AWARDED BID/INSPECTION

The Commission will award the bid to the responsive, responsible bidder which submits the lowest bid price.

If deemed necessary, an interview with the bidder by the Contract Manager may be required before the bid is awarded.

The Commission reserves the right to inspect the prospective Contractor's materials and background record prior to making an award of the Contract. If the Contract Manager determines the lowest bidder does not have sufficient experience, equipment, etc. to meet the specifications of this ITB, the Commission reserves the right to reject the bidder and evaluate the next lowest bidder.

SUPPORTING/SUPPLEMENTAL INFORMATION

The Commission requires that bidders submit all required technical, specification, and other supporting information with their bid, so that a detailed analysis and determination can be made, by the Contract Manager that the product/service offered meets this ITB's specifications and that other requirements of this ITB have been met. However, provided a bid meets the requirements for a definite, firm, unqualified, and unconditional offer, the Commission reserves the right to request supplemental information from the bidder, after the bids have been opened, to ensure that the products/services offered completely meet this ITB's requirements. The requirement for such supplemental information will be at the reasonable discretion of the Commission and may include the requirement that a bidder will provide a sample product(s) so that the Commission can make a first-hand examination and determination.

A bidder's failure to provide this supplemental information or the product sample(s), within the time set by the Commission, will cause the Commission to consider the Contractor non-responsive and reject the Contractor's bid.

The limits of coverage under each policy maintained by Contractor shall not be interpreted as limiting Contractor's liability and obligations under the Contract. All insurance policies shall be through insurers licensed and authorized to write policies in Florida.

Workers Compensation. To the extent required by Chapter 440, F.S., the Contractor will either be self-insured for Worker's Compensation claims, or will secure and maintain during the life of this Contract, Workers' Compensation Insurance for all of its employees connected with the work of this project, with minimum employers' liability limits of **\$100,000.00** per accident, **\$100,000.00** per person, and **\$500,000.00** policy aggregate. Such policy shall cover all employees engaged in any contract work. If any work is subcontracted, the Contractor shall require the subcontractor similarly to provide Workers' Compensation Insurance for all of the latter's employees unless such employees are covered by the protection afforded by the Contractor. Such self-insurance program or insurance coverage shall comply fully with the Florida Workers' Compensation law (Chapter 440, F.S.). In case any class of employees engaged in hazardous work

under this Contract is not protected under Workers' Compensation statutes, the Contractor shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Commission, for the protection of its employees not otherwise protected. Employers who have employees who are engaged in work in Florida must use Florida rates, rules, and classifications for those employees.

General Liability Insurance. By execution of this Contract, unless Contractor is a state agency or subdivision as defined by Subsection 768.28(2), F.S. or unless otherwise provided for in the Scope of Work, Contractor shall provide reasonable and adequate commercial general liability insurance coverage and hold such liability insurance at all times during the Contract. A self-insurance program established and operating under the laws of the State of Florida may provide such coverage.

Insurance Required for Performance. During the Contract term, Contractor shall maintain any other types and forms of insurance required for the performance of this Contract. Additional insurance requirement may also be found in the Scope of Work.

Written Verification of Insurance. Upon execution of this Contract, Contractor shall provide the Commission written verification of the existence and amount for each type of applicable insurance coverage. Within ten (10) days of the effective date of the Purchase Order, Contractor shall furnish proof of applicable insurance coverage to the Commission's Contract Manager by standard Association for Cooperative Operations Research and Development (ACORD) form certificates of insurance. In the event that any applicable coverage is cancelled by the insurer for any reason, Contractor shall immediately notify the Commission's Contract Manager in writing of such cancellation and shall obtain adequate replacement coverage conforming to the requirements herein and provide proof of such replacement coverage within fifteen (15) business days after the cancellation of coverage. Copies are acceptable and can be faxed to (850) 922-8060.

Commission Not Responsible for Insurance Deductible. The Commission shall be exempt from, and in no way liable for, any sums of money representing a deductible in any insurance policy. The payment of such deductible shall be the sole responsibility of Contractor providing such insurance.

DAMAGES TO STATE PROPERTY

Any damages to state property (e.g. structures, roads, culverts, fences, trees, or other natural resources) caused by the Contractor while working on this project shall be the responsibility of the Contractor to remedy, as determined by the Commission. The Contractor shall be responsible for the conduct of all Contractor personnel at all times while on the jobsite.

