

Mission:

To protect, promote & improve the health of all people in Florida through integrated state, county & community efforts.

Ron DeSantis
Governor

Scott A. Rivkees, MD
State Surgeon General

Vision: To be the Healthiest State in the Nation

**Addendum #1
ITB DOH19-052
Inspection Equipment and Training**

DATE: May 8, 2020
TO: Prospective Vendors
FROM: Brent Tambourine, Procurement Officer
Florida Department of Health
Central Purchasing Office
SUBJECT: Addendum #1

The purpose of this addendum is to answer questions received in accordance with section 2.9, Questions, and to revise Attachment B, Price Page, of this Invitation to Bid.

- A. **Attachment B, Price Page, is deleted and replaced with the revised Attachment B, Price Page.**
- B. **Responses to Questions received pursuant to section 2.9, Questions:** Please see the Department's response to questions received by the due date outlined in section 2.5. Timeline, of the ITB, below:

#	Question	Answer
1	Why were all ITB's rejected for DOH 19-026?	The Department omitted a section from the price page when posting DOH 19-026. To correct this, the Department had to reject all bids and re-bid with the correct price page.
2	What specific changes were made between DOH 19-026 and DOH 19-052?	It is the Respondents' responsibility to read the requirements of DOH19-052, and respond accordingly.
3	Can you confirm or clarify if the "Initial Annual Maintenance Agreement" in your document refers only to the "Initial Warranty and Maintenance" period provided with purchase? Can this be edited to "Initial Two Year Maintenance Agreement"?	The Warranty is provided at no cost to the Department (Attachment A, section H). The Initial Annual Maintenance Agreement will be purchased by the Department and take effect when the initial warranty period ends (Attachment A, section I). No, the language will not be edited.
4	Will the DOH create an additional Price Page format that states "Initial Annual (2) Two Year Maintenance Agreement" and "Renewal for Annual (2) Two Year Maintenance Agreement" on page 25?	No.
5	The ITB declares the Department's right to purchase additional units at the unit price specified in Attachment B. In the event the offeror provides a price "with trade-in", does the Department expect to receive this unit price for future systems even in the absence of future trade-ins?	No, the trade-in price is only indicative of a period where trade-in is feasible. Any future purchase will be based on the price quoted without trade-in.

6	<p>In section 3.8.3.1 the ITB establishes the requirement for “documentation demonstrating equipment stability and reliability”. Can you provide any clarification on the documentation you seek? For instance, are internal quality assurance records necessary and sufficient?</p>	<p>See Attachment A, Section C, number 1(n)(2) and number 6.</p>
7	<p>In section 3.10, the ITB requires an attorney’s written opinion regarding preferences from a foreign state. During the COVID-19 pandemic, the expense associated with this specialized legal opinion are significant. Is this opinion required in the event the offeror declines to take advantage of any such preferences? Can this opinion be provided after award selection?</p>	<p>No, this opinion is not required if the Respondent declines to take advantage of such preference. If the Respondent is declining to use the preference, then it must be stated in the Bid.</p> <p>Yes, the opinion can be provided after award but must be received prior to contract execution.</p>

Failure to file a protest within the time prescribed in section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

**ATTACHMENT B
PRICE PAGE**

A single award will be made to the responsive, responsible Respondent offering the lowest grand total for the commodities requested in this ITB, including delivery, and FOB destination.

Unit price will control in the case of mathematical error(s).

The below prices submitted by the Respondent are all inclusive. The Department reserves the right to purchase additional units at the unit price specified below for any additional quantities ordered beyond the estimated minimum, subject to the availability of funds. There must be no additional costs charged to the Department for work performed under this Bid.

In exchange for a reduced unit price, the Department has 39 Unfors XI's and 5 RadCal Accu-Pro units available for trade-in. If the Provider chooses to provide a price with trade-in, the units will be made available to the Provider for pickup upon delivery as specified in Attachment A, Section J.

NOTE: Unit price for X-Ray Measurement System Base units should be specified for one option: with trade-in or without trade-in.

Changes must not be made to the format of this price page.

Equipment	Unit Price	Estimated Minimum Quantity	Total Price
