14. Program Overview

The State of Florida has offered Medicaid services since 1970. Medicaid is funded by both the State and federal government to provide health care coverage for eligible children, seniors, disabled adults, parents of children and pregnant women. The annual budget for the program is more than \$25 billion, and makes up the largest part of the total Florida budget. The 2011 Florida Legislature passed House Bill 7107 (creating part IV of Chapter 409, Florida Statutes) to establish the Florida Medicaid program as a statewide, integrated managed care program for all covered services, including long-term care services. This program is referred to as Statewide Medicaid Managed Care (SMMC) and includes two programs: Managed Medical Assistance (MMA) and Long-term Care (LTC). More than 3.2 million Floridians are enrolled in Florida's SMMC program.

15. Program Objectives and Goals

The purpose of this solicitation is to procure Contracts to provide services under the SMMC program. The Agency's overall objective is for Medicaid enrollees to receive all medically necessary services in a timely manner and in the most appropriate setting, thereby achieving the best possible quality outcomes while containing costs.

The Agency intends to award Contracts to nationally accredited managed care plans that offer comprehensive, quality-driven provider networks, streamlined processes that enhance the enrollee and provider experience, expanded benefits targeted to improve outcomes for enrollees, top quality scores, and high rates of enrollee satisfaction to deliver an efficient, high-quality, innovative, cost-effective, and integrated health care delivery model.

In addition to the objectives stated above, the Agency intends to award Contracts to managed care plans that offer innovative and evidence-based approaches in meeting the following goals under the Medicaid program:

- Reduce potentially preventable inpatient and outpatient hospital events, and unnecessary ancillary services;
- Improve birth outcomes; and
- Rebalance long-term services and supports systems by increasing the percentage of enrollees receiving services in the community instead of an institution.

16. Definitions

- a. **Balance Sheet** – Statement of total assets, liabilities and net worth at the end of the audit period(s).
- b. **Cash Flow Statement(s)** – Statement(s) that reflect the inflow of revenue versus the outflow of expenses resulting from operating, investing, and financing activities during the audit period(s).

The successful respondent (i.e., Managed Care Plan) shall be paid by the Agency's fiscal agent pursuant to **Attachment B**, Scope of Service - Core Provisions, **Section XI.**, Method of Payment. The Agency intends that the Contract resulting from this solicitation will be one of the following Contract types:

- 1) Capitated Managed Care Plan** — A Managed Care Plan that is licensed or certified as a fully risk-bearing entity in the State, or qualified as a provider service network pursuant to Section 409.962, Florida Statutes, that is paid a prospective per-member-per-month capitation payment for covered services provided to eligible enrollees (Section 409.968(1), Florida Statutes).

- a)** A successful respondent choosing to operate as a Fee-for-Service PSN shall reimburse all providers at the fee-for-service rates established by the Agency for covered services. A Fee-for-Service PSN does not have the option to make provider incentive payments or to reimburse providers at a higher rate than the rates established by the Agency as adopted in the Florida Administrative Code (e.g., a Fee-for-Service PSN would not be able to reimburse qualified providers an enhanced rate for participation in the Managed Medical Assistance Physician Incentive Program).

- b)** A successful respondent choosing to operate as a Fee-for-Service PSN shall ensure that no health care provider with a controlling interest in the network charges a Medicaid Managed Care Plan operating in the region more than the amount paid to that provider by the PSN for the same service.

- d) If a respondent has been under a Contract with the Agency to provide services under the SMMC program, the respondent shall not be eligible for the fee-for-service option and is not eligible to submit a response as a Fee-for-Service PSN. Violation of this provision **shall** result in the rejection a response.

18. Type of Plans Contemplated

The Agency intends that the Contract resulting from this solicitation will be one of the following plan types:

- a. **Comprehensive Long-term Care Plan (herein referred to as a “Comprehensive Plan”)** – A Managed Care Plan that is eligible to provide Managed Medical Assistance services and Long-term Care services to eligible recipients.
- b. **Long-term Care Plus Plan** – A Managed Care Plan that is eligible to provide Managed Medical Assistance services and Long-term Care services to eligible recipients enrolled in the Long-term Care program. This plan type is not eligible to provide services to recipients who are only eligible for MMA services.

- d. **Specialty Plan** – A Managed Care Plan that is eligible to provide Managed Medical Assistance services to eligible recipients who are defined as a specialty population in the resulting Contract.

19. Term of Contract

- a. Contract Term - The anticipated term of the resulting Contract shall be from the date of Contract execution through September 30, 2023.
- b. Each October 1 through September 30 within the Contract term shall be defined as a Contract Year; however, the first Contract Year (Year 1) shall be defined as the date of Contract execution through September 30, 2019.

ATTACHMENT A INSTRUCTIONS AND SPECIAL CONDITIONS

- c. Pursuant to Section 409.967(1), Florida Statutes, the Contract may not be renewed; however, the Agency may extend the resulting Contract(s) term to cover any delays during the transition to a new plan.

Material deviations cannot be waived. The words “should” or “may” in this solicitation indicate desirable attributes or conditions, but are permissive in nature. Deviation from, or omission of, such desirable features will not in and of itself cause rejection of a response.
- c. Respondents shall not retype and/or modify required forms and must submit required forms in the original format. Required forms are available for respondents to download at:

<http://ahca.myflorida.com/procurements/index.shtml>.
- d. A respondent shall not, directly or indirectly, collude, consult, communicate or agree with any other respondent, as to any matter related to the response each is submitting. Additionally, a respondent shall not induce any other respondent to submit or not to submit a response.

- b. The Agency will establish a regional roll-out schedule which outlines deadlines for plan readiness documentation, plan readiness deadlines, and enrollment effective dates.
- c. The Agency will provide successful respondents (herein referred to as "Managed Care Plans") with the proposed regional roll-out schedule and plan readiness review tools prior to the anticipated Contract execution date.

- b. The scope of the plan readiness review may include any and all Contract requirements, as determined by the Agency.
- c. If a Managed Care Plan does not meet the plan readiness deadlines established by the Agency, the Agency may grant an extension for the Managed Care Plan to correct deficiencies. The Agency has no obligation to modify the proposed regional implementation schedule to accommodate the time needed for a Managed Care Plan to address deficiencies.
- d. The Agency will not enroll recipients into a Managed Care Plan until the Agency has determined that the Managed Care Plan meets all plan readiness review requirements.
- e. The Agency will require capitated PSNs to apply for and obtain a certificate of authority, per Section 641.2019, Florida Statutes, during the readiness review process.
- f. The Agency reserves the right, at its sole discretion, to terminate the Contract with the Managed Care Plan in a region if the plan fails to meet the plan readiness deadlines.

ATTACHMENT A INSTRUCTIONS AND SPECIAL CONDITIONS

4. Transition Enrollment

As part of the readiness review and at least sixty (60) days prior to the implementation (i.e., roll-out) date in a region, the Managed Care Plan will be required to demonstrate that it has an adequate network of providers to provide all covered services to enrollees.

a. Long-term Care Program Enrollees

Medicaid recipients who are eligible for both MMA services and LTC services must enroll in a Comprehensive Plan or a Long-term Care Plus Plan in the region. b. Enrollees Who Make an Active Plan Choice

The Agency will provide Medicaid recipients with an enrollment packet in the mail informing them of the available plan options in their region. Medicaid recipients will have an opportunity to select the plan of their choice as long as he or she meets all of the eligibility criteria for the plan type.

1) For the purposes of this Sub-Section, existing plan means a Managed Care Plan that is providing services in Region 1 under the SMMC 2014-2019 Contracts.

2) For the purposes of this Section, new plan means a Managed Care Plan that is not providing services in Region 1 under the SMMC 2014-2019 Contract, but is awarded a Contract to provide services in the region under the resulting Contract from this solicitation.

3) The Agency will assign Managed Medical Assistance enrollees who do not make an active plan choice into an existing plan if that plan was awarded a Contract to provide services in the same region under the resulting Contract from this solicitation in order to meet the criteria established in Section 409.977(2), Florida Statutes.

a) If a Long-term Care enrollee was receiving Managed Medical Assistance and Long-term Care services from two (2) different existing plans and both plans have been awarded a Contract as a Comprehensive Plan in the region, the Agency will assign the enrollee into the Comprehensive Plan that was previously providing the enrollee with Long-term Care services.

ATTACHMENT A INSTRUCTIONS AND SPECIAL CONDITIONS

- 5) In accordance with Section 409.977(1), Florida Statutes, the Agency will assign enrollees into a Specialty Plan in a region, if there is Specialty Plan available for which the enrollee meets all eligibility criteria (based upon age, diagnosis, and/or condition).

EXHIBIT A-2-b
PROVIDER SERVICE NETWORK CERTIFICATION OF
OWNERSHIP AND CONTROLLING INTEREST

RESPONDENT NAME: _____

I hereby certify that the respondent submitting this reply is a Provider Service Network ("PSN") as defined in Sections 409.912(2)(b) and 409.962(14), Florida Statutes, or 409.962(9), Florida Statutes:

A PSN is a network established or organized and operated by a health care provider, or group of affiliated health care providers, which provides a substantial proportion of the health care items and services under a contract directly through the provider or affiliated group of providers and may make arrangements with physicians or other health care professionals, health care institutions, or any combination of such individuals or institutions to assume all or part of the financial risk on a prospective basis for the provision of basic health services by the physicians, by other health professionals, or through the institutions. The health care providers must have a controlling interest in the governing body of the PSN network organization. Fla. Stat. § 409.912(2)(b) (2016).

"PSN" means an entity qualified pursuant to Section 409.912(2), Florida Statutes of which a controlling interest is owned by a health care provider, or group of affiliated providers, or a public agency or entity that delivers health services. Health care providers include Florida-licensed health care professionals or licensed health care facilities, federally qualified health care centers, and home health care agencies. Fla. Stat. § 409.962(14) (2016)

"Long-term care PSN" means a PSN a controlling interest of which is owned by one or more licensed nursing homes, assisted living facilities with seventeen (17) or more beds, home health agencies, community care for the elderly lead agencies, or hospices. Fla. Stat. § 409.962(9) (2016).

Please provide the following additional information.

1. The PSN's first year of operation: _____
2. The Agency considers the first year of operation to begin on the date that the vendor was organized. Please provide the articles of incorporation, articles of organization, partnership agreement, certificate of limited partnership, or other formation documentation demonstrating the first year of operation of the PSN.

EXHIBIT A-2-b
PROVIDER SERVICE NETWORK CERTIFICATION OF
OWNERSHIP AND CONTROLLING INTEREST

3. Identify (in the field below) the health care provider or group of affiliated health care providers (or licensed nursing homes, assisted living facilities with seventeen (17) or more beds, home health agencies, community care for the elderly lead agencies, or hospices) that have a controlling interest in the governing body of the PSN and the basis for such controlling interest.

4. To the extent that such health care provider or group of affiliated health care providers identified above is not the ultimate owner, then identify (in the field below) such owners and the affiliates of such health care provider or group of affiliated health care providers and their ultimate owners, indicating the percentage of such ownership. Please see the Affiliation Criterion to Determine Controlling Interest for Purposes of the SMMC solicitation below.

5. Provide a detailed explanation (in the field below), with references to documentation and other information required by this section, that demonstrates how the vendor qualifies under the statutes and requirements of this solicitation to provide services as a PSN or LTC PSN providing services as a Managed Care Plan.

6. The individual that signed the Transmittal Letter or a person authorized in the Transmittal Letter to sign on behalf of the respondent as required by **Attachment A**, Instructions and Special Conditions, **Section B.**, Response Preparation and Content, **Sub-Section 2.**, Mandatory Response Content, **Item a.**, Transmittal (Cover) Letter, shall sign the responses to these requests for additional information above.

Affiliation Criteria to Determine Controlling Interest for Purposes of the SMMC Solicitation

7. For purposes of responding to the above, use the following General Principles of Affiliation to determine whether a controlling interest exists.
 - a. Concerns and entities are affiliates of each other when one controls or has the power to control the other, or a third party or parties controls or has the power to control both. It does not matter whether control is exercised, so long as the power to control exists.

