**Date posted:** June 4, 2020

**Last day for receipt of information:** June 15, 2020

This description of commodities or contractual services intended for purchase from a single source is posted in accordance with sections 120.57(3) and 287.057(3), Florida Statutes and will remain posted for a period of at least 7 business days.

**Commodity or Contractual Service Required** (commodity or United National Standard Products and Services Code (UNSPSC), manufacturer, model, and description, as appropriate):

46151700 Forensic equipment and supplies and accessories

**Quantity or Term** (as appropriate):

One-time purchase

**Requestor** (Division, Bureau, Office, Individual, as appropriate):

FDLE/Investigations and Forensic Sciences (IFS)

**Performance and/or Design Requirements** (e.g., intended use, function or application, compatibility, requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate):

FDLE's mission is to promote public safety and strengthen domestic security by providing services in partnership with local, state, and federal criminal justice agencies to prevent, investigate, and solve crimes while protecting Florida's citizens pursuant to [Chapter 943](#), FS, and [Chapter 11](#), FAC.

The FDLE Cyber High-Tech Crime Units of the Division of Investigation and Forensics Sciences, participate in and lead multiple task forces investigating computer crimes, network intrusions, crimes against children, while serving almost twenty-two million Florida citizens. To meet these investigative demands, our regional computer forensic examiners and crime laboratory analyst require a robust comprehensive digital investigation platform that will enable FDLE examiners to work cases thoroughly and accurately so that digital evidence is found quickly with the most relevant dataset and artifact results needed to perform investigative tactics and analysis essential to FDLE's mission.

**Intended Single Source:**

Magnet Forensics  
2250 Corporate Park Drive, Suite 130  
Herndon, VA 20171 Inc.

**Estimated Dollar Amount:**

\$113,000.00

**Justification for single source acquisition** (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate):

The Magnet Forensics Axiom's comprehensive digital investigative platform will enable the FDLE to meet its investigative needs by providing a more effective means of parsing through large amounts of evidentiary data to help investigators in surfacing formative leads, mutual connections, discover key evidence and highlight actionable data.

Magnet Forensics is the only provider of the technology, processes and specifications that are crucial to FDLE's requirement to identify digital evidence for the State of Florida.

**Approved By** (names & titles, as appropriate, e.g., requestor, requestor management, information systems, budget, purchasing):

Sonya Avant, Chief of General Services

Mike Phillips, Director, Office of Statewide Investigative Services/Investigative and Forensics Science (IFS)

Prospective vendors are requested to provide information regarding their ability to supply the commodities or contractual services described. If it is determined in writing by the agency, after reviewing any information received from prospective vendors, that the commodities or contractual services are available only from a single source, the agency shall: provide notice of its intended decision to enter a single-source purchase contract in the manner specified in s. 120.57(3), F.S.
