**LIFE SKILLS CENTER BROWARD COUNTY, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2007**

The discussion and analysis of the Life Skills Center Broward County, Inc's (the School) financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2007. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

**Financial Highlights**

The assets of the School exceeded its liabilities at the close of the most recent fiscal year by \$177,065 (net assets). This is a slight decrease from the prior year, when assets of the School exceeded its liabilities by \$188,609.

Revenues from state and local sources increased by 156% (\$939,250); revenues from Federal sources decreased 83% (\$250,150); revenues from other sources increased 20% (\$275,571) for a net increase in revenues of 42% (\$964,671). Expenses increased 55% (\$1,164,824). The change is primarily due to an increase in enrollment.

**Using this Financial Report**

This report consists of three parts, the management discussion and analysis, the basic financial statements, and notes to those statements. The basic financial statements include two kinds of statements that present different views of the School:

- The first two statements, the Statement of Net Assets and Statement of Activities, are government-wide financial statements that provide information about the School's overall financial status.
- The remaining statements, the Balance Sheet and Statement of Revenues, Expenditures, and Changes in Fund Balances, are fund financial statements that focus on individual parts of the School, reporting the School's operations in more detail than the government-wide statements.

**Government-wide Financial Statements**

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by the private sector. The Statement of Net Assets includes all of the School's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the School's net assets and how they have changed. Net assets - the difference between the School's assets and liabilities - are one way to measure the School's financial position. Over time, increases or decreases in the School's net assets are an indicator of whether its financial position is improving or deteriorating.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2007**

**Net Assets**

Table 1 provides a comparative summary of the School's net assets for fiscal years 2007 and 2006.

(Table 1)			
Net Assets			
	2007	2006	Increase (Decrease)
<b>Assets</b>			
Current Assets	\$ 93,760	\$ 136,616	\$ (42,856)
Capital Assets, Net	149,057	181,187	(32,130)
Total Assets	\$ 242,817	\$ 317,803	\$ (74,986)
<b>Liabilities</b>

Unrestricted	27,070	6,484	20,586
Total Net Assets	\$ 177,065	\$ 188,609	\$ (11,544)

Current assets decreased primarily due to a decrease in cash as a result of the current year excess of expenses over revenues. Capital assets, net decreased as a result of depreciation expense in excess of capital asset purchases. Current liabilities decreased due to the timing of payments at year end.

**Change in Net Assets**

Table 2 shows the comparative changes in net assets between fiscal year 2007 and 2006, as well as a listing of revenues and expenses.

Change in Net Assets	<u>\$ (11,544)</u>	<u>\$ 188,609</u>	<u>\$ (200,153)</u>

State and local sourced increased due to an increase in enrollment. Federal start-up grant decreased due to the expiration of the start-up grant initiated in the prior year. Other revenue increased due to the additional contribution required from WHLS during fiscal 2007.

The majority of expenses increased from 2006 due to salary increases and additional positions added to serve the increased student enrollment in fiscal 2007.

**Fund Financial Statements**

The fund financial statements provide more detailed information about the School's most significant funds, rather than the School as a whole. A fund is a self-balancing set of accounts, which the School uses to keep track of sources of funding and spending.

**LIFE SKILLS CENTER BROWARD COUNTY, INC.  
MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2007**

The School's basic services are included in governmental funds, which focus on (1) how cash and other financial assets that can readily be converted to cash flow in and out and (2) the balances left at year-end that are available for spending.

In particular, unreserved fund balance is a useful measure of the School's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the School's governmental funds reported a combined ending unreserved fund balance of \$27,070.

**Budgetary Highlights**

The School prepares an annual budget in June based on the expected funded enrollment figure for the following school year. The budget is revised once the School's final full-time equivalent enrollment is determined based on the required count dates.

The School's final general fund budget estimated a \$39,972 carryover to the following year. Actual results produced a carryover in the general fund of \$20,586.

**Capital Assets**

At the end of fiscal year 2007, the School had \$244,142 invested in furniture, fixtures and equipment and computer software. Table 3 shows comparative balances of capital assets for fiscal years 2007 and 2006.

