21.1 Responsiveness of Proposals

Proposals will not be considered if not received by the Department **on or before** the date and time specified as the due date for submission. All proposals must be typed or printed in ink. A responsive proposal is an offer to perform the scope of services called for in this Request for Proposal in accordance with all requirements of this Request for Proposal and receiving seventy (70) points or more on the Technical Proposal. Proposals found to be non-responsive shall not be considered. Proposals may be rejected if found to be irregular or not in conformance with the requirements and instructions herein contained. A proposal may be found to be irregular or non-responsive by reasons that include, but are not limited to, failure to utilize or complete prescribed forms, conditional proposals, incomplete proposals, indefinite or ambiguous proposals, and improper and/or undated signatures. ALL determinations of responsiveness will be the responsibility of the FDOT Procurement Office.

21.2 Multiple Proposals

Proposals may be rejected if more than one proposal is received from a Proposer. Such duplicate interest may cause the rejection of all proposals in which such Proposer has participated. Subcontractors may appear in more than one proposal.

21.3 Other Conditions

Other conditions which may cause rejection of proposals include, but are not limited to, evidence of collusion among Proposers, obvious lack of experience or expertise to perform the required work, failure to perform or meet financial obligations on previous contracts, or in the event an individual, firm, partnership, or corporation is on the General Services Administration Excluded Parties List. Proposers whose proposals, past performance, or current status do not reflect the capability, integrity, or reliability to fully and in good faith perform the requirements of the Contract may be rejected as non-responsible. The Department reserves the right to determine which proposals meet the requirements of this solicitation, and which Proposers are responsive and responsible.

22) **PROPOSAL FORMAT INSTRUCTIONS**

22.1 General Information

This section contains instructions that describe the required format for the proposal. All proposals

The proposals should be indexed and all pages sequentially numbered. Bindings and covers will be at the Proposer's discretion.

Unnecessarily elaborate special brochures, art work, expensive paper and expensive visual and other presentation aids are neither necessary nor desired.

24) **COPYRIGHTED MATERIAL**

It is noted that copyrighted material is not exempt from the Public Records Law, Chapter 119, Florida Statutes. Therefore, such material will be subject to viewing by the public, but copies of the material will not be provided to the public.

30) PROPOSAL EVALUATION

30.1 Evaluation Process:

A Technical Review Committee (TRC) will be established to review and evaluate each proposal submitted in response to this Request for Proposal (RFP). The TRC will be composed of at least three (3) persons who collectively have experience and knowledge in the program areas and service requirements for which the commodities and/or contractual services are sought.

The Procurement Office will distribute to each member of the TRC a copy of each technical proposal. The TRC members will independently evaluate the proposals on the criteria and point system established in the section below entitled "Criteria for Evaluation" in order to assure that proposals are uniformly rated. Due to the complexity of certain procurements, the TRC members are authorized to consult with subject matter experts for the purpose of gathering information, if needed. The independent evaluations will be sent to the Procurement Office and averaged for each vendor. Proposing firms must attain an average score of seventy (70) points or higher on the Technical Proposal to be considered responsive. Should a Proposer receive fewer than seventy (70) points for their average Technical Proposal score, the Price Proposal will not be opened.

During the process of evaluation, the Procurement Office will conduct examinations of proposals for responsiveness to requirements of the RFP. Those determined to be non-responsive will be automatically rejected.

30.2 Oral Presentations THERE ARE NO ORAL PRESENTATIONS FOR THIS PROJECT.

30.3 Price Proposal

The Proposer shall complete the Price Proposal form and submit as part of the Price Proposal Package. Any proposal in which this form is not used or in which the form is improperly executed may be considered non-responsive and the proposal will be subject to rejection. The vendor's completed form shall become a part of the contract upon award of the contract.

The Procurement Office will open Price Proposals in accordance with Section 29, Proposal Openings. The Procurement Office and/or the Project Manager/TRC will review and evaluate the price proposals and prepare a summary of its price evaluation. The Procurement Office and/or the Project Manager/TRC will assign points based on price evaluation criteria identified herein.

