The Commission reserves the right to inspect the prospective Contractor's materials and background record prior to making an award of the Contract. If the Contract Manager determines the lowest bidder does not have sufficient experience, equipment, etc. to meet the specifications of this ITB, the Commission reserves the right to reject the bidder and evaluate the next lowest bidder.

SUPPORTING/SUPPLEMENTAL INFORMATION

The Commission requires that bidders submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made, by the Contract Manager that the product/service offered meets this ITB's specifications and that other requirements of this ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the Commission reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products/services offered completely meet this ITB's requirements. The requirement for such supplemental information will be at the reasonable discretion of the Commission and may include the requirement that a bidder will provide a sample product(s) so that the Commission can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the Commission, will cause the Commission to consider the Contractor non-responsive and reject the Contractor's bid.

REFERENCES

Each prospective Bidder shall provide a minimum of three (3) references for similar projects completed. Current contact names and phone numbers shall be included with the bid package. See attached **reference form** for more detail.

Liquidated damages shall be assessed in the amount of **\$100** per calendar day of delay. Exceptions to this provision may be made if a delay is attributable to circumstances that are clearly beyond the control of the Contractor. The burden of proof of unavoidable delay shall rest with the Contractor and shall be supplied in a written form and submitted to the Contract Manager.

SUBCONTRACTS

Subcontracting **IS** permitted pursuant to the Terms and Conditions of the **Purchase Order**.

AUTHORIZED COMPENSATION

It is understood and agreed that all compensation under this ITB is specifically limited to the Contractor's bid price accepted by the Commission, and to the specific procedure for payment established in this ITB and the **Purchase Order** executed pursuant to it. The Commission is not liable for any costs, fees, expenses or any other compensation whatsoever incurred or charged by the Contractor, other than the bid price paid for the work specifically described in the Scope of Work, which work is actually accomplished and invoiced by the Contractor subsequent to the Commission's notice to proceed (or other notice to begin work). Thus, the Commission is not liable for any costs incurred or charged by the Contractor in anticipation of responding to, or performing work described in, this ITB including, but not limited to, equipment or personnel procured by the Contractor in anticipation of such work. The Commission is not responsible to the Contractor for any loss or damages resulting from circumstances unforeseen at the time of publication of this ITB including, but not limited to, those resulting from a "force majeure".

USE OF CONTRACT BY OTHER STATE AGENCIES AND ELIGIBLE USERS

As provided in Chapter 60A-1.045, Florida Administrative Code (F.A.C.), and Section 287.042(16), F.S., other State of Florida agencies may purchase from the resulting contract of this ITB, provided that the Department of Management Services has determined the contract's use is cost effective and in the best interest of the State, and with the Contractor's consent.

Other State of Florida governmental entities and eligible users may also request of the Contractor to be able to use this contract. If the Contractor agrees to other entities to utilize this ITB contract, such agencies shall coordinate their use of this contract with the Florida Fish and Wildlife Conservation Commission in order to reduce scheduling conflicts.

CONFIDENTIALITY/PUBLIC RECORDS LAW

Bidders are cautioned that Florida law generously defines what constitutes a public record and grants broad rights of public access to those records; see, for example, section 119.07, F.S. If a Bidder believes that its response contains information that is confidential or exempt from disclosure under Florida Law, the Bidder shall clearly segregate and mark that information (for example, stamp each page "Confidential" and place it in an envelope marked "Confidential") and briefly describe in writing the grounds and specific legal citations for claiming exemption from the public records law. If after the notice of intended decision or thirty (30) days after bid opening, whichever is earlier, the Commission receives a public records request related to the solicitation, the Commission will provide copies of public records that are not exempt to the requester. The Commission will endeavor to provide notice to the Bidder of all public records requests received related to documents provided by the Bidder that were marked pursuant to this paragraph. In no event shall the Bidder hold the Commission or any of its employees or agents liable for disclosing, or otherwise failing to protect the confidentiality of, information submitted in response to this solicitation.

POSTING OF BID TABS

Bid Tabulations with Contractors identified as awarded bidders will be posted electronically as Agency Decisions on the Department of Management Services Vendor Bid System as a Public Notice. The Agency

Decision may be viewed at http://vbs.dms.state.fl.us/vbs/main_menu, and will remain posted for a period of 72 hours. Failure to file a protest within the time prescribed in Section 120.57(3)(b), F.S., shall constitute a waiver of proceedings under Chapter 120, F.S.

