- Contractor's failure to provide retention of and access to the above detailed, as well as any violation of Chapter 119, Florida Statutes will be sufficient grounds for immediate termination of the Agreement. Further, under Florida law, noncompliance remedies may include criminal prosecution and civil actions.

16.1.2 Inspector General: Pursuant to Section 20.055(5), Florida Statutes, every state officer, employee, agency, special district, board, commission, contractor and subcontractor corporation, partnership, or person must understand, cooperate, and comply with the inspector general in any investigation, audit, inspection, review, or hearing.

16.1.3 Chief Financial Officer: Pursuant to Section 287.136, Florida Statutes, after execution of a contract, the Chief Financial Officer shall perform audits of the executed contract document and contract manager's records to ensure that adequate internal controls are in place for complying with the terms and conditions of the contract and for the validation and receipt of goods and services.

17.1 PUBLIC RECORDS:

17.1.1 Article 1, section 24, Florida Constitution, guarantees every person access to all public records, and Section 119.011, Florida Statutes, provides a broad definition of public record. All responses to a competitive solicitation are public records unless exempt by law.

17.1.2 In accordance with Florida Statute 215.985, the State of Florida Department of Financial Services (DFS) has implemented the web-based Florida Accountability Contract Tracking System (FACTS). All State of Florida contracts are considered public records and shall be published to FACTS for public access. Published records include but are not limited to contract document images, financial information, and audit findings. Online public access is available via "<https://facts.fldfs.com>."

17.1.3 Any respondent claiming that its response to a competitive solicitation contains information that is exempt from the public records law such as a "trade secret," shall clearly segregate and mark that information, and provide the specific statutory authority for such exemption. If under contract, it is expressly understood that a Contractor's refusal to comply with this provision shall constitute a breach of contract.

17.1.4 Pursuant to the provisions of Section 119.0701, Florida Statutes, Contractor shall:

- Keep and maintain public records required by the public agency to perform the service.
- Upon request from the public agency's custodian of public records, provide the public agency with a copy of the requested records or allow the records to be inspected or copied within a reasonable time and at a cost that does not exceed the costs provided for under Florida's public records law.
- Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law for the duration of the contract term and following completion of the contract if the Contractor does not transfer the records to the public agency.
- Upon completion of the contract, transfer, at no cost, to the public agency all public records in possession of the Contractor or keep and maintain public records required by the public agency to perform the service. If the Contractor transfers all public records to the public agency upon completion of the contract, the Contractor shall destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. If the Contractor keeps and maintains public records upon completion of the contract, the Contractor shall meet all applicable requirements for retaining public records. All records stored electronically must be provided to the public agency, upon request from the public agency's custodian of public records, in a format that is compatible with the information technology systems of the public agency.
- Notwithstanding these provisions, a request to inspect or copy public records relating to a public agency's contract for services must be made directly to the public agency. Therefore, if the contractor receives a request to inspect or copy public records, the Contractor shall immediately contact the agency's Custodian of Public Records for disposition.
- Contractor's failure to provide retention of and access to public records, as well as any violation of Chapter 119, Florida Statutes will be sufficient grounds for immediate termination of the Agreement. Further, under Florida law, noncompliance remedies may include criminal prosecution and civil actions.

18.1 CLOSING:

18.1.1 In the event any portion of the Contract Documents shall be declared by any court of competent jurisdiction to be invalid or unenforceable, the parties agree that such invalid or unenforceable portion shall be severable and the Contract Documents shall be treated as though that portion had never been part of the Contract Documents.

18.1.2 The headings of the sections of this Agreement and capitalizations are for the purpose of convenience only and shall not be deemed to expand or limit the provisions contained in such sections.