30.4 Criteria for Evaluation

Proposals will be evaluated and graded in accordance with the criteria detailed below.

a. Technical Proposal (100 Points)

Technical evaluation is the process of reviewing the Proposer's response to evaluate the experience, qualifications, and capabilities of the proposers to provide the desired services and assure a quality product.

The following point system is established for scoring the technical proposals:

	<u>Point Value</u>
1. Management Plan	45
2. Technical Plan	35
3. Work Plan	20

b. Price Proposal (10 Points)

Price evaluation is the process of examining a prospective price without evaluation of the separate cost elements and proposed profit of the potential provider. Price analysis is conducted through the comparison of price quotations submitted.

The criteria for price evaluation shall be based upon the following formula:

$$\underline{(\text{Low Price} / \text{Proposer's Price}) \times \text{Price Points} = \text{Proposer's Awarded Points}}$$

31) POSTING OF INTENDED DECISION/AWARD

31.1 The Department's decision will be posted on the Florida Vendor Bid System, at www.myflorida.com, (click on "BUSINESS", click on "Doing Business with the State", under "Everything for Vendors and Customers", click on "Vendor Bid System (VBS)", on date and time in the Timeline, and will remain posted for a period of seventy-two (72) hours. Any proposer who is adversely affected by the Department's recommended award or intended decision must file the following with the Department of Transportation, Clerk of Agency Proceedings, Office of the General Counsel, 605 Suwannee Street, Mail Station 58, Tallahassee, Florida 32399-0450:

At the time of filing the formal written protest, a bond (a cashier's check or money order may be accepted) payable to the Department must also be submitted in an amount equal to one percent (1%) of the estimated

contract amount based on the contract price submitted by the protestor.

Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

31.2 - Inability to Post:

If the Department is unable to post as defined above, the Department will notify all proposers by electronic notification on the Florida Vendor Bid System (see special condition 31.1, above) or by mail, fax, and/or telephone. The Department will provide notification of any future posting in a timely manner.

It shall be the responsibility of the Vendor to ensure at all times that sufficient time remains in the Project Schedule within which to complete services on the project. In the event there have been delays which would affect the project completion date, the Vendor shall submit a written request to the Department which identifies the reason(s) for the delay and the amount of time related to each reason. Deliverable(s) must be received and accepted in writing by the Contract Manager on the Department's invoice transmittal forms prior to payment. If the Department determines that the performance of the Vendor is unsatisfactory, the Department shall notify the Vendor of the deficiency to be corrected, which correction shall be made within a time-frame to be specified by the Department. The Vendor shall, within five days after notice from the Department, provide the Department with a corrective action plan describing how the Vendor will address all issues of contract non-performance, unacceptable performance, failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Department, the Vendor shall be assessed a non-performance retainage equivalent to 10% of the total invoice amount. The retainage shall be applied to the invoice for the then-current billing period. The retainage shall be withheld until the vendor resolves the deficiency. If the deficiency is subsequently resolved, the Vendor will bill the Department for the retained amount during the next billing period. - B. If this Agreement involves units of deliverables, then such units must be received and accepted in writing by the Contract Manager prior to payments.