MANAGEMENT'S DISCUSSION AND ANALYSIS  
FOR THE YEAR ENDED JUNE 30, 2007**

**Current Financial Issues**

As explained more fully in Note 7 to the basic financial statements, the School contracts with WHLS of Florida, LLC ("WHLS") for the majority of its day-to-day services which includes facilities, equipment, technology, operational support services (including execution of the educational model), personnel and training, management and management consulting. WHLS agrees to provide these services for a percentage share of the per pupil revenues received by the School from the District School Board of Broward County and all grant or other funding of any kind generated by WHLS, thereby assuming the financial risk that such share of revenues will not be sufficient to cover expenses. Payment of any excess expenses by WHLS do not represent a loan or future obligation of the School to WHLS.

For fiscal year 2007, the school's second year of operation, the Company provided \$1,672,390 of additional support to the School. These costs were incurred solely by WHLS on behalf of the School and its operations. The School projects that with an increase in enrollment and the absence of upfront capital investments in the facility, the School will not require this level of additional support from WHLS during fiscal year 2008.

**Report of Independent Auditors on Basic Financial Statements  
and Supplementary Information**

To the Board of Directors of Life Skills Center Broward County, Inc.,  
a Charter School and Component Unit of the District  
School Board of Broward County, Florida

We have audited the accompanying financial statements of the governmental activities and each major fund of Life Skills Center Broward County, Inc. (the "School"), a charter school and component unit of the District School Board of Broward County, Florida, as of and for the year ended June 30, 2007, which collectively comprise the School's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Life Skills Center Broward County, Inc. as of June 30, 2007, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 27, 2007 on our consideration of the School's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The management's discussion and analysis on pages 1 - 5 and the budgetary comparison schedules on pages 21 - 22 are not a required part of the basic financial statements but are supplementary information required by the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

**LIFE SKILLS CENTER BROWARD COUNTY, INC.  
NOTES TO THE BASIC FINANCIAL STATEMENTS  
FOR THE YEAR ENDED JUNE 30, 2007**

**1. DESCRIPTION OF THE SCHOOL AND REPORTING ENTITY**

Life Skills Center Broward County, Inc. (the School) is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act and Section 1002.33, Florida Statutes.

The School contracts with WHLS of Florida, LLC (WHLS) for most of its functions. See Note 7.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Broward County (the District). The current charter is effective until June 30, 2009 and may be renewed for up to an additional fifteen years by mutual agreement between the School and the District. At the end of the term of the charter, the School Board may choose not to renew the charter under the grounds specified in the charter. In this case, the District is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the District may also terminate the charter if any good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds revert back to the District. The School is considered a component unit of the District and meets the definition of a governmental entity under the *Audit and Accounting Guide – State and Local Governments* issued by the American Institute of Certified Public Accountants; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governments.

The School operates under a self-appointing, six-member Board of Directors (the Board). The School's Code of Regulations specifies that vacancies that arise on the Board will be filled by the appointment of a successor director by a majority vote of the then existing directors. The Board is responsible for carrying out the provisions of the contract with the District, which includes, but is not limited to, state-mandated provisions regarding student population, curriculum, academic goals, performance standards, admission standards, and qualifications of teachers. The School has one instructional/support facility, which is leased by WHLS. The facility is staffed with teaching personnel employed by WHLS.

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

**LIFE SKILLS CENTER BROWARD COUNTY, INC.**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2007**  
**(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**A. BASIS OF PRESENTATION**

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the School's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The government-wide financial statements of the School consist of governmental activities. The School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program (FEFP) and state and federal grants finance most of these activities.

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in individual funds based on the purpose for which they are spent and the means by which spending activities are controlled. The funds in the financial statements of this report are as follows:

**Governmental Funds:**

- General Fund - to account for all financial resources not required to be accounted for in another fund.
- Special Revenue Fund – to account for the proceeds of specific revenue sources and federal grants that are restricted by law or administrative action to be spent for specific purposes.

For the purposes of these statements, the School's funds described above are considered major funds.

**B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING**

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

The government-wide financial statements are presented using the accrual basis of accounting and an economic resources focus. Under the accrual basis of accounting, revenues and expenses are recognized when they occur.

**LIFE SKILLS CENTER BROWARD COUNTY, INC.**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2007**  
**(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**B. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)**

The modified accrual basis of accounting and current financial resources focus is followed by the governmental funds. Under the modified accrual basis, revenues are recognized when they become measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within sixty days of the end of the fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred.

**C. BUDGETARY BASIS OF ACCOUNTING**

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level.

