contract Documents and the judge of the performance thereunder by the Contractor. The Architect will, within a reasonable time, render such interpretations as he may deem necessary for the proper execution and progress of the Work.

The failure to demand arbitration within said thirty days period will result in the Architect's decision becoming final and binding upon the Contractor. If a decision is rendered after arbitration proceedings have been initiated, such decision may be entered as evidence but will not supersede any arbitration proceedings unless the decision is acceptable to the parties concerned.

2.2.12 The Architect will have authority to reject Work which does not conform to the Contract Documents or has been damaged prior to approval of final payment. Whenever, in his reasonable opinion, he considers it necessary or advisable to insure the proper implementation of the intent of the Contract Documents, he will have authority to require special inspection or testing of the Work in accordance with Subparagraph 7.8.2 whether or not such Work be then fabricated, installed or completed. However, neither his authority to act under this Subparagraph 2.2.12, nor any decision made by him in good faith either to exercise or not to exercise such authority, shall give rise to any duty or responsibility of the Architect to the Contractor, any Subcontractor, any of their agents or employees, or any other person performing any of the work.

2.2.13 The Architect will review Shop Drawings and Samples as provided in Paragraph 4.13.

2.2.14 The Architect will prepare change orders in accordance with Article 12.

4.13.10 Appropriate catalogue cuts may be submitted for approval by the Contractor where applicable.

4.13.11 The Architect's approval of Shop Drawings or Samples shall not relieve the Contractor of responsibility for any deviation from the requirements of the Contract Documents unless the Contractor has informed the Architect in writing of such deviation at the submission and the Architect has given written approval to the specific deviation, nor shall the Architect's approval relieve the Contractor from responsibility for errors or omissions in the Shop Drawings or Samples.

4.13.12 No portion of the Work requiring a Shop Drawing or sample submission shall be commenced until the submission has been approved by the Architect unless the Architect specifically in writing cancels this requirement.

4.14 USE OF SITE

Such obligations shall not be construed to negate, abridge, or otherwise reduce any other right or obligation of indemnity which would otherwise exist as to any party or person described in this Paragraph 4.17.

4.17.2 In any and all claims against the Owners or the Architect or any of their agents or employees by any employee of the Contractor, any Subcontractor, anyone directly or indirectly employed by any of them or anyone for whose acts any of them may be liable, the indemnification obligation under this Paragraph 4.17 shall not be limited in any way by any limitation on the amount or type of damages, compensation or benefits payable by or for the Contractor or any Subcontractor under workers' or workmen's compensation acts, disability benefit acts or other employee benefit acts.

4.17.3 The obligations of the Contractor under this Paragraph 4.17 shall not extend to the liability of the Architect, his Agent or employees, arising out of (1) the preparation or approval of maps, drawings, opinions, reports, surveys, change orders, designs or specifications, or (2) the giving of or the failure to give directions or instructions by the Architect, his Agents or employees provided such giving or failure to give is the primary cause of the injury or damage.

4.18 **CLEANING UP**

4.18.1 The Contractor at all times shall keep the premises free from accumulation of waste materials or rubbish caused by his operations. At the completion of the Work he shall remove all his waste materials and rubbish from and about the Project as well as all his tools, construction equipment, machinery and surplus materials, and shall clean all glass surfaces and leave the Work "broom clean" or its equivalent, except as otherwise specified.

4.18.2 If the Contractor fails to clean up, the Owner may do so and the cost thereof shall be charged to the Contractor as provided in Paragraph 3.4.

4.18.3 If a dispute arises between the separate contractors as to their responsibility for cleaning up as required by paragraph 4.18.1, the Owner may clean up and charge the cost thereof to the several contractors as the Architect may determine to be just.

5.1.3 Nothing contained in the Contract Documents shall create any contractual relation between the Owner or the Architect and any Subcontractor or Sub-subcontractor.

5.1.4 The Owner retains the right and privilege to reject any Subcontractor or Sub-subcontractor and further retains the right and privilege to approve any and all Subcontractors or Sub-subcontractors.

5.2 AWARD OF SUBCONTRACTS AND OTHER CONTRACTS FOR PORTIONS OF THE WORK

5.2.1 The Supplementary Conditions include a requirement for the identification of specified Subcontractors.

5.2.2 The Contractor shall not make any substitution for any Subcontractor or person or organization who has been accepted by the Owner and the Architect, unless the substitution is acceptable to the Owner and the Architect (per Florida Statute 255.0515).

