

**State of Florida
Department of Transportation
Invitation to Bid**

DOT-ITB-20-8025-AC

**GENERATOR, FUEL TANK AND AUTOMATIC TRANSFER SWITCH (ATS) REPLACEMENT
AT MID-BAY BRIDGE ADMINISTRATION BUILDING, SR 293, MILEPOST 5.0**

RESPONSE TO QUESTIONS: GROUP 2

Question 1:

I wanted to confirm that FDOT is providing the aluminum fencing around the ConVault Tank as described on the ITB Package (PDF Page #42, A-3). The drawings (A101) show enclosure requirements but make no mention who is providing it. I have attached excerpts from the ITB and Drawings for your reference.

Response:

Please see Addendum No. 2, dated February 24, 2020.