**D. CASH AND CASH EQUIVALENTS**

All cash received by the School is maintained in a demand deposit account. For purposes of presentation on the Statement of Net Assets, investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents.

**E. REVENUE SOURCES**

Revenues for current operations are received primarily from the District pursuant to the funding provisions included in the School's charter. In accordance with funding provisions of the charter and Section 1002.33(18), Florida Statutes, the School reports the number of full-time equivalent students and related data to the District.

Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of full-time equivalent students and related data to the Florida Department of Education (FDOE) for funding through the Florida Education Finance Program (FEFP). Funding for the School is adjusted during the year to reflect the revised calculations by FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. The District receives a 5% administrative fee from the School. This administrative fee is calculated on the FEFP revenues up to 500 students. Amounts awarded under FEFP for the 2007 school year totaled \$1,541,334.

**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2007**  
**(Continued)**

**2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)**

**E. REVENUE SOURCES (Continued)**

The School may receive federal awards for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal awards in which claims to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent eligible expenditures have been incurred.

**F. CAPITAL ASSETS AND DEPRECIATION**

For purposes of recording capital assets, the Board has a capitalization threshold of \$5,000.

The capital assets are recorded on the accompanying Statement of Net Assets at cost, net of accumulated depreciation of \$95,085. Depreciation is computed by the straight-line method over three or five years depending upon classification.

Aside from those mentioned above, the School has no other capital assets, as the School operates under a management agreement with WHLS (see Note 7).

**G. USE OF ESTIMATES**

In preparing the financial statements, management is sometimes required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

**H. NET ASSETS**

Net assets represent the difference between assets and liabilities. Net assets consist of capital assets, net of accumulated depreciation, unrestricted net assets and assets restricted for categorical carryover programs.

**LIFE SKILLS CENTER BROWARD COUNTY, INC.**  
**NOTES TO THE BASIC FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED JUNE 30, 2007**  
**(Continued)**

**3. CUSTODIAL CREDIT RISK - DEPOSITS**

Custodial credit risk is the risk that in the event of bank failure, the School's deposits may not be returned to it. The School's deposit policy for custodial credit risk is to spread its deposits among various institutions to the extent possible in order to limit its exposure to any one institution. If the School's bank balance is not expected to exceed the depository insurance limit for an extended period of time, then balances are not normally moved to a separate financial institution. The School has not historically experienced losses on such accounts.

**4. CAPITAL ASSETS AND DEPRECIATION**

**Report of Independent Auditors on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards***

To the Board of Directors of Life Skills Center Broward County, Inc.,  
a Charter School and Component Unit of the District  
School Board of Broward County, Florida

We have audited the financial statements of the governmental activities and each major fund of Life Skills Center Broward County, Inc. (the "School"), a charter school and component unit of the District School Board of Broward County, Florida, as of and for the year ended June 30, 2007, and have issued our report thereon dated September 27, 2007. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the School's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the School's financial statements that is more than inconsequential will not be prevented or detected by the School's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the School's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting and its operation that we consider to be material weaknesses, as defined above.

### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's basic financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of management of the School, the District School Board of Broward County, Florida, the Florida Department of Education and the Florida Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

**ADDITIONAL INFORMATION REQUIRED BY  
RULES OF THE FLORIDA AUDITOR GENERAL,  
CHAPTER 10.850, *AUDITS OF CHARTER SCHOOLS  
AND SIMILAR ENTITIES***

To the Board of Directors of Life Skills Center Broward County, Inc.,  
a Charter School and Component Unit of the District  
School Board of Broward County, Florida

In planning and performing our audit of the financial statements of the governmental activities and each major fund of Life Skills Center Broward County, Inc. (the "School"), a charter school and component unit of the District School Board of Broward County, Florida, as of and for the year ended June 30, 2007, in accordance with auditing standards generally accepted in the United States of America, we considered the School's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control. Accordingly, we do not express an opinion on the effectiveness of the School's internal control.

During the course of our audit, nothing came to our attention to indicate that the School had met any of the conditions described in Section 218.503(1), Florida Statutes (the "conditions"). However, in planning and performing our audit, we considered whether the School had met any of the conditions as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion as to whether the School had met any of the conditions. Accordingly, we do not express an opinion as to whether the School had met any of the conditions.

This communication is intended solely for the information and use of the Board of Directors, management and others within Life Skills Center Broward County, Inc. and is not intended to be and should not be used by anyone other than these specified parties.
