**II. DEFINITIONS**

The following terms used in this Invitation to Negotiate ("ITN"), unless the context otherwise clearly requires a different construction and interpretation, have the following meanings:

- A. Comprehensive Evaluation – The gathering of information addressing physical health, mental health, substance abuse, academic, educational, or vocational problems of a youth for whom a residential commitment disposition is anticipated, which is summarized in the youth's predisposition report.
- B. Criminogenic Needs – Critical factors identified during the assessment process that have been statistically proven to predict future criminal behavior.
- C. Delinquency Intervention Services - Those services implemented or delivered by program staff to address youths' performance plan goals. The intent of delinquency intervention services is to make communities safer by re-socializing youth and increasing their accountability through opportunities to learn prosocial norms and develop cognitive reasoning and other competencies that enable youth to make prosocial choices and live responsibly in the community.
- D. Evidence-based Delinquency Interventions – Interventions and practices which have been independently evaluated and found to reduce the likelihood of recidivism, or at least two (2) criminogenic needs within a juvenile offending population. The evaluation must have used sound methodology, including, but not limited to, random assignment, use of control groups or matched comparison groups, valid and reliable measures, low attrition, and appropriate analysis. Such studies shall provide evidence of statistically significant positive effects of adequate size and duration. In addition, there must be evidence that replication by different implementation teams at different sites is possible with similar positive outcomes.
- E. Gender-Specific Services - Services to address the unique needs of both boys and girls. This includes gender identity development, identification of risk and protective factors that hinder pro-social and responsible decision-making, and skills competencies that promote responsible male/female behavior. Gender-specific services may include parenting; gender identity issues and safety, health and/or sexual education classes; and communication techniques utilizing evidence-based approach specific to boys/males. The reply shall include the competencies, training, and education of staff delivering gender-specific services.
- F. Individualized Services – Services delivered in accordance with strengths and needs identified, both by the youth and through valid professional assessments, and guided by an individualized performance plan and individualized treatment plan. The service needed should be provided at the specific level, intensity and duration needed by the individual youth and family.

- H. Memorandum of Negotiation (MON) – In a negotiated procurement process, a summary of the negotiated specifications, terms and conditions for the resultant Contract released by

- the Department with a request for revised replies and pricing submitted by Respondents based on the outcome of the negotiations conducted.
- I. Minority Services – Services designed and delivered to address the unique needs of minority youth in a manner that recognizes the factors associated with disproportionate minority contact with the juvenile justice system.
  - J. Outcome - A measure of the quantified result, impact, or benefit of program tasks on the clients, customers, or users of the services.
  - K. Qualified Nonprofit Organization - An organization registered with the Florida Department of State, Division of Corporations as a nonprofit corporation and is certified as tax exempt under section 501(c)(3) of the Internal Revenue Code.
  - L. Positive Achievement Change Tool (PACT) – The primary assessment instrument used by the JPO to determine the youth’s risk to re-offend and identify criminogenic needs that require intervention. The Pre-Screen is completed and maintained for all youth who are referred to the Department. The Full Assessment is completed and maintained for all youth who have been placed under the jurisdiction of the Department by the court and have been identified as appropriate for nonsecure, high or maximum risk to re-offend by the Pre-Screen.
  - M. Promising Practices - Manualized curricula that have been evaluated and found to reduce the likelihood of recidivism or at least one criminogenic need with a juvenile offending population. The evaluation must have used sound methodology, including, but not limited to, random assignment or quasi-experimental design, use of control or comparison groups, valid and reliable measures, and appropriate analysis. Such studies shall provide evidence of statistically significant positive effects. In addition, there must be evidence that replication by different implementation teams at different sites is possible with similar positive outcomes.
  - N. Practices with Demonstrated Effectiveness - Practices based on general principles, strategies, and modalities reported in criminological, psychological, or other social science research as being effective with a juvenile population. These practices should be outlined in a format that ensures consistent delivery by the facilitator across multiple groups.
  - O. Prison Rape Elimination Act (PREA) - The purpose of the act is to “provide for the analysis of the incidence and effects of prison rape in Federal, State, and local institutions and to provide information, resources, recommendations and funding to protect individuals from prison rape.”
  - P. Response/Proposal/Reply- A document submitted in reply to an Invitation to Negotiate (ITN) procurement document to be considered for Contract award as a lead agency for the Department.
  - Q. Residential Commitment Program - Consistent with s. 985.03(44), F.S., the Department’s residential commitment programs are grouped into five (5) custody classifications based on the assessed risk to public safety. The restrictiveness levels of placement represent increasing restriction on youths’ movement and freedom. The least restrictive, or minimum-risk level, is non-residential and falls under the jurisdiction of Probation and Community Control rather than Residential Services. Placing youth into these programs protects the public and holds youth accountable while offering a chance for rehabilitation. Unlike the adult correctional system, youths in residential commitment programs must receive educational and vocational services. Juveniles are committed to these programs for an indeterminate length of time. They must complete an individualized performance plan based on their rehabilitative needs as one of the requirements for release as set forth in Rule 63E-7 F.A.C.
  - R. Restorative Justice Approach - A philosophy that focuses on repairing harm caused to people and relationships by the criminal/delinquent act(s). Service(s) are delivered in a manner that holds youth accountable for their behavior, and fosters a restorative community and culture where staff and youth are encouraged to participate in decision-making, conflict resolution, and community service and awareness activities that build leadership skills
  - S. State Fiscal Year - The period from July 1 through June 30.
  - T. Supplemental Replies – In a negotiated procurement process supplemental replies are additional information/documentation that may be requested by the Procurement Manager from a Respondent with whom the Department is conducting negotiations to revise, clarify or fully explain the delivery of services or assist in the negotiation process. One (1) or more supplemental replies may be requested during the procurement process.

