**RESPONDENT COMPARATIVE ANALYSIS
ITN #10590**

ITN Title: A forty (40) bed Residential Program for boys appropriate for nonsecure residential placement, between the ages of fourteen (14) and nineteen (19) with innovations in delinquency programming and treatment services. The proposed services shall also include funding for forty (40) filled slots for boys in need of Mental Health Overlay Services (MHOS) as described in Attachment A-2.

INSTRUCTIONS: *Negotiation Team members should, through group consensus, rank the Respondent's proposed program services based on the following categories, taking into consideration the initial written reply, their presentation, and all negotiated changes to the initial reply. For each CATEGORY below, rank the Respondent either 1 or 2 (2 being the best), comparing one Respondent's proposed program services against the other Respondent, to determine which Respondent's reply provides the best overall value to the Department (Ranking # 1), as evidenced by the highest score and consensus of the Team. This tool will be modified based on the number of Respondent's remaining at this point in the process. If the team is unable to reach group consensus, the lead can elect to use a majority-rules approach to determine the raw score for the component.*