EXHIBIT A-2-b
PROVIDER SERVICE NETWORK CERTIFICATION OF
OWNERSHIP AND CONTROLLING INTEREST

- a. The Agency considers stock options, convertible securities, and agreements to merge (including agreements in principle) to have a present effect on the power to control a concern. The Agency treats such options, convertible securities, and agreements as though the rights granted have been exercised.
 - b. Agreements to open or continue negotiations towards the possibility of a merger or a sale of stock at some later date are not considered “agreements in principle” and are thus not given present effect.
 - c. Options, convertible securities, and agreements that are subject to conditions precedent which are incapable of fulfillment, speculative, conjectural, or unenforceable under State or federal law, or where the probability of the transaction (or exercise of the rights) occurring is shown to be extremely remote, are not given present effect.
 - d. An individual, concern or other entity that controls one or more other concerns cannot use options, convertible securities, or agreements to appear to terminate such control before actually doing so. The Agency will not give present effect to individuals', concerns' or other entities' ability to divest all or part of their ownership interest in order to avoid a finding of affiliation.
- 10. Affiliation based on common management. Affiliation arises where one or more officers, directors, managing members, or partners who control the board of directors and/or management of one concern also control the board of directors or management of one or more other concerns.
- 11. Affiliation based on identity of interest. Affiliation may arise among two or more persons with an identity of interest. Individuals or firms that have identical or substantially identical business or economic interests (such as family members, individuals or firms with common investments, or firms that are economically dependent through contractual or other relationships) may be treated as one party with such interests aggregated. An individual or firm may rebut that determination with evidence showing that the interests deemed to be one are in fact separate.
 - a. Firms owned or controlled by married couples, parties to a civil union, parents, children, and siblings are presumed to be affiliated with each other if they conduct business with each other, such as subcontracts or joint ventures or share or provide loans, resources, equipment, locations or employees with one another. This presumption may be overcome by showing a clear line of fracture between the concerns.

EXHIBIT A-2-b
PROVIDER SERVICE NETWORK CERTIFICATION OF
OWNERSHIP AND CONTROLLING INTEREST

Other types of familial relationships are not grounds for affiliation on family relationships.

- b. The Agency may presume an identity of interest based upon economic dependence if the concern in question derived seventy percent (70%) or more of its receipts from another concern over the previous three (3) fiscal years. This presumption may be rebutted by a showing that despite the contractual relations with another concern, the concern at issue is not solely dependent on that other concern, such as where the concern has been in business for a short amount of time and has only been able to secure a limited number of contracts.
- 12. Affiliation based on newly organized concern. Affiliation may arise where former officers, directors, principal stockholders, managing members, or key employees of one concern organize a new concern in the same or related industry or field of operation, and serve as the new concern's officers, directors, principal stockholders, managing members, or key employees, and the one concern is furnishing or will furnish the new concern with contracts, financial or technical assistance, indemnification on bid or performance bonds, and/or other facilities, whether for a fee or otherwise. A concern may rebut such an affiliation determination by demonstrating a clear line of fracture between the two concerns. A "key employee" is an employee who, because of his/her position in the concern, has a critical influence in or substantive control over the operations or management of the concern.

If the respondent does not have HEDIS results for at least three (3) Medicaid Contracts, the respondent shall provide commercial HEDIS measures for the respondent's largest Contracts. If the Respondent has Florida Medicaid HEDIS results, it shall include the Florida Medicaid experience as one of three (3) states for the last two (2) years.

The respondent shall provide the data requested in **Exhibit A-4-b-2**, MMA Performance Measurement Tool to provide results for the following HEDIS measures:

- Childhood Immunization Status (Combo 3);
- Well-Child Visits in the First 15 Months (6 or more);
- Immunizations for Adolescents (Combo 1);
- Well-Child Visits in the 3rd, 4th, 5th, and 6th Years of Life;
- Adolescent Well Care Visits;
- Frequency of Ongoing Prenatal Care (>= 81% of expected visits); and
- Timeliness of Prenatal Care.

Response:

Evaluation Criteria:

1. The extent of experience (e.g., number of Contracts, enrollees or years) in achieving quality standards with similar target populations, for the HEDIS performance measures included in this submission requirement.
2. The extent to which the respondent exceeded the national mean and applicable regional mean for each quality measure reported and showed improvement from the first year to the second year reported.

Score: This section is worth a maximum of 70 raw points with component 1 worth a maximum of 10 points and component 2 worth a maximum of 60 points as described below:

EXHIBIT A-4-b MMA SUBMISSION REQUIREMENTS AND EVALUATION CRITERIA

Exhibit A-4-b-2, MMA Performance Measurement Tool, provides for forty-eight (48) opportunities for a respondent to report prior experience in meeting quality standards (eight (8) measure rates, three (3) states each, two (2) years each).

For each of the eight (8) measure rates, a total of 5 points is available per state reported (for a total of 120 points available). The respondent will be awarded 1 point if their reported plan rate exceeded the national Medicaid mean and 1 point if their reported plan rate exceeded the applicable regional Medicaid mean, for each available year, for each available state. The respondent will be awarded an additional 1 point for each measure rate where the second year's rate is an improvement over the first year's rate, for each available state.

An aggregate score will be calculated and respondents will receive a final score of 0 through 60 corresponding to the number and percentage of points received out of the total available points. For example, if a respondent receives 100% of the available 120 points, the final score will be 60 points (100%). If a respondent receives 108 (90%) of the available 120 points, the final score will be 54 points (90%). If a respondent receives 12 (10%) of the available 120 points, the final score will be 6 points (10%).

MMA SRC# 18 - Vignette (Statewide):

The respondent shall review the below case vignette, which describes potential Florida Medicaid recipients. Note: The vignette included below is fictional.

Jose is a 15-year old male. He is diagnosed with bipolar disorder and is currently hospitalized under the Baker Act; this is his third psychiatric admission under the Baker Act in the past year. Up until six (6) months ago, Jose lived with his mother and two younger siblings, but he moved in with his father after his behavior declined and his mother was unable to protect herself and his siblings from Jose's angry outbursts and verbal and physical aggression. His father is physically disabled from a work injury, and he is concerned about managing Jose upon release, as Jose's behavior at home and school has significantly declined. At school, Jose is currently failing and has a notable number of absences and office referrals for altercations. Jose was diagnosed two months ago, during his second psychiatric admission, with bipolar disorder. Jose has been prescribed a low dose of Seroquel daily, but he does not take it consistently because of the side effects. He experiences drowsiness, dry mouth, and nausea. In his current admission, his laboratory testing results showed evidence of thyroid dysfunction. The hospital social worker assisted the family in completing and submitting a referral for Statewide Inpatient Psychiatric Program (SIPP) services, but the SIPP provider informed the social worker that authorization was denied. Jose's father has called the plan's enrollee help line for assistance with completing an expedited appeal. Jose was involved in outpatient therapy for the past six weeks. There have not been any adjustments to his medications to date. Jose has been enrolled in Medicaid since he was 5-years old. He has been enrolled in his health plan since July 2014.

The respondent shall describe its approach to coordinating care for an enrollee with Jose's profile, including a detailed description and workflow demonstrating notable points in the system where the respondent's processes are implemented:

- a. New Enrollee Identification;
- b. Health Risk Assessment;
- c. Care Coordination/Case Management;
- d. Service Planning;
- e. Discharge/Transition Planning;
- f. Disease Management;
- g. Utilization Management; and
- h. Grievance and Appeals.

Where applicable, the respondent should include specific experiences the respondent has had in addressing these same needs in Florida or other states.

The respondent shall review the below case vignette, which describes potential Florida Medicaid recipients. Note: The vignette included below is fictional.

Jane is a 57-year old female with Type II diabetes mellitus and hypertension. Jane is compliant with her treatment plan, which consists of the following prescribed drugs: Insulin and Lisinopril. She is also compliant with her follow-up appointments with her specialists. She lives alone, but receives support from her eldest daughter who lives nearby. Jane thought she timed her follow-up visit with her endocrinologist adequately to allow sufficient time to receive a new prescription for all drugs; however, Jane realizes she only has enough insulin to last through the doses for tomorrow. Her appointment with Dr. Seem, her endocrinologist, is in two weeks. Jane calls her doctor's office who informs her that they have no availability to see her today or tomorrow and Dr. Seem will not write a new prescription without examining Jane since it has been four months since her last appointment. Jane decides to call her health plan's member hotline for assistance.

MMA SRC# 20 – Vignette (Statewide):

The respondent shall review the below case vignette, which describes potential Florida Medicaid recipients. Note: The vignette included below is fictional.

Emma is four-years old. She currently lives in a pediatric nursing facility. At the age of two she was admitted to PICU following a respiratory arrest during an acute illness. A further complication of her condition led to her requiring a tracheostomy to support her breathing. Following an acute exacerbation of her condition, she is now unable to breathe without the support of her ventilator when she is tired, asleep, or unwell. She is fully ventilated overnight. Her difficulties are compounded by complex seizures. Emma's doctor says Emma needs to have nurses or health care assistants with her at all times to monitor her ventilation. Emma's most recent developmental screening indicates the presence of an intellectual disability. Emma's condition has stabilized, but her mother is concerned about agreeing to bring her home permanently. Her mother is the sole income for their home, which includes three older siblings and Emma's maternal grandmother. Emma's grandmother is retired, and her ability to help the family is limited by severe rheumatoid arthritis.

To be discharged to her home, Emma's physician has ordered a custom wheelchair that must be individually fabricated and assembled. Her physician also ordered an electronic tablet to provide cognition exercises for Emma. The tablet has a cognition exercise application that reduces the likelihood for any seizure activity that may occur with other similar tablets. Florida Medicaid does not cover the tablet nor the wheelchair, which includes a part that will make it easier for Emma to hold the tablet. Her mother is unable to bear the costs for these special service items. Further orders for Emma's transition to home care are:

- *Continuous pulse oximetry monitoring.*
- *Apnea monitor when she is not on the ventilator.*
- *A backup generator for the ventilator if the power goes out in the home.*

Emma is a new enrollee. Prior to her enrollment, all services were provided through the Medicaid FFS delivery system.

The respondent shall describe its approach to coordinating care for an enrollee with Emma's profile, including a detailed description and workflow demonstrating notable points in the system where the respondent's processes are implemented:

- a. New Enrollee Identification;
- b. Health Risk Assessment;

E. DELIVERY SYSTEM COORDINATION

LTC SRC# 11 – Case Vignette (Statewide):

The respondent shall review the below case vignette, which describes potential Florida Medicaid recipients. Note: The vignette included below is fictional.

Alisha is a 35-year old single mother who suffered from a major car accident when she was 27 years old, which resulted in incomplete paraplegia. Until she received Medicaid coverage, Alisha was unable to afford the recommended level of physical and occupational therapy treatments that would have assisted her in maintaining maximum mobility in her upper extremities. As such, Alisha requires assistance with almost all self-care tasks. Alisha has suffered from clinical depression since her accident. She is cognitively intact and since starting individual therapy sessions with a licensed mental health clinician, she has started to express a desire to be more engaged in her community. Alisha has a primary care physician (who specializes in internal medicine) and is also seen by a neurologist. Alisha's physician has ordered ongoing maintenance physical therapy; she also receives personal care services and durable medical equipment. Alisha gave birth to a son, Noah, one year before the accident. Alisha's mother assists with Noah's care as often as she can, but her mother recently accepted a job in a different city, which will mean Alisha will have less supports (both for herself and Noah). Alisha and Noah currently live with her mother. Because her mother is moving, Alisha has been looking for a new place to live, but she is having trouble finding a home that is functional for her needs. Since Alisha is experiencing changes in her support system and living situation, she requests assistance from her case manager.

M. Indemnification

The Vendor agrees to indemnify, defend, and hold harmless the Agency, as provided in this Clause.

1. Scope. The Duty to Indemnify and the Duty to Defend, as described herein (collectively known as the “Duty to Indemnify and Defend”), extend to any completed, actual, pending or threatened action, suit, claim or proceeding, whether civil, criminal, administrative or investigative (including any action by or in the right of the Vendor), and whether formal or informal, in which the Agency is, was or becomes involved and which in any way arises from, relates to or concerns the Vendor’s acts or omissions related to this Contract (inclusive of all attachments, etc.) (collectively “Proceeding”).
 - a. Duty to Indemnify. The Vendor agrees to hold harmless and indemnify the Agency to the full extent permitted by law against any and all liability, claims, actions, suits, judgments, damages and costs of whatsoever name and description, including attorneys’ fees, arising from or relating to any Proceeding.
 - b. Duty to Defend. With respect to any Proceeding, the Vendor agrees to fully defend the Agency and shall timely reimburse all of the Agency’s legal fees and costs; provided, however, that the amount of such payment for attorneys’ fees and costs is reasonable pursuant to rule 4–1.5, Rules Regulating The Florida Bar. In the event the Agency brings an Enforcement Action, the Vendor shall pay all of the Agency's attorneys' fees and expenses incurred in bringing and pursuing the Enforcement Action.
4. Contribution. In any Proceeding in which the Vendor is held to be jointly liable with the Agency for payment of any claim of any kind (whether for damages, attorneys' fees, costs or otherwise), if the Duty to Indemnify provision is for any reason deemed to be inapplicable, the Vendor shall contribute toward satisfaction of the claim whatever portion is or would be payable by the Agency in addition to that portion which is or would be payable by the Vendor, including payment of damages, attorneys' fees and costs, without recourse against the Agency. No provision of this part or of any other section of this Contract (inclusive of all attachments, etc.), whether read separately or in conjunction with any other provision, shall be construed to: (i) waive the State or the Agency's immunity to suit or limitations on liability; (ii) obligate the State or the Agency to indemnify the Vendor for the Vendor's own negligence or otherwise assume any liability for the Vendor's own negligence; or (iii) create any rights enforceable by third parties, as third party beneficiaries or otherwise, in law or in equity.