5.3 SUBCONTRACTUAL RELATIONS

5.3.1 All work performed for the Contractor by a Subcontractor shall be pursuant to an appropriate agreement between the Contractor and the Subcontractor (and where appropriate between Subcontractor and Sub-subcontractors) which shall contain provisions that:

5.3.1.1 preserve and protect the rights of the Owner and the Architect under the Contract with respect to the Work to be performed under the subcontract so that the subcontracting thereof will not prejudice such rights;

5.3.1.2 require that such work be performed in accordance with the requirements of the Contract Documents;

5.3.1.3 required submission to the Contractor of applications for payment under each subcontract to which the Contractor is a party, in reasonable time to enable the Contractor to apply for payment in accordance with Article 9;

5.4 PAYMENT TO SUBCONTRACTORS

5.4.1 The Contractor shall pay each Subcontractor, upon receipt of payment from the Owner, an amount equal to the percentage of completion allowed to the Contractor on account of such Subcontractor's Work, less the percentage retained from payment to the Contractor. The Contractor shall also require each Subcontractor to make similar payment to his Sub-subcontractors.

5.4.2 If the Architect fails to issue a Certificate for Payment for any cause which is the fault of the Contractor and not the fault of a particular Subcontractor, the Contractor shall pay the Subcontractor on demand, made at any time after the Certificate for Payment should otherwise have been issued, for his Work to the extent completed, less the retained percentage.

5.4.3 The Contractor shall pay each Subcontractor a just share of any insurance monies received by the Contractor under Article 2, and he shall require each Subcontractor to make similar payment to his Sub-subcontractors.

5.4.4 The Architect may, on request and at his discretion, furnish to any Subcontractor, if practicable, information regarding percentage of completion certified to the Contractor on account of Work done by such Subcontractors.

5.4.5 Neither the Owner nor the Architect shall have any obligation to pay or to see to the payment of any monies to any Subcontractor except as may otherwise be required by law.

The Subcontractor shall include a partial release of lien and all appropriate warranties and closeout documentation with this final payment invoice to the Contractor. The Contractor must include this subcontractor payment request in the next Application for Payment in the pay application cycle to the Architect following the receipt of the subcontractor payment request, if deemed to be complete and in compliance with this section. The owner shall process the payment request within 20 days of receipt of the Certificate for Payment from the Architect, and shall include payment of the retainage, less the value of any contested item, in its next payment to the Contractor. When a Contractor receives payment from the Owner for labor, services, or materials furnished by subcontractors and suppliers hired by the Contractor, the Contractor shall remit payment due to those subcontractors and suppliers, less the value of any item contested in accordance with the terms and conditions of the construction Contract, within ten (10) days after the Contractor's receipt of payment.

When the Contractor receives payment from the Owner for labor, services, or materials furnished by subcontractors and suppliers hired by the Contractor for the project, the Contractor shall remit payment due to those subcontractors and suppliers, less the value of any item contested in accordance with the Contract, within 10 days after the Contractor's receipt of payment from the Owner. This provision shall not be construed to create a contractual relationship of any kind (1) between the Architect and Contractor, (2) between the Owner and Subcontractor of Sub-subcontractor (et al.), (3) between the Owner and Architect or (4) between any persons or entities other than the Owner and Contractor.

ARTICLE 6.00

SEPARATE CONTRACTS

6.1 OWNER'S RIGHT TO AWARD SEPARATE CONTRACTS

6.1.1 Prior to and during the progress of the Work, the Owner reserves the right to award other contracts relating to the Project or in connection with other work within the boundaries of the Project.

6.1.2 When separate contracts are awarded for different portions of the Project, "the Contractor" in the Contract Documents in each case shall be the contractor who signs each separate contract.

6.2 MUTUAL RESPONSIBILITY OF CONTRACTORS

6.2.1 The Architect shall coordinate the Work of the Contractor with that of other Contractors on the site. The Contractor shall cooperate fully with the Architect in this activity and shall afford other Contractors reasonable opportunity for the introduction and storage of their materials and equipment and the execution of their Work, and shall properly connect and coordinate his Work with theirs.

6.2.2 If the project will be constructed using phased design and construction methods, the Work of the Contractor will depend upon proper execution and results of the Work of another Contractor.

The Contractor shall inspect and promptly report to the Architect any apparent discrepancies or defects in such Work that render it unsuitable for such proper execution and results. Failure of the Contractor to inspect and report shall constitute an acceptance of the other Contractor's Work as fit and proper to receive his Work, except as to defects which may develop in the other separate Contractor's Work after the execution of the Contractor's Work.

6.2.3 Should the Contractor cause damage to the Work or property of any separate Contractor on the Project, the Contractor shall, upon due notice, settle with such other Contractor by agreement or arbitration, if he will so settle. If such separate Contractor sues the Owner or initiates an arbitration proceeding on account of any damage alleged to have been so sustained, the Owner shall notify the Contractor who shall defend such proceedings, and if any judgment or award against the Owner arises therefrom the Contractor shall pay or satisfy it and shall reimburse the Owner for all attorney's fees and court or arbitration costs which the Owner has incurred.

