1.02 Procurement Officer. Pursuant to section 287.057(23), F.S., and the PUR 1001, Section 21, the Procurement Officer is the sole point of contact from the date of release of this ITB until the contract award is made. Violation of this provision may be grounds for rejecting a Response.

Lori L. Anderson, Procurement Officer
DEP Procurement Section, Carr Building, Room 215
Florida Department of Environmental Protection
Commonwealth Boulevard, MS#93
Tallahassee, Florida 32399-3000
Telephone Number: (850) 245-2355

Refer ALL inquiries in writing to the Procurement Officer by email. Responses to timely questions posed to the Procurement Officer will be posted on the VBS, at http://myflorida.com/apps/vbs/vbs_www.main_menu in accordance with Section 1.03.

The Department will not talk to any Respondents or their agents regarding a pending solicitation. Please note that questions will NOT be answered via telephone.

ALL EMAILS TO THE PROCUREMENT OFFICER SHALL CONTAIN THE SOLICITATION NUMBER IN THE SUBJECT LINE OF THE EMAIL

1.03 Questions. Information will not be provided by telephone. Bidders may submit written questions or requests for clarification regarding the terms, conditions, requirements of the ITB and its attachments, and any processes described in those documents, to the Procurement Officer by email by the deadline listed in the Schedule of Events of the ITB. The Department will address all inquiries submitted by the deadline listed in the Timeline.

Questions will not constitute a formal protest of the specifications or of the ITB. Responses to all written inquiries, and clarifications or addenda if made to the ITB, will be made through the VBS.

Each submission shall have the ITB number in the subject line of the email. Questions must be submitted in the following format to be considered:

| Question # | Bidder | ITB Section | ITB Page # | Question |
|------------|--------|-------------|------------|----------|
| | | | | |

Submission of Bid: Once the Department posts the answers to the questions, Bidders may begin submitting bids as indicated in Section 1.09; however, Bidders are encouraged to submit their bids no earlier than five days prior to the submission deadline. Bids must be submitted by the deadline listed in the Schedule of Events.

NOTE: This section supersedes Section 2.00, General Instructions to Bidders (PUR-1001), Paragraph 5, Questions.

1.04 Addenda. If the Department finds it necessary to supplement, modify, or interpret any portion of the Bid documents, a written “Addendum” will be posted on the VBS. It is the responsibility of the vendor to be aware of any Addenda that might have a bearing on their bid.

1.05 Response Form. Section 7.00 must be completed and submitted or the bid will be rejected. The Department will not accept any other type “Response Form” as a valid bid to this Bid. By affixing authorizing signature, the Bidder hereby affirms and agrees to all terms, conditions, provisions, and specifications within the Bid. Prior to issuance of a Purchase Order(s), the selected Bidder must be properly licensed to do business within the State of Florida, if required by federal or state law, for the service or commodities the Bidder will provide this Department.

1.06 Past Performance / Client References: In the space provided on Client Reference Form (Section 8.00), the Bidder must list all names under which it has operated during the last five (5) years. The Department will review its records to identify all contracts that the respondent has undertaken with the Department, where the Bidder was the prime contractor, during the last five (5) years (contracts in effect during or after November 2012).

In the spaces provided on Client Reference Form (Section 8.00), the Respondent must provide the required information for a minimum of five (5) separate and verifiable clients which have been completed for clients of the Respondent (not intended subcontractors) for projects similar in the Solicitation. The clients listed must be for work similar in nature to that specified in this Solicitation. Confidential clients shall not be included. Do not list projects completed for the Department as a reference on this form.

The same client may not be listed for more than one (1) reference (for example, if the Respondent has completed a project for the Florida Department of Transportation – District One and one project for the Florida Department of Transportation – District Two, only one of the projects may be listed because the client, the Florida Department of Transportation, is the same).

Clients that are listed as subcontractors in the Respondent’s proposal will not be accepted as Past Performance references under this Solicitation. Firms that are currently parent or subsidiary companies to the Respondent will not be accepted as Past Performance references under this Solicitation.