N. Insurance

1. To the extent required by law, the Vendor shall be self-insured against, or shall secure and maintain during the life of this Contract, Worker's Compensation Insurance for all its employees connected with the work of this Contract and, in case any work is subcontracted, the Vendor shall require the subcontractor similarly to provide Worker's Compensation Insurance for all of the latter's employees unless such employees engaged in work under this Contract are covered by the Vendor's self-insurance program. Such self-insurance or insurance coverage shall comply with the Florida Worker's Compensation law. In the event hazardous work is being performed by the Vendor under this Contract and any class of employees performing the hazardous work is not protected under Worker's Compensation statutes, the Vendor shall provide, and cause each subcontractor to provide, adequate insurance satisfactory to the Agency, for the protection of its employees not otherwise protected.

The Vendor shall provide thirty (30) calendar days written notice of cancellation to the Agency's Contract Manager.
4. The Vendor shall submit insurance certificates evidencing such insurance coverage prior to execution of this Contract.

O. Assignments and Subcontracts

To neither assign the responsibility of this Contract to another party nor subcontract for any of the work contemplated under this Contract without prior written approval of the Agency. No such approval by the Agency of any assignment or subcontract shall be deemed in any event or in any manner to provide for the incurrence of any obligation of the Agency in addition to the total dollar amount agreed upon in this Contract. All such assignments or subcontracts shall be subject to the conditions of this Contract and to any conditions of approval that the Agency shall deem necessary.

P. Subcontracting

1. To not subcontract, assign, or transfer any work identified under this Contract, without prior written consent of the Agency.
2. All subcontracts must comply with applicable State and/or Federal law.
3. The Agency encourages Vendors to partner with subcontractors who can provide best value and the best in class solutions. However, the Vendor is responsible for all work performed under this Contract. No subcontract that the Vendor enters into with respect to performance under this Contract shall in any way relieve the Vendor of any responsibility for performance of its duties. The Vendor shall assure that all tasks related to the subcontract are performed in accordance with the terms of this Contract. If the Agency determines, at any time, that a subcontract is not in compliance with a Contract requirement, the Vendor shall promptly revise the subcontract to bring it into compliance. In addition, the Vendor may be subject to sanctions and/or liquidated damages pursuant to this Contract and Section 409.912(6), F.S. (related to sanctions).
4. All payments to subcontractors will be made by the Vendor.
5. To be responsible for monitoring the subcontractor's performance. The results of the monitoring shall be provided to the Agency's Contract Manager, fourteen (14) business days after the end of each month or as specified by the Agency. If the subcontractor's performance does not meet the Agency's performance standard according to the Agency's monitoring report or the Vendor's monitoring report, an improvement plan must be submitted to the Vendor and the Agency within fourteen (14) business days of the deficient report.

Vendors can contact the Office of Supplier Diversity at (850) 487-0915 or online at <http://osd.dms.state.fl.us/> for information on minority Vendors who may be considered for subcontracting opportunities.

 - a. The Vendor, without exception, shall indemnify and hold harmless the Agency and its employees from liability of any nature or kind, including cost and expenses for or on account of any copyrighted, patented, or unattended invention, process, or article manufactured or supplied by the Vendor. The Vendor has no liability when such claim is solely and exclusively due to the combination, operation or use of any article supplied hereunder with equipment or data not supplied by the Vendor or is based solely and exclusively upon the Agency's alteration of the article.
 - b. The Agency will provide prompt written notification of a claim of copyright or patent infringement and shall afford the Vendor full opportunity to defend the action and control the defense. Further, if such a claim is made or is pending, the Vendor may, at its option and expense procure for the Agency the right to continue the use of, replace or modify the article to render it non-infringing (if none of the alternatives is reasonably available, the Agency agrees to return the article on request to the Vendor and receive reimbursement, if any, as may be determined by a court of competent jurisdiction).
 - c. If the Vendor brings to the performance of this Contract a pre-existing patent, patent-pending and/or copyright, at the time of Contract execution, the Vendor shall retain all rights and entitlements to that pre-existing patent, patent-pending and/or copyright, unless this Contract provides otherwise.

**EXHIBIT A-8
STANDARD CONTRACT**

- d.** If the Vendor uses any design, device, or materials covered by letter, patent, or copyright, it is mutually agreed and understood without exception that the proposed prices shall include all royalties or cost arising from the use of such design, device, or materials in any way involved in the work. Prior to the initiation of services under this Contract, the Vendor shall disclose, in writing, all intellectual properties relevant to the performance of this Contract which the Vendor knows, or should know, could give rise to a patent or copyright. The Vendor shall retain all rights and entitlements to any pre-existing intellectual property which is so disclosed. Failure to disclose will indicate that no such property exists. The Agency will then have the right to all patents and copyrights which arise as a result of performance under this Contract as provided in this Sub-Section.
- e.** If any discovery or invention arises or is developed in the course of, or as a result of, work or services performed under this Contract, or in any way connected herewith, the Vendor shall refer the discovery or invention to the Agency for a determination whether patent protection will be sought in the name of the State of Florida. Any and all patent rights accruing under or in connection with the performance of this Contract are hereby reserved to the State of Florida. All materials to which the Agency is to have patent rights or copyrights shall be marked and dated by the Vendor in such a manner as to preserve and protect the legal rights of the Agency.
- f.** Where activities supported by this Contract produce original writing, sound recordings, pictorial reproductions, drawings or other graphic representation and works of any similar nature, the Agency has the right to use, duplicate and disclose such materials in whole or in part, in any manner, for any purpose whatsoever and to have others acting on behalf of the Agency to do so. If the materials so developed are subject to copyright, trademark, or patent, legal title and every right, interest, claim, or demand of any kind in and to any patent, trademark or copyright, or application for the same, shall vest in the State of Florida, Department of State for the exclusive use and benefit of the State. Pursuant to Section 286.021, F.S., no person, firm, corporation, including parties to this Contract shall be entitled to use the copyright, patent, or trademark without the prior written consent of the Florida Department of State.
- g.** The Agency will have unlimited rights to use, disclose, or duplicate, for any purpose whatsoever, all information and data developed, derived, documented, or furnished by the Vendor under this Contract.
- h.** All rights and title to works for hire under this Contract, whether patentable or copyrightable or not, shall belong to the Agency and shall be subject to the terms and conditions of this Contract.
- i.** The computer programs, data, materials and other information furnished by the Agency to the Vendor hereunder shall be and remain the sole and exclusive property of the Agency, free from any claim or right of retention by or on behalf of the Vendor. The services and products listed in this Contract shall become the property of the Agency upon the Vendor's

**EXHIBIT A-8
STANDARD CONTRACT**

performance and delivery thereof. The Vendor hereby acknowledges that said computer programs, materials and other information provided by the Agency to the Vendor hereunder, together with the products delivered and services performed by the Vendor hereunder, shall be and remain confidential and proprietary in nature to the extent provided by Chapter 119, F.S., and that the Vendor shall not disclose, publish or use same for any purpose other than the purposes provided in this Contract; however, upon the Vendor first demonstrating to the Agency's satisfaction that such information, in part or in whole, (1) was already known to the Vendor prior to its receipt from the Agency; (2) became known to the Vendor from a source other than the Agency; or (3) has been disclosed by the Agency to third parties without restriction, the Vendor shall be free to use and disclose same without restriction. Upon completion of the Vendor's performance or otherwise cancellation or termination of this Contract, the Vendor shall surrender and deliver to the Agency, freely and voluntarily, all of the above-described information remaining in the Vendor's possession.

- j. The Vendor warrants that all materials produced hereunder shall be of original development by the Vendor and shall be specifically developed for the fulfillment of this Contract and shall not knowingly infringe upon or violate any patent, copyright, trade secret or other property right of any third party, and the Vendor shall indemnify and hold the Agency harmless from and against any loss, cost, liability or expense arising out of any breach or claimed breach of this warranty.
- k. The terms and conditions specified in this Sub-Section shall also apply to any subcontract made under this Contract. The Vendor shall be responsible for informing the subcontractor of the provisions of this Sub-Section and obtaining disclosures.

- 10. The financial consequences that the Agency must apply if the Vendor fails to perform in accordance with this Contract are outlined in **Attachment I**, Scope of Services.

X. Sponsorship

Pursuant to Section 286.25, F.S., all non-governmental Vendors must assure that all notices, information pamphlets, press releases, advertisements, descriptions of the sponsorship of the program, research reports, and similar public notices prepared and released by the Vendor shall include the Statement: "Sponsored by (name of Vendor) and the State of Florida, Agency for Health Care Administration." If the sponsorship reference is in written material, the words, "State of Florida, Agency for Health Care Administration" shall appear in the same size letters or type as the name of the organization.

Y. Final Invoice

The Vendor must submit the final invoice for payment to the Agency no more than **NUMBER** calendar days after this Contract ends or is terminated. If the Vendor fails to do so, all right to payment is forfeited and the Agency will not honor any requests submitted after the aforesaid time period. Any payment due under the terms of this Contract may be withheld until all reports due from the Vendor and necessary

3. The Vendor shall conduct all activities in compliance with 45 CFR 164 Subpart C to ensure data security, including, but not limited to encryption of all information that is confidential under Florida or Federal law, while in transmission and while resident on portable electronic media storage devices. Encryption is required and shall be consistent with Federal Information Processing Standards (FIPS), and/or the National Institute of Standards and Technology (NIST) publications regarding cryptographic standards.

CC. Confidentiality of Information

The Vendor must have in place written confidentiality policies and procedures to ensure confidentiality and to comply with all Federal and State laws (including the HIPAA and HITECH Acts) governing confidentiality, including electronic treatment records, facsimile mail, and electronic mail).
4. The Vendor's subcontracts must explicitly state expectations about the confidentiality of information, and the subcontractor is held to the same confidentiality requirements as the Vendor. If provider-specific data are released to the public, the Vendor shall have policies and procedures for exercising due care in compiling and releasing such data that address statutory protections of quality assurance and confidentiality while assuring that open records requirements of Chapter 119, F.S., are met.
5. The Vendor and its subcontractors shall comply with the requirements of Section 501.171, F.S. and shall, in addition to the reporting requirements therein, report to the Agency any breach of personal information.
6. Any releases of information to the media, the public, or other entities require prior approval from the Agency.

DD. Employment

B. Contract Payment

Section 215.422, F.S., provides that agencies have five (5) business days to inspect and approve goods and services, unless bid specifications, Contract or Purchase Order specifies otherwise. With the exception of payments to health care providers for hospital, medical, or other health care services, if payment is not available within forty (40) calendar days, measured from the latter of the date the invoice is received or the goods or services are received, inspected and approved, a separate interest penalty set by the Comptroller pursuant to Section 55.03, F.S., will be due and payable in addition to the invoice amount. To obtain the applicable interest rate, please contact the Agency's Fiscal Section at (850) 412-3858, or utilize the Department of Financial Services website at www.myfloridacfo.com/aadir/interest.htm. Invoices returned to a vendor due to preparation errors will result in a payment delay. Invoice payment requirements do not start until a properly completed invoice is provided to the Agency. 4. Use and Disclosure of Information for Management, Administration, and Legal Responsibilities. The Vendor is permitted to use and disclose protected health information received from the Agency for the proper management and administration of the Vendor or to carry out the legal responsibilities of the Vendor, in accordance with 45 C.F.R. 164.504(e)(4). Such disclosure is only permissible where required by law, or where the Vendor obtains reasonable assurances from the person to whom the protected health information is disclosed that: (1) the protected health information will be held confidentially, (2) the protected health information will be used or further disclosed only as required by law or for the purposes for which it was disclosed to the person, and (3) the person notifies the Vendor of any instance of which it is aware in which the confidentiality of the protected health information has been breached.
5. Disclosure to Third Parties. The Vendor will not divulge, disclose, or communicate protected health information to any third party for any purpose not in conformity with this Contract without prior written approval from the Agency. The Vendor shall ensure that any agent, including a subcontractor, to whom it provides protected health information received from, or created or received by the Vendor on behalf of, the Agency agrees to the same terms, conditions, and restrictions that apply to the Vendor with respect to protected health information. The Vendor's subcontracts shall fully comply with the requirements of 45 CFR 164.314(a)(2)(iii).

information has been, or is reasonably believed by the Vendor to have been, accessed, acquired, used, or disclosed during such breach.

