

Attachment E Summary of Solution Response

Narrative/Requirement

The Department requires an overall comprehension of the proposal, and how the proposal best meets ITN requirements. The Summary shall be utilized by the Department during review of the proposal to more clearly recognize the implementation and support approaches proposed, in addition to proposed responses to the individual functional, technical, and service requirements.

Vendor Response

Respond below with a summary overview and description of the proposal, and a statement as to why the proposal best meets the requirements of the ITN and the needs of the Department.