Awarded Bidders are instructed not to proceed until a Purchase Order, Formal Written Contract, Lease, Notice to Proceed, or some other form of written notice is given to the Contractor by the Commission. A company or person who proceeds prior to receiving a Purchase Order, Formal Written Contract, Lease, Notice to Proceed, or some other form of written notice from the Commission does so without a contract and at their own risk.

Sealed bids, proposals, or replies received by an agency pursuant to a competitive solicitation are exempt from s. [119.07](#)(1) and s. 24(a), Art. I of the State Constitution until such time as the agency provides notice of an intended decision or until thirty (30) days after opening the bids, proposals, or final replies, whichever is earlier.

The firms and/or contact persons should be available between the hours of 8:00 AM and 5:00 PM, Eastern Time, Monday through Friday. This schedule must show that the Contractor is able to conduct trap retrieval activities and the inventory must show that the Contractor has sufficient staff and equipment within the entire area covered by the region for which the bid is made. Each project participant shall provide a properly licensed and commercially registered vessel meeting United States Coast Guard vessel safety requirements and capable of operating safely in the awarded region, and that vessel shall be manned by an experienced and qualified captain. Each vessel shall be equipped with a functional electric or hydraulic trap puller, or crew that will effectively hand pull and retrieve traps. Adequate space for a Commission appointed observer and space for stowing of ropes, buoys, traps, and trap debris is required. If the vessel is deemed as unsafe or inappropriate for the retrieval, the Contract Manager may reschedule the retrieval trip for another day and the Contractor must provide a safe vessel acceptable to the Contract Manager.
5. Trap retrieval operations shall be governed by the following “Operational Guidelines”:
 - a. Daily operations shall be based on an 8 to 12 hour work day (on the water), unless prior approval is received from the Commission’s Contract Manager. Each program participant must complete and sign a Disposal Certification Form (provided by the Commission) for each trap retrieval trip attesting that all traps and trap debris removed will be disposed of pursuant to trap retrieval program requirements for payment to the Contractor to be approved and authorized by the Commission’s Contract Manager.
 - d. The Contractor must provide an adequate method for transporting all traps, trap debris, line, and buoys to an authorized waste management facility for disposal.
 - e. Weather conditions for daily operations in any region must be mutually acceptable to the Commission observer, the Contractor, and the captain of the vessel participating in trap retrieval.
 - f. All saltwater products and other organisms recovered in trap retrieval operations, regardless of condition, shall be immediately returned to the water.
 - g. The Commission may provide authorized direction to the Contractor to retrieve traps in specific areas of state and adjacent federal waters in the event that illegal traps are discovered.
6. The Contractor is responsible for all costs and expenses, including fuel and disposal fees, resulting from the trap retrieval process and shall not hold the Commission responsible for any damage(s) that may occur to any vessel or equipment during the trap retrieval or disposal process.
7. The Contractor must submit an invoice to the Contract Manager, along with completed Work Certification Forms and Disposal Certification Forms for each retrieval trip conducted within each region for the payment to the Contractor to be authorized by the Commission’s Contract Manager. III. RESPONSIBILITIES OF THE COMMISSION

1. The Commission shall provide operational guidelines for project management to ensure that traps are properly retrieved and disposed of according to the terms of this Contract, and applicable laws. This shall include possible identification of trap locations from the Commission's Division of Law Enforcement, and the possible assistance of the Commission's Division of Law Enforcement for selection of areas from which traps will be retrieved.
2. The Commission will provide observers (Commission employees or other persons authorized as appropriate by the Commission) aboard each participating vessel. For each trap retrieved, the Commission appointed observer will be responsible for recording the following information: the intended species targeted by the trap; the owner's identification and/or endorsement number; presence or absence of a required trap tag; if it is a commercial or recreational trap; location of the trap; and buoy colors. In the event that a trap is retrieved that does not have a clearly identifiable endorsement number, trap tag, or identification, the trap will be recorded as unidentified. The Commission appointed observer will provide the project participant and Contract Manager with the total number of traps retrieved and disabled by each vessel at the end of each work day. The Contract Manager will provide such data as required to the Contractor for accurate and timely payments to project participants.
3. The Commission will provide and complete all forms required to efficiently and effectively document the trap retrieval process, as the basis for payment to the Contractor. The Commission shall provide a "Work Certification Form" (**Exhibit I**) for the purpose of documenting and certifying project work performance. A work certification form shall be completed and signed by the Commission appointed observer and co-signed by the project participant at the completion of each work day. One copy of each completed Work Certification Form shall be provided to the Commission's Contract Manager, to the Contractor, and to the project participant. The Commission will provide a "Disposal Certification Form" (**Exhibit II**) for the purpose of documenting and verifying the disposal of traps, lines, buoys, and other trap parts. A disposal certification form shall be completed and signed by the project participant. The original copy of the disposal certification form shall be returned to the Contract Manager upon completion.
4. The Commission's Contract Manager (or Commission employed delegate) will be responsible for enforcing performance of the Contract terms and conditions, shall serve as liaison with the Contractor, and shall approve all invoices prior to payment.
5. The Commission's Contract Manager (or Commission employed delegate) shall be responsible for approving the Contractor's detailed trap retrieval schedule. The Contract Manager reserves the right to amend this schedule at any time.