The Vendor may expend their own funds to the extent the lodging/hotel expense exceeds \$150.00 per day. The Department, in its sole discretion and pursuant to its internal policies and procedures, may approve compensation to the Vendor for lodging/hotel expenses in excess of \$150.00 per day.
- E. Vendors providing goods and services to the Department should be aware of the following time frames. Upon receipt, the Department has five (5) working days to inspect and approve the goods and services, unless otherwise specified herein. The Department has twenty (20) days to deliver a request for payment (voucher) to the Department of Financial Services. The twenty (20) days are measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved.
- F. If a payment is not available within forty (40) days, a separate interest penalty as established pursuant to Section 215.422, Florida Statutes, shall be due and payable, in addition to the invoice amount, to the Vendor. Interest penalties of less than one (1) dollar shall not be enforced unless the Vendor requests payment. Invoices which have to be returned to a Vendor because of Vendor preparation errors shall result in a delay in the payment. The invoice payment requirements do not start until a properly completed invoice is provided to the Department.
- G. The State of Florida, through the Department of Management Services, has instituted MyFloridaMarketPlace, a statewide eProcurement system. Pursuant to Section 287.057(22), Florida Statutes, all payments shall be assessed a transaction fee of one percent (1%), which the Vendor shall pay to the State. For payments within the State accounting system (FLAIR or its successor), the transaction fee shall, when possible, be automatically deducted from payments to the Vendor. If automatic deduction is not possible, the Vendor shall pay the transaction fee pursuant to Rule 60A-1.031 (2), Florida Administrative Code. By submission of these reports and corresponding payments, Vendor certifies their correctness. All such reports and payments shall be subject to audit by the State or its designee. The Vendor shall receive a credit for any transaction fee paid by the Vendor for the purchase of any item(s) if such item(s) are returned to the Vendor through no fault, act, or omission of the Vendor. Notwithstanding the foregoing, a transaction fee is non-refundable when an item is rejected or returned, or declined, due to the Vendor's failure to perform or comply with specifications or requirements of the Agreement. Failure to comply with these requirements shall constitute grounds for declaring the Vendor in default and recovering procurement costs from the Vendor in addition to all outstanding fees. VENDORS DELINQUENT IN PAYING TRANSACTION FEES MAY BE EXCLUDED FROM CONDUCTING FUTURE BUSINESS WITH THE STATE.
- H. A vendor ombudsman has been established within the Department of Financial Services. The duties of this individual include acting as an advocate for vendors who may be experiencing problems in obtaining timely payment(s) from a state agency. The Vendor Ombudsman may be contacted at (850) 413-5516.
- I. Records of costs incurred under terms of this Agreement shall be maintained and made available upon request to the Department at all times during the period of this Agreement and for three (3) years after final payment for the work pursuant to this Agreement is made. Copies of these documents and records shall be furnished to the Department upon request. Records of costs incurred shall include the Vendor's general accounting records and the project records, together with supporting documents and records of the Vendor and all subcontractors performing work on the project, and all other records of the Vendor and subcontractors considered necessary by the Department for a proper audit of project costs.
- J. The Department, during any fiscal year, shall not expend money, incur any liability, or enter into any contract which, by its terms, involves the expenditure of money in excess of the amounts budgeted as

available for expenditure during such fiscal year. Any contract, verbal or written, made in violation of this subsection is null and void, and no money may be paid on such contract. The Department shall require a statement from the comptroller of the Department that funds are available prior to entering into any such contract or other binding commitment of funds. Nothing herein contained shall prevent the making of contracts for periods exceeding one (1) year, but any contract so made shall be executory only for the value of the services to be rendered or agreed to be paid for in succeeding fiscal years. Accordingly, the Department's performance and obligation to pay under this Agreement is contingent upon an annual appropriation by the Legislature.

4. INDEMNITY AND PAYMENT FOR CLAIMS

- A. INDEMNITY: To the extent permitted by Florida Law, the Vendor shall indemnify and hold harmless the Department, its officers and employees from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorney's fees, to the extent caused by negligence, recklessness, or intentional wrongful misconduct of the Vendor and persons employed or utilized by the Vendor in the performance of this Agreement.

It is specifically agreed between the parties executing this Agreement that it is not intended by any of the provisions of any part of the Agreement to create in the public or any member thereof, a third party beneficiary hereunder, or to authorize anyone not a party to this Agreement to maintain a suit for personal injuries or property damage pursuant to the terms or provisions of this Agreement.

PAYMENT FOR CLAIMS: The Vendor guaranties the payment of all just claims for materials, supplies, tools, or labor and other just claims against the Vendor or any subcontractor, in connection with the Agreement. The Department's final acceptance and payment does not release the Vendor's bond until all such claims are paid or released.

Sampling and Testing:

Visit each of the required mines once during each quarter, unless directed otherwise by the Department. Collect a sample of one coarse aggregate product and a sample of one fine aggregate product. An ideal Verification process relies on random sampling at the mine. However, it may be impossible to obtain a sample of coarse aggregate at a mine, with rail load-out, that is not producing material during the inspector's visit. However, the contractor is alternately allowed to schedule an inspection that coordinates with production of coarse aggregate. The contractor is also allowed to sample a coarse aggregate that is identical to the FDOT product, but is being produced and shipped under the quality control of another State's aggregate program.