Should any historical or cultural artifacts be uncovered the Contractor shall immediately halt work and notify the Contract Manager. **Please note:** The State Archeologist has the power to halt work if he or she has reason to believe artifacts are being disturbed.

SUBCONTRACTS

Contractor shall ensure, and provide assurances to the Commission upon request, that any subcontractor selected for work under this Contract has the necessary qualifications and abilities to perform in accordance with the terms and conditions of this Contract. Contractor must provide the Commission with the names of any subcontractor considered for work under this Contract; the Commission reserves the right to reject any subcontractor. Contractor agrees to be responsible for all work performed and all expenses incurred with the project. Any subcontract arrangements must be evidenced by a written document available to the Commission upon request. Contractor further agrees that the Commission shall not be liable to any subcontractor for any expenses or liabilities incurred under the subcontract and Contractor shall be solely liable to the subcontractor for all expenses and liabilities incurred under the subcontract. Contractor, at its expense, will defend the Commission against such claims. The following provisions apply, in addition to any terms and conditions included in the Scope of Work.

Contractor Payments to Subcontractor. The Contractor agrees to make payments to the subcontractor

within seven (7) working days after receipt of full or partial payments from the Commission in accordance with Section 287.0585, F.S., unless otherwise stated in the contract between Contractor and subcontractor. Contractor's failure to pay its subcontractors within seven (7) working days will result in a penalty charged against Contractor and paid to the subcontractor in the amount of one-half of one percent (.05%) of the amount due per day from the expiration of the period allowed herein for payment. Such penalty shall be in addition to actual payments owed and shall not exceed fifteen percent (15%) of the outstanding balance due.

Commission Right to Reject Subcontractor Employees. The Commission shall retain the right to reject any of Contractor's or subcontractor's employees whose qualifications or performance, in the Commission's judgment, are insufficient.

Subcontractor as Independent Contractor. The Contractor agrees to take such actions as may be necessary to ensure that each subcontractor will be deemed to be an independent contractor and will not be considered or permitted to be an agent, servant, joint venture or partner of the State of Florida.

TERMINATION

Commission Unilateral Termination. The Commission may unilaterally terminate this Contract for convenience by providing the Contractor with thirty (30) calendar days of written notice of its intent to terminate. Contractor shall not be entitled to recover any cancellation charges or lost profits.

Termination – Fraud or Willful Misconduct. This Contract shall terminate immediately in the event of fraud or willful misconduct on the part of the Contractor. In the event of such termination, the Commission shall provide Contractor with written notice of termination.

Termination - Funds Unavailability. In the event funds to finance this Contract become unavailable or if federal or state funds upon which this Contract is dependent are withdrawn or redirected, the Commission may terminate this Contract upon no less than twenty-four (24) hours' notice in writing to Contractor. Said notice shall be delivered by certified mail, return receipt requested or in person with proof of delivery. The Commission shall be the final authority as to the availability of funds and will not reallocate funds appropriated for this Contract to another program thus causing "lack of funds." In the event of termination of this Contract under this provision, Contractor will be compensated for any work satisfactorily completed prior to notification of termination.

Termination – Other. The Commission may terminate this Contract if the Contractor fails to: 1.) comply with all terms and conditions of this Contract; 2.) produce each deliverable within the time specified by the Contract or extension; 3.) maintain adequate progress, thus endangering the performance of the Contract; or, 4.) abide by any statutory, regulatory, or licensing requirement. Rule 60A-1.006(3), F.A.C., governs the procedure and consequences for default. The rights and remedies of the Commission in this clause are in addition to any other rights and remedies provided by law or under the Contract. Contractor shall not be entitled to recover any cancellation charges or lost profits.

Contractor Discontinuation of Activities upon Termination Notice. Upon receipt of notice of termination, the Contractor shall, unless the notice directs otherwise, immediately discontinue all activities authorized hereunder. Upon termination of this Contract, the Contractor shall promptly render to the Commission all property belonging to the Commission. For the purposes of this section, property belonging to the Commission shall include, but shall not be limited to, all books and records kept on behalf of the Commission.