IV. MINIMUM LEVEL OF EQUIPMENT

Each project participant shall provide a properly licensed and commercially registered vessel no smaller than 18' in length, meeting United States Coast Guard vessel safety requirements and capable of operating safely in the awarded region, and that vessel shall be manned by an experienced and qualified captain and crew. Each vessel shall be equipped with a functional electric or hydraulic trap puller, or crew that will effectively hand pull and retrieve traps. Adequate space for a Commission appointed observer and space for stowing of ropes, buoys, traps, and trap debris is required.

V. **MINIMUM LEVEL OF PERFORMANCE**

The Commission desires to contract with a provider who clearly demonstrates its willingness to be held accountable for the achievement of certain performance measures in successfully delivering services under this contract. Therefore, the Commission has developed the below Performance Measure categories, which shall be used to measure Contractor's performance and delivery of services.

Note: The Contractor shall comply with all contract terms and conditions upon issuance of the Purchase Order and the Commission may begin monitoring of the Contractor's service delivery upon issuance of the Purchase Order to ensure that contract requirements are being met.

Measure: The trap retrieval schedule (approved by the Contract Manager) for each region attesting that the Contractor is able to successfully conduct trap retrieval activities within each region and the Work Certification Form (provided by the Commission) attesting that services were rendered for each region, for payment to the Contractor to be approved and authorized by the Contract Manager.

Standard: Achievement of outcome must meet one hundred percent (100%).

b. Performance Measure #2 – Trap Disposal

Outcome: All traps, trap debris, line, and buoys must be returned to shore for proper disposal by the Contractor in an authorized waste management facility.

Standard: Achievement of outcome must meet one hundred percent (100%).

c. Performance Measure #3 – Other Contract Requirements

Outcome: Compliance with all other contract terms and conditions.

Measure: Review of the annual comprehensive contract evaluation conducted by the Contract Manager.

Standard: Achievement of outcome must meet or exceed ninety five percent (95%), on a yearly basis.

By execution of this contract, the Contractor hereby acknowledges and agrees that its performance under the contract shall meet the standards set forth above. FLORIDA FISH & WILDLIFE CONSERVATION COMMISSION

PURCHASE ORDER TERMS & CONDITIONS

Last Updated: July 24, 2018

Section 1. PURCHASE ORDER.

A. Composition and Priority.

The Contractor agrees to provide commodities, contractual services, or professional services to the Commission within the manner and at the location specified in the Purchase Order, and any attachments to the Purchase Order. These Purchase Order Terms and Conditions, whether generic or specific, shall take precedence over any inconsistent or conflicting provision in the State of Florida, General Contract Conditions, PUR 1000. Additionally, the terms of the Purchase Order supersede the terms of any and all prior agreements with respect to this purchase.

B. Initial Term.

Unless otherwise specified, the Purchase Order begins on the date of issuance. Contractual services or commodities to be provided by the Contractor shall be completed by the date specified on the Purchase Order end date.

Section 2. PERFORMANCE.

A. Performance Standards.

The Contractor agrees to perform all tasks and provide deliverables as set forth in the Statement of Work and attachments to the Purchase Order. The Commission shall be entitled at all times, upon request, to be advised as to the status of work being done by the Contractor and of the details thereof. Coordination shall be maintained by the Contractor with representatives of the Commission, or of other agencies involved in the project on behalf of the Commission.