- U. System of Care - A comprehensive continuum of delinquency and related services provided in a specific geographic area that incorporates the local community's priorities.

Trauma-Informed Care services are designed to determine the root cause of delinquency, and mental health/co-occurring disorders, and is based on the premise many youths in the juvenile justice system have experienced trauma(s) associated with abuse, violence, and/or fear.
- W. Treatment Plan – A written guide that structures the focus of a youth's short-term or ongoing treatment services in the areas of mental health, substance abuse, developmental disability or physical health services.
- X. Treatment Services – Services delivered by clinicians in accordance with a mental health, substance abuse, physical health, or developmental disability treatment plan. This includes implementation of an evidence-based and promising practices specifically designed to be delivered by clinicians.

Failure of the Respondent to provide any of the information required in the hard copy and/or electronic copy of the ITN Reply (Volume 1, 2, or 3 as specified), and/or in the correct Volume and Tab as detailed below, shall result in no points being awarded for that element of the evaluation/review.

**PART III: Evaluation Questionnaire for Accreditation in the United States**

The following is a brief description of the four (4) accreditation organizations considered eligible to receive points for this section.

**American Correctional Association (ACA)**

Accredits correctional agencies/facilities that hold at least one of the following: 1) pretrial or pre-sentence adults or juveniles; convicted adults or juveniles adjudicated delinquent; and/or adult or juvenile offenders sentenced to community supervision.

The accreditation certificate states the Facility (Organization Name), and does not list the programs within that facility. The accreditation certificate will identify the type of facility/program for which it is being accredited (i.e., Juvenile Correction Facility, Juvenile Community Residential Facility). There are some accreditation certificates that are awarded specifically to programs found within facilities. The only applicable example for the Department of a program that is eligible for individual program accreditation is Therapeutic Communities.

Defines a “program” as the plan or system through which a correction agency works to meet its goals; *often this program requires a distinct physical setting* such as a correction institution, community residential facility, group home or foster home. On the ACA Compliance Report, it states “Facility/Program.”

Evidence of Accreditation: Accreditation certificate.

**Commission on Accreditation of Rehabilitation Facilities (CARF)**

Accredits human service respondents and networks (respondent organizations) for their specific programs and services.

The organization is provided a main accreditation certificate (organization’s name, which is the main physical site name) and it will list all programs/services accredited at all locations. When certificates are requested for additional physical sites, the certificates will list the organization’s name (the main physical site name), the additional physical site name, and the programs for that site location only.