FAMILIARITY AND COMPLIANCE WITH LAWS

The Contractor is required to be familiar and comply with all Federal, State and Local laws, ordinances, rules and regulations that in any manner affect the work. The Contractor shall comply with all laws and rules applicable to the Contractor(s) that shall provide the required commodities or services to the Commission. Ignorance on the part of the Contractor will in no way relieve him from responsibility.

Violation of such laws shall be grounds for Contract termination.

ELIGIBILITY AND LICENSURE

The Bidder shall be licensed as necessary to perform under this contract as may be required by law, rule, or regulation; and shall provide evidence of such compliance to the Commission upon request.

By acceptance of this contract, the Contractor warrants that it has the capability in all respects to fully perform the contract requirements and the integrity and reliability that will assure good-faith performance as a responsible Bidder, and that the Contractor shall comport with Chapter 287, F.S., Chapter 60A of Florida Administrative Code, and all other applicable rules and laws.

Unless otherwise provided herein, the Commission will not reimburse the Contractor for any non-expendable equipment or personal property for use by the Contractor to perform services under this Contract.

RELATIONSHIP OF THE PARTIES

Independent Contractor. The Contractor shall perform as an independent contractor and not as an agent, representative, or employee of the Commission. The Contractor covenants that it presently has no interest and shall not acquire any interest that would conflict in any manner or degree with the performance of services required. Each party hereto covenants that there is no conflict of interest or any other prohibited relationship between the Contractor and the Commission.

Contractor Training Qualifications. Contractor agrees that all Contractor employees, subcontractors, or agents performing work under the Contract shall be properly trained technicians who meet or exceed any specified training qualifications. The Commission may refuse access to, or require replacement of, any personnel for cause, including, but not limited to, technical or training qualifications, quality of work, change in security status, or non-compliance with the Commission's security or other requirements. Such refusal shall not relieve Contractor of its obligation to perform all work in compliance with the Contract. The Commission may reject and bar from any facility for cause any of Contractor's employees, subcontractors, or agents.

Commission Rights to Assign or Transfer. Contractor agrees that the State of Florida shall at all times be entitled to assign or transfer its rights, duties, or obligations under this Contract to another governmental agency in the State of Florida, upon giving prior written notice to Contractor.

PROHIBITION OF UNAUTHORIZED ALIENS

In accordance with federal Executive Order 96-236, the Commission shall consider the employment by the Contractor of unauthorized aliens a violation of Section 274A(e) of the Immigration and Nationalization Act. Such violation shall be cause for unilateral cancellation of this Contract if the Contractor knowingly employs unauthorized aliens.

EMPLOYMENT ELIGIBILITY VERIFICATION

Requirement to Use E-Verify. Executive Order 11-116, signed May 27, 2011, by the Governor of Florida, requires Commission contracts in excess of nominal value to expressly require the Contractor to: 1.) utilize

the U.S. Department of Homeland Security's E-Verify system to verify the employment eligibility of all new employees hired by Contractor during the Contract term; and, 2.) include in all subcontracts under this Contract, the requirement that subcontractors performing work or providing services pursuant to this Contract utilize the E-Verify system to verify the employment eligibility of all new employees hired by the subcontractor during the term of the subcontract.

E-Verify Online. E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States after the effective date of the required Memorandum of Understanding (MOU); the responsibilities and elections of federal contractors, however, may vary, as stated in Article II.D.1.c. of the MOU. There is no charge to employers to use E-Verify. The Department of Homeland Security's E-Verify system can be found online at http://www.dhs.gov/files/programs/gc_1185221678150.shtm

Enrollment in E-Verify. If Contractor does not have an E-Verify MOU in effect, the Contractor must enroll in the E-Verify system prior to hiring any new employee after the effective date of this Contract.

E-Verify Recordkeeping. The Contractor further agrees to maintain records of its participation and compliance with the provisions of the E-Verify program, including participation by its subcontractors as provided above, and to make such records available to the Commission or other authorized state entity consistent with the terms of the Contractor's enrollment in the program. This includes maintaining a copy of proof of the Contractor's and subcontractors' enrollment in the E-Verify Program (which can be accessed from the "Edit Company Profile" link on the left navigation menu of the E-Verify employer's homepage).

Employment Eligibility Verification. Compliance with the terms of the Employment Eligibility Verification provision is made an express condition of this Contract and the Commission may treat a failure to comply as a material breach of the Contract.