B. Performance Deficiency.

If the Commission determines that the performance of the Contractor is unsatisfactory, the Commission may notify the Contractor of the deficiency to be corrected, which correction shall be made within a time frame specified by the Commission. The Contractor shall provide the Commission with a corrective action plan describing how the Contractor will address all issues of Purchase Order non-performance, unacceptable performance, and failure to meet the minimum performance levels, deliverable deficiencies, or Purchase Order non-compliance. If the corrective action plan is unacceptable to the Commission, the Contractor will be assessed a non-performance retainage equivalent to ten (10) percent of the total invoice amount or as specified in the contractual documents. The retainage will be applied to the invoice for the then-current billing period. The retainage will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may invoice the Commission for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained will be forfeited.

C. Contractor Responsibilities.

The Contractor agrees that all Contractor employees, subcontractors, or agents performing work under the Purchase Order shall be properly trained technicians who meet or exceed any specified training qualifications. Upon request, the Contractor shall furnish a copy of technical certification or

other proof of qualification. All employees, subcontractors, or agents performing work under the Purchase Order must comply with all security and administrative requirements of the Commission. The Commission may conduct, and the Contractor shall cooperate in, a security background check or otherwise assess any employee, subcontractor, or agent furnished by the Contractor. The Commission may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with the Commission's security or other requirements. Such refusal shall not relieve the Contractor of its obligation to perform all work in compliance with the Purchase Order. The Commission may reject and bar from any facility for cause any of the Contractor's employees, subcontractors, or agents.

D. Assignment.

The Contractor shall not sell, assign or transfer any of its rights, duties or obligations under the Purchase Order without the prior written consent of the Commission. In the event of any assignment, the Contractor remains secondarily liable for performance of the Purchase Order, unless the Commission expressly waives such secondary liability. The Commission may assign the Purchase Order with prior written notice to the Contractor.

E. Damages to State Property.

Any damages to state property (e.g. structures, roads, culverts, fences, trees, or other natural resources) caused by the Contractor while working on this project shall be the responsibility of the Contractor to remedy, as determined by the Commission. The Contractor shall be responsible for the conduct of all Contractor personnel at all times while on the job site.

Should any historical or cultural artifacts be uncovered, the Contractor shall immediately halt work and notify the Commission's Contract Manager. **Please note:** The State Archaeologist has the power to halt work if he or she has reason to believe artifacts are being disturbed.

F. Quarterly Minority and Service-Disabled Veteran Business Enterprise Report.

The Contractor shall provide a quarterly Minority and Service-Disabled Veteran Business Enterprise Report to the Commission's Contract Manager, summarizing the participation of certified and non-certified minority and service-disabled veteran subcontractors/material suppliers for the current quarter and project to date. The report shall include the names, addresses and dollar amount of each certified and non-certified Minority Business Enterprise and Service-Disabled Veteran Enterprise participant and a copy must be forwarded to the Commission's Contract Manager. The Department of Management Services, Office of Supplier Diversity at (850) 487-0915 will assist in furnishing names of qualified minorities. The Commission's Minority Coordinator at (850) 488-6551 will assist with questions and answers.

G. Independent Contractor.

The Contractor shall perform as an independent contractor and not as an agent, representative, or employee of the Commission. The Contractor covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required. Each party hereto covenants that there is no conflict of interest or any other prohibited relationship between the Contractor and the Commission. The Contractor agrees to include this provision in all its subcontracts under the Purchase Order.

H. Commission Rights to Undertake or Award Supplemental Contracts.

The Contractor agrees that the Commission may undertake or award supplemental contracts for work related to the Purchase Order. The Contractor and its subcontractors shall cooperate with such other contractors and the Commission in all such cases.

Section 3. PAYMENT AND FEES.

A. Payment.

The Contractor will be paid upon submission of properly certified invoice(s) to the Commission after delivery and acceptance of commodities or contractual services is confirmed in writing by the Commission.

B. Invoicing.

Invoices may be submitted electronically to the Commission's designated Contract Manager, as identified in this Purchase Order. The Contractor acknowledges that the Commission's Contract Manager shall reject invoices lacking documentation necessary to justify invoiced expenses.

The Commission shall record the date of receipt of an invoice on the date on which a proper invoice is first received at the place designated by the Commission. Approval and inspection of goods or services shall take no longer than five (5) working days unless the bid specifications, purchase order, or contract specifies otherwise. Invoices must be legible and shall contain the items below in detail sufficient for a proper audit.

- Invoices for services must provide a clear description of the specific deliverables that must be provided and accepted prior to payment.
- Invoices for fixed unit rate agreements must show the number of units and cost per unit.
- Invoices for agreements paid out on a reimbursement basis or a fixed rate for a specific time period (e.g. quarterly, monthly, etc.) must identify the deliverables provided.

