1.1 STATEMENT OF NEED AND PURPOSE

The Criminal Justice, Mental Health, and Substance Abuse (CJMHS) Reinvestment Grant Program was created by s. 394.656, F.S., and is housed within the Department of Children and Families (Department). The purpose of this Request for Applications (RFA) is to provide funding under the Reinvestment Grant Program to counties which they may use to plan, implement, or expand initiatives that increase public safety, avert increased spending on criminal and juvenile justice systems, and improve the accessibility and effectiveness of treatment services for adults and juveniles who have a mental illness, substance use disorder, or co-occurring mental health and substance use disorders, and who are in, or at risk of entering, the criminal or juvenile justice systems.

1.2 MANDATORY QUALIFICATIONS

1.2.1 Pursuant to s. 394.657, F.S., the Board of County Commissioners must designate a county Public Safety Coordinating Council established under s. 951.26, F.S., or the Board must designate another criminal or juvenile justice mental health and substance abuse council or committee as the planning council or committee for the Reinvestment Grant Program. The designated County Planning Council or Committee, in coordination with the county offices of planning and budget, must make a formal recommendation to the Board of County Commissioners regarding how the Reinvestment Grant Program may best be implemented within a community.

1.2.2 Pursuant to s. 394.656, F.S., in conjunction with Executive Order 18-81, the following entities are eligible to apply for a 1-year Planning Grant or a 3-year Implementation or Expansion Grant:

1.2.2.1 A Florida county government;

1.2.2.2 A Consortium of Florida county governments with a clearly designated lead county;

1.2.2.3 A Not-for-Profit Community Provider designated by the County Planning Council or Committee;

1.2.2.4 A Managing Entity (ME) designated by the County Planning Council or Committee; or

1.2.2.5 A Sheriff or Local Law Enforcement Agency designated by the County Planning Council or Committee.

1.2.3 With the application, any entity designated by the County Planning Council or Committee must submit a letter certified by the County Planning Council or Committee designating the entity to apply for the RFA on behalf of the county.

1.2.4 A County Planning Council or Committee may designate only one entity per county to apply for a grant in response to this RFA.

1.2.5 Counties forming a consortium may use a regional Public Safety Coordinating Council or another county-designated regional criminal or juvenile justice mental health and substance abuse planning council or committee for the geographic area represented by the member counties.

1.2.6 If a council or committee other than the Public Safety Coordinating Council is used for this purpose, its membership must include all persons identified in s. 394.657(2)(a), F.S.

See **Appendix K**, Planning Council or Committee Form.

1.3 FUNDING AND PROJECT PERIOD

1.3.1.1 Planning Grants

Grant Maximum: \$100,000 per county. Project Period: 12 months

A consortium of Counties may request \$15,000 for each additional county. For example, if three counties form a consortium, the grant maximum would be \$130,000. If four counties form a consortium, the grant maximum would be \$145,000.

Grant funding must be spent within 12 months from the execution of a Grant Agreement by the Department. Planning grants will not be renewed at the end of the 12-month grant period.

1.3.1.2 Implementation and Expansion Grants

Grant Maximum: \$1,200,000 per county. Project Period: 36 months

The maximum allowable grant award per county is \$400,000.00 per year for a total of \$1,200,000 for the 36-month period. Counties forming a consortium may request \$100,000 for each additional county, per fiscal year. For example, if three counties form a consortium, the grant maximum would be \$600,000 per fiscal year. If four counties form a consortium, the grant maximum would be \$700,000 per fiscal year.

Grant funding must be spent within 36 months from the execution of a Grant Agreement by the Department. Implementation and Expansion Grants will not be renewed at the end of the 36-month grant period.