Perform a Gradation, Minus 200, and Specific Gravity on each sample. For sand mines, collect one sample and perform a Gradation, Minus 200, and Organic Impurities for each sample. Collect six random coarse aggregate samples, three from Georgia mines and three from Alabama mines, and perform an L.A. Abrasion test on each sample.

Verification:

- All Florida Methods of Tests can be found at the SMO at <https://www.fdot.gov/materials/administration/resources/library/publications/fstm/disclaimer.shtm>
- Direct mine Quality Control staff to collect a sample for Department verification in accordance with the approved Quality Control Program (QCP) and FM 1-T 002. Ensure a sufficient quantity of material is initially collected if the mine wants to split a sample with the Department.
- Reduce sample to testing sizes in accordance with the approved Quality Control Program (QCP) and FM1-T 248.
- Test samples collected shall be tested in accordance with the appropriate test methods:
 - Gradation, AASHTO T 27
 - Minus 200, FM 1-T 011
 - Los Angeles Abrasion (coarse aggregate only), FM 1-T 096
 - Specific Gravity & Absorption, FM 1-T 084 (Fine)
 - FM 1-T 085 (Coarse)
 - AASHTO T 21 Organic Impurities for Fine Aggregates, Code F01, for Concrete
 - The contractor must have an AASHTO Materials Reference Laboratory certification. A firm cannot subcontract any portion of this contract. The contractor shall obtain applicable AASHTO Methods of Sampling and Testing at no cost to the Department.

Note: It is the contractor's responsibility to become proficient in all test methods when revisions are published.

Inspections:

- Complete the required sections of the Aggregate Source Inspection Report (ASIR), and the Notice of Deficiency when required by the ASIR (forms supplied by Department).
- The Mine Inspector shall not review the mine's Laboratory Quality Manual Systems.
- The Mine Inspector shall not observe mine technicians running tests other than FM 1-T 002 and FM1-T248, unless the observation is approved by the Department. Such approval must be obtained from the Department by electronic mail, or telephone, prior to performing the work. The contractor shall confirm a telephone approval by email within one day of the observation.
- The Department reserves the right to limit the number of mine inspections and testing in any quarter.
- Complete the Aggregate Control Program Inspection Report Include SMO personnel emails, to be provided before 10/1/2019, in the MAC auto-emailed Aggregate Control Program Inspection Report.

Reports:

- Finalize Verification test results in MAC, and meet the turnaround requirements within the time limits set forth in the Construction Aggregates Manual (CAM) Section 1.3, Table 9 for the tests performed. Turnaround time begins when the Mine Inspector returns to the home office, immediately after a period of inspection. The CAM and other guiding documents are located at <https://www.fdot.gov/materials/laboratory/geotechnical/aggregates/mineapproval.shtm>
- Forward all available MAC reports as email attachments to the Department to include:
 - "Aggregate Source Inspection Checklist",
 - "Sample Certificate of Analysis" reports,
 - "Comparison Package Information" reports, within one week of obtaining Verification results for each mine. Communicate via telephone with the Department to discuss results that do not compare. The Department will train the contractor on interpretation of Comparison results. Document issues and any circumstances requiring revisits or resampling from a mine in the same quarter.
- Note: MAC will auto-generate an and email the Aggregate Control Program Inspection Report.
- Forward all scanned Aggregate Source Inspection Reports as email attachments to the Department. Indicate any deficiencies found during the inspection and action taken. A copy is included. In this scope.
- Provide a summary of number and types of tests performed at each mine with invoicing documentation.

Visits to mines shall be done on a random basis during each quarter so as not to cause predictability of the review date, except as noted for the case of sampling coarse aggregates. At the start of the contract, a Department mine inspector will accompany the contractor's technician(s) to familiarize them with FDOT review procedures and the Quality Control Program associated with each mine.

Required Submittals:

 - a. Provide random inspections,
 - b. Follow the FDOT's standards for ethical conduct (attached),
 - c. Prevent mines from providing pre-sampled materials.
4. Technical Plan for ensuring sample tracking, testing accuracy, and reporting data in a timely manner. Provide step by step details of how you would manage the mine visits.
5. Work Plan for ensuring all mines are visited, and tracking of products sampled.