CONFIDENTIALITY/PUBLIC RECORDS LAW

Bidders are cautioned that Florida law generously defines what constitutes a public record and grants broad rights of public access to those records; see, for example, section 119.07 of the Florida Statutes. If a Bidder believes that its response contains information that is confidential or exempt from disclosure under Florida Law, the Bidder shall clearly segregate and mark that information (for example, stamp each page "Confidential" and place it in an envelope marked "Confidential") and briefly describe in writing the grounds and specific legal citations for claiming exemption from the public records law. If after the notice of intended decision or thirty (30) days after bid opening, whichever is earlier, the Commission receives a public records request related to the solicitation, the Commission will provide copies of public records that are not exempt to the requester. If this Contract is supported by federal funds, the federal awarding agency reserves a royalty-free, nonexclusive and irrevocable right to reproduce, publish, or otherwise use the work for federal purposes, and to authorize others to do so.

PROHIBITION AGAINST LOBBYING

The Contractor certifies that no Federal appropriated funds have been paid or will be paid, on or after December 22, 1989, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of an agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress, in connection with the awarding, renewal, amending or modifying of any Federal contract, grant, or cooperative agreement. If any non-Federal funds are used for lobbying activities as described above in connection with this Contract, the Contractor shall submit Standard Form-LLL, "Disclosure Form to Report Lobbying", and shall file quarterly updates of any material changes. The Contractor shall require the language of this certification to be included in all subcontracts, and all subcontractors shall certify and disclose accordingly.

Pursuant to the Lobbying Disclosure Act of 1995, the Contractor agrees to refrain from entering into any subcontracts under this Agreement with any organization described in Section 501(c)(4) of the Internal Revenue Code of 1986, unless such organization warrants that it does not, and will not, engage in lobbying activities prohibited by the Act as a special condition of the subcontract.

This Contract has been delivered in the State of Florida and shall be construed in accordance with the laws of Florida. Wherever possible, each provision of this Contract shall be interpreted in such manner as to be effective and valid under applicable law, but if any provision of this Contract shall be prohibited or invalid under applicable law, such provision shall be ineffective to the extent of such prohibition or invalidity, without invalidating the remainder of such provision or the remaining provisions of this Contract. INTRODUCTION

The Florida Fish and Wildlife Conservation Commission (FWC) seeks to obtain competitive pricing for the procurement of mechanical treatment services of live oaks (*Quercus virginiana*) in historic dry prairie habitat in accordance with the specifications set forth in this ITB document in Fisheating Creek (FEC) Wildlife Management Area (WMA). The goal of this project is for the restoration and maintenance of natural community structure in dry prairie within FEC WMA through mechanical treatment. Florida dry prairie is a natural landscape endemic to Florida, geographically restricted to the interior of central, south-central, and west-central, and central peninsular Florida, mainly on the Okeechobee, Osceola, and Desoto plains.

Bids shall be submitted on a **price per acre** basis. The bid price submitted must include all costs associated with and necessary for completion of the work as specified herein. The Contract will be awarded to the one responsible, responsible Bidder with the lowest total bid price.

PROJECT AREA

FEC WMA is in Glades County, Florida, *see Figure 1*; and the project sites are located in natural areas composed mainly of semi-improved pasture, dry prairies, and depression marshes, and may only be accessed with specialized off-road equipment. *See Figure 2*. The estimated total acreage for this project is 450 acres. However, final mechanical treatment acreage and locations will be dependent upon available funding and hydrological conditions at project initiation, and may be greater or lesser than identified above.

1. GENERAL SPECIFICATIONS

- 1.1. The Contractor and FWC personnel will review the site and agree on acreage figures before commencement of the performance of work for this project. FWC personnel shall designate specific areas to be treated. Focus will be on areas closest to existing dry prairie and/or previous work. FWC reserves the right to change treatment locations if the ground is, or becomes, saturated.
- 1.2. The Contractor shall shred all live oaks in treatment areas within six inches (6") of the ground surface using an **excavator equipped with a minimum 140 hp independently powered hydraulic rotating drum type mulcher**.
- 1.3. Chips/mulched vegetation may be left on site.
- 1.4. Track machines are required to minimize ground disturbance.
- 1.5. Roller Choppers are NOT permitted.
- 1.6. FWC may consider equipment other than specified above if the Contractor sufficiently demonstrates to the FWC Project Manager that the proposed equipment can complete the work for this project in accordance with the standards and requirements as set forth in this ITB. This is a determination that must be made by the FWC Project Manager prior to utilization of such substitute equipment.
- 1.7. The Contractor shall be capable of mechanically treating a minimum of twenty (20) acres per week.
- 1.8. Once the project has commenced, the Contractor must continue performance of work to completion in a systematic and continuous manner, unless unavoidable delays are encountered which is a determination made by FWC.
- 1.9. The Contractor must have the capability to provide replacement equipment within 48 hours from the time of an equipment breakdown incident, should such event occur. The Contractor must notify the FWC Project Manager immediately in such an event.