- 10b. To Individuals. Such notification shall be in writing by first-class mail to the individual (or the next of kin if the individual is deceased) at the last known address of the individual or next of kin, respectively, or, if specified as a preference by the individual, by electronic mail. Where there is insufficient, or out-of-date contract information (including a phone number, email address, or any other form of appropriate communication) that precludes written (or, if specifically requested, electronic) notification to the individual, a substitute form of notice shall be provided, including, in the case that there are 10 or more individuals for which there is insufficient or out-of-date contact information, a conspicuous posting on the Web site of the covered entity involved or notice in major print or broadcast media, including major media in the geographic areas where the individuals affected by the breach likely reside. In any case deemed by the Vendor to require urgency because of possible imminent misuse of unsecured protected health information, the Vendor may also provide information to individuals by telephone or other means, as appropriate.
- 10c. To Media. In the case of a breach of protected health information discovered by the Vendor where the unsecured protected health information of more than 500 persons is reasonably believed to have been, accessed, acquired, used, or disclosed, after prior approval by the Agency, the Vendor shall provide notice to prominent media outlets serving the State or relevant portion of the State involved.
- 10d. To Secretary of Health and Human Services (HHS). The Vendor shall cooperate with the Agency to provide notice to the Secretary of HHS of unsecured protected health information that has been acquired or disclosed in a breach.
- (i) Vendors Who Are Covered Entities. In the event of a breach by a contractor or subcontractor of the Vendor, and the Vendor is a HIPAA covered entity, the Vendor shall be considered the covered entity for purposes of notification to the Secretary of HHS pursuant to 45 CFR 164.408. **EXHIBIT A-8
STANDARD CONTRACT**

- 10f. Financial Responsibility. The Vendor shall be responsible for all costs related to the notices required under this Attachment.
11. Mitigation. Vendor shall mitigate, to the extent practicable, any harmful effect that is known to the Vendor of a use or disclosure of protected health information in violation of this Attachment.
12. Termination. Upon the Agency's discovery of a material breach of this Attachment, the Agency shall have the right to assess liquidated damages as specified elsewhere in the contract to which this Contract is an attachment, and/or to terminate this Contract.
- 12a. Effect of Termination. At the termination of this Contract, the Vendor shall return all protected health information that the Vendor still maintains in any form, including any copies or hybrid or merged databases made by the Vendor; or with prior written approval of the Agency, the protected health information may be destroyed by the Vendor after its use. If the protected health information is destroyed pursuant to the Agency's prior written approval, the Vendor must provide a written confirmation of such destruction to the Agency. If return or destruction of the protected health information is determined not feasible by the Agency, the Vendor agrees to protect the protected health information and treat it as strictly confidential.

1. The Agency shall deny payments to the Managed Care Plan for new enrollees when payment for those enrollees is denied by CMS based on the Agency's recommendation in accordance with 42 CFR 438.726(b) and 42 CFR 438.730(e).
2. In accordance with s. 409.967(3), F.S., the Agency shall be responsible for verifying the Managed Care Plan's ASR as specified in Section XI., Method of Payment in this Contract. The Agency shall contract with independent certified public accountants (CPAs) to conduct compliance audits for the purpose of auditing Managed Care Plan financial information in order to determine and validate the Managed Care Plan's ASR.

B. Fixed Price Unit Contract

This is a fixed price (unit cost) Contract awarded through procurement. The Agency, through its fiscal agent, shall make payment to the Managed Care Plan on a monthly basis for the Managed Care Plan's satisfactory performance of its duties and responsibilities as set forth in this Contract.

C. Payment Provisions

1. Fee-for-Service Provider Service Networks

a. Payment Provisions for Fee-for-Service Provider Service Networks

- (1) Pursuant to s. 409.968, F.S., a Managed Care Plan that is a FFS PSN may receive FFS rates with a shared savings settlement.
- (2) The FFS PSN shall develop and implement an Agency-approved transition plan to assure the Managed Care Plan's timely transition to a fully capitated reimbursement methodology, as required by the Agency.
- (3) If the PSN chooses to be reimbursed on an FFS basis with a shared savings settlement, cost reconciliations shall be conducted annually by the Agency to determine the amount of cost savings achieved, if any, by the FFS PSN for the dates of service within the period being reconciled.
- (4) This is a fixed price (unit cost) Contract awarded through procurement. The Agency will manage this fixed price Contract for the delivery of services to enrollees. The FFS PSN will be paid through the Medicaid fiscal agent in accordance with the terms of this Contract, subject to the availability of funds and the amount of shared cost savings, if any, experienced through this Contract. To accommodate payments, the FFS PSN shall be eligible for enrollment, and enrolled as a Medicaid provider with the fiscal agent. Payments made to the FFS PSN resulting from this Contract will include reimbursement for claims adjudicated by the FFS PSN, monthly administrative allocation payments, transportation capitation rates and shared cost savings, if any, as specified below.

Section XI. Method of Payment

- (5) Reimbursement of Claims. The Agency may make monthly payments to the FFS PSN to reimburse the FFS PSN for properly adjudicated and paid FFS claims submitted by providers to the FFS PSN. The FFS PSN shall be responsible for adjudicating all claims submitted by all providers to the FFS PSN. Each week, the FFS PSN shall submit an invoice to the Agency for reimbursement of claims paid. The FFS PSN shall ensure that all claims included in the invoice for reimbursement are adjudicated in accordance with applicable Medicaid Coverage and Limitation Handbooks and fee schedule. The nature and format of the invoice shall be determined by the Agency at a later date.
- (6) Upon review and approval of the claims invoice, the Agency shall reimburse the FFS PSN through the fiscal agent.
- (7) The FFS PSN shall pay claims in accordance with Section VIII.E., Claims and Provider Payment. Failure to pay providers in accordance with Section VIII.E., may result in sanctions as specified in Section XIII., Sanctions or liquidated damages as specified in Section XIV., Liquidated Damages.
- (8) Administrative Allocation. The Agency may make monthly payments to the FFS PSN as an allocation for administrative activities undertaken by the FFS PSN. The amount of the administrative allocation is a PMPM amount for each person enrolled in the FFS PSN for the month. The administrative allocation is paid to cover reasonable administrative costs the FFS PSNs are expected to incur in providing contractually required services. In the first year of the Contract term, the administrative allocation will be negotiated by the Agency and the FFS PSNs based on their cost proposals and guidance received from Agency actuaries. After the first year no further rate negotiations will be conducted, but the Agency may adjust the administrative allocation to reflect changes in the expected costs of providing contractually required services. The administrative allocation is a percentage of the per capita service benchmark (PCSB) as defined below.
 - (a) The FFS PSN is at risk for a maximum of fifty percent (50%) of each administrative allocation due from the Agency as indicated in Exhibit B-1, Section XI.C.4., below.
 - (b) The Agency reserves the right to adjust the administrative allocation on an as needed basis.
- (9) Per Capita Service Benchmark (PCSB). A PCSB shall be established for each region in which the FFS PSN provides services and for those services the FFS PSN provides. The PCSB is an Agency-established PMPM cost that reflects the non-transportation services component of the capitation rate in effect for the population and region for the dates of service being reconciled. This PMPM does not include any allowance for administration or profit, and will be risk adjusted to reflect the population enrolled in the FFS PSN.
 - (a) For MMA plans, the PCSB is calculated by the enrollees' Medicaid eligibility groups (MEG), including newborns retroactive to birth. If an enrollee changes eligibility groups and the change is identified in the

Section XI. Method of Payment

system, then the enrollee's final eligibility group will be used by the Agency in establishing the PCSB. However, the enrollee's age group at the time of each month's FFS PSN payment shall be used when establishing the PCSB.

- (b) For LTC plans, the PCSB is calculated in the same manner as the payments to capitated plans, reflecting a blend of the base HCBS and non-HCBS base rates. The blend percentage will be based on the FFS PSN's case mix, adjusted by the region specific Agency-required transition percentage.
- (c) The aggregate PCSB is the sum of all PCSBs for all enrollees as calculated by the Agency.

b. Cost Reconciliation Process for Fee-for-Service Provider Service Networks

- (1) The aggregate PCSB is used in the Agency's cost reconciliation process to determine shared cost savings, if any. If the actual Medicaid costs for FFS PSN covered non-transportation services are less than the aggregate PCSB for all Contract regions served, then cost savings have occurred, and the FFS PSN may receive a share of those cost savings. If the actual Medicaid costs for FFS PSN-covered non-transportation services are greater than the aggregate PCSB, then cost savings have not occurred.
- (2) The Agency's reconciliation process will occur on a periodic basis, culminating with a final reconciliation for each reconciliation period.
- (3) In performing the reconciliation process, the Agency will compare actual Medicaid payments for FFS PSN-covered non-transportation services, through encounter claims submitted by the FFS PSN to the Agency, to the aggregate PCSB for the time period being reconciled.
- (4) If the FFS PSN provides transplant services for which kick payments would have been paid under a Capitated Managed Care Plan Contract, these payments will be added to the aggregate PCSB for reconciliation.

c. Annual Reconciliations for Fee-for-Service Provider Service Networks

- (1) The Agency shall conduct annual cost reconciliations in accordance with s. 409.968, F.S., to determine the amount of cost savings achieved, if any, by the FFS PSN for the dates of service in the period being reconciled. The aggregate amount of actual payments made by the FFS PSN to its providers shall be calculated by the Agency. The aggregate of amount of payments shall be based on encounter claims submitted by the FFS PSN. Only payments for covered services for dates of service within the reconciliation period and paid by the FFS PSN within twelve (12) months after the last date of service in the reconciliation period will be included. This allows for a complete payment of all claims for the reconciliation period. The Agency will make the necessary adjustments to any amounts owed to or payable by the Agency based on the results of the annual

Section XI. Method of Payment

reconciliation.

- (2) The aggregated PCSB minus the aggregate adjusted actual payments for the dates of service included in the reconciliation period results in the savings pool.
- (3) If the savings pool is greater than zero (0) for the dates of service included in the reconciliation, fifty percent (50%) of the savings pool to the FFS PSN shall be allocated by the Agency, provided the FFS PSN meets the following minimum quality standards.
- (4) In order to be eligible to receive an allocation from the savings pool, the FFS PSN shall achieve performance measure rates as specified by the Agency.
- (5) The Agency may amend the performance measures and the thresholds required for a FFS PSN to be eligible to receive an allocation from the savings pool with sixty (60) days' advance notice.
- (6) If the savings pool is less than the administrative allocation, the FFS PSN will refund to the Agency the lesser of:
 - (a) The difference between the savings pool and the total administrative allocation due for the time period included in the reconciliation; or
 - (b) Fifty percent (50%) of the total administrative allocation due.
- (7) If the administrative allocation has been garnished (withheld) by the Agency for sanctions incurred, the amount of the administrative allocation accounted for in the reconciliation will include the entire allocation, both paid and withheld.

d. **Annual Reconciliation Review for Fee-for-Service Provider Service Networks**

- (1) The Agency will begin the annual reconciliation process thirteen (13) months after the last date of service in the reconciliation period and will provide the results to the FFS PSN within forty-five (45) days thereafter. The FFS PSN shall review and provide written comments or a letter of concurrence to the Agency within forty-five (45) days after receipt of the reconciliation results. This reconciliation is considered final if the FFS PSN concurs with the results.
- (2) Comments and errors identified are limited to the claims completion, correct application of the methodology, and/or calculations.
- (3) If the FFS PSN or the Agency comments that such an error has occurred, a new forty-five (45)-day review period shall start on the date the FFS PSN receives the Agency's final determination of the reconciliation results. The Agency's final determination of the reconciliation results shall be final and conclusive. The FFS PSN may dispute the Agency's decision as per Attachment B., Section XV., Special Terms and Conditions, if it does not concur with the results.
- (4) If the FFS PSN does not provide comments within the forty-five (45)-day period,

Section XI. Method of Payment

no further opportunity for review consideration will be provided.

