Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate): The Department has licensed Dr. Hintz's surveying and mapping packages for many years. It is used extensively for survey data collection, data processing, evaluation and quality control for road, bridge, and rail projects throughout the state. Continuation of services promotes the Department's ability to achieve Agency Mission and operate the statewide Surveying and Mapping program with consistency and efficiency. The Department has devoted considerable time and effort to ensuring compatibility between the Department's data collection system and the software systems of Dr. Hintz. Qualified training supports current technology, new updates and any related mission critical topics. The surveying and mapping software packages have been copyrighted by Dr. Hintz. He is the only known source for maintenance, enhancements, and training.
