MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2011**

The discussion and analysis of the Life Skills Center Orange County, Inc.'s (the "School") financial performance provides an overall review of the School's financial activities for the fiscal year ended June 30, 2011. The intent of this discussion and analysis is to look at the School's financial performance as a whole; readers should also review the basic financial statements and the notes to the basic financial statements to enhance their understanding of the School's financial performance.

Financial Highlights

The assets of the School exceeded its liabilities at the close of the fiscal year by \$141,056 (net assets). This is an increase from the prior year, when assets of the School exceeded its liabilities by \$129,391.

Revenues from state and local sources increased 9% (\$187,683), and revenues from federal sources increased 14% (\$1,353) for a net increase in revenues of 9% (\$189,258). The School received capital outlay funds for the first time, which resulted in increased income for the School. Expenses were less due to the initial investment by the management company being completed last year.

Using this Financial Report

This report consists of three parts - the management discussion and analysis, the basic financial statements and notes to those statements. The basic financial statements include two kinds of statements that present different views of the School:

The first two statements - the Statement of Net Assets and Statement of Activities, are government-wide financial statements that provide information about the School's overall financial status.

The remaining statements - the Balance Sheet and Statement of Revenues, Expenditures and Changes in Fund Balances, are fund financial statements that focus on individual parts of the School, reporting the School's operations in more detail than the government-wide statements.

Government-Wide Financial Statements

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by the private sector. The Statement of Net Assets includes all of the School's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities, regardless of when cash is received or paid.

The two government-wide financial statements report the School's net assets and how they have changed. Net assets - the difference between the School's assets and liabilities - are one way to measure the School's financial position. Over time, increases or decreases in the School's net assets are an indicator of whether its financial position is improving or deteriorating.

Net Assets

The table below provides a comparative summary of the School's net assets for fiscal years 2011 and 2010.

	Net Assets		Increase (Decrease)
	<u>2011</u>	<u>2010</u>	<u>(Decrease)</u>
Assets			
Current Assets	\$ 462,141	\$ 229,927	\$ 232,214
Capital Assets, net	<u>24,534</u>	<u>41,284</u>	<u>(16,750)</u>
Total Assets	<u>\$ 486,675</u>	<u>\$ 271,211</u>	<u>\$ 215,464</u>
Liabilities			
Current Liabilities	<u>\$ 345,619</u>	<u>\$ 141,820</u>	<u>\$ 203,799</u>
Net Assets			
Invested in Capital Assets	24,534	41,284	(16,750)
Unrestricted	<u>116,522</u>	<u>88,107</u>	<u>28,415</u>
Total Net Assets	<u>\$ 141,056</u>	<u>\$ 129,391</u>	<u>\$ 11,665</u>

The increase in current assets and current liabilities is directly related to the timing of capital outlay receipts and the resulting payable to the management company. Net capital assets decreased as a result of depreciation expense in the current year. Unrestricted net assets increased due to the excess of revenues over expenses.

Change in Net Assets

The table below shows the comparative summary of changes in net assets and revenues and expenses for fiscal years 2011 and 2010.

Change in Net Assets		2011	2010	Increase (Decrease)

Change in Net Assets		<u>\$ 11,665</u>	<u>\$ 9,918</u>	<u>\$ 1,747</u>

Total revenues increased primarily due to the School qualifying for capital outlay funding for the first time. Instruction decreased primarily due to a decrease in expenses related to the construction of a transition lab in the prior year. Instruction related technology increased due to higher rates for subcontracted services. General administration increased due to increases in administrative charges, which are based on revenues, and due to the increase in management fees paid to WHLS (see Note 7). School administration decreased due to a decrease in advertising and a decrease in contracted services related to construction of the School's new facility, which was completed in the prior year. Facilities acquisition and construction also

decreased due to decreases in expenses related to construction of the School's new facility, which was completed in the prior year.

Fund Financial Statements

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is a self-balancing set of accounts, which the School uses to keep track of sources of funding and spending.

The School's basic services are included in governmental funds which focus 1) on how financial assets can be converted to cash flows and 2) on the year-end balances available for spending.