- (5) If the FFS PSN fails to timely submit any refund due, the Agency may garnish/withhold future allocations, sanction the Managed Care Plan in accordance with Attachment B., Section XIII., Sanctions, or impose liquidated damages in accordance with Section XIV., Liquidated Damages.

e. **Reconciliation upon Termination for Fee-for-Service Provider Service Networks**

- (1) Following the final reconciliation completed under this Contract, any money due to either party, per the terms of this Contract, will be distributed or collected.
- (2) Termination of this Contract prior to the Contract end date would not eliminate the reconciliation processes. All outstanding financial reconciliation processes will continue to occur, but will only apply to the months within the reconciliation period during which the FFS PSN had enrollees and received administrative allocation payments.
- (3) The FFS PSN shall be notified of any refund due. The FFS PSN shall submit the refund to the Agency within thirty (30) days after the date of the Agency's notice. If the FFS PSN has commented that an error in calculation has occurred, the thirty (30)-day period for the refund to be submitted shall start on the date the FFS PSN receives the Agency's final determination of the reconciliation results. The Agency's final determination of the reconciliation results shall be final and conclusive.
- (4) If the FFS PSN fails to timely submit any refund due, the Agency may garnish/withhold future allocations, sanction the FFS PSN in accordance with Attachment B., Section XIII., Sanctions, or impose liquidated damages in accordance with section XIV., Liquidated Damages.

f. **Capitation Payments for Transportation Services**

- (1) The Agency shall pay the Managed Care Plan the applicable transportation capitation rate for each eligible enrollee whose name appears on the HIPAA-compliant X12 820 file for each month, except that the Agency shall not pay for, and shall recoup, any part of the payment for the total enrollment that exceeds the required and actual enrollment level(s). The total payment amount to the FFS PSN shall depend upon the number of enrollees in each eligibility category and each rate group, as provided for by this Contract, or as adjusted pursuant to the Contract when necessary.
- (2) The FFS PSN is obligated to provide services pursuant to the terms of this Contract for all enrollees for whom the FFS PSN has received capitation payment or for whom the Agency has assured the FFS PSN that capitation payment is forthcoming.
- (3) The rates shall be actuarially sound in accordance with 42 CFR 438.6(c).

Section XI. Method of Payment

- (4) The Agency may use, or may amend and use these rates, only after certification by its actuary and approval by the CMS. Inclusion of these rates is not intended to convey or imply any rights, duties or obligations of either party, nor is it intended to restrict, restrain or control the rights of either party that may have existed independently of this Section of the Contract.
- (5) By signature on this Contract, the parties explicitly agree that this Section shall not independently convey any inherent rights, responsibilities, or obligations of either party, relative to these rates, and shall not itself be the basis for any cause of administrative, legal, or equitable action brought by either party. In the event that the rates certified by the actuary and approved by CMS are different from the rates included in this Contract, the FFS PSN agrees to accept a reconciliation performed by the Agency to bring payments to the FFS PSN in line with the approved rates. The Agency may amend and use the CMS-approved rates by notice to the FFS PSN through an amendment to the Contract.
- (6) Unless otherwise specified in this Contract, the FFS PSN shall accept the capitation payment received each month as payment in full by the Agency for all transportation services provided to enrollees covered under this Contract. Any and all transportation costs incurred by the FFS PSN in excess of the capitation payment shall be borne in total by the FFS PSN.

g. Enrollee Payment Liability Protection for Transportation Services

- (1) Pursuant to s. 1932 (b)(6), Social Security Act (as enacted by section 4704 of the Balanced Budget Act of 1997), the FFS PSN shall not hold enrollees liable for the following:
 - (a) For debts of the FFS PSN, in the event of the FFS PSN's insolvency;
 - (b) For payment of covered services provided by the FFS PSN if the FFS PSN has not received payment from the Agency for the covered services, or if the provider, under contract or other arrangement with the FFS PSN, fails to receive payment from the Agency or the FFS PSN; and/or
- (2) For payments to a provider, including referral providers, that furnished covered services under a contract, or other arrangements with the FFS PSN, that are in excess of the amount that normally would be paid by the enrollee if the covered services had been received directly from the FFS PSN.

h. Rate Increases

The Agency may not approve any request from the FFS PSN for a rate increase unless sufficient funds to support the increase have been authorized in the General Appropriations Act.

2. Capitated Managed Care Plans

a. Capitation Rates

Section XI. Method of Payment

- (1) The Managed Care Plan shall be paid the applicable capitation rate for each Medicaid-eligible enrollee whose name appears on the HIPAA-compliant X12 820 file for each month, except that the Agency shall not pay for, and shall recoup, any part of the total payment for enrollment that exceeds the maximum authorized payment amount expressed in this Contract, as applicable. The total payment amount to the Managed Care Plan shall depend upon the number of enrollees in each eligibility category and each rate group, as provided for by this Contract, or as adjusted pursuant to this Contract when necessary. The Managed Care Plan is obligated to provide services pursuant to the terms of this Contract for all enrollees for whom the Managed Care Plan has received capitation payment or for whom the Agency has assured the Managed Care Plan that capitation payment is forthcoming. (42 CFR 438.3(c)(2))
- (2) In accordance with ss. 409.968, 409.976 and 409.983, F.S., the capitation rates reflect historical utilization and spending for covered services projected forward and shall be adjusted to reflect the level of care profile (risk) for enrollees in each Managed Care Plan.
- (3) Utilization and expenditures for services by a provider outside the U.S. shall not be included in the development of capitation rates.
- (4) The rates shall be actuarially sound in accordance with 42 CFR 438.6(c).
- (5) The base capitation rates prior to risk adjustment shall be included in this Contract.
- (6) The Agency may use, or may amend and use these rates, only after certification by its actuary and approval by CMS. Inclusion of these rates is not intended to convey or imply any rights, duties or obligations of either party, nor is it intended to restrict, restrain or control the rights of either party that may have existed independently of this Section of this Contract.
- (7) By signature on this Contract, the parties explicitly agree that this Section shall not independently convey any inherent rights, responsibilities or obligations of either party, relative to these rates, and shall not itself be the basis for any cause of administrative, legal or equitable action brought by either party. In the event that the rates certified by the actuary and approved by CMS are different from the rates included in this Contract, the Managed Care Plan agrees to accept a reconciliation performed by the Agency to bring payments to the Managed Care Plan in line with the approved rates. The Agency may amend and use the CMS-approved rates by notice to the Managed Care Plan through an amendment to this Contract.
- (8) Unless otherwise specified in this Contract, the Managed Care Plan shall accept the capitation payment received each month as payment in full by the Agency for all services provided to enrollees covered under this Contract and the administrative costs incurred by the Managed Care Plan in providing or arranging for such services. Any and all costs incurred by the Managed Care Plan in excess

Section XI. Method of Payment

of the capitation payment shall be borne in total by the Managed Care Plan.

b. Rate Adjustments and Reconciliations

- (1) The Managed Care Plan and the Agency acknowledge that the capitation rates paid under this Contract are subject to approval by the federal government.
- (2) The Managed Care Plan and the Agency acknowledge that adjustments to funds previously paid, and to funds yet to be paid, may be required. Funds previously paid shall be adjusted when capitation rate calculations are determined to have been in error, or when capitation rate payments have been made for enrollees who are determined not to have been eligible for Managed Care Plan membership during the period for which the capitation rate payments were made. In such events, the Managed Care Plan and any subcontractor shall report to the State within sixty (60) days when it has identified capitation payments or other payments in excess of amounts specified in this Contract. The Managed Care Plan agrees to refund any overpayment and the Agency agrees to pay any underpayment. (42 CFR 438.608(c)(3))
- (3) Capitation rates shall be adjusted to reflect budgetary changes in the Medicaid program. The rate of payment and total dollar amount may be adjusted with a properly executed amendment when Medicaid expenditure changes have been established through the appropriations process and subsequently identified in the Agency's operating budget. Legislatively-mandated changes shall take effect on the dates specified in the legislation. The Agency may not approve any Managed Care Plan request for a rate increase unless sufficient funds to support the increase have been authorized in the General Appropriations Act. (s. 409.968(3), F.S.).
- (4) In accordance with s. 409.967(3), F.S., the Managed Care Plan's ASR shall be verified as specified in this Contract.
- (5) The Agency shall conduct annual cost reconciliations to determine the amount of cost savings achieved by the FFS PSN for the dates of service in the period being reconciled.

c. Errors

The Managed Care Plan shall carefully prepare all reports and monthly payment requests for submission to the Agency. If after preparation and electronic submission, the Managed Care Plan discovers an error, including but not limited to errors resulting in capitated payments or other payments in excess of amounts specified in this Contract, either by the Managed Care Plan or the Agency, the Managed Care Plan has sixty (60) days from its discovery of the error, or sixty (60) days after receipt of notice by the Agency, to correct the error and re-submit accurate reports. Failure to respond within the sixty (60)-day period shall result in a loss of any money due to the Managed Care Plan for such errors and/or sanctions against the Managed Care Plan pursuant to Section XIII., Sanctions.

d. Enrollee Payment Liability Protection

Section XI. Method of Payment

- (1) Pursuant to s. 1932(b)(6), Social Security Act (as enacted by Section 4704 of the Balanced Budget Act of 1997), the Managed Care Plan shall not hold enrollees liable for debts of the Managed Care Plan, in the event of the Managed Care Plan's insolvency; (42 CFR 438.106(a))
- (2) The Managed Care Plan shall not hold enrollees liable for payment of covered services provided by the Managed Care Plan if the Managed Care Plan has not received payment from the Agency for the covered services, or if the provider, under contract or other arrangement with the Managed Care Plan, fails to receive payment from the Agency or the Managed Care Plan; (42 CFR 438.106(b)(1)-(2); 42 CFR 438.3(k); 42 CFR 438.230) and/or
- (3) The Managed Care Plan shall not hold enrollees liable for payments to a provider, including referral providers, that furnished covered services under a contract or other arrangements with the Managed Care Plan, that are in excess of the amount that normally would be paid by the enrollee if the covered services had been received directly from the Managed Care Plan. (42 CFR 438.106(c); 42 CFR 438.3(k); 42 CFR 438.230)

e. Achieved Savings Rebate

- (1) In accordance with s. 409.967(3), F.S., and as specified in Section XVI., Reporting Requirements, and the Managed Care Plan Report Guide, the Managed Care Plan shall submit:
 - (a) Quarterly and annual unaudited ASR Financial Reports, and an annual financial statement audit conducted by an independent CPA;
 - (b) Quarterly and annual NAIC Financial Statements filed with the OIR and prepared in accordance with statutory accounting principles.
- (2) In accordance with s. 409.967(3)(g), F.S., as part of the ASR process, a Managed Care Plan that exceeds Agency-defined quality measures as specified in Section XI., Method of Payment, in the reporting period may retain an additional one percent (1%) of revenue.
- (3) The Managed Care Plan shall pay to the Agency the expenses of the Agency's ASR audit at the rates established by the Agency. Expenses shall include actual travel expenses, reasonable living expense allowances, compensation of the CPA, and necessary attendant administrative costs of the Agency directly related to the audit/examination. The Managed Care Plan shall pay the Agency within twenty-one (21) days after presentation by the Agency of the detailed account of the charges and expenses. Failure to pay shall result in liquidated damages as specified in Section XIV., Liquidated Damages.
- (4) The Managed Care Plan shall make available all books, accounts, documents, files and information that relate to the Managed Care Plan's Medicaid transactions at a Florida location by the Agency's contracted CPA.