7.5 **PERFORMANCE BOND AND LABOR AND MATERIAL PAYMENT BOND**

7.5.1 Performance Bond and Labor and Material Payment Bond, in the penal sum of not less than 100 percent of the Contract amount, with a Surety Company satisfactory to the Owner and licensed to conduct business in the State of Florida, will be required of the Contractor for any resulting contract in excess of \$200,000 guaranteeing that the Contract, including the various guarantee periods thereunder, will be faithfully performed; and that the Contractor will promptly make payment to all persons supplying him labor, materials, supplies and services used directly or indirectly by the Contractor in the prosecution of the Work provided for in the Contract. The Bonds, along with the appropriate power of attorney, shall be delivered to the Owner simultaneously with Contractor's execution of the Agreement. The Bonds shall extend as a Guarantee Bond for one (1) year after acceptance of the Project.

7.5.2 In the event that Surety Company becomes bankrupt, insolvent or unsatisfactory to the Owner, the Contractor shall substitute additional or new Bonds in the same or lesser penal sum, satisfactory to the Owner and to be conditioned as above required. Upon the Contractor's failure to furnish such additional or new Bonds within five (5) days from the date of written notice to do so, all payments under this Contract shall be withheld until such additional Bonds are furnished.

7.5.3 The Bonds required in Paragraphs 7.5.1 and 7.5.2 shall be executed on AIA Form A311, and, prior to delivery to the Owner, shall be recorded in the public records of the county where the work is to be performed pursuant to FS 255.05(1)(a).

7.6 **RIGHTS AND REMEDIES**

7.6.1 The duties and obligations imposed by the Contract Documents and the rights and remedies available thereunder shall be in addition to and not a limitation of any duties, obligations, rights and remedies otherwise imposed or available by law.

7.7 **ROYALTIES AND PATENTS**

The Contractor shall bear all costs of such inspections, tests, and approvals unless otherwise provided.

7.8.2 If after the commencement of the Work the Architect determines that any Work requires special inspection, testing, or approval which subparagraph 7.8.1 does not include, he will, upon written authorization from the Owner instruct the Contractor to order such special inspection, testing or approval, and the Contractor shall give notice as in subparagraph 7.8.1. If such special inspection or testing reveals a failure of the Work to comply (1) with the requirements of the Contract Documents or (2), with respect to the performance of the Work, with laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, the Contractor shall bear all costs thereof, including the Architect's additional services made necessary by such failure; otherwise the Owner shall bear such costs and an appropriate Change Order shall be issued.

7.8.3 Required certificates of inspection, testing or approval shall be secured by the Contractor and promptly delivered by him to the Architect.

7.8.4 If the Architect wishes to observe the inspections, tests or approval required by this Paragraph 7.8 he will do so promptly and, where practicable, at the source of supply.

7.8.5 Neither the observations of the Architect in his administration of the Construction Contract, nor inspections, tests or approvals by persons other than the Contractor shall relieve the Contractor from his obligations to perform the Work in accordance with the Contract Documents.

7.9 **ARBITRATION**

7.9.1 Any controversy between the Owner and the Contractor arising out of or relating to this Agreement or the Breach thereof shall be settled by arbitration. The parties agree that there shall be three (3) Arbitrators to determine such controversy, one of whom is to be selected by the Owner, the second by the Contractor, and the third by the two (2) Arbitrators so selected. The award entered by the arbitrators shall be final, and judgment may be entered in accordance with Florida Statutes by rule of court in any court having jurisdiction thereof.

7.10 **EQUALITY AND SUBSTITUTIONS**

7.10.1 In general, the preparation of the Drawings and Specifications has been based upon sizes, loads, and requirements of specific items of materials or equipment and, as such, it is the basis of bidding without exception. Therefore, all substitutions must be in accordance with the following provision:

7.10.2 In all instances where a particular system, product, or material is identified by one or more brand or trade names, one of such systems, products or materials, at the option of the bidder, shall be considered as the basis for bidding. Should a bidder wish to propose an equivalent system, product or material of a different manufacturer, he should submit a request, accompanied by substantiating technical data to the Architect at least ten (10) days prior to the date set for receipt of bids. If the proposed equivalent is acceptable to the Architect such will be acknowledged in an Addendum. If an addendum is not issued, bids submitted shall be in strict adherence to the specifications

7.11 **PRECONSTRUCTION CONFERENCE**

7.11.1 Before starting any construction work on the project, a conference including the Architect will be held at a place as designated by the Owner and coordinating with the Architect for the purpose of verifying general procedures, expediting and handling of Shop Drawings and Schedules and to establish a working understanding between the parties concerned with this project. Present at the conference shall be a responsible representative of the Contractor, the Contractor's Job Superintendent and representatives of the Architect and Owner. 9.4 CERTIFICATES FOR PAYMENT

9.4.1 If the Contractor has made Application for Payment as above, the Architect will, with reasonable promptness but not more than seven days after the receipt of the Application, issue a Certificate for Payment to the Owner, with a copy to the Contractor, for such amount as he determines to be properly due, or state in writing his reasons for withholding a Certificate as provided in Subparagraph 9.5.1.

