**RESPONDENT COMPARATIVE ANALYSIS**

**ITN #10359**

ITN Title: A 24-bed nonsecure residential program for boys ages 10 to 14 who are in need of Mental Health Overlay Services (MHOS) located in the Central Region.

**INSTRUCTIONS:** *Negotiation Team members should, through group consensus, rank the Respondent's proposed program services based on the following categories, taking into consideration the initial written and presentation response and any changes to the initial response negotiated and set forth in the Respondent's Memorandum of Negotiation (MON). For each CATEGORY, ranking the Respondent either 1 or 2 (2 being the best), comparing one Respondent's proposed program services against the other Respondent, to determine which Respondent's response provides the best overall value to the Department (Ranking # 1), as evidenced by the highest score and consensus of the Team. This tool will be modified based on the number of Respondent's remaining at this point in the process. If the team is unable to reach group consensus, the lead can elect to use a majority-rules approach to determine the raw score for the component.*