Section XI. Method of Payment

- (a) The Managed Care Plan shall cooperate in good faith with the Agency and the CPA.
 - (b) Records not in the Managed Care Plan's immediate possession must be made available to the Agency or the CPA in the Florida location specified by the Agency or the CPA within three (3) days after a request is made by the Agency or the CPA. If original records are required, and they cannot be made available in a Florida location as specified herein, the Managed Care Plan shall make the records available for the CPA to review at the applicable location and shall pay any expenses related to the CPA's review at that location.
 - (c) Failure to comply with such record requests, including failure to provide records, reports, and documentation to the Agency or CPA by the dates requested, shall be deemed a breach of Contract, and the Managed Care Plan shall be subject to sanctions as specified in Section XIII., Sanctions.
- (5) In accordance with s. 409.967(3)(g), F.S., and as specified below, if the Managed Care Plan exceeds the Agency-defined quality measures as specified in the applicable Exhibit(s), the Managed Care Plan may retain up to an additional one percent (1%) of its revenue.
- (a) Managed Care Plans that meet the quality standards for only one program component (LTC or MMA), may retain up to one percent (1%) of ASR-allowed revenue associated with the component for which they meet the quality standards.
 - (b) The Agency may amend the performance measures and the thresholds required for an Managed Care Plan to retain up to an additional one percent (1%) of revenue with sixty (60) days' advance notice.
- (6) The Agency CPA shall validate the ASR, and the results shall be provided to the Agency. If the CPA validates the ASR submitted by the Managed Care Plan in accordance with the Managed Care Plan Report Guide, these results shall be final and dispositive. If the CPA fails to validate the ASR submitted by the Managed Care Plan, the Managed Care Plan shall receive written notice of the CPA's findings and be provided with the opportunity to review and respond to the CPA's findings in writing within the timeframe specified by the Agency. The CPA shall review the Managed Care Plan's response and issue final results. These results are dispositive.
- (7) The Managed Care Plan shall receive the final results of the audit, and the Managed Care Plan shall pay the rebate to the Agency within thirty (30) days after the results are provided.
- (8) The ASR is established by determining pretax income as a percentage of revenues and applying the following income ratios:
- (a) One hundred percent (100%) of income up to and including five percent (5%) of revenue shall be retained by the Managed Care Plan.

Section XI. Method of Payment

- (b) Fifty percent (50%) of income above five percent (5%) and up to ten percent (10%) shall be retained by the Managed Care Plan, and the other fifty percent (50%) refunded to the State.
 - (c) One hundred percent (100%) of income above ten percent (10%) of revenue shall be refunded to the State.
- (9) As further specified in the Managed Care Plan Report Guide, for purposes of the ASR:
- (a) Pretax income is defined as pre-tax revenue minus those expenses permitted in the Managed Care Plan Report Guide.
- (10) Revenue includes but is not limited to all capitation premium payments made by the State to the Managed Care Plan. Revenue does not include additions to, or components of, premium payments made to provide funds for payment of the ACA Section 9010 Health Insurance Providers Fee, or the additional amounts to provide for the payment of State premium taxes or federal income tax on such amounts. Revenue is to be reduced by the State premium tax or other State assessments based on the premium.
- (11) Expenses generally include reasonable and appropriate medical expenses and general and administrative expenses, as determined by the Agency, other than interest expense, of operating the Managed Care Plan in accordance with the requirements of this Contract. Any State premium tax or other State assessment based on premium that is treated as a reduction to premium revenue cannot be included in the allowable expenses.
- (12) In accordance with s. 409.967(3)(h), F.S., the following expenses are not allowable expenses for purposes of determining the pre-tax income subject to the ASR:
- (a) Payment of ASRs;
 - (b) Any financial incentive payments made to the Managed Care Plan outside of the capitation rate;
 - (c) Expenses associated with any lobbying or political activities;
 - (d) Cash value or equivalent cash value of bonuses of any type paid or awarded to the Managed Care Plan's executive staff other than base salary;
 - (e) Reserves and reserve accounts other than those expressly permitted by the Managed Care Plan Report Guide;
 - (f) Administrative costs in excess of actuarially sound maximum amounts set by the Agency; and

Section XI. Method of Payment

- (g) Other costs excluded in accordance with 42 CFR 438.6.
- (13) The actuarially sound maximum amount for administrative costs shall be set by the Agency in consultation with the actuary developing the capitation rates as part of the rate setting process.
- (14) In accordance with s. 409.967(3)(i), F.S., if the Managed Care Plan incurs a loss in the first year of operation subject to the achieved saving rebate, it may apply the full amount of such loss as an offset to income in the second year. If the Managed Care Plan elects to carry forward such a loss, then the life-years of coverage for the first year of coverage shall also carry over to the second year.
- (15) In accordance with s. 409.967(3)(j), F.S., if the Agency later determines that the Managed Care Plan owes an additional rebate, the Managed Care Plan shall have thirty (30) days after notification by the Agency to make payment. If the Managed Care Plan fails to pay the rebate, future payments shall be withheld until the entire amount of the rebate is recouped. If the Agency determines that the Managed Care Plan made an overpayment, the Managed Care Plan shall be returned the overpayment within thirty (30) days of such determination.
- (16) If the Managed Care Plan purchases or acquires part or all of the business of another Managed Care Plan, the Managed Care Plan's information and reports regarding its ASR shall include information for the purchased business, including for that part of the reporting period that was prior to the purchase. If the Managed Care Plan is unable to include information for the purchased business prior to the purchase date, the Managed Care Plan shall pay for the cost of the audit for the reporting period prior to the purchase date.
- (17) If the Managed Care Plan's enrollment in a reporting period is fewer than five thousand (5,000) life-years, the Managed Care Plan shall not owe a rebate for the reporting period. However, the information from that reporting period shall be carried over and included with information for the next reporting period. When the cumulative life-years of such combined reporting periods equal or exceed five thousand (5,000) life-years, the achieved saving rebate calculation shall be performed.
- (18) If the Agency determines that payment of an ASR by the Managed Care Plan would result in the Managed Care Plan being put at significant risk of insolvency, the Agency may defer all or a portion of the rebate payment owed by the Managed Care Plan.
- (19) The ASR shall be calculated in accordance with s. 409.967(3)(f), F.S., as illustrated below.

Note: The following three (3) increments shall be applied to the Managed Care Plan's (Plan's) pre-tax income (AKA: net operating income [NOI])

Achieved Savings Rebates Table – Effective 8/1/2018 – 12/31/2023

Section XI. Method of Payment

The Managed Care Plan shall deposit into that account five percent (5%) of the capitation payments made by the Agency each month until a maximum total of two percent (2%) of the annualized total current Contract amount is reached and maintained. No interest may be withdrawn from this account until the maximum Contract amount is reached and withdrawal of the interest shall not cause the balance to fall below the required maximum amount. This provision shall remain in effect as long as the Managed Care Plan continues this Contract with the Agency.
- b. The restricted insolvency protection account may be drawn upon with the authorized signatures of two (2) persons designated by the Managed Care Plan and two (2) representatives of the Agency. The Multiple Signature Verification Agreement Form shall be resubmitted to the Agency within thirty (30) days of Contract execution and resubmitted within thirty (30) days after a change in authorized Managed Care Plan personnel occurs. If the authorized persons remain the same, the Managed Care Plan shall submit to the Agency an attestation to this effect April 1 of each Contract year to the Agency along with a copy of the latest bank statement. A statement of account balance shall be provided by the Managed Care Plan within fifteen (15) days of the request from the Agency.
- d. If the Agency terminates or does not renew this Contract, the Agency shall release the account balance to the Managed Care Plan upon receipt of proof of satisfaction of all outstanding obligations incurred under this Contract.

- e. In the event the Agency terminates or does not renew this Contract and the Managed Care Plan is insolvent, the Agency may draw upon the insolvency protection account to pay any outstanding debts the Managed Care Plan owes the Agency, including, but not limited to, overpayments made to the Managed Care Plan and fines imposed under this Contract or, for HMOs, s. 641.52, F.S., for EPOs, Chapter 627, F.S., and for health insurers, Chapter 624, F.S., for which a final order has been issued. In addition, if the Agency terminates or does not renew this Contract, and the Managed Care Plan is unable to pay all of its outstanding debts to health care providers, the Agency and the Managed Care Plan shall agree to the court appointment of an impartial receiver for the purpose of administering and distributing the funds contained in the insolvency protection account. An appointed receiver shall give outstanding debts owed to the Agency priority over other claims.

The amount of this deposit shall be approved by the Agency upon account inception and can be held in either Securities or cash.
- c. The custodial investment insolvency protection account may be drawn upon with the authorized signatures of two (2) persons designated by the Managed Care Plan and two (2) representatives of the Agency. Documentation evidencing this contribution shall be included with the monthly valuation. Section XIV. Liquidated Damages

The Agency shall be responsible for imposing liquidated damages as a result of failure to meet any aspect of the responsibilities of this Contract and its Exhibits.

The Managed Care Plan agrees that failure to meet any aspect of the responsibilities of this Contract may result in the assessment of damages in accordance with Section XIV., Liquidated Damages.

A. Damages

1. If the Managed Care Plan breaches this Contract, the Agency shall be entitled to monetary damages in the form of actual, consequential, direct, indirect, special, and/or liquidated damages. In some cases, the actual damage to the Agency as a result of the Managed Care Plan's failure to meet any aspect of the responsibilities of this Contract and/or to meet specific performance standards set forth in this Contract will be difficult or impossible to determine with precise accuracy. Therefore, in the event of a breach of this Contract, the Managed Care Plan shall be subject to the imposition of liquidated damages in writing against the Managed Care Plan. The Managed Care Plan shall be assessed liquidated damages regardless of whether the breach is the fault of the Managed Care Plan (including the Managed Care Plan's subcontractors, agents and/or consultants), provided the Agency has not materially caused or contributed to the breach. The Agency may impose liquidated damages in addition to any sanctions imposed pursuant to Section XIII., Sanctions.
2. The liquidated damages prescribed in this Section are not intended to be in the nature of a penalty, but are intended to be reasonable estimates of the Agency's projected financial loss and damage resulting from the Managed Care Plan's nonperformance, including financial loss as a result of project delays. Accordingly, in the event the Managed Care Plan fails to perform in accordance with this Contract, the Agency may assess liquidated damages as provided in this Section.
3. If the Managed Care Plan fails to perform any of the services described in this Contract, the Agency may assess liquidated damages for each occurrence listed in the table in this Section. Any liquidated damages assessed by the Agency shall be due and payable to the Agency within thirty (30) days after the Managed Care Plan's receipt of the notice of damages, regardless of any dispute in the amount or interpretation which led to the notice. The Agency shall have sole authority to determine the application of an occurrence (e.g., per unit of service, per date of service, per episode of service, per complaint, per enrollee, etc.).
4. The Agency may elect to collect liquidated damages:
 - a. Through direct assessment and demand for payment delivered to the Managed Care Plan; or
 - b. By deduction of amounts assessed as liquidated damages from, and as set-off against payments then due to the Managed Care Plan or that become due at any time after assessment of the liquidated damages. The Managed Care Plan shall be subject to deductions until the Agency has collected the full amount payable by the Managed

5. The Managed Care Plan shall not pass through liquidated damages imposed under this Contract to a provider and/or subcontractor, unless the provider and/or subcontractor caused the damage through its own action or inaction. 6. All liquidated damages imposed pursuant to this Contract, whether paid or due, shall be paid by the Managed Care Plan out of administrative costs and profits.
7. Subject to legislative approval, the Agency reserves the right to redirect any amounts assessed as liquidated damages towards QI activities that target and support Agency goals or initiatives.
8. To dispute the imposition of liquidated damages, the Managed Care Plan must request that the Agency's Deputy Secretary for Medicaid or designee, hear and decide the dispute.

The Managed Care Plan must submit a written dispute of the liquidated damages directly to the Deputy Secretary for Medicaid or designee by U.S. mail and/or commercial courier service (hand delivery shall not be accepted. No official or employee of the Agency and no other public official of the State of Florida or the federal government who exercises any functions or responsibilities in the review or approval of the undertaking of carrying out this Contract shall, prior to completion of this Contract, voluntarily acquire any personal interest, direct or indirect, in this Contract or proposed Contract.

In accordance with s. 1932(e)(4), Social Security Act, the Managed Care Plan shall be provided with an opportunity for a hearing prior to termination for cause. This does not preclude the Agency from terminating without cause.
4. Upon receipt of final notice of termination, on the date and to the extent specified in the notice of termination, the Managed Care Plan shall:

 - b. Cease enrollment of new enrollees under this Contract;

 - g. Not accept any payment after this Contract ends, unless the payment is for the time period covered under this Contract. Any payments due under the terms of this Contract may be withheld until the Agency receives from the Managed Care Plan all written and properly executed documents as required by the written instructions of the Agency; and
 - h. At least sixty (60) days before the termination effective date, provide written notification to all enrollees of the following information: the date on which the Managed Care Plan shall no longer participate in the State's Medicaid program and instructions on contacting the Agency's enrollment broker help line to obtain information on enrollment options and to request a change in Managed Care Plans.
5. If the Managed Care Plan fails to disclose any business relationship, as defined in s. 409.966(3)(b), F.S., with another Managed Care Plan in the same region during the procurement process, the Managed Care Plan's Contract and all other SMMC contracts with the Managed Care Plan shall be terminated.

