

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION
**FDOT DESCRIPTION OF INTENDED
 SINGLE SOURCE PURCHASE
 (PUR 7776)**

AGENCY: DEPARTMENT OF TRANSPORTATION

TITLE: Annual Maintenance and Hosting of ITSFM

Short description of the commodity or service desired: Maintenance and hosting of the operational elements of the ITSFM software and hardware.

CONTACT

Name: Katie Wagner

Address: 605 Suwannee Street, MS 20, Tallahassee, Florida 32399-0450

Telephone: 850-414-4956

Email: katie.wagner@dot.state.fl.us

Internal tracking number, if any: DOT-SS-19-9055-KW

Date posted: 12/7/2018 5:00 PM

Last day for receipt of information: 12/18/2018 5:00 PM

This description of commodities or contractual services intended for purchase from a single source is posted in accordance with section 287.057(3)(c), Florida Statutes and will remain posted for a period of at least 7 business days.

Commodity or Service Required (commodity class and group, manufacturer, model, and description, as appropriate):
81112200, Byers Engineering Company. ITSFM Maintenance and hosting.

Quantity or Term (as appropriate): One (1) Year

Requestor (division, bureau, office, individual, as appropriate): Office of Traffic Engineering, Randy Pierce, ITS Communications Administrator

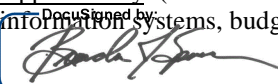

Performance and/or Design Requirements (intended use, function or application, compatibility etc. requirements; reference to policy, rule, statute or other act of the Legislature, etc., as appropriate): The Florida Department of Transportation (FDOT) Central Office, Districts and FTE operate remote ITS Communications systems and networks using fiber optic and microwave infrastructure throughout the state. FDOT has an extensive deployment of ITS equipment throughout the state. FDOT has developed an ITS Facility Management (ITSFM) System using Byers Engineering's NexusWorx software to help manage these inventories and configurations to support operations, maintenance and future design activities. FDOT owns an enterprise license for this software. This software requires ongoing maintenance and hosting to allow active users on the system, provide security updates to the software, allow access for google map views, and to host at a location with redundant backup.

Intended source (vendor, contractor): Byers Engineering Company

Estimated Dollar Amount: \$87,075.00

Justification for single source acquisition (what is necessary and unique about the product, service or source; steps taken to confirm unavailability of competition, as appropriate): FDOT has developed an ITS Facility Management (ITSFM) System using Byers Engineering's NexusWorx software to help manage these inventories and configurations to support operations, maintenance and future design activities. FDOT owns an enterprise license for this software. This software is configured as an Internet application allowing the Districts to better manage their ITS and fiber optic infrastructure deployments. As the developer of the proprietary software, Byers is the only vendor able to provide the software maintenance and hosting of this software.

Approved By: (names & titles, as appropriate to Post on Vendor Bid System (VBS), e.g., requestor, requestor management, information systems, budget, purchasing):

Deputy General Counsel

Legal review by the Deputy General Counsel is required prior to posting. Please coordinate with District Legal Counsel prior to submission to the Deputy General Counsel, MS-58.

Prospective vendors are requested to provide information regarding their ability to supply the commodities or contractual services described. If it is determined in writing by the agency, after reviewing any information received from prospective vendors, that the commodities or contractual services are available only from a single source, the agency shall:

1. Provide notice of its intended decision to enter a single-source purchase contract in the manner specified in s.120.57 (3) F.S.