D. Payment Timeframe.

Section 215.422, F.S. provides that agencies have five (5) working days to inspect and approve goods and services, unless applicable solicitation specifications or this Purchase Order specify otherwise.

With the exception of payments to health care providers for hospital, medical, or other health care services, if payment is not available within forty (40) days, measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved a separate interest penalty as described in Section 215.422, F.S., will be due and payable in addition to the amount authorized for payment. Interest penalties less than one dollar (\$1.00) will not be paid unless the Provider requests payment. A Vendor Ombudsman has been established within the Department of Financial Services and may be contacted at (850) 413-5516, or by calling the Department of Financial Services Consumer Hotline at 1-800-342-2762.

Vendors shall submit monthly reports required by the rule. All reports shall be subject to audit. Failure to pay Transaction Fees or submit reports shall constitute grounds for default and exclusion from business with the State of Florida.

F. Annual Appropriation.

Pursuant to Section 287.0582, F.S., if this Purchase Order binds the Commission for the purchase of services or tangible personal property for a period in excess of one (1) fiscal year, the State of Florida's performance and obligation to pay under this Purchase Order is contingent upon an annual appropriation by the Legislature. The Parties hereto understand that this Purchase Order and any renewal thereof is not a commitment to future appropriations but is subject to appropriation and authority to spend provided by the Legislature. The Commission shall be the final authority as to the availability of funds for this Purchase Order, and as to what constitutes an "annual appropriation" of funds to complete this Purchase Order. If such funds are not appropriated or available for the agreed-upon purpose, such event will not constitute a default on behalf of the Commission or the State. The Commission's Contract Manager shall notify the Contractor in writing at the earliest possible time if funds are not appropriated or available.

G. Travel.

Travel expenses are not reimbursable unless specifically authorized in writing, and shall be reimbursed only in accordance with Section 112.061, F.S.

J. Return or Recoupment of Funds – Overpayments to Contractor.

The Contractor shall return to the Commission any overpayments due to unearned funds or funds disallowed pursuant to the terms of this Purchase Order that were disbursed to the Contractor by the Commission. In the event that the Contractor or its independent auditor discovers that overpayment has been made, the Contractor shall repay said overpayment within forty (40) calendar days without prior notification from the Commission. In the event that the Commission first discovers an overpayment has been made, the Commission will notify the Contractor in writing. Should repayment not be made in a timely manner, the Commission shall be entitled to charge interest at the lawful rate of interest established pursuant to Subsection 55.03(1), F.S., on the outstanding balance beginning forty (40) calendar days after the date of notification or discovery. Refunds should be sent to the Commission's Contract Manager and made payable to "Florida Fish and Wildlife Conservation Commission."

K. Additional Costs or Monetary Loss Resulting from Contractor Non-Compliance.

If the Contractor's non-compliance with any provision of the Purchase Order results in additional cost or monetary loss to the Commission or the State of Florida, the Commission can recoup that cost or loss from monies owed to the Contractor under this Purchase Order or any other contract between the Contractor and the Commission. In the event that the discovery of this cost or loss arises when no monies are available under this Purchase Order or any other contract between the Contractor and the Commission, the Contractor will repay such cost or loss in full to the Commission within thirty (30) days of the date of notice of the amount owed, unless the Commission agrees, in writing, to an alternative timeframe. During the term of this Purchase Order, the Contractor, at its sole expense, shall maintain insurance coverage of such types and with such terms and limits as may be reasonably associated with the Purchase Order. Providing and maintaining adequate insurance coverage is a material obligation of the Contractor, and failure to maintain such coverage may void the Purchase Order. The limits of coverage under each policy maintained by the Contractor shall not be interpreted as limiting the

Contractor's liability and obligations under the Purchase Order. All insurance policies shall be through insurers licensed and authorized to write policies in Florida.

B. Workers Compensation.

To the extent required by Chapter 440, F.S., the Contractor will either be self-insured for Workers' Compensation claims, or will secure and maintain during the life of this Purchase Order, Workers' Compensation Insurance for all of its employees connected with the work of this project, with minimum employers' liability limits of **\$100,000.00** per accident, **\$100,000.00** per person, and **\$500,000.00** policy aggregate. The Contractor agrees to provide the information necessary, over the life of this Purchase Order, for the Commission to comply with this requirement.