7. If the Managed Care Plan received an additional award pursuant to s. 409.966(3)(e), F.S., and is subject to penalties pursuant to s. 409.967(2)(i), F.S., for activities in Region 1 or Region 2, the additional awarded regions shall automatically be terminated from this Contract one hundred eighty (180) days after the imposition of the penalties. The Managed Care Plan shall reimburse the Agency for the cost of enrollment changes and other transition activities.
8. 9. If the Managed Care Plan Contract is terminated by either the Managed Care Plan or the Agency (with cause) prior to the end of this Contract period, the Managed Care Plan shall be assessed the performance bond required under this Contract to cover the costs of issuing a solicitation and selecting a new Managed Care Plan. The Agency's damages in the event of termination shall be considered to be the full amount of the bond. The Agency need not prove the damage amount in exercising its right of recourse against the bond.

H. Agency Contract Management

1. The Agency shall be responsible for management of this Contract. Contract management shall be conducted in good faith, with the best interest of the State and the Medicaid recipients it serves being the prime consideration. The Agency shall make all statewide policy decisions via issuance of a Policy Transmittal or Contract Interpretation, which shall be included in the next amendment.
2. The Managed Care Plan shall submit all procedures to the Agency as required by this Contract. Unless specified elsewhere in this Contract, procedures required by this Contract shall be submitted to the Agency at least seventy-five (75) days before the proposed effective date of the policy and procedure or change. When an interpretation of this Contract is sought, the Managed Care Plan shall submit a written request to the Agency's Deputy Secretary for Medicaid in a format prescribed by the Agency.
4. The terms of this Contract do not limit or waive the ability, authority or obligation of the OIG, MPI, its contractors, DOEA, or other duly constituted government units (State or federal) to audit or investigate matters related to, or arising out of this Contract.
5. This Contract shall be amended only as follows (unless specified elsewhere in this Contract):
 - a. The parties cannot amend or alter the terms of this Contract without a written amendment and/or change order to this Contract.
 - b. The Agency and the Managed Care Plan understand that any such written amendment to amend or alter the terms of this Contract shall be executed by an officer of each party, who is duly authorized to bind the Agency and the Managed Care Plan.
 - c. The Agency reserves the right to amend this Contract within the scope set forth in the procurement (to include original Contract and all Attachments) in order to clarify requirements or if it is determined by the Agency that modifications are necessary to better serve or provide covered services to the eligible population.

I. Disputes

1. To dispute an interpretation of this Contract, the Managed Care Plan must request that the Agency's Deputy Secretary for Medicaid hear and decide the dispute. The Managed Care Plan must submit a written dispute of this Contract interpretation directly to the Deputy Secretary; by U.S. mail and/or commercial courier service (hand delivery shall not be accepted); this submission must be received by the Agency within twenty-one (21) days after the interpretation of this Contract and shall include all arguments, materials, data, and information necessary to resolve the dispute (to include all evidence, documentation and exhibits). A Managed Care Plan submitting such written requests for appeal or dispute as allowed under this Contract by U.S. mail and/or commercial courier service, shall submit such appeal or dispute to the following mailing address:

Deputy Secretary for Medicaid
Agency for Health Care Administration
Managed Care Appeals/Disputes, MS 70
2727 Mahan Drive
Tallahassee, FL 32308

Regardless of whether delivered by U.S. mail or commercial courier service, appeals not delivered to the mailroom shall be denied.

The Managed Care Plan waives any dispute not raised within twenty-one (21) days of receiving a notice of this Contract interpretation. It also waives any arguments it fails to raise in writing within twenty-one (21) days of receiving a Contract interpretation, and waives the right to use any materials, data, and/or information not contained in or accompanying the Managed Care Plan's submission submitted within the twenty-one (21) days following its receipt of the notice of this Contract interpretation in any subsequent legal, equitable, or administrative proceeding (to include circuit court, federal court and any possible administrative venue).

2. The Deputy Secretary or his/her designee shall decide the dispute under the reasonableness standard, reduce the decision to writing and serve a copy to the Managed Care Plan. This written decision shall be final.
3. The exclusive venue of any legal or equitable action that arises out of or relating to this Contract, including an appeal of the final decision of the Deputy Secretary or his/her designee, shall be Circuit Court in Leon County, Florida; in any such action, the Managed Care Plan agrees to waive its rights to a jury trial, and that the Circuit Court can only review the final decision for reasonableness, and Florida law shall apply. In the event the Agency issues any action under Florida Statutes or Florida Administrative Code apart from this Contract, the Managed Care Plan shall receive notice of the appropriate administrative remedy.

Section XV. Special Terms and Conditions

2. Scope. The Duty to Indemnify and the Duty to Defend, as described herein (collectively known as the “Duty to Indemnify and Defend”), extend to any completed, actual, pending, or threatened action, suit, claim, or proceeding, whether civil, criminal, administrative, or investigative (including any action by or in the right of the Managed Care Plan), and whether formal or informal, in which the Agency is, was, or becomes involved and which in any way arises from, relates to, or concerns the Managed Care Plan’s acts or omissions related to this Contract (inclusive of all Attachments, etc.) (collectively “Proceeding”).
 - a. Duty to Indemnify. The Managed Care Plan agrees to hold harmless and indemnify the Agency to the full extent permitted by law against any and all liability, claims, actions, suits, judgments, damages, and costs of whatsoever name and description, including attorneys’ fees, arising from or relating to any Proceeding.

With respect to any Proceeding, the Managed Care Plan agrees to fully defend the Agency and shall timely reimburse all of the Agency’s legal fees and costs; provided, however, that the amount of such payment for attorneys’ fees and costs is reasonable pursuant to Rule 4-1.5, Rules Regulating the Florida Bar. The Agency retains the exclusive right to select, retain, and direct its defense through defense counsel funded by the Managed Care Plan pursuant to the Duty to Indemnify and Defend the Agency.
3. Expense Advance. The presumptive right to indemnification of damages shall include the right to have the Managed Care Plan pay the Agency’s expenses in any Proceeding as such expenses are incurred and in advance of the final disposition of such Proceeding.

In the event that any claim for indemnity, whether an Expense Advance or otherwise, is made hereunder and is not paid in full within sixty (60) days after written notice of such claim is delivered to the Managed Care Plan, the Agency may, but need not, at any time thereafter, bring suit against the Managed Care Plan to recover the unpaid amount of the claim (hereinafter “Enforcement Action”). In the event the Agency brings an Enforcement Action, the Managed Care Plan shall pay all of the Agency’s attorneys’ fees and expenses incurred in bringing and pursuing the Enforcement Action.
5. Contribution. In any Proceeding in which the Managed Care Plan is held to be jointly liable with the Agency for payment of any claim of any kind (whether for damages, attorneys’ fees, costs, or otherwise), if the Duty to Indemnify provision is for any reason deemed to be inapplicable, the Managed Care Plan shall contribute toward satisfaction of the claim whatever portion is or would be payable by the Agency in addition to that portion which is or would be payable by the Managed Care Plan, including payment of damages, attorneys’ fees, and costs, without recourse against the Agency. No provision of this part, or of any other section of this Contract (inclusive of all Attachments, etc.), whether read separately or in conjunction with any other provision, shall be construed to: (i) waive the State or the Agency’s immunity to suit or limitations on liability; (ii) obligate the State or the Agency to indemnify the Managed Care Plan for the Managed Care Plan’s own negligence, or otherwise assume any liability for the Managed Care Plan’s own negligence; or (iii) create any rights enforceable by third parties, as third party beneficiaries or otherwise, in law or in equity.

K. Public Records Requests

- a. The Managed Care Plan shall keep and maintain public records that ordinarily and necessarily would be required in order to perform services under this Contract;
- b. The Managed Care Plan shall provide the public with access to public records on the same terms and conditions that the Agency would provide the records and at a cost that does not exceed the cost provided in s. 119.0701, F.S., or as otherwise provided by law;
- c. The Managed Care Plan agrees that it is the custodian of any and all recordings for purposes of the Public Records Act, Chapter 119, F.S., and is solely responsible for responding to any public records requests for recordings. Section XV. Special Terms and Conditions

3. No modifications to an approved Privacy Compliance Plan may be implemented by the Managed Care Plan unless an amended Privacy Compliance Plan is submitted to the Agency, and written approval of the amended Plan is signed and stamped by the Agency Contract Manager. Agency approval of the Managed Care Plan's Privacy Compliance Plan in no way constitutes a representation by the Agency that the Privacy Compliance Plan is in full compliance with applicable Communication Privacy Laws, or otherwise shifts or diminishes the Managed Care Plan's sole burden to ensure full compliance with applicable Communication Privacy Laws in all aspects of the Managed Care Plan's performance of this Contract. Violation of this term may result in sanctions to include termination of this Contract and/or liquidated damages.

M. Audits and Monitoring

1. The Agency may conduct, or have conducted, performance and/or compliance reviews, reviews of specific records or other data as determined by the Agency. The Agency may conduct a review of a sample of analyses performed by the Managed Care Plan to verify the quality of the Managed Care Plan's analyses. 2. Reviews may include, but shall not be limited to, reviews of procedures, computer systems, recipient records, accounting records, and internal quality control reviews. The Managed Care Plan shall work with any reviewing entity selected by the Agency.
3. During this Contract period, these records shall be available at the Managed Care Plan's office at all reasonable times. After this Contract period and for ten (10) years following, the records shall be available at the Managed Care Plan's chosen location subject to the approval of the Agency. If the records need to be sent to the Agency, the Managed Care Plan shall bear the expense of delivery. Prior approval of the disposition of the Managed Care Plan and subcontractor records must be requested and approved by the Agency. This obligation survives termination of this Contract.
4. The Managed Care Plan shall comply with all applicable federal requirements pertaining to procurement, including but not limited to Chapter 2 of the CFR and any other final or interim rules with respect to audit requirements of federal contracts administered through State and local public agencies.
5. The Managed Care Plan shall ensure an annual SOC 2 Type II audit is performed on the application hosting center. The Managed Care Plan shall provide a copy of the most recent audit report to the Agency.

Section XV. Special Terms and Conditions

The Managed Care Plan shall retain all financial records, enrollee records, supporting documents, statistical records, and any other documents (including electronic storage media) pertinent to performance under this Contract for a period of ten (10) years after termination of this Contract, or if an audit has been initiated and audit findings have not been resolved at the end of ten (10) years, the records shall be retained until resolution of the audit findings.
3. Refusal by the Managed Care Plan to allow access to all records, documents, papers, letters, other materials or on-site activities related to this Contract performance shall constitute a breach of this Contract.
4. The right of the Agency and its authorized representatives to perform inspections shall continue for as long as the Managed Care Plan is required to maintain records.

d. Health Insurance Providers Fee

(1) General

Pursuant to Section 26 CFR Part 57 (2013) (the applicable regulations providing guidance to section 9010 of the ACA), the Managed Care Plan is required to pay the “Health Insurance Providers” Fee annually. The Agency will pay the portion of this fee specifically related to the Managed Care Plan’s performance of this Contract with an adjustment related to the federal and State income tax impact of this Fee using the methodology described below under the following conditions:

- (a) The entity which comprises the Managed Care Plan or of which the Managed Care Plan is a part and which is required to submit the IRS Form 8963 pursuant to the above mentioned federal regulations (referred to hereinafter as the “Reporting Plan”) shall submit to the Agency a copy of the IRS Form 8963 submitted to the IRS by April 15 after each year for which it intends to be reimbursed.
- (b) The Reporting Plan shall submit to the Agency a copy of the IRS Notice of final fee calculation (as described in 26 CFR s. 57.7) by September 5 after each year for which it intends to be reimbursed.

Section XI. Method of Payment

- (c) The Reporting Plan shall submit its annual statement (which includes information pertinent to the tax impact of this subject fee) once it is issued for the preceding year for which it intends to be reimbursed.
- (d) All documents listed above and any additional data or information requested by the Agency shall be submitted with an attestation by the Reporting Plan in accordance with the certification requirements specified in Section XVI., Reporting Requirements, of this Contract. Following the determination of the amount to be reimbursed and the federal and State income tax impact related to this health insurance providers fee, the capitated per member per month Fee for the plan will be timely reprocessed. This process is subject to approval by the Centers for Medicare and Medicaid Services and any change in federal or State law.

(2) Health Insurance Providers Fee Methodology

- (a) Table 1 is to be used to enter revenue information for the data year related to the fee payment year. The data year is the year preceding the year in which the fee is to be paid. The total premiums taken into account are to be allocated proportionately to total premiums by State and line of business.
- (b) The information in Table 1 will be used by the Agency to calculate the portion of the Health Insurance Providers Fee related to Medicaid activities for the Reporting Plan using the formula $(A / I) * J$. The proportion denoted by (A / I) represents the percentage of total premiums taken into account related to Medicaid for the Reporting Plan, and J represents the total Health Insurance Providers Fee amount allocated to the Reporting Plan as documented by the Reporting Plan's IRS notice. Note that items I and J should be taken directly from the IRS memos received by the Reporting Plan.