The Department reserves the right to cancel this contract for any reason with 30 days written notice.

POLICY

Topic No.: 001-010-020-I

ETHICS POLICY

The Department of Transportation (Department) recognizes the importance of maintaining high ethical standards among its employees. The public expects its government officials to conduct the State's business in an ethical, honest, and open manner.

In support of the **Governor's Code of Ethics** to maximize honesty, ethical conduct, and openness in government decision making, the Department is adopting ethical standards and requirements to apply to all employees. These standards and requirements hereby incorporate the guidance in the **Governor's Code of Ethics**. They are to be applied to the maximum extent possible in accordance with **Chapter 112, Florida Statutes (F.S.)**, and applicable rules, policies, and procedures. As required by the **Governor's Code of Ethics**, the following is implemented within the Department:

The Department's General Counsel will serve as the Department's Ethics Officer and will make reasonable efforts to ensure employees are familiar with this Policy, and receive annual training as required by the **Governor's Code of Ethics**. All employees shall be guided by the following ethical principles:

No employee may accept a benefit of any sort under circumstances in which it could reasonably be inferred that the benefit was intended to influence a pending or future decision of the employee, or to reward the employee's past decision. Employees should also avoid any conduct (whether in the context of business, financial, or social relationships) that might undermine the public trust, regardless of whether that conduct is unethical or lends itself to the appearance of unethical behavior.

No employee may solicit any gift from any lobbyist, principal of a lobbyist, or any person or company doing business or seeking to do business with the Department. No employee may solicit any gift from a non-lobbyist/principal, regardless of its value, if the gift is for the personal benefit of the employee, his/her family, or another employee. There are limited exceptions for charitable solicitations only if the gift would fall within the limited exceptions noted in the **Section 112.3148, F.S.** or the **Governor's Code of Ethics**.

No employee may accept anything of any value from a lobbyist, principal of a lobbyist, or any person or company doing business or seeking to do business with the Department, regardless of whether or not the thing is being offered or given for the purpose of lobbying. Information on lobbyists and principals can be found at (<http://www.leg.state.fl.us>). Employees with relatives who are lobbyists, principals of lobbyists; or vendors doing business or seeking to do business with the Department, should consult with the Department's Ethics Officer on how to address their situation.

No employee may accept anything of value from a non-lobbyist unless the thing of value falls within one of the following limited exceptions:

Gifts (regardless of value) from relatives (items received from relatives are excluded from the statutory definition of "gift") - unless the relative is a lobbyist or the principal of a lobbyist, in which case the general prohibition on gifts from lobbyists applies. Employees who are married to or involved in a personal relationship with a lobbyist or the principal of a lobbyist should consult with the Department's Ethics Officer on how to address their situation.

Gifts (regardless of value) received from personal friends in the ordinary course of friendship (including but not limited to birthday and/or anniversary gifts and gifts of hospitality), can be accepted, provided that any such personal friend is **not**:

- (a) a lobbyist; or
- (b) a partner, member, employer, employee, or principal of a lobbyist; or
- (c) a person having a special monetary interest (either individually or through a corporation or organization) in a matter pending before the Department; or
- (d) a person who (either individually or through a corporation or organization) provides goods or services to the Department under a contract or an agreement; or
- (e) a person who (either individually or through a corporation or organization) is seeking business from the Department.

On-site consumption of food and refreshments at receptions and/or other events, provided the employee's attendance at such event is an appropriate exercise of the employee's official duties, unless the food and refreshments at such event are paid for by a lobbyist, principal of a lobbyist, or a vendor doing business or seeking to do business with the Department.

Gifts (regardless of value) accepted on behalf of a governmental entity or charitable organization, or for which a public purpose can be shown, if prior approval has been granted by the Department's Ethics Officer. However, if a lobbyist, the principal of a lobbyist, or a vendor doing business, or seeking to do business with the Department, is offering the gift, an employee may not accept the gift. Gifts (regardless of value) made to the Department may be accepted by an employee on behalf of the Department, if prior approval has been granted by the Department's Ethics Officer.

Gifts (regardless of value) involving volunteer campaign-related travel, lodging, and/or food or beverage expenses, if prior approval has been granted by the Department's Ethics Officer.