9.4.2 The issuance of a Certificate for Payment will constitute a representation by the Architect to the Owner, based on his observations at the site as provided in Subparagraph 2.2.4 and the data comprising the Application for Payment, that the Work has progressed to the point indicated; that, to the best of his knowledge, information and belief, the quality of the Work is in accordance with the Contract Documents (subject to an evaluation of the Work for conformity with the Contract Documents Substantial Completion, to the results of any subsequent tests required by the Contract Documents correctable prior to completion, and to any specific qualifications stated in his Certificate); and that the Contractor is entitled to payment in the amount certified. In addition, the final Certificate for Payment will constitute a further representation the conditions precedent to the Contractor's being entitled to final payment as set forth in Subparagraph 9.7.2 have been fulfilled. However, by issuing a Certificate for Payment, the Architect shall not thereby be deemed to represent that he has made any examination to ascertain how or for what purpose the Contractor has used the monies previously paid on account of the Contract Sum.

9.4.3 After the Architect has issued a Certificate for Payment, the Owner shall make payment in the manner provided in the Agreement.

9.4.4 No certificate for a progress payment, nor any progress payment, nor any partial or entire use or occupancy of the Project by the Owner, shall constitute an acceptance of any Work not in accordance with the Contract Documents.

9.5 PAYMENTS WITHHELD

9.5.1 The Architect may decline to approve an Application for Payment and may hold his Certificate in whole or in part, to the extent necessary reasonably to protect the Owner, if in his opinion he is unable to make representations to the Owner as provide in Subparagraph 9.4.2. The Architect may also decline to approve any Applications for Payment, or, because of subsequently discovered evidence or subsequent inspections, he may nullify the whole or any part of any Certificate for Payment previously issued, to such extent as may be necessary in his opinion to protect the Owner from loss because of:

9.5.1.1 defective Work not remedied or completed Work that has been damaged requiring correction or replacement,

9.5.1.2 third party claims have been filed or there is reasonable cause to believe such will be filed,

9.5.1.3 reasonable evidence of the failure of the Contractor to make payments properly to Subcontractors for labor, materials or equipment,

9.5.1.4 reasonable doubt that the Work can be completed for the unpaid balance of the Contract Sum,

9.5.1.5 damage to another contractor,

9.5.1.6 reasonable indication that the Work will not be completed within the Contract Time, (withholding sufficient funds to cover the anticipated assessment of liquidated damages), or

9.5.1.7 unsatisfactory prosecution of the Work including failure to furnish acceptable submittals and adhere to the provision of the Special Conditions appended hereto.

9.5.2 When the above grounds in Subparagraph 9.5.1 are removed, payment shall be made for amounts withheld because of them.

9.6 SUBSTANTIAL COMPLETION

9.6.1 When the Contractor determines that the Work or a designated portion thereof acceptable to the Owner is substantially complete, the Contractor shall give written notice of such to the Architect. When the Architect determines by an inspection that the Work is substantially complete, he will then prepare a Certificate of Substantial Completion which shall establish the Date of Substantial Completion; shall state the responsibilities of the Owner and the Contractor for maintenance, heat, utilities, and insurance, and shall fix the time within which the Contractor shall complete any remaining work shown therein. The Certificate of Substantial Completion shall be submitted to the Owner and the Contractor for their written acceptance of the responsibilities assigned to them in such certificate.

9.6.2 The Contractor shall cooperate with the Owner if it is the Owner's desire to occupy a substantially completed structure or portion of a structure. When such occupancy takes place the applicable warranty periods for the occupied portion shall be as provided in the Certificate of Substantial Completion.

9.6.3 The assessment of liquidated damages, if any, shall terminate on the Date of Substantial Completion.

9.7 FINAL PAYMENT

9.7.1 Upon receipt of written notice from the Contractor that the Work is complete and ready for final inspection and acceptance, the Architect will make a final inspection and will notify the Contractor in writing of all particulars in which this inspection reveals the work to be incomplete or defective. The Contractor shall immediately take such measures as are necessary to remedy such deficiencies.

