Model Price Update Form

Motor Vehicles Contract No.: 25100000-18-1

Group 1: Police Vehicles

Updated 9/2017

This form has been developed based on the awarded vendors per contract.

General Instructions:

Step 1:	Select the Contractor Name in the Drop Down below. Once the vendor is selected the Representative Models, and Contract Pricing will automatically populate in the table below.
Step 2:	Complete the requested information in the Contractor Information Section directly below.
Step 3:	Update the requested columns highlighted in light yellow. This includes the New Model Updates and Pricing Updates. Comments are not required but are helpful for the Contract Manager.
Step 4:	Once complete or if you have further questions please submit to the Contract Manager.

Color Key

	Information requested to be completed by the Contractor.
	Information that will automatically fill based off of the Vendor Name selected in Contractor Information.
	If green appears in the PPI Percent Change or MSRP Percent Change boxes, then this number is the maximum allowed percent price increase to be used for the pricing updates below.
	If red appears in the Price Change Columns AF-AR this means that the pricing increase exceeds the maximum allowed amount as per the contract. Please re-adjust or provide additional information to the Contract Manager. If an item was not bid, then it may not be updated unless approved by the Dept.