2. CONTRACTOR RESPONSIBILITIES AND COMMUNICATION

2.1. Contractor Responsibilities

- 2.1.1. The Contractor shall provide all labor, vehicles for access, equipment, and supplies necessary for performing all operations. Transportation to and from project sites shall be the Contractor's responsibility and may require use of four-wheel drive vehicles and/or other specialized off-road equipment. The Contractor is responsible for all mobilization and demobilization.
- 2.1.2. The Contractor shall be responsible for reading maps and following GPS coordinates provided by FWC for each location site to be mechanically treated.
- 2.1.3. The Contractor shall be required to demonstrate equipment and Operator capability that meets all ITB specifications contained herein. Equipment used for mechanical treatment must carry one ten pound (10 lb.) or two five pound (5 lb.) fire extinguishers on board.
- 2.1.4. The Contractor's equipment shall be free of vegetation and soil to prevent contamination by exotic and invasive species. Equipment will be inspected by FWC upon arrival, and anytime at FWC's discretion throughout the performance of work.
- 2.1.5. The Contractor shall not subcontract, assign, or transfer any services without prior written consent of the FWC Project Manager. The Contractor shall be responsible for fulfillment of all work elements included in all subcontracts and shall be responsible for payment of all monies due under any subcontract.
- 2.1.6. In connection with the performance contemplated by this Contract, all safety on and/or off site shall be the sole responsibility of the Contractor. The Contractor shall be solely responsible for initiating, maintaining, and supervising all safety precautions and programs in connection with the work. The Contractor shall be responsible for protecting and safeguarding Employees and the General Public in connection with the work and project sites. FWC shall not be responsible or liable for safety on or off site.
- 2.1.7. The Contractor shall ensure a Crew Supervisor is present on site while work is being performed. The Crew Supervisor is responsible for Crew safety and all activities while on site.
- 2.1.8. No equipment shall be operated in a manner that damages natural resources or infrastructure on FEC WMA. For the avoidance of confusion, this includes but is not limited to damage to existing roadways, culverts, gates, utility structures, trees, native vegetation, wildlife, and other natural resources and equipment. The Contractor shall be responsible for and repair/replace, to the satisfaction of the FWC Project Manager, all Contractor-induced damage.
- 2.1.9. The Contractor shall be responsible for the prevention of pollution of adjacent wetland areas by fuel, oils, chemicals, and/or other harmful materials. - 2.1.11. The Contractor shall be solely responsible for any and all damage and/or injury to persons or property associated with the work contemplated by this Contract.
- 2.1.12. In connection with the performance contemplated by this Contract, the Contractor shall, and shall require its Employees and any Subcontractors to, comply with all applicable statutes, regulations and rules.

• **Initial Term.**

Unless otherwise specified, the Purchase Order begins on the date of issuance. Contractual services or commodities to be provided by the Contractor shall be completed by the date specified on the Purchase Order end date.

Section 2. Performance.

C. Performance Standards.

The Contractor shall provide the Agency with a corrective action plan

describing how the Contractor will address all issues of contract non-performance, unacceptable performance, and failure to meet the minimum performance levels, deliverable deficiencies, or contract non-compliance. If the corrective action plan is unacceptable to the Agency, the Contractor shall be assessed a non-performance retention against the total invoice amount as specified in the contractual documents. The retention will be applied to the invoice for the then-current billing period. The retention will be withheld until the Contractor resolves the deficiency. If the deficiency is subsequently resolved, the Contractor may invoice the Agency for the retained amount during the next billing period. If the Contractor is unable to resolve the deficiency, the funds retained will be forfeited.

Section 3. Payment and Fees.