9.7.2 After the Contractor has corrected all deficiencies and delivered all Maintenance and Operating Instructions, Record Drawings, Guarantees, Bonds, Certificates of Inspection and other documents - all as required by the Contract Documents, he may make Application for Final Payment following the procedure for progress payments. The Application for Final Payment must be accompanied, in addition to the supporting data and schedules submitted with progress payments, by submittals as follows: (a) An Affidavit, sufficient to establish compliance with the

provisions of the Mechanics Lien Law (Chapter 713 - Florida Statutes), stating, if that be the fact, that all lienors have been paid in full, or if the fact be otherwise, showing the name of each lienor who has not been paid in full and the amount scheduled to become due each for labor, services, or materials furnished; (b) Consent of surety, if any, to final payment; and (c) If required by the Owner, other data establishing payment or satisfaction of all obligations, such as receipts, releases, and waivers of liens arising out of the Contract to the extent and in such form as designated by the Owner. If any Subcontractor, material man, fabricator or supplier fails or refuses to furnish a release or waiver in full the Contractor will furnish a Bond or other collateral satisfactory to the Owner to indemnify him against any lien. If any lien remains unsatisfied after all payments are made, the Contractor shall refund to the Owner all monies that the latter may be compelled to pay in discharging such lien, including all costs and reasonable attorneys' fees.

9.7.3 If, on the basis of his observation and review of the Work during construction, his final inspection, and his review of the final Application for Payment - all as required by the Contract Documents, The Architect is satisfied that the Work has been completed and the Contractor has fulfilled all his obligations under the Contract Documents, he will within ten (10) days after receipt of the final Application for Payment, indicate in writing his approval thereof and issue a final Certificate of Payment to the Owner. Thereupon the Architect will give written notice to the Owner and the Contractor that the work is acceptable subject to the provisions of Paragraph "Waiver of Claims". Otherwise he will return the application to the Contractor, indicating in writing his reasons for refusing to approve final payment, in which case the Contractor will make the necessary corrections and resubmit the application. The Owner will within thirty (30) days after receipt by him of both an approved final Certificate of Payment from the Architect and an approved Certificate of Final Inspection by the Florida Department of Education pay the Contractor the full amount of the Contract Sum, less the aggregate of all previous payments and any assessment of liquidated damages.

9.7.4 The making of final payment shall constitute a waiver of all claims by the Owner except those arising from:

9.7.4.1 unsettled claims,

9.7.4.2 faulty or defective Work appearing after Substantial Completion,

9.7.4.3 failure of the Work to comply with the requirements of the Contract Documents, or

9.7.4.4 terms of any special guarantees required by the Contract Documents.

9.7.5 The acceptance of final payment shall constitute a waiver of all claims by the Contractor except those previously made in writing and still unsettled.

9.8 **MISCELLANEOUS PROVISIONS**

9.8.1 Unless otherwise provided or agreed upon, the amount certified for payment on each certificate, except the final payment certificate, shall ninety percent (90%) of the amount approved under Article 9.4.2 less previous amounts certified for payment until 50-percent completion has been achieved substantial completion.

9.8.11 At substantial completion, ninety five percent (95%) of the amount certified for payment on each certificate, with retainage reduced to five percent (5%) upon request with proper documentation.

9.8.2 Certificate for Payment shall be on the prescribed form as provided in Attachment Three (3).

9.8.3 Pursuant to paragraph 9.7.3, and for the purpose of obtaining final payment, the Contractor shall execute and submit the Contractor's Affidavit to Owner on Attachment Four (4) to these General Conditions.

10.2.1.1 all employees on the Work and all other persons who may be affected thereby;

10.2.1.2 all the Work and all materials and equipment to be incorporated therein, whether in storage on or off the site, under the care, custody or control of the Contractor or any of his Subcontractors or Sub-subcontractors and;

10.2.3 When the use or storage of explosives or other hazardous materials or equipment is necessary for the execution of the Work, the Contractor shall exercise the utmost care and shall carry on such activities under the supervision of properly qualified personnel.

10.2.4 All damage or loss to any property referred to in Clauses 10.2.1.2 and 10.2.1.3 caused in whole or in part by the Contractor, any Subcontractor, any Sub-subcontractor, or anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable, shall be remedied by the Contractor, except damage or loss attributable to faulty Drawings or Specification or to the acts or omissions of the Owner or Architect or anyone employed by either of them or for whose acts either of them may be liable, and not attributable to the fault or negligence of the Contractor.

CHANGES IN THE WORK

12.1 **CHANGE ORDERS**

12.1.1 The Owner, without invalidating the Contract and without notice to the sureties, may order Changes in the Work within the General scope of the Contract consisting of additions, deletions or other revisions, the Contract Sum and the Contract Time being adjusted accordingly. All such Changes in the Work shall be authorized by Change Order, and shall be executed under the applicable conditions of the Contract Documents.

12.1.2 A Change Order is a written order to the Contractor signed by the Owner and the Architect, issued after the execution of the Contract, authorizing a Change in the Work or an adjustment in the Contract Sum or the Contract Time. A Change Order will also be signed by the Contractor if he agrees to the adjustment on the Contract Sum or the Contract Time. The Contract Sum and the Contract Time may be changed only by Change Order.

12.1.3 The cost or credit to the Owner resulting from a Change in the Work shall be determined in one or more of the following ways:

12.1.3.1 by mutual acceptance of a lump sum properly itemized;

12.1.3.2 by unit prices stated in the Contract Documents or subsequently agreed upon; or

12.1.3.3 by cost and a mutually acceptable fixed or percentage fee.