- **The Criminal Justice Mental Health Consensus Project** - This Project, coordinated by the Council of State Governments Justice Center, is a national effort to help local, state, and federal policymakers and criminal justice and mental health professionals improve the response to people with mental illnesses who come into contact with the criminal justice system. It supports the implementation of practical, flexible criminal justice and mental health strategies through on-site technical assistance; the dissemination of information about programs, research, and policy developments in the field; continued development of policy recommendations; and educational presentations. Their website contains many resources by special focus areas – law enforcement, courts, corrections, victims, jail diversion, etc. – as well as other resources for research information and practice guidelines. <https://csgjusticecenter.org/>
- **National Center for Mental Health and Juvenile Justice** - This Center assists the field in developing improved policies and programs for youth with mental health disorders in contact with the juvenile justice system, based on the best available research and practice. The Center, which is operated by Policy Research, Inc. in Delmar, NY in partnership with the Council of Juvenile Correctional Administrators (CJCA), aims at providing a centralized national focal point that pulls together and links the various activities and research that are currently underway, maximizing the awareness and usefulness of new products and findings, and using the best available knowledge to guide practice and policy. <http://www.ncmhji.com/>
- **GAINS Center** - The GAINS Center is funded by SAMHSA and focuses on expanding access to services for people with mental or substance use disorders who come into contact with the justice system. Preferred evidence of effectiveness may include findings from clinical trials, or efficacy and effectiveness studies published in peer-reviewed literature. In areas where little or no research has been published in peer-reviewed literature, evidence may involve unpublished studies describing formal consensus among multiple recognized experts whose work is recognized and respected by others in the field. Local recognition of an individual as a respected or influential person at the community level is not considered a "recognized expert" for this purpose. In presenting evidence in support of the proposed services or practice, evidence must be presented that is the best objective information available.

Using Services and Practices that are Appropriate for Your Target Population

Proposed services and practices must demonstrate they are appropriate for the selected Target Population(s). Applications should include research studies showing the services and practices are effective for the selected Target Population. However, if this type of information is not available, provide information from other sources, such as unpublished studies or documents describing formal consensus among recognized experts. Describe the experience either with the Target Population or in managing similar programs.

Describing Necessary Changes to the Services and Practices

It is expected that the Applicant will implement services and practices in a way that is as close as possible to the original services and practices. Minor changes to the services and practices may be necessary to meet the needs of the selected Target Population or to allow resources to be used more efficiently. APPENDIX E – MATCHING FUNDS

Applicant match is the portion of project property and services (staff time, fringe benefits, supplies, equipment, travel, rent, etc.) coming from other than State funds. The matching share must constitute a 100% of the requested grant amount. The match may be derived from the county or private sources. Both “cash” contributions (provided directly by the Applicant) and “in-kind” contributions (from the Applicant or a third party) may be utilized to satisfy the match requirement. A cash match is not required.

For fiscally constrained counties, and a consortium of fiscally constrained counties, the available match resources must be at least 50% of the total amount of the grant all of which may be in-kind. See **Appendix F** for a list of fiscally constrained counties.

“In-kind” means contributions of property or services that benefit this grant-supported project or program and that are contributed by the county or third parties without charge to the Applicant. Neither the actual cost nor the value of third-party in-kind contributions may count towards satisfying a matching requirement of the CJMHSA Grant if it has been, or will be, counted towards satisfying a cost-sharing or matching requirement of another grant, a State procurement contract, or any other award of State funds.

If an applicant chooses to include in-kind contributions in its matching share, specific dollar values must be assigned. Applicants are required to use the **Commitment to Match Donation Forms (Appendix H)** to verify cash and attach valuation to in-kind contributions. A signed form from each match donor must accompany this application as an attachment to the Budget Section. A **Match Summary Sheet (Appendix I)** is to be used to show the proportions of cash and in-kind match.

Examples of in-kind contributions and methods for determining values are as follows:

Volunteer Services - Unpaid services provided to a grantee by individuals shall be valued at rates consistent with those ordinarily paid for similar work in the grantee’s organization. If the grantee does not have employees performing similar work, the rates shall be consistent with those ordinarily paid by other employers for similar work in the same labor market. In either case, a reasonable amount of fringe benefits may be included in the valuation.

Supplies - If the county or a third party donates supplies, the contribution shall be valued at the market value of the supplies at the time of donation.

Loaned/Donated Equipment or Space - If a county or a third party donates the use of equipment or space in a building but retains title, the contribution shall be valued at the fair rental rate of the equipment or space. If the county or a third party donates equipment and the title passes to the grant recipient, the market value of that equipment at the time of the donation that is applicable to the period which the matching requirement applies, may be counted toward matching in-kind funds. See **Appendix G** for worksheets to set the value.

