*Bold Print Public Meetings

Sections 1.4, 4.5.1, 5.2 introduction, 5.2.1 General Specifications, Attachment A-Bid Sheet and Exhibits I & II are hereby deleted in their entirety and the following substituted in lieu thereof:

1.4 Project Manager: The DMA employees identified below are designated as Project Managers and shall act on behalf of the Department of Military Affairs. The Project Managers are responsible for enforcing performance of the contract terms and conditions and serves as a liaison with the vendor **after** the Notice of Agency Decision has been completed and the Contracts are executed.

Patrick T. Smith
 Director of Administration
 2305 State Road 207
 Saint Augustine, Florida 32086
 Telephone No. (904) 823-0458
 Email: Patrick.T.Smith10.nfg@mail.mil

4.5.1 General: The Vendor must prove to the satisfaction of DMA that their company has actively and normally been engaged in business for the services/items being procured under this solicitation. **(This shall be demonstrated through references which have been in place at least one (1) continuous year).** The Bidder shall have available under their direct supervision, the necessary organization, experience, equipment and staff to properly fulfill all the conditions, requirements, and specifications required under this solicitation. Complete and submit Attachment D.

5.2 Scope of Work

The Contractor shall be responsible for the site operation and installation of an eight foot boundary fence. The fence shall be installed on the existing property line of the property noted herein. The fence and gates will form a continuous barrier at the property line. If federal or state law or local ordinances do not allow for the fencing on the property, the contractor will install the fence as close to the property as is allowable without application for variances or special use permits. (ex, if an ordinance requires a 20 front set-back from a public right of way, the eight foot fence will be installed 20 feet from the right of way.)

5.2.1 General Specifications: The Contractor will be responsible for knowing and complying with federal and state laws and local ordinances pertaining to the project activities.

- A. All permits and approvals will be obtained by the contractor. These include any permits or approvals to cut or clear land, to replant any felled trees, to remove old fencing, to erect new fencing, and (if required) perform required electrical work. All approvals and permits will be included in the contract price and submitted as part of the bid. No additional costs or change orders will be approved to cover permit fees or application fees.
- B. The Contractor shall be responsible for contacting all utility owners to request that the responsible parties mark their underground utilities.
- C. Contractor shall be responsible for clearing all vegetation at a maximum of 8 feet outside and away from the fence structure. There will be site specific exceptions based on property abutments. The Contractor will consult with the Project Manager prior to the removal of any vegetation not identified in the Contractor’s submitted written plan of action. All vegetation cleared from the fence line shall be disposed of offsite at an approved facility in a legal manner.
- D. The Contractor will remove all fencing, barbed wire, and posts from designated areas identified and dispose of said debris offsite at an approved facility in a legal manner.
- E. The Contractor will notify the Project Manager immediately if historical/cultural artifacts are discovered.
- F. Certain areas are currently protected by concrete barriers. These barriers are commonly referred to as "jersey barriers." The Contractor will move these barriers to an on-site location designated by the building site manager.
- G. Contractors that are removing fencing are required to provide some sort of temporary fencing until the requested fencing is complete. The temporary fencing can be mobile and shall be at least 6ft in height. No areas will be left unsecure. The contractor will relay this information immediately to the building manager onsite.

Section 5.2.2 Technical Specifications: Remove Statement “Estimated linear footage may vary up or down when actual measurements are taken.

Section 5.3 – On Site Inspection is amended to add a second opportunity to visit the site:

Site – Address-Contact	Time Period	Date
Titusville Readiness CTR 1300 White Drive Titusville, FL. 32780	1:00 – 3:00 PM	November 28, 2018

5.3 Paragraph two: A second date for question submission on or before 2:00 PM ET on **December**

Section 5.6.1: Delete December 3, 2018 and replace with January 7, 2019.

Sections 4.11.1, 4.12 and Attachment H – Change Bid Opening Date to read: December 19, 2018

Section 4.14.1- Delete November 16, 2018 and replace with December 21, 2018

Revised Exhibits I & II and Revised Attachment A are hereby added to this solicitation.

All other terms and conditions remain unchanged.

Acknowledgment: I certify that I have received and reviewed the revised terms and conditions of this solicitation and that I am authorized to sign for the bidder. I understand that this form, along with the Revised Attachment A are required to participate and be considered for award of this requirement.
