

ADDENDUM #003

Solicitation Number: FDC ITB-18-052
Solicitation Title: Medical Supplies
Opening Date/Time: March 14, 2018 at 2:00 p.m. (Eastern Time)
Addendum Number: 003

Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

Please be advised that the changes below are applicable to the original specifications of the above referenced solicitation. Added or new language to the ITB is highlighted in **yellow**, while deleted language has been struck.

This Addendum includes the Department's answers to **the second round of** written questions received.

This Addendum also includes the following changes:

Change No. 1:

A revision to Attachment I, Price Page.

The revised Attachment I, Price Page, is included as an attachment to this Addendum and must be used when submitting Bid responses.

**Responses to 2nd Round of
Written Questions
FDC ITB-18-052
Medical Supplies**

Question Number	Question	Answer
1	<p>Just to be clear, you have gone from 20+ different types of gloves, to just asking for 2 gloves now? One Vinyl STERILE and One Latex also STERILE.</p> <p>To our knowledge there is not a Vinyl glove made that is STERILE, can you provide a mfg. and product code?</p> <p>Latex Sterile gloves run in the neighborhood of \$250.00 a case, is this really what you need?</p> <p>You aren't using any Nitrile gloves now?</p>	<p>Please see the revised Attachment I, Price Page, included as Change No.1 of this Addendum.</p>
2	<p>Can you please update me on the status of the approved substitution list.</p>	<p>The Department is no longer requiring pre-approval of equivalent products. As long as items bid meet the minimum requirements of the revised Attachment I, Price Page, they are approved. To ensure the requirements are met, the Department is requiring samples be submitted for each item bid.</p>
3	<p>Group I for gloves has a description of Sterile... Sterile gloves do not come in a packing of 10 boxes of 100 each. They come in pouches of 1 or 2 gloves. The specs of 0.11 also resemble what the industry knows as a non-sterile gloves. Are you sure you don't mean Non Sterile Exam Gloves?</p>	<p>Please see the Answer to Question #1.</p>
4	<p>Regarding the quantity in column B listed as cases...the total is over 41,000 cases of 10/100. Nice to have but looks extremely out of place. Do you mean boxes equal to perhaps 4,000 annual cases?</p>	<p>Estimated quantities are being used for award purposes. The Department does purchase a high volume of gloves.</p>
5	<p>Would it be possible to know if any of the cups are STERILE?</p>	<p>Please see the description of items in Group IV of the revised Attachment I, Price Page. All cups are listed as sterile.</p>

Question Number	Question	Answer
6	If the cups need to be graduated?	This is not a requirement.
7	If the cups with caps need a screw cap or a snap cap?	As long as sterile, this is not a requirement and the Department has no preference as to the type of cap.
8	Are the cups polyethylene, polystyrene or polypropylene?	As long as sterile, this is not a requirement and the Department has no preference as to the material of the cups.
9	If any of the cups need a blank patient label?	Please see the description of items in Group IV of the revised Attachment I, Price Page, reflected as Change No.1 of the Addendum.
10	Will all of the delivery locations be ordering by the unit of measure, ie case of 2500 each?	The estimated quantities are provided as estimated values to be used for the purpose of making an award. Gloves will be ordered in cases and not by the box.
11	Please see specifications request for Medgluv's glove approved equivalents.	Please see the answer to Question #2.
12	Please note that that your description of Good on the gloves need to change to Non-Sterile from "Sterile".	Please see the answer to Question #1.
13	Are the cups individually sterile or bulk sterile on the 5 oz?	Individually sterile.
14	Do they come with a plastic screw cap or plastic snap cap - both sizes?	Please see the answer to Question #7.
15	Do you need a specimen name label on each container?	Please see the answer to Question #9.

Question Number	Question	Answer
16	<p>100/case is not a common quantity/case. Please consider - 500/cs (in sub packs) of the 5 oz and 300/cs (in sub packs) of the 4 oz.? Much less space required to stock these quantities.</p>	<p>The Department is seeking items as specified in the revised Attachment I, Price Page.</p>
17	<p>Do you want the BZK antiseptic towelettes - specifically?</p>	<p>No, please see the revised Attachment I, Price Page, included as Change No.1 of this Addendum.</p>
18	<p>Group I, the gloves lines 2-9 all say sterile in the description, sterile gloves come individually wrapped by pairs in a box of 50 pairs. Is that a misprint or do you really want sterile gloves?</p>	<p>Please see the answer to Question #1.</p>
19	<p>Group II, Sanitary Napkins, can these be without wings?</p>	<p>No, please see the revised Attachment I, Price Page, included as Change No.1 of this Addendum.</p>
20	<p>Group IV, #2, we are having trouble finding a 5 oz cup, can we sub with 4 or 4.5?</p>	<p>No. The Department requires 4 oz. and 5 oz. cups, as specified in the Attachment I, Price Page. Vendors must bid all items in a Group to be considered responsive to that Group and eligible for an Award.</p>
21	<p>Attached are the specification for the gloves that we are providing as equivalents in the solicitation FDC ITB-18-052 Medical Supplies.</p>	<p>Please see the answer to Question #2.</p>
22	<p>It appears the facilities are looking for two series of sterile gloves, a latex, and a vinyl series. It is very rare that sterile gloves are used in prisons. More commonly prisons use nonsterile exam gloves. I have provided both the sterile and non-sterile sku's. In addition, I have provided three fentanyl resistant gloves, one with an extra-long cuff, and one "critical response" orange glove, as often prison facilities have to worry about fentanyl poisoning. I have attached spec sheets for all, and will send samples with the bid if approved or requested.</p>	<p>Please see the Answers to Question #1 and #2. The Department is seeking exam gloves as described in the revised Attachment I, Price Page.</p>

Question Number	Question	Answer
23	Please find attached our listed substitutions for items listed in Group II and Group III for the above mentioned solicitation.	Please see the Answer to Question #2.
24	Request for approved equivalents for FDC ITB-052 written inquiry is attached.	Please see the Answer to Question #2.

**REVISED
ATTACHMENT I - PRICE PAGE
FDC ITB 18-052**

Bids must be firm prices, and shall include all packaging, handling, shipping, and other applicable fees. Bidders shall provide a Unit Cost per item below, then propagate a total for the item based upon the Estimated Number of medical supplies to include latex gloves, sanitary napkins, tampons, and specimen cups to be purchased quarterly, as needed. The Bidder is required to bid all items within each Group, in order for their Bid to be considered responsive

A sample of each item bid must be included with Bid in order for Vendor to be deemed responsive.

Destinations include all sites listed in Attachment VI – Delivery Locations.

GROUP I, GLOVES