Table 1 Florida AHCA Illustrative Health Insurance Providers Fee Information Collection			
Business Location	Medicaid Premiums Taken into Account	Other Health Insurance Premiums Taken into Account	Total Premiums Taken into Account
Florida	A	B	C = A + B
Other States	D	E	F = D + E
Total	G	H	I = G + H
Insurer Fee (Estimated or Final)		J	

- (3) An actuarially sound approach will be developed to calculate the amount of federal and State income tax related to the Health Insurance Providers Fee.

- (2) The Agency will develop a pre-enrollment benchmark case mix for each region based on analysis of the most recent twelve (12) months of historical data that allows for three (3) months of claims run out. The enrollment distribution will be calculated using population segmentation logic consistent with that used in rate development. Recipients whose last care setting prior to the start of the capitation rate period was nursing facility will be classified as Non-HCBS. Recipients who become program-eligible after the start of the capitation rate period will be classified as Non-HCBS based on program codes that indicate ICP eligibility. Enrollees not meeting the Non-HCBS classification criteria will be classified as HCBS. For rate purposes, for both the transitioned and new enrollees, the recipient's initial classification will remain valid through the duration of the capitation rate period.
- (3) Month One (1): In each region, the Agency will pay the Managed Care Plan a blended capitation rate that reflects the regional pre-enrollment benchmark case mix, adjusted for the Agency-required transition percentage, which shall be included in the Contract. The Agency will later perform a reconciliation based on month one (1) actual enrollment and case mix for each plan.
- (4) Subsequent months: For the second month and each subsequent month of the Contract payment period, the Agency will develop a blended capitation rate for the Managed Care Plan, adjusted for the new enrollments and disenrollments that occurred in the previous month, and adjusted for the Agency-required transition percentage.

b. Rate Adjustments and Reconciliations

- (1) Pursuant to ss. 409.983(6) and 409.983(7), F.S., the Agency will reconcile the Managed Care Plan's payments to nursing facilities, including patient responsibility and hospices as follows:

Any Managed Care Plan provider payments to nursing facilities in excess of FFS claim payment will not be reimbursed by the Agency or in any

Section XI. Method of Payment

way increase per member per month payment to the Managed Care Plan in any current or future capitation rate setting period. The Managed Care Plan accepts and assumes all risks of excess payments as a cost of doing business and cannot seek additional Medicaid payments for such business decisions. Any inadvertent payments made by the Agency to a Managed Care Plan in excess of the FFS amount shall be overpayments and shall be recouped.

- (3) The nursing facility rate reconciliation process required by 409.983(6), F.S., is as follows:
 - (a) The Agency will set facility-specific payment rates based on the rate methodology outlined in the most recent version of the Florida Title XIX LTC Reimbursement Plan. The Managed Care Plan shall pay nursing facilities an amount no less than the nursing facility specific payment rates set by the Agency and published on the Agency website. The Managed Care Plan shall use the published facility-specific rates as a minimum payment level for all payments.
 - (b) Participating nursing facilities shall maintain their active Medicaid enrollment and submit required cost reports to the Agency.
 - (c) For changes in nursing facility payment rates, the following process shall be used:
 - i. The Agency will annually reconcile between the nursing facility payment rates used in the capitation rates and the actual published payment rates. This Managed Care Plan-specific reconciliation will be performed using the Managed Care Plan's own utilization, as reflected through encounter data that covers the capitation rate period dates of services with at least four (4) months of claims run out.
 - ii. The Managed Care Plan shall review and provide written comments or a letter of concurrence to the Agency within forty-five (45) days after receipt of the reconciliation results. This reconciliation is considered final if the Managed Care Plan concurs with the result.
 - iii. Comments and errors identified are limited to the published rates reviewed and related Managed Care Plan nursing facility and hospice payments, methodology and/or calculations.
 - iv. If the Managed Care Plan or the Agency comments that such an error has occurred, a new forty-five (45) day review period shall start on the date the Managed Care Plan receives the Agency's final determination of the reconciliation results. The Agency's final determination of the reconciliation results shall be final and conclusive. The Managed Care Plan may dispute the Agency's decision as per Attachment B., Section XV., Special Terms and Conditions, if it does not concur with the results.

Section XI. Method of Payment

- v. If the Managed Care Plan does not provide comments within the forty-five (45) day period, no further opportunity for review consideration will be provided.
- (d) For retroactive changes in nursing facility payment rates, the following process shall be used:
- i. The Managed Care Plan shall settle directly with the nursing facility that was overpaid based on the rate adjustment. The Managed Care Plan shall collect from the nursing facility the difference between the published rate and the previous rate for paid claims for the appropriate rate period.
 - ii. The Managed Care Plan shall settle directly with the nursing facility that was underpaid based on the rate adjustment. The Managed Care Plan shall pay the nursing facility the difference between the published rate and the previous rate for paid claims for the appropriate rate period. The Managed Care Plan shall make these payments to the provider within sixty (60) days of the adjusted rates being published on the Agency's website.
- (4) The Agency will set hospice LOC and room and board rates based upon the rate development methodology detailed in 42 CFR Part 418 for per diem rates and Chapter 409.906 (14), F.S., and 59G-4.140, F.A.C., for room and board rates. The Managed Care Plan shall pay hospices an amount no less than the hospice payment rates set by the Agency and published on the Agency website no later than October 1 of each year for per diem rates and January 1 and July 1 of each year for room and board rates for nursing facility residents. The Managed Care Plan shall use the published hospice rates as a minimum payment level for all future payments.
- (a) Participating hospices shall maintain their active Medicaid enrollment and submit room and board cost logs to the Agency.
 - (b) For changes in hospice per diem and room and board payment rates that apply prospectively, the following process shall be used:
 - i. The Agency shall annually reconcile between the hospice per diem and room and board payment rates used in the capitation rates paid and the actual published payment rates. The Agency shall perform this hospice-specific reconciliation using the Managed Care Plan's own utilization, as reflected through encounter data that covers the capitation rate period dates of services with at least four (4) months of claims run out.
 - ii. The Managed Care Plan shall review and provide written comments or a letter of concurrence to the Agency within forty-five (45) days after receipt of the reconciliation results. This reconciliation is considered final if the Managed Care Plan concurs with the result.

Section XI. Method of Payment

- iii. Comments and errors identified are limited to the published rates reviewed and related Managed Care Plan hospice payments, and methodology, and/or calculations.
 - iv. If the Managed Care Plan or the Agency comments that such an error has occurred, a new forty-five (45) day review period shall start on the date the Managed Care Plan receives the Agency's final determination of the reconciliation results. The Agency's final determination of the reconciliation results shall be final and conclusive. The Managed Care Plan may dispute the Agency's decision as per Attachment B., Section XV., Special Terms and Conditions, if it does not concur with the results.
 - v. If the Managed Care Plan does not provide comments within the forty-five (45) day period, no further opportunity for review consideration will be provided.
- (5) Patient Responsibility Reconciliation. The Managed Care Plan shall have its annual patient responsibility collections and HCBS waiver service costs report reviewed annually by the Agency to verify the patient responsibility collections on a per capita basis did not exceed the cost of HCBS. If the per capita patient responsibility collections exceed the HCBS waiver costs, the Agency will adjust the capitation to correct the Managed Care Plan overpayment.
- (6) Nursing Facility, Hospice and Patient Responsibility Collection Reconciliation Schedule. The Agency will announce the reconciliation schedule after the close of each capitation rate period. The Managed Care Plan shall respond to any Agency requests for additional information concerning the reconciliation within fifteen (15) days of notification.
- (7) Actual hospice payments shall be reconciled by the Agency to ensure actual claim payments are, at a minimum, the same as Medicaid FFS claim payments. Any Managed Care Plan provider payments to hospices in excess of FFS claim payment will not be reimbursed by the Agency or in any way increase per member per month payment to the Managed Care Plan in any current or future capitation rate setting period. The Managed Care Plan accepts and assumes all risks of excess payments as a cost of doing business and cannot seek additional Medicaid payments for such business decisions. Any inadvertent payments made by the Agency to a Managed Care Plan in excess of the FFS amount shall be overpayments and shall be recouped.

c. Errors

There are no additional errors provisions unique to the LTC managed care program.

d. Enrollee Payment Liability Protection

There are no additional enrollee payment liability protection provisions unique to the LTC managed care program.

e. Achieved Savings Rebate

Re-Assessment and Care Plan Update after Discharge	95%

f. Community High Risk Pool (CHRP)

- (1) The Community High Risk Pool (CHRP) for the SMMC LTC program recognizes the disproportionate enrollment of high cost HCBS recipients. The CHRP operates as a revenue neutral redistribution of plan reimbursement associated with community enrollees. The risk pool is funded through a small withhold amount applied to the pre-transition adjusted HCBS enrollment for the LTC contractor. Encounter data submissions are required in accordance with Attachment B., Section X., Administration and Management. The Agency shall analyze the LTC encounter data submitted by the Managed Care Plan.
 - (a) Only HCBS will be used to evaluate the SMMC LTC risk pool for an enrolled recipient.
 - (b) Costs associated with nursing facility services and hospice services are explicitly excluded from the distribution of the risk pool.
- (2) The Agency will establish a withhold per-member-per-month (PMPM) on a quarterly basis.
 - (a) The withhold PMPM will use only State plan or waiver approved services and exclude nursing facility and hospice services.
 - (b) The CHRP will be established by SMMC LTC region.
 - (c) The Agency may adjust the PMPM withhold value on a quarterly basis as necessary.
 - (d) The Agency shall communicate the terms of the CHRP including the threshold and coinsurance amount each quarter.
 - (e) The established CHRP withhold will be applied to the pre-transition HCBS enrollment on a monthly basis.

Section XI. Method of Payment

- (3) The Agency will distribute the funds in the CHRP in proportion to each Managed Care Plan's reported or Agency adjusted expenditures in excess of the CHRP threshold average PMPM for HCBS recipients for the quarterly period.
 - (a) The Agency will utilize encounter data submitted by the Managed Care Plan and the enrollment maintained by the Agency to evaluate Managed Care Plan expenditures for the purpose of distributing the CHRP funds. Encounter data shall be submitted in accordance with Attachment B., Section X., Administration and Management.
 - (b) The Agency shall aggregate the qualified service expenditures from the encounter data by Managed Care Plan for the quarter based on incurred date reported on the encounter data for HCBS recipients who were eligible on the date of service. The Agency, at its discretion, may reprice encounter data based on what the Agency would have paid for the same services under FFS.
 - (c) CHRP distributions will occur every three (3) months using the following schedule:
 - i. May Disbursement – Claims incurred September – November, paid and submitted through February;
 - ii. August Disbursement – Claims incurred December – February, paid and submitted through May;
 - iii. November Disbursement – Claims incurred March – May, paid and submitted through August; and
 - iv. February Disbursement – Claims incurred June – August, paid and submitted through November.
 - (d) At the end of each twelve (12) month period, in the event the eligible expenditures for the CHRP are less than the total amount withheld, the Agency shall refund the balance of the withheld amount less any disbursement for eligible expenditures to the Managed Care Plans participating in the region.
 - (e) At the end of each twelve (12) month period, in the event the Managed Care Plan(s) in a region do not have any HCBS recipients whose expenditures meet the threshold, the Agency shall refund the withheld amounts to the Managed Care Plans participating in the region.
 - (f) At the end of each twelve (12) month period, the Agency will close the funds, eliminating any carry over balances, and return any unused portion of each regional fund to the Managed Care Plans operating in that region on a per member basis. The Agency, at its discretion, may distribute any unused portion of the funds from the pool before the end of the twelve (12) month period.

Section XI. Method of Payment

- (4) The Agency may adjust prior CHRP distributions if the encounter data used for the original CHRP distribution has changed through adjustments submitted in the encounter data that may include but are not limited to voided and replaced encounters submitted by the Managed Care Plans or a recipients retro-active disenrollment from the SMMC LTC program. Twelve (12) months after the end of the quarter, the Agency will make no further post-payment adjustments.
- (5) The Agency retains the right to update the withhold percentage on a quarterly basis, if needed. Inclusion of this information in the LTC databook does not imply the continued due of CHRP, and it does not imply that the methodology of CHRP will stay the same if it continues.