Defines a “program” as a system of activities performed for the benefit of persons served; a subunit of the Customer Service categories.

Evidence of Accreditation: An official notification letter and an accreditation certificate.

**Council on Accreditation (COA)**

Accredits child- and family-service and behavioral healthcare organizations. Originally known as an accrediting body for family and children’s agencies, COA currently accredits 38 different service areas and over 60 types of programs. Among the service areas are substance abuse treatment, adult day care, services for the homeless, foster care, and inter-country adoption. Organizations are eligible for COA accreditation if they provide human services. An organization that does not provide human services, but where its consumers (communities, stakeholders, members, other organizations, or agencies) provide human services may also be eligible for accreditation.

COA accredits organizations and services, not specific programs. COA accreditation applies to the entire organization and the services that it provides. An organization's accreditation includes all of its programs that fall under the service areas listed in the COA letter. COA does not separately accredit services provided in residential and non-residential settings, nor does it separately accredit services provided to adults or juveniles.

Defines a "program" as a system of services offered by an organization. For example, an organization providing a mental health service may offer several mental health programs to different populations, e.g., a mental health program for adolescent teens. The word "program" can be used interchangeably with the word "service" or to describe specific programs.

Evidence of Accreditation: An email communication stating that the organization has achieved accreditation (sent within 7 days of the decision being made); a formal notification letter (sent within 2 weeks); a plaque; and a Final Accreditation Report (FAR), which provides a complete set of ratings for all applicable standards, as well as a list of the organization's strengths and areas for improvement (45 days after receiving the formal notification letter).

#### **Joint Commission (Formerly JCAHO)**

Evaluates and accredits healthcare organizations and programs.

An organization will receive an accreditation certificate with the organization's name and the program or service that was accredited. The organization receives a stand-alone certificate for each of its individual programs/services that were accredited.

If you visit the Joint Commission's "Quality Check" website, it will tell you: 1) if an organization is accredited or not, and for which programs/services; 2) detailed information about the individual program/service area that was accredited; and 3) list an organization's physical site locations and the accredited programs/services areas per location.

Defines a "program" in terms of health care settings.

Evidence of Accreditation: An official accreditation report and an official accreditation decision.

SELECTION METHODOLOGY AND EVALUATION CRITERIA**

**A. APPLICATION OF MANDATORY REQUIREMENTS**

A Respondent must comply with all Mandatory Requirements in order to be considered for selection under this ITN. The mandatory requirements for this ITN are set forth in Attachment B, Section V., of this ITN. If the Department determines that a Respondent has failed to meet any of the Mandatory Requirements, unless waived, that Respondent's reply will not be evaluated.

1. The Procurement Manager will examine each reply to determine whether the reply meets the Mandatory Requirements specified in Attachment B, Section V., of this ITN.
2. A reply that fails to meet the Mandatory Requirements will be deemed nonresponsive and will not be evaluated.
3. Meeting the Mandatory Requirements alone will not impact any ranking in the evaluation process.

  - a. It is **MANDATORY** that the Respondent submits financial documentation, as described in Attachment B, Section XX, F., 2. of this ITN, that is sufficient to demonstrate its financial viability to perform the Contract resulting from this ITN.     - 1) Option #1 D & B Supplier Evaluation Risk (SER) Evaluation Criteria  
Dunn & Bradstreet Supplier Evaluation Risk (SER) score must be  $\leq 5$  (on a scale of 1-10). The SER score is provided by D & B on the Supplier Qualifier Report (SQR) which must be requested by the Respondent.