12.1.4 If none of the methods set forth in 12.1.3 is agreed upon and the Owner and Architect deem it necessary that the added work in question be performed without delay, the Contractor shall promptly proceed with the added work in question. The cost of such Work shall then be determined by the Architect on the basis of the Contractor's reasonable expenditures and savings, including, in the case of an increase in the Contract Sum, a reasonable allowance for overhead and profit. In such case, and also under Clause 12.1.3.3 above the Contractor shall keep and present in such form as the Architect may prescribe, an itemized accounting together with appropriate supporting data. Pending final determination of cost to the Owner, payments on account shall be made on Certificate for Payment approved by the Architect. The amount of credit to be allowed by the Contractor to the Owner for any deletion or change which results in a net decrease in cost will be the amount of the

actual net decrease as confirmed by the Architect. When both additions and credits are involved in any one change, the allowance for overhead and profit shall be figured on the basis of net amount, if any. Change Orders extending Contract Time for completion will not automatically entitle the Contractor to increased costs for overhead during the extended period unless specifically allowed in the Change Order.

12.1.5 If the Architect, the Owner and the Contractor agree that the unit costs set forth in the Contract Documents are not applicable to the quantities of added work in question, they shall not be utilized.

12.1.6 If the Contractor claims that additional cost is involved because of (1) any written interpretation issued pursuant to Subparagraph 1.2.8, (2) any order by the Owner to stop the Work pursuant to Paragraph 3.3 where the Contractor was not at fault, or (3) any written order for a minor change in the Work issued pursuant to Paragraph 12.3, the Contractor shall make such claim as provided in Paragraph 12.2.

12.1.7 When the amount of cost or credit is to be based on mutual acceptance of a lump sum (Clause 12.1.3.1), whether such an amount is an extra, a credit, or no-change-in-contract price, the Contractor shall submit a change order estimate on forms furnished by the Owner which shall be substantiated by a complete itemized breakdown (including breakdowns from each Subcontractor on the same form) showing all direct costs for the change or changes in the Work. The breakdown shall list quantities and unit prices for materials, labor, equipment and other items of cost when the amount of cost is to be based on actual direct cost plus overhead and profit (Clause 12.1.3.3). The Contractor shall submit receipts or other evidence as the Architect may direct, showing actual direct costs and his right to the payment claimed.

12.1.8 The following factors shall be applicable to all methods of arriving at extra or credit for Change Orders except where unit prices (Clause 12.1.3.2) are stated in the Contract Documents:

12.1.8.1 for all Work done by his own organization, the Contractor may add ten percent (10%) of his net increase in direct costs for combined overhead and profit;

12.1.8.2 for all change order Work done by Subcontract, the contractor may add ten percent (10%) of the net increase in direct costs for combined overhead and profit above Subcontractor's direct cost for his overhead and profit (as defined herein).

12.1.8.3 where changes involve the Contractor and one or more Subcontractors, the breakdown shall itemize the above percentages separately, by use of individual change order estimate forms;

12.1.8.4 overhead and profit percentages will be deducted on items which have a net decrease;

12.1.8.5 when both additions and deductions are involved in any one item, the overhead and profit shall apply to the net amount, if any;

12.1.8.6 subcontractor direct costs shall include labor, materials, Worker's Compensation, taxes, health and retirement benefits, social security, and the expense of work performed after regular working hours to the extent authorized by the Owner;

12.1.8.7 contractor supervision, clean-up services, insurance, contractor incremental performance and payment bond cost, proportionate necessary transportation, traveling and subsistence expenses of Contractor's employees incurred for the Project; materials, supplies and temporary facilities, including Project office expenses; equipment rental by agreement approved by Owner with advice of Architect, including transportation and unloading; telegrams, postage, telephone service at the site and other normal overhead expenses as approved by Owner shall be included in the Contractor's 10% compensation for overhead and profit. Contractor is authorized on change orders to submit for reimbursement incremental pre-approved

dumpster rental at cost. Contractor is not authorized to invoice the College for subcontractor performance and payment bond cost as Florida statutes only require the contractor to bond the College for work > \$200,000.00

12.1.9 The above added percentages are defined to include all overhead and additional costs resulting from the change in scope of work including any time extensions.

12.1.10 Notwithstanding any other provisions of this Contract it is mutually understood that the time extensions for changes in the work will depend upon the extent, if any, by which the changes cause delay in the completion of the various element of construction. The change order granting the time extension may provide that the contract completion date will be extended only for those specific elements so delayed and that the remaining contract completion dates for all other portions of the work will not be altered and may further provide for an equitable readjustment of liquidated damages pursuant to the new completion schedule.