NOTE: These limited exceptions permitting the acceptance of certain gifts do not, and are not intended to, permit the acceptance of any gift that is otherwise prohibited by *Chapter 112, F.S.*

It is not considered a gift or expenditure if the employee fully reimburses the other person for the cost of the item. Generally, full reimbursement is considered to be the cost of the item to the person providing it. In the case of lobbyists, principals, or vendors doing business, or seeking to do business with the Department, the cost is the actual value of the item (such as face value of the admission ticket, etc.), even if the item was originally obtained at no cost. While a membership fee required to use a golf course, tennis club, dining club, or other private facility is not part of the required reimbursable cost employees must pay, the per ticket additional cost above the face value for seating at a skybox or other exclusive seating area at a sporting or theatrical venue is part of the reimbursable cost and must be included. ***Section 112.3148(7), F.S.*** and ***Rules 34-13.210, 34-13.500, and 34-13.510, Florida Administrative Code***, provide guidance on how to value gifts and should be consulted when making payment for an event or an item that is prohibited unless its actual value has been paid. For purposes of this Policy, payment must be made at the same time the item is received or the event is attended or must be made before the item is received or the event is attended.

No employee shall take an honorarium or anything of value for speaking appearances or articles written.

An employee may accept an award, plaque, certificate, or similar personalized item given in recognition of the employee's public, civic, charitable, or professional service, if the item has no separate commercial value and prior approval has been granted by the Department's Ethics Officer.

No employee may travel in a private aircraft for Department business without obtaining prior authorization from the Department's Ethics Officer. No employee may have any dual employment or receive any dual compensation without prior approval.

Any employee who is arrested or charged with any criminal violation, including driving under the influence shall notify his or her immediate supervisor by the end of the third working day following the occurrence. The supervisor will ensure that the Department's Director of Human Resources is notified. Selected Exempt Service (SES), and Senior Management Service (SMS) employees have additional requirements as provided below.

The Department's Organizational Development Office will provide quarterly reports to Department Leadership and the Ethics Officer regarding annual CBT compliance by the Department employees.

Any employee convicted of or who enters a plea of nolo contendere to a criminal offense relating to the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, or other drug related criminal sanction, shall be dismissed. Any employee convicted of other misdemeanor or felony crimes may be considered for dismissal based on the nature of the offense. Conviction means a plea of guilty, no contest, nolo contendere, or a finding of guilt, whether or not adjudication is withheld, in any federal

or state court. Notification shall be made to the supervisor by the end of the first working day after the conviction.

The following standards have been adopted for specific employees:

The Secretary, Assistant Secretaries, District Secretaries, the Executive Director of the Florida Turnpike, the Executive Director of the Florida Rail Enterprise, and the Chief of Staff shall not serve as an officer or director of any private, public, or for-profit or not-for-profit company unless prior approval has been granted by the Secretary and the Governor's General Counsel.

If the Secretary, Assistant Secretaries, District Secretaries, the Executive Director of the Florida Turnpike, the Executive Director of the Florida Rail Enterprise, or the Chief of Staff has an immediate relative (spouse, siblings, parents, children) who is a lobbyist, they will, at least quarterly, disclose to the Department's Ethics Officer the names of those immediate relatives and the names of all clients of such immediate relatives. These employees will not participate in any matter that would contribute to the immediate relative's special gain or loss, and will excuse themselves from discussions, meetings, and matters, involving clients of the immediate relative.

Drug tests will be conducted for any employee appointed as the Secretary, an Assistant Secretary, District Secretary, Executive Director of the Florida Turnpike, or Executive Director of the Florida Rail Enterprise.

Any SMS or SES employee who is arrested for the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance, or who is arrested for driving under the influence, on or off the job, shall notify his/her immediate supervisor by the end of the first working day following the occurrence. The supervisor will ensure that the Department's Ethics Officer is notified.

Any SMS or SES employee convicted of a misdemeanor or felony crime shall notify his/her immediate supervisor by the end of the first working day following the conviction. The supervisor will ensure the Department's Ethics Officer is notified. Conviction means a plea of guilty, no contest, or nolo contendere, or a finding of guilt, whether or not adjudication is withheld, in any federal or state court.