**C. EVALUATION METHODOLOGY**

Evaluation of Written Replies

All replies that meet the Mandatory Requirements and are determined to be otherwise responsive will be evaluated using the following process:

1. The Department’s evaluators will evaluate and score each written narrative reply based on the information requested in Attachment B, Section XX., D., 1., and in accordance with the methodology and evaluation criteria provided in Attachment F, and Attachment P, Evaluation Criteria/Score Sheets, of this ITN.
2. A debriefing meeting of the evaluators will be held in accordance with the Attachment B, Section IV., G., to review the results of the evaluation of the written replies.
3. The Procurement Manager will total the scores for the Written Narrative and Past Performance for an overall total score for written replies.
4. Based on the total maximum points scored for the Written Narrative and Past Performance, the Procurement Manager will determine a ranking of Respondents, with the Respondent scoring the highest cumulative points receiving a ranking of “1”, the second highest a ranking of “2”, etc. This ranking will be posted on the Vendor Bid System.

5. Using the rankings from the written evaluations, the Evaluation team will determine the number of Respondents to move forward for Negotiations.
6. Notification will be provided electronically to the Respondents selected for Negotiations via e-mail from the Procurement Manager.

**D. NEGOTIATION PROCESS**

1. Public Meetings
  - a. Negotiation meetings between the Department and Respondents are not open to the public, as per the exemption provided by 286.0113(2)(a), F.S., unless otherwise stated in the Calendar of Events (Attachment B, Section IV.)
  - b. Negotiation strategy meetings of the Department's Negotiation team are exempted by 286.0113(2)(a), F.S.
  - c. The Department will record all meetings of the Department's evaluation/negotiation team.
2. History of Performance
  - a. For Respondents selected to move forward to Negotiations, the Negotiation team will be provided with information regarding the Respondent's performance on all contracts with DJJ during the preceding eighteen (18) months from the date of the Evaluator Briefing (see Calendar of Events in Attachment B, section IV., B.) Respondents' not holding contracts with the Department and/or providing similar services outside the State of Florida will be requested to provide a client list for the preceding eighteen (18) month period in which contract performance information will be obtained.
  - b. Additionally, the Respondent must submit its history of performance of similar services in other jurisdictions outside of Florida. The Respondent should be prepared to review this information and subsequent corrective action with the Negotiation Team, demonstrating how issues were corrected, how improvements were sustained and how similar issues would be mitigated in the future in the new program being proposed for this ITN. The team will use the Respondent's reply when completing the Quality Improvement, Responsivity, and Sustainability component of the Comparative Analysis Tool (Attachment J), which is used to determine contract award.
3. Supplemental Request(s)  
Additional documentation may be requested from Respondents prior to Negotiations.
4. First Round of Negotiations  
The first round of Negotiations will begin with a presentation from the Respondent. The presentation will address the components listed in Attachment B, section XX., E., at a minimum.
  - a. Presentations are not scored.
  - b. The Respondent is required to use their own computer and audio visual equipment to conduct the presentation. The Department will provide a screen or other appropriate material for the viewing of the presentation.
  - c. The Respondent may not bring more than six (6) individuals to the Negotiation session.
  - d. At the conclusion of all Negotiations, the team will determine which Respondent(s) can successfully move forward to the next step in the ITN process.
  - e. Failure of a Respondent to attend the Negotiation session on their assigned date/time without providing prior communication to the procurement manager will result in the reply being considered incomplete and not considered in the process for further consideration.
  - f. The Department reserves the right to expand the Negotiations to include additional ranked Respondents or change the method of negotiation [e.g., concurrent versus by order of ranking], if it determines that to do either would be in the best interest of the State.
5. Second Round of Negotiations
  - a. If the Negotiation Team determines a second round of negotiations is necessary, the team will determine which Respondent(s) will move forward to the second round.
  - b. A presentation is not required for a second round of negotiations.
6. Negotiation Guidelines
  - a. During the negotiation meeting with each Respondent, the negotiating team will establish rules and procedures for the negotiation sessions and accomplish other administrative tasks pertaining to the negotiations, as needed.

- b. The team must reach consensus (general agreement) during meetings where decisions are made; however, in the event consensus is lacking the decision can be made using a majority-rules approach.
- c. The Department reserves the right to require Respondents to submit a supplemental reply, make presentations, or other submission during the negotiation period.
- d. The negotiation process is intended to enable the Department to determine whether and with whom it will contract and to establish the principle terms and conditions of such contract. There will be additional negotiations to finalize all terms and conditions of the contract after a notice of selection is posted.
- e. Additional negotiation meetings may be scheduled in order to further discuss, define, or document desired services, price, terms, and conditions. Supplemental replies may be requested.
- f. In its sole discretion, the Department shall determine whether to hold additional negotiation sessions and with which Respondent(s) it will negotiate.