Matching funds and grant funds used in the Administrative Costs of the budget need to adhere to the legislative cap of 10% of the requested state grant funds. For example, if an applicant applies for \$100,000 for a Planning Grant, \$10,000 is the total allowable amount for Administrative costs. This \$10,000 can be proposed in several ways:

- as grant funded entirely (with no matching funds in that line)
- as matching funds (with no requested grant funds in that line)
- or as a combination of match and grant funds to comprise the \$10,000.

Criteria for Allowable and Unallowable Match

- 1) **Allowable for Matching.** Matching requirements may be satisfied by any or all of the following:
 - Allowable costs supported by the county and non-state or non-federal grants incurred by the county during the effective period of the contract;
 - Funds from partnering organizations or units of government;
 - The value of third-party funds and in-kind contributions applicable to the matching requirement period.
 - The value of volunteer services up to and including 10% of the total budget.
 - Costs supported by fees and program income.

- 2) **Unallowable for Matching.**
 - Costs paid for by another state or federal contract or grant except as provided by State or Federal statute.
 - Costs or third-party funds and in-kind contributions that are used to satisfy a matching requirement of another State contract or Federal grant.
 - Income from sale of printed material, food, and books purchased with State funds.

APPENDIX G – BUDGET INSTRUCTIONS

The application must include both a **Line-Item Budget** and a **Budget Narrative**. Implementation and Expansion grants must include a proposed budget for each project year.

Line-Item Budget

The line-item budget must show a summary of the total proposed project costs (**Table A**) and the proposed cost for each subcontracted service provider (**Table B**). Applicants may copy the tables into an Excel format. Each table should be provided on a separate tab. Applicants may attach additional workpapers providing additional details.

Budget Narrative

The budget narrative must provide details regarding each proposed cost, sufficient to determine the allowability, reasonableness and necessity of each proposed cost.

Personnel: Provide the title, salary and level of effort (percent of FTE) for each position. Implementation grants may reflect a cost of living increase commensurate with County practices over the 3-year grant period.

Fringe Benefits: Provide the fringe benefit rate (fixed percentage of total personnel) which may include any combination of social security, health insurance, retirement, or worker's compensation. If the fringe benefit rate varies by position, list each position and the associated rate.

Equipment: Purchase of equipment is dependent upon program design and requires appropriate justification. Equipment must be of a durable nature with an expected service life of more than one year. Provide a list of each item of equipment to be purchased and the specific dollar amount for each item, including installation, insurance, freight and accessories.

Staff Travel: Provide the proposed expenses for project staff for the purpose of supporting grant activities, as described in the application. Specify the unit (mileage, etc.) and the total number of units anticipated for each project year. The maximum rate for mileage is \$.445/mile. Rates may not exceed the maximum rates established by the Department of Children and Families or those established in section 112.061, Florida Statutes.

Supplies: Provide a list of items and associated cost of all consumable or expendable items that are used routinely or that have an expected life of one year or less.

Building Occupancy: Provide the proposed costs associated with rent, utilities, etc. required to support grant activities. Specify the monthly cost and number of months. If expenses are to be shared, provide a brief explanation.

Consultant Services: Provide the hourly or daily rates and number of hours or days for each consultant and their role in supporting grant activities.

Consultant Travel: Provide all consultant travel expenses for the purpose of supporting grant activities, in accordance with the description above.

Consultant Supplies: Provide all consultant supplies cost for the purpose of supporting grant activities, in accordance with the description above.

Subcontracted Services: Provide the total cost of all subcontracted services. Provide a list of each subcontracted service provider, the associated cost and their role in supporting grant activities. The proposed cost for each subcontracted service provider must be supported by a separate line-item budget (**Table B**). Agency employees or persons who would normally provide consultant services without charge may not be included in the budget.

Other: Provide a detailed description of any other proposed costs, including the unit, unit rate, anticipated number of units and the role of each cost in supporting grant activities.

Administrative Costs: Costs may not exceed 10% of the total grant award. This cap applies to the sum of all administrative costs, including those of the applicant and any intended subgrantees or subcontractors. Administrative costs may include: grant management activities; fiscal, personnel, and procurement management; related office services and record keeping; costs of necessary insurance, auditing, etc. Evaluation activities are considered a direct program cost and may not be included in this line item.