In particular, unassigned fund balance is a useful measure of the School's net resources available for spending at the end of the fiscal year. As of the end of the current fiscal year, the School's governmental funds reported a combined ending unassigned fund balance of \$116,522, which was an increase from the prior year. Revenues increased and expenditures decreased for the same reasons described above.

Budgetary Highlights

The School prepares an annual budget in June based on the expected funded enrollment figure for the following school year. The budget is revised once the School's final full-time equivalent enrollment is determined based on the required count dates.

The School's final general fund budget estimated a \$110,966 carryover for the following year. Actual results produced a carryover in the general fund of \$116,522.

With the budget adjustments to the general fund, actual revenues were approximately \$86,000 under final budgeted amounts. This is primarily due to the fact that no transportation funds were received in the current year. Instruction expenditures were approximately \$27,000 less than budgeted primarily due to a decrease in computer related expenditures which were used to setup a transition lab in the prior year. General administration was approximately \$19,000 less than budgeted due to a decrease in the district administration fee. School administration was approximately \$28,000 less than budgeted due to decreased expenditures related to advertising. Facilities acquisition and construction was approximately \$12,000 more than budgeted due to higher than expected rent expense for the School building. Transportation expenditures were approximately \$16,000 less than budgeted due to fewer students requiring bus passes.

Capital Assets

At the end of fiscal year 2011, the School had \$72,423 invested in capital assets. The table below shows comparative balances of capital assets for fiscal years 2011 and 2010.

Capital Assets (Net of Depreciation)		2011	2010	Increase (Decrease)
		<u>2011</u>	<u>2010</u>	<u>(Decrease)</u>
Furniture and Equipment		\$ 22,175	\$ 33,263	\$ (11,088)
Computer Software		<u>2,359</u>	<u>8,021</u>	<u>(5,662)</u>
		<u>\$ 24,534</u>	<u>\$ 41,284</u>	<u>\$ (16,750)</u>

For more information on capital assets, see Note 4 in the Notes to the Basic Financial Statements.

Current Financial Issues

As explained more fully in Note 7 to the basic financial statements, the School contracts with WHLS of Florida, LLC ("WHLS") for the majority of its day-to-day services, which include facilities, equipment, technology, operational support services (including execution of the educational model), personnel and training, management and management consulting. WHLS agrees to provide these services for a percentage share of the per pupil revenues received by the School from the District School Board of Orange County, thereby assuming the financial risk that such share of revenues will not be sufficient to cover expenses. Payment of any excess expenses by WHLS does not represent a loan or future obligation of the School to WHLS.

For fiscal year 2011, the School's fourth year of operation, WHLS did not provide additional support to the School. The School projects that the School will require approximately \$72,000 in support from WHLS during fiscal year 2012.

Report of Independent Auditors on Basic Financial Statements and Supplementary Information

To the Board of Directors of Life Skills Center Orange County, Inc.
a Charter School and Component Unit of the District
School Board of Orange County, Florida

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Life Skills Center Orange County, Inc. (the "School"), a charter school and component unit of the District School Board of Orange County, Florida, as of and for the year ended June 30, 2011, which collectively comprise the School's basic financial statements, as listed in the table of contents. These financial statements are the responsibility of the School's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of Life Skills Center Orange County, Inc. as of June 30, 2011, and the respective changes in financial position thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated September 23, 2011 on our consideration of the School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 1 through 5 and the budgetary comparison information on page 22 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011**

1 DESCRIPTION OF SCHOOL AND REPORTING ENTITY

Life Skills Center Orange County, Inc. (the "School") is a not-for-profit corporation organized pursuant to Chapter 617, Florida Statutes, the Florida Not For Profit Corporation Act and Section 1002.33, Florida Statutes.

The School contracts with WHLS of Florida, LLC ("WHLS") for most of its functions. See Note 7.