12.2 CLAIMS FOR ADDITIONAL COSTS

12.2.1 If the Contractor wishes to make a claim for an increase in the Contract Sum, he shall give the Architect written notice thereof within twenty (20) days after the occurrence of the event giving rise to such claim. This notice shall be given by the Contractor before proceeding to execute the Work, except in an emergency endangering life or property in which case the Contractor shall proceed in accordance Subparagraph 10.3.1. No such claim shall be valid unless so made. If the Owner and the Contractor cannot agree on the amount of the adjustment in the Contract Sum it shall be determined by Arbitration, Paragraph 7.9. Any change in the Contract Sum resulting from such claim shall be authorized by Change Order.

12.3 FIELD ORDERS

12.3.1 The Architect may issue written Field Orders which interpret the Contract Documents in accordance with Paragraph 12.1.4 without change in Contract Sum or Contract Time, a copy of which shall be forwarded to the Owner. The Contractor shall carry out such Field Orders promptly.

ARTICLE 13.00

UNCOVERING AND CORRECTION OF WORK

13.1 UNCOVERING OF WORK

13.1.1 If any Work should be covered contrary to the request of the Architect, it must, if required by the Architect, be uncovered for his observation and replaced, at the Contractor's expense.

13.1.2 If any other Work has been covered which the Architect has not specifically requested to observe prior to being covered, the Architect may request to see such Work and it shall be uncovered by the Contractor. If such Work be found in accordance with the Contract Documents, the cost of uncovering and replacement shall, by appropriate Change Order, be charged to the Owner. If such Work be found not in accordance with the Contract Documents, the Contractor shall pay such costs unless it be found that this condition was caused by a separate contractor employed as provided in Article 6, and in that event the Owner shall be responsible for the payments of such costs.

13.2 CORRECTION OF WORK

13.2.1 The Contractor shall promptly correct all Work rejected by the Architect as defective or as failing to conform to the Contract Documents whether observed before or after Substantial Completion and whether or not fabricated, installed or completed. The Contractor shall bear all costs of correcting such rejected Work, including the cost of the Architect's additional services thereby made necessary.

13.2.2 If, within one (1) year after the date of the approval of the Certificate of Final Inspection by the Florida Department of Education or by the terms of any applicable special guarantee required by the Contract Documents, any of the Work is found to be defective or not in accordance with the Contract Documents, the Contractor shall correct it promptly after receipt of a written notice from the Owner to do so unless the Owner has previously given the Contractor a written acceptance of such condition. The Owner shall give such notice promptly after discovery of the condition.

13.2.3 All such defective or non-conforming Work under Subparagraph 13.2.1 and 13.2.2 shall be removed from the site if necessary, and the Work shall be corrected to comply with the Contract Documents without cost to the Owner.

13.2.4 The Contractor shall bear the cost of making good all work of separate contractors destroyed or damaged by such removal or correction.

13.2.5 If the Contractor does not remove such defective or non-conforming Work within a reasonable time fixed by written notice from the Architect, the Owner may remove it and may store the materials or equipment at the expense of the Contractor. If the Contractor does not pay the cost of such removal and storage within ten (10) days thereafter, the Owner may upon ten (10) additional days' written notice sell such Work at auction or at private sale and shall account for the net proceeds thereof, after deducting all the costs that should have been borne by the Contractor including compensation for additional architectural services. If such proceeds of sale do not cover all costs which the Contractor should have borne, the difference shall be charged to the Contractor and an appropriate Change Order shall be issued. If the payments then or thereafter due the Contractor are not sufficient to cover such amount, the Contractor shall pay the difference to the Owner.

13.2.6 If the Contractor fails to correct such defective or non-conforming Work, the Owner may correct it in accordance with Paragraph 3.4.

13.3 ACCEPTANCE OF DEFECTIVE OR NON-CONFORMING WORK

13.3.1 If the Owner prefers to accept defective or non-conforming Work, he may do so instead of requiring its removal and correction, in which case a Change Order will be issued to reflect an appropriate reduction in the Contract Sum, or, if the amount is determined after final payment, it shall be paid by the Contractor.

ARTICLE 14.00

TERMINATION OF THE CONTRACT

14.1 TERMINATION BY THE CONTRACTOR

14.1.1 If the Work is stopped for a period of thirty (30) days under any order of any court or other public authority having jurisdiction, or as a result of an act of government, such as a declaration of a national emergency making materials unavailable, through no act or fault of the Contractor or a Subcontractor or their agents or employees or any other persons performing any of the Work under a contract with the Contractor, or if the Work should be stopped for a period of thirty (30) days by the Contractor for the Architect's failure to issue a Certificate for Payment

as provided in Paragraph 9.5 or for the Owner's failure to make payment thereon as provided in Paragraph 9.5, then the Contractor may, upon seven (7) days' written notice to the Owner and the Architect, terminate the Contract and recover from the Owner payment for all Work executed and for any proven loss sustained upon any materials, equipment, construction equipment, tools, and machinery, including reasonable profit and damages.