#### **E. FINAL SELECTION AND NOTICE OF INTENT TO AWARD CONTRACT**

1. **Comparative Analysis Tool**  
The Negotiation Team will use the Comparative Analysis Tool (included with this ITN as Attachment J) to document its recommendation/best value determination. This tool is only used if the team has moved two (2) or more Respondent's forward during the appropriate Debriefing session (see Attachment B., section IV., G.)
2. **Score Calculation for Team Recommendation for Award**  
The Department will weigh the total scores as follows for each category: Comparative Analysis Tool score weighted at 50%, Past Performance weighted at 25%, and Written Reply score weighted at 25%. The Respondent's scores for each of these three (3) categories will be divided by the maximum possible points for each category, to arrive at the percentage of possible points per category. Then, the percentage of possible points per category will be multiplied by the appropriate weighted category percentage as stated above.
3. **Department's Negotiation Team Recommendation**  
The Department's Negotiation Team will develop a recommendation as to the Contract award that will provide the best value to the State. In so doing, the Negotiation Team is not required to award to the highest ranking Respondent(s) for negotiations, but will base its award recommendation on the Respondent with the highest weighted score (see section E., 2., above). The recommendation / best value determination of the Negotiation team shall serve as a recommendation only.
4. **Award Selection**  
The Department will select for award of the Contract the responsive and responsible Respondent as determined by the Secretary, or his or her designee, to provide the best value to the State.
5. **Department's Right to Rely on Submitted Information**

6. **Secretary's Approval**  
The Secretary, or his or her designee, will approve an award that will provide the best value to the State, taking into consideration the recommended award by the Negotiation Team.
7. **Secretary's Disapproval**  
In the event the Secretary, or his or her designee, does not approve the team's recommended award, the disapproval will be documented in writing. The Department may then take the appropriate action including, but not limited to:
  - a. attempt to contract with the next Respondent without posting of an additional Notice of Agency Decision or Addendum;
    - 1) If the Department and a previous Respondent fail to execute a Contract, the Department may (1) attempt to contract with another previous Respondent sequentially until a Respondent willing to execute a Contract is found without posting of an additional Notice of Agency Decision or Addendum; (2) reject all replies and re-advertise the ITN; (3) reject all replies; or (4) withdraw (cancel) the ITN.

  - d. withdraw (cancel) the ITN for any reason the Department deems appropriate.
8. Posting Notice of Award  
On or about the date specified in the Calendar of Events (Section IV. Click "Initiate Search," select the ITN and double click on the ITN number. Call the Department's Procurement Manager at the telephone number listed in Attachment B, Section III, if you have any questions regarding accessing the website. Respondents are advised to review the web site for any schedule changes.
9. Negotiations After Notice of Award
  - a. The Department reserves the right to schedule additional contract finalization / negotiation sessions with the Respondent(s) identified in the posting of a Notice of Award in order to establish final terms and conditions for the Contract with the Respondent(s).
  - b. The Department reserves the right to reopen negotiations with the other Respondent(s) if the Department is unable to reach an agreement with the awarded Respondent(s), without having to post another Notice of Award.
10. Timeliness of Contract Execution  
Once the Department has provided a Contract to the awarded Respondent for signature, the awarded Respondent must return the signed Contract, and all applicable attachments, within fifteen (15) days or the Department reserves the right to withdraw the Contract award and begin steps as outlined in section 7., above. The Department may waive this requirement if it is in the best interest of the State.
11. Re-Open Solicitation due to Unsuccessful Contract Performance  
The Department may re-open a solicitation if the awarded Respondent who executed a contract with the Department fails to successfully perform the required services within the first twelve (12) months of the contract. The Department will contact the Respondent(s) who last participated in negotiations (and who is not the awarded Respondent who failed to perform) and determine if they are able/agreeable to re-opening negotiations with the Department for the desired services.