The general operating authority of the School is contained in Section 1002.33, Florida Statutes. The School operates under a charter of the sponsoring school district, the District School Board of Orange County, Florida (the "School Board" or the "District"). The current charter is effective until June 30, 2012 and may be renewed by mutual written agreement between the School and the School Board. At the end of the term of the charter, the School Board may choose not to renew the charter under grounds specified in the charter. In this case, the School Board is required to notify the School in writing at least 90 days prior to the charter's expiration. During the term of the charter, the School Board may also terminate the charter if good cause is shown. In the event of termination of the charter, any property purchased by the School with public funds and any unencumbered public funds, except capital outlay funds, revert back to the School Board. Any unencumbered capital outlay funds revert back to the Florida Department of Education to be redistributed among eligible charter schools. The School is considered a component unit of the School Board and meets the definition of a governmental entity under the Governmental Accounting Standards Board ("GASB") accounting guidance; therefore, for financial reporting purposes, the School is required to follow generally accepted accounting principles applicable to state and local governmental units.

The School operates under a self-appointing, three-member Board of Directors (the "Board"). The School's Code of Regulations specifies that vacancies that arise on the Board will be filled by the appointment of a successor director by a majority vote of the then existing directors.

The School operates in a facility leased by WHLS. The facility is staffed with teaching personnel employed by WHLS.

2 SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Recently Adopted Accounting Pronouncements

During fiscal year 2011, the School adopted guidance issued by the GASB that established fund balance classifications that comprise a hierarchy based primarily on the extent to which an entity is bound to observe constraints imposed upon the use of the resources reported in governmental funds. This guidance improves the usefulness of fund balance information by clarifying the definitions of existing governmental fund types and providing additional classifications of fund balance.

LIFE SKILLS CENTER ORANGE COUNTY, INC.
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011
(continued)

Basis of Presentation

The basic financial statements of the School have been prepared in conformity with generally accepted accounting principles as applied to governmental nonprofit organizations. The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

The government-wide financial statements report information about the School as a whole using accounting methods similar to those used by private-sector companies. The Statement of Net Assets includes all of the School's assets and liabilities. All of the current year's revenues and expenses are accounted for in the Statement of Activities regardless of when cash is received or paid.

The government-wide financial statements of the School consist of governmental activities. The School's basic services are included here, such as instruction and school administration. Funds received through the Florida Education Finance Program ("FEFP") and state and federal grants finance most of these activities.

The fund financial statements provide more detailed information about the School's most significant funds, not the School as a whole. A fund is an accounting entity having a self-balancing set of accounts for recording assets, liabilities, fund balance, revenues, and expenditures. Resources are allocated to and accounted for in individual funds based on the purpose for which they are spent and the means by which spending activities are controlled. The funds in the financial statements of this report are as follows:

Governmental Funds:

- General Fund – to account for all financial resources not required to be accounted for in another fund.
- Capital Projects Fund – to account for the proceeds of capital outlay funds provided to charter schools pursuant to Florida Statutes, Section 1013.62.
- Special Revenue Fund – to account for the proceeds of specific revenue sources and federal grants that are restricted by law or administrative action to expenditure for specific purposes.

For purposes of these statements, the general fund and the capital projects fund are major funds. The special revenue fund is considered non-major and is presented as the other governmental fund.

Measurement Focus and Basis of Accounting

Basis of accounting refers to when revenues and expenses/expenditures are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

LIFE SKILLS CENTER ORANGE COUNTY, INC.
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011
(continued)

The government-wide financial statements are presented using the accrual basis of accounting and an economic resources focus. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recognized when they occur.

The modified accrual basis of accounting and current financial resources focus is followed by the governmental funds. Under the modified accrual basis, revenues are recognized when they become measurable and available. Available means collectible within the current period or soon enough thereafter to pay current liabilities. The School considers revenues to be available if they are collected within sixty days of the end of the fiscal year. Under the modified accrual basis of accounting, expenditures are generally recognized when the related fund liability is incurred.

Budgetary Basis of Accounting

Budgets are presented on the modified accrual basis of accounting. During the fiscal year, expenditures were controlled at the object level.

Cash and Cash Equivalents

All cash received by the School is maintained in a demand deposit account. For purposes of presentation on the Statement of Net Assets, investments with an original maturity of three months or less at the time they are purchased are considered to be cash equivalents.