In the event that the Respondent has had a name change since the time work was performed for a listed reference, the name under which the Respondent operated at the time that the work was performed must be given, at the end of the project description for that reference, on the Client Reference Form (Section 8.00).

In the event that Respondents submit a proposal as a joint venture, at least one (1) past performance client must be listed for each member of the joint venture. However, the total minimum number of clients to be listed remains five (5).

References should be available to be contacted during normal working hours. The Department will choose, at its own discretion, two (2) of the Respondent’s references to contact in order to complete an evaluation questionnaire as provided in Client Reference Form (Section 8.00). In the event that the Respondent has performed work as a prime contractor for the Department within the timeframe specified above, the Department shall attempt to contact one Department and one non-Department reference. In the event that the respondent has not performed work as a prime contractor for the Department within the timeframe specified above, the Department shall attempt to contact two (2) non-Department references. The total number of clients who will be contacted to complete and evaluation for any proposal shall be two (2).

A Department representative will contact the references via telephone to complete the Evaluation of Past Performance form (Section 13.00). The Department will attempt to contact each selected reference by phone up to two (2) times during the duration of one (1) week. In the event that the contact person cannot be reached following the specified number of attempts, the Respondent shall receive a score of zero (0) for that reference evaluation. The Department will not attempt to correct incorrectly supplied information.

Failure to provide the required information for a minimum of three (3) separate and verifiable clients in the spaces provided on the Client Reference Form (Section 8.00), or failure to provide the required information for each reference shall result in the Bidder receiving a score of zero (0) for the Past Performance section of the evaluation criteria.

1.07 In-State Preference for COMMODITY. In accordance with section 287.084, F.S., when the lowest responsible and responsive submittal is received from a Bidder whose principal place of business is located outside the State of Florida, a five percent (5%) price preference shall be awarded to the lowest responsible and responsive Bidder whose principal place of business is located in the State of Florida unless the state where the out-of-state Bidder is located provides a price preference for businesses having a principal place of business in that state. In that case, the same price preference shall be awarded to the lowest responsible and responsive Bidder, whose principal place of business is located in the State of Florida responding to this Bid.

All Bidders should complete the attached “In-State Preference Form (Section 10.00)” and submit with their reply. A Bidder whose principal place of business is located outside the State of Florida, must include with their reply a written opinion of an attorney licensed to practice law in that foreign state, as to the preferences granted by that state to its own business entities in the letting of public contracts.

1.08 Principal Place of Business. The Bidder shall complete and submit Section 9.00, the Principal Place of Business and Foreign State Preferences in Contracting Form, indicating whether its principal place of business is within the State. For the purpose of this ITB, “principal place of business” means the state in which the Bidder’s high-level officers direct, control, and coordinate the Bidder’s activities. Section 287.084(2), F.S., states:

A vendor whose principal place of business is outside this state must accompany any written bid, proposal, or bid documents with a written opinion of an attorney at law licensed to practice law in that foreign state, as to the preferences, if any or none, granted by the law of that state to its own business entities whose principal place of business are in that foreign state in the letting of any or all public contracts.

Consistent with section 287.084 (2), F.S., if a Bidder indicates on its form that its principal place of business is outside of this State, it shall have an attorney provide the opinion on the Principal Place of Business and Foreign State Preferences in Contracting Form.

1.09 Submittal of Bid. Bid must be received in accordance with VBS and Schedule of Events. Sealed Bid must be executed and submitted in a sealed envelope. The face of the envelope shall contain the Bid number and opening date. Bids not submitted on the Response Form shall be rejected. All bids are subject to the conditions specified herein. Those that do not comply with these conditions shall be considered non-responsive and therefore rejected. The bid package shall contain the following:

- The Solicitation Acknowledgement Form;
- Response Form, Section 7.00;

- Client Reference Form, Section 8.00;
- Principal Place of Business and Foreign State Preferences in Contracting Form, Section 9.00;
- In-State Preference Form, Section 10.00;
- Certification of Drug-Free Workplace, Section 11.00 (*if applicable*);
- Bidder / Subcontractor Summary Form, Section 12.00; and
- State Project Plan, Section 1.22.

