Revised Special Condition Section 7

7) INTENDED AWARD

The Department, at its sole discretion, may award more than one contract based on the bids received and the number of fuel resources needed. If more than one award is made, such award will be to the lowest bidder, and then to the next lowest bidder and activated in the same order based on availability of the vendors and the vendor's ability to satisfy the needs of the Department.

If the Department is confronted with identical pricing or scoring from multiple vendors, the Department shall determine the order of award using the following criteria, in the order of preference listed below (from highest priority to lowest priority):

1. Section 295.187(4), Florida Statutes; Veteran Business Enterprise
2. Section 287.087, Florida Statute; Drug Free Work Place
3. Section 287.057(11); Minority Business Enterprise

In the event that the application of the above referenced preferences does not resolve the identical replies, the Department shall determine the award by means of random drawing.

Question 1	Do you have a list of locations the fuel would be going to or is it open ended?
Answer 1	Attached is a list of all the DOT bulk fuel sites. The primary location would be the DOT bulk fuel sites, but we could have the situation that we may need fuel delivered to a non-DOT site.