14.2 TERMINATION FOR DEFAULT-DAMAGES FOR DELAY-TIME EXTENSIONS

14.2.1 If the Contractor persistently or repeatedly refuses or fails, except in cases for which extension of time is provided, to prosecute the Work, or any separable part thereof, with such diligence as will insure its completion within the time specified in this Contract, or any extension thereof, or fails to complete said work within such time, the Owner may, upon seven (7) days written notice to the Contractor, and his surety, if any, terminate his right to proceed with the Work or such part of the Work as to which there has been delay. In such event the Owner may take over the Work and prosecute the same to completion, by contract or otherwise, and may take possession of and utilize in completing the work such materials, appliances, and plant as may be on the site of the Work and necessary therefore. Whether or not the Contractor's right to proceed with the work is terminated, he and his sureties shall be liable for any damage to the Owner resulting from his refusal or failure to complete the Work within the specified time.

14.2.2 If fixed and agreed liquidated damages are provided in the Contract and if the Owner so terminates the Contractor's right to proceed, the resulting damage will consist of such liquidated damages until such reasonable time as may be required for final completion of the work together with any increased costs occasioned the Owner in completing the work.

14.2.3 If fixed and agreed liquidated damages are provided in the Contract and if the Owner does not so terminate the Contractor's right to proceed, the resulting damage will consist of such liquidated damages until the work is completed or accepted.

14.2.4 The Contractor's right to proceed shall not be so terminated nor the Contractor charged with resulting damage if:

14.2.4.1 The delay in the completion of the work arises from unforeseeable causes beyond the control and without the fault or negligence of the Contractor, including but not restricted to, acts of God, acts of a public enemy, acts of the Owner in its contractual capacity, acts of other Contractor in the performance of a contract with the Owner, fires, floods, epidemics, quarantine restrictions, strikes, freight embargoes, unusually severe weather conditions not reasonably anticipated based on Weather Bureau five (5) year averages for the contract period, or delays of subcontractors or suppliers (at any tier) arising from unforeseeable causes beyond the control and without the fault or negligence of both the Contractor and such subcontractors or suppliers; and

14.2.4.2 The Contractor, within ten (10) days from the beginning of such delay (unless the Owner grants a further delay of time in writing before the date of final payment under the Contract), notifies the Architect in writing of the causes of delay. The Architect shall ascertain the facts and extent of the delay and, with agreement of the Owner, extend the time for completing the Work when, in his judgment, the findings of facts justify such an extension. A Change Order will be executed pursuant to Article 12 to reflect the change in Contract Time.

14.2.5 If, after notice of termination of the Contractor's right to proceed under the provisions of this Paragraph, it is determined for any reason that the Contractor was not in default, or that the delay was excusable, the Contract shall be equitably adjusted to compensate for such termination and the Contract modified

accordingly. Failure to agree to any such adjustment shall be resolved in arbitration pursuant to Paragraph 7.9 ARBITRATION.

14.2.6 The rights and remedies of the Owner provided in this Paragraph are in addition to any other rights and remedies provided by law or under this Contract.

14.3 TERMINATION FOR OTHER REASONS

14.3.1 If the Contractor is adjudged bankrupt, or if he makes a general assignment for the benefit of his creditors, or if a receiver is appointed on account of his insolvency, or if he persistently or repeatedly refuses or fails to supply enough properly skilled workmen or proper materials, or if he fails to make prompt payment to Subcontractors for materials or labor, or persistently disregards laws, ordinances, rules, regulations or orders of any public authority having jurisdiction, or otherwise is guilty of a substantial violation of a provision of the Contract Documents, then the Owner, upon certification by the Architect that sufficient cause exists to justify such action, may, without prejudice to any right or remedy and after giving the Contractor and his surety, if any, seven (7) days' written notice, terminate the employment of the Contractor and take possession of the site and of all materials, equipment, tools, construction equipment and machinery thereon owned by the Contractor and may finish the Work by whatever method he may deem expedient.

14.4 FURTHER PAYMENTS

14.4.1 In the event of termination under Paragraphs 14.2 and 14.3 the Contractor shall not be entitled to receive any further payment until the Work is finished. If the unpaid balance of the Contract Sum exceeds the costs of finishing the Work, including compensation for the Architect's additional services, such excess shall be paid to the Contractor. If such costs exceed such unpaid balance, the Contractor shall pay the difference to the Owner. The costs incurred by the Owner as herein provided shall be certified by the Architect.

14.5 ABANDONMENT OF THE PROJECT

14.5.1 Upon seven (7) days' written notice to the Contractor and the Architect, the Owner may, without cause and without prejudice to any other right or remedy, elect to abandon the Project and terminate the Agreement. In such case, the Contractor shall be paid for all Work executed and any expense sustained, plus a reasonable profit.