If you assert that any portion of your Bid is exempt from disclosure under the Florida Public Records law, you must submit a redacted version of the Bid along with the un-redacted version. The redacted copy shall be clearly titled "Redacted Copy."

CAUTION: Responses received at the office designated after the exact time specified for receipt will not be considered.

NOTE: This section supersedes Section 2.00, General Instructions to Bidders (PUR-1001) Paragraph 3, Electronic Submission of Responses.

1.10 Alternate Replies. A Bidder may not submit more than one (1) bid. The Department seeks each Bidder's single-best bid.

1.11 General Evaluation Information. The Department reserves the right to accept or reject any or all bid received; waive any minor irregularity, technicality, or omission if the Department determines that doing so will serve the State's best interest; and reserves the right to make an award without further discussion of the bids submitted. No allowances will be made to the bidder because of a lack of knowledge of conditions or requirements and will not relieve any liabilities and obligations.

A non-responsive submittal shall include, but not be limited to, those that: a) are irregular or are not in conformance with the requirements and instructions contained herein; b) fail to utilize or complete prescribed forms; or c) have improper or undated signatures. A NON-RESPONSIVE SUBMITTAL WILL NOT BE CONSIDERED.

The Department objects to and shall not consider any additional terms or conditions submitted by a Bidder, including any appearing in documents attached as part of a Bid. In submitting its bid, a Bidder agrees that any additional terms or conditions, whether submitted intentionally or inadvertently, shall have not force or effect.

1.12 Administrative Review. All responses will be reviewed by the Procurement Officer to ensure that complete responses have been submitted and to ensure that the responses meet the minimum requirements as outlined in this ITB. In order to foster maximum competition, the Department will seek to minimize Bidders disqualifications resulting from non-responsiveness during the administrative review process. Therefore, the Department may, in its sole discretion, notify Bidders whose qualifying information or documentation does not meet the requirements of the ITB and will allow the correction of errors and omissions prior to making a final determination of responsiveness. Timely cures will be accepted by the Department.

1.13 Administrative Cure Process. In the interest of maximizing competition, the Response qualification and cure process seeks to minimize, if not eliminate, Bidders disqualifications resulting from nonmaterial, curable deficiencies in the Bid. During the Administrative Review portion of the evaluation, if the Department determines that a nonmaterial, curable deficiency in the Bid will result in the disqualification of a Bidder, the Department may notify the Bidder of the deficiency and a timeframe

within which to provide the information. This process is at the sole discretion of the Department; therefore, the Bidder is advised to ensure that its Bid is compliant with the ITB at the time of submittal.

1.14 Basis of Award. The Department intends to make award to the lowest responsible, responsive Bidder meeting all specifications and conditions who offers the lowest bid response. The Department reserves the right to go to the next lowest Bidder if the lowest bidder is unable to meet the terms and conditions of the Bid. An electronic purchase order will be sent to the successful Bidder. The date that the purchase order is issued will designate the effective date.

1.15 Posting of Agency Decision. The notice of intended award will be posted for review by interested parties on the Vendor Bid System (VBS) on or after the date listed on the Schedule of Events.

To access the posted results, go to http://www.myflorida.com/apps/vbs/vbs_main_menu. Once at this site, the steps listed below should be followed to access the Vendor Bid System (VBS). The date as specified Schedule of Events is to be used by prospective Bidders for planning purposes only and is subject to change.

NOTE: This section supersedes Section 2.00, General Instructions to Bidders (PUR-1001), Paragraph 13, Electronic Posting of Notice of Intended Award.

The Department reserves the right to:

- a. Reject all bids at any time, including after an award is made when doing so would be in the best interest of the State of Florida.
- b. Withdraw the ITB at any time, including after an award is made, when doing so would be in the best interest of the State of Florida.