Capital Assets and Depreciation

For purposes of recording capital assets, the School has a capitalization threshold of \$5,000.

The capital assets are recorded on the accompanying Statement of Net Assets at cost, net of accumulated depreciation. Depreciation is computed using the straight-line method over five years for Furniture and Equipment and over three years for Computer Software.

Aside from those mentioned above, the School has no other capital assets, as the School operates under a management agreement with WHLS (see Note 7).

Net Assets

Net assets represent the difference between assets and liabilities. Net assets consist of capital assets, net of accumulated depreciation and unrestricted net assets.

Fund Balance Spending Policy

The School's adopted spending policy is to spend from restricted fund balance first, followed by committed, assigned, then the unassigned fund balance. Most funds were designated for one purpose at the time of their creation. Therefore, expenditures made out of the fund will be allocated to the applicable fund balance classifications in the order of the aforementioned spending policy. If expenditures are incurred that meet the purpose of more than one fund, they will be allocated to restricted fund balance first and then follow the order above. Funds can only

LIFE SKILLS CENTER ORANGE COUNTY, INC.
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011
(continued)

be committed or assigned by formal action of the Board. There are no minimum fund balance requirements for any of the School's funds.

Revenue Sources

Revenues for current operations are received primarily from the District pursuant to the funding provisions included in the School's charter. As such, the School's revenue stream is largely dependent upon the general state of the economy and the amounts allotted to the Florida Department of Education ("FDOE") by the state legislature. In accordance with funding provisions of the charter and Section 1002.33(18), Florida Statutes, the School reports the number of full-time equivalent students and related data to the District.

Under the provisions of Section 1011.62, Florida Statutes, the District reports the number of full-time equivalent students and related data to the Florida Department of Education ("FDOE") for funding through the FEFP. Funding for the School is adjusted during the year to reflect the revised calculations by FDOE under the FEFP and the actual weighted full-time equivalent students reported by the School during the designated full-time equivalent student survey periods. The School Board receives a 5% administrative fee from the School, which is reflected as a general administration expense/expenditure in the accompanying Statement of Activities and Statement of Revenues, Expenditures and Changes in Fund Balances - Governmental Funds. This administrative fee is calculated on the FEFP revenue up to 250 students. The difference between the actual fee and the fee as calculated on total FEFP revenue is restricted for capital outlay expenditures.

The School receives federal awards for the enhancement of various educational programs. This assistance is generally received based on applications submitted to and approved by various granting agencies. For federal awards in which a claim to these grant proceeds is based on incurring eligible expenditures, revenue is recognized to the extent that eligible expenditures have been incurred.

The School is also eligible for charter school capital outlay funding. The amounts received under this program are based on the School's actual and projected student enrollment during the fiscal year. Funds received under this program may only be used for lawful capital outlay expenditures and, as such, any unexpended amounts are reflected as restricted net assets and restricted fund balance in the accompanying Statement of Net Assets and Balance Sheet – Governmental Funds, respectively.

Income Taxes

The School is an organization exempt from income taxation under Section 501(a) as an entity described in Section 501(c)(3) of the Internal Revenue Code of 1986, as amended. Accordingly, no provision for federal income taxes is included in the accompanying financial statements.

LIFE SKILLS CENTER ORANGE COUNTY, INC.
NOTES TO THE BASIC FINANCIAL STATEMENTS
FOR THE YEAR ENDED JUNE 30, 2011
(continued)

The School has adopted guidance related to accounting for uncertainty in income taxes, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position that an entity takes or expects to take in a tax return. This guidance is applicable to not-for-profit organizations that may be conducting unrelated business activities, which are potentially subject to income taxes, including state income taxes.

The School assesses its income tax positions, including its continuing tax status as a not-for-profit entity, and recognizes tax benefits only to the extent that the School believes it is “more likely than not” that its tax positions will be sustained upon an examination by the Internal Revenue Service (“IRS”) or the applicable state taxing authority. Accordingly, there is no provision for federal income taxes in the financial statements, as the School believes all tax positions, including its continuing status as a not-for-profit entity, have a greater than 50% chance of realization in the event of an IRS audit. State income taxes, which may be due in certain jurisdictions, have been assessed following the same “more likely than not” measurement threshold. With few exceptions, the School is no longer subject to U.S. federal, state and local income tax examinations by tax authorities for years before 2007.