Section 10. MISCELLANEOUS.

A. Governing Law, Severability and Venue.

This Purchase Order has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this Purchase Order shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Purchase Order shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Purchase Order. Any action in connection herewith, in law or equity, shall be brought in Leon County, Florida, to the exclusion of all other lawful venues.

B. Waiver.

As part of the consideration for this Purchase Order, the Parties hereby waive trial by jury in any action or proceeding brought by any party against any other party pertaining to any matter whatsoever arising out of or in any way connected with this Purchase Order, or with the products or services provided under this Purchase Order, including but not limited to any claim by the Contractor of *quantum meruit*. C. Modification.

The Purchase Order may only be modified by a Change Order agreed to by the Commission and the Contractor. If a Purchase Order Change Order is required for any portion of any job, the Contractor shall not commence to purchase materials for the amended work to be performed, nor proceed with the outlined duties described without prior written approval and receiving a revised copy of the approved Purchase Order in his/her possession. The Contractor shall request a Change Order in writing, outlining the reasons and the itemized costs required for the Change Order. The Parties agree to renegotiate this agreement if federal and/or state revisions of any applicable laws or regulations make changes in the Purchase Order necessary.

D. Time is of the Essence.

Time is of the essence with regard to each and every obligation of the Contractor. Each such obligation is deemed material, and a breach of any such obligation (including a breach resulting from untimely performance) is a material breach.

E. Entire Agreement.

This Purchase Order, with all incorporated attachments and exhibits, represents the entire agreement of the Parties. Any alterations, variations, changes, modifications or waivers of provisions of this Purchase Order shall only be valid when they have been reduced to writing, and duly signed by each of the Parties hereto, unless otherwise provided herein. In the event of conflict, the following order of precedence shall prevail; this Purchase Order and its attachments, the terms of the solicitation, then the Contractor's response to the solicitation.

F. Force Majeure

Neither Party shall be liable to the other for any delay or failure to perform under this Purchase Order if such delay or failure is neither the fault nor the negligence of the Party or its employees or agents and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar cause wholly beyond the Party's control, or for any of the foregoing that affects subcontractors or suppliers if no alternate source of supply is available.

However, in the event of delay from the foregoing causes, the Party shall take all reasonable measures to mitigate any and all resulting delay or disruption in the Party's performance obligation under this Purchase Order. If the delay is excusable under this paragraph, the delay will not result in any additional charge or cost under the Purchase Order to either Party.

In the case of any delay, the Contractor believes is excusable under this paragraph, the Contractor shall notify the Commission's Contract Manager in writing of the delay or potential delay and describe the cause of the delay either: (a) within ten (10) calendar days after the cause that creates or will create the delay first arose, if the Contractor could reasonably foresee that a delay could occur as a result; or (b) within five (5) calendar days after the date the Contractor first had reason to believe that a delay could result, if the delay is not reasonably foreseeable. **THE FOREGOING SHALL CONSTITUTE THE CONTRACTOR'S SOLE REMEDY OR EXCUSE WITH RESPECT TO DELAY.** Providing notice in strict accordance with this paragraph is a condition precedent to such remedy.

The Commission, in its sole discretion, will determine if the delay is excusable under this paragraph and will notify the Contractor of its decision in writing. No claim for damages, other than for an extension of time, shall be asserted against the Commission. The Contractor shall not be entitled to an increase in the Purchase Order price or payment of any kind from the Commission for direct, indirect, consequential, impact, or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference, or hindrance from any cause whatsoever.

If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist, the Contractor shall perform at no increased cost, unless the Commission determines, in its sole discretion, that the delay will significantly impair the value of the Purchase Order to the Commission or the State, in which case, the Commission may do any or all of the following: (1) accept allocated performance or deliveries from the Contractor, provided that the Contractor grants preferential treatment to the Commission with respect to products or services subjected to allocation; (2) purchase from other sources (without recourse to and by the Contractor for the related costs and expenses) to replace all or part of the products or services that

are the subject of the delay, which purchases may be deducted from the Purchase Order quantity; or (3) terminate the Purchase Order in whole or in part.

G. Other Miscellaneous Provisions.

No firearms, alcohol or illegal substances are allowed on any Commission project site. Neither the Contractor nor any of its employees may possess firearms or alcohol while on the job site. The Parties do not intend, nor shall this Purchase Order be construed, to grant any rights, privileges or interest to any person not a party to this agreement.