Use of Estimates

In preparing the financial statements, management is sometimes required to make estimates and assumptions that affect the reported amounts of assets and liabilities, the disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of revenues and expenses/expenditures during the reporting period. Actual results could differ from those estimates.

Subsequent Events

The School has adopted guidance that requires the disclosure of the date through which an entity has evaluated subsequent events and the basis for that date (that is, whether that date represents the date the financial statements were issued or were available to be issued). The School has evaluated subsequent events through September 23, 2011, which is the date the financial statements were available to be issued.

3 ACCOUNTS RECEIVABLE

Accounts receivable included in the accompanying Statement of Net Assets and Balance Sheet – Governmental Fund includes \$166,796 in FEFP funds, which are receivable from the District. Based on collectibility of funds from the source, an allowance for doubtful accounts is not considered necessary.

6 RISK MANAGEMENT

Property and Liability

The School is exposed to various risks of loss related to torts; theft or damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. As part of its management agreement, WHLS has contracted with an insurance company for property and general liability insurance (see Note 7).

Director and Officer

Coverage includes a \$2,000,000 aggregate limit and \$10,000 deductible.

7 AGREEMENT WITH WHLS

The School enters into an annual Management Agreement (“Agreement”) with WHLS, which is an educational consulting and management company. The Agreement’s term will renew on an annual basis unless one party notifies the other party at least six (6) months prior to the expiration of the then-current term of its intention to not renew the agreement. Substantially all functions of the School have been contracted to WHLS. WHLS is responsible and accountable to the School’s Board of Directors for the administration and operation of the School. The School is required to pay WHLS a monthly continuing fee of 97 percent of the School’s “Qualified Gross Revenues,” defined in the Agreement as “...all revenues and income received by the School except for charitable contributions” and “WHLS shall receive 100 percent of any and all grants or funding of any kind generated by WHLS, and its affiliates beyond the regular per pupil state funding received by the School, subject to any terms and conditions attached to the grants, if any.” The continuing fee is paid to WHLS based on the previous month’s qualified gross revenues less any fees the School is required to remit to the School Board. The continuing fee earned by WHLS for the year ended June 30, 2011 was \$2,058,007. WHLS will be responsible for all costs incurred in providing the educational program at the School, which include but are not limited to, salaries and benefits of all personnel, curriculum materials, textbooks, library books, computers and other equipment, software, supplies, building payments, maintenance, capital, and insurance.

Per the Agreement, no other amounts are required other than the continuing fee as reported above. For the year ended June 30, 2011, the continuing fee paid to WHLS included a \$117,630 management fee over and above the direct site expenses of the School and the expenses of the WHLS Florida administrative office, which manages the School’s curriculum, human resources, finance/grants management, facilities, marketing, etc. The management fee and the indirect costs of the Florida administrative office are recorded in the “General Administration” function on the accompanying Statement of Activities and Statement of Revenues, Expenditures and Changes in Fund Balances – Government Funds.

In accordance with the Agreement, substantially all assets used to operate the School are owned by WHLS, other than those recorded as capital assets in the accompanying Statement of Net Assets. The Agreement contains provisions for the School (at its option) to purchase all of the personal and real property relating to the operation of the School, free and clear of all liens or other encumbrances upon the end of the contract.

8 CONTINGENCES

Grants

Amounts received from grantor agencies are subject to audit and adjustment by the grantor. Any disallowed costs may require refunding to the grantor. Amounts that may be disallowed, if any, are not presently determinable. However, in the opinion of the School, any such adjustments will not have a material adverse effect on the financial position of the School.

**Report of Independent Auditors on Internal Control Over Financial Reporting
and on Compliance and Other Matters Based on an Audit of Financial Statements
Performed in Accordance with *Government Auditing Standards***

To the Board of Directors of Life Skills Center Orange County, Inc., a Charter School
and Component Unit of the District School Board of Orange County, Florida

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Life Skills Center Orange County, Inc. (the "School"), a charter school and component unit of the District School Board of Orange County, Florida, as of and for the year ended June 30, 2011, which collectively comprise the School's basic financial statements and have issued our report thereon dated September 23, 2011. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the School's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the School's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the School's internal control over financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the School's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended for the information and use of management of the School, the District School Board of Orange County, Florida, the Florida Department of Education and the Auditor General and is not intended to be and should not be used by anyone other than these specified parties.

**ADDITIONAL INFORMATION REQUIRED BY
RULES OF THE AUDITOR GENERAL,
CHAPTER 10.850, *AUDITS OF CHARTER SCHOOLS
AND SIMILAR ENTITIES***

To the Board of Directors of Life Skills Center Orange County, Inc.,
a Charter School and Component Unit of the District
School Board of Orange County, Florida

We have audited the financial statements of the governmental activities, each major fund and the aggregate remaining fund information of Life Skills Center Orange County, Inc. (the "School") as of and for the year ended June 30, 2011, and have issued our report thereon dated September 23, 2011.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. We have issued our Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters. Disclosures in that report, which is dated September 23, 2011, should be considered in conjunction with this management letter.

Additionally, our audit was conducted in accordance with Chapter 10.850, Rules of the Auditor General, which governs the conduct of charter school and similar entity audits performed in the State of Florida. This letter includes the following information, which is not included in the aforementioned auditor's reports:

- Section 10.854(1)(e)1., Rules of the Auditor General, requires that we determine whether or not corrective actions have been taken to address findings and recommendations made in the preceding annual financial audit report. There were no findings and recommendations made in the preceding annual financial audit report.
- Section 10.854(1)(e)3., Rules of the Auditor General, requires that we address in the management letter any recommendations to improve financial management. In connection with our audit, we did not have any such recommendations.
- Section 10.854(1)(e)4., Rules of the Auditor General, requires that we address violations of provisions of contracts or grant agreements, or abuse that have occurred, or are likely to have occurred, that have an effect on the financial statements that is less than material but more than inconsequential. In connection with our audit, we did not have any such findings.
- Section 10.854(1)(e)5., Rules of the Auditor General, provides that the auditor may, based on professional judgment, report the following matters that are inconsequential to the determination of financial statement amounts, considering both quantitative and qualitative factors: (1) violations of provisions of contracts or grant agreements, fraud, illegal acts, or abuse that have occurred, or are likely to have occurred, and (2) deficiencies in internal control that are not

significant deficiencies. In connection with our audit, we did not have any such findings.

- Section 10.854(1)(e)6., Rules of the Auditor General, requires the name or official title of the school. The official name of the School is Life Skills Center Orange County, Inc.
- Section 10.854(1)(e)2., Rules of the Auditor General, requires a statement be included as to whether or not the School has met one or more of the conditions described in Section 218.503(1), Florida Statutes, and identification of the specific condition met. During the course of our audit, nothing came to our attention to indicate that the School had met any of the conditions described in Section 218.503(1), Florida Statutes (“the conditions”). However, in planning and performing our audit, we considered whether the School had met any of the conditions as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion as to whether the School had met any of the conditions. Accordingly, we do not express an opinion as to whether the School had met any of the conditions.
- Pursuant to Sections 10.854(1)(e)7.a. and 10.855(10), Rules of the Auditor General, we applied financial condition assessment procedures as of June 30, 2011, which included calculation and analysis of certain financial indicators we considered relevant to the School. Our financial condition assessment procedures did not include the use of benchmarks. It is management’s responsibility to monitor the School’s financial condition, and our financial condition assessment was based in part on representations made by management and the review of financial information provided by management.

Pursuant to Chapter 119, Florida Statutes, this management letter is a public record and its distribution is not limited. Auditing standards generally accepted in the United States of America require us to indicate that this letter is intended solely for the information and use of management, the Board of Directors and the Auditor General and is not intended to be and should not be used by anyone other than these specified parties.
