

Summary

Report Number: [2013-053](#)

Report Title: **Collier County District School Board – Financial, Operational, and Federal Single Audit**

Report Period: **07/01/2011 – 06/30/2012**

Release Date: **12/11/2012**

Summary of Report on Financial Statements

Our audit disclosed that the District's basic financial statements were presented fairly, in all material respects, in accordance with prescribed financial reporting standards.

Summary of Report on Internal Control and Compliance

Our audit did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses.

The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*, issued by the Comptroller General of the United States; however, we noted certain additional matters as summarized below.

ADDITIONAL MATTERS

Finding No. 1: The Board had not adopted formal policies and procedures establishing a documented process to identify instructional personnel entitled to differentiated pay using the factors prescribed in Section 1012.22(1)(c)4.b., Florida Statutes.

Finding No. 2: Controls over facilities construction and maintenance activities could be enhanced.

Finding No. 3: Three of four construction management contracts tested lacked penalty clauses to ensure timely completion of construction projects.

Finding No. 4: District records did not document the basis for reporting \$1,608,318 of resources as assigned fund balance in a capital projects fund, and the Board had not officially designated who had the authority to assign fund balances and express the intent of the specific purposes for such assignments.

Finding No. 5: Improvements were needed in monitoring claims paid by a service organization for the health self-insurance plan.

Finding No. 6: Some inappropriate or unnecessary information technology (IT) access privileges existed, indicating a need for an improved review of access privileges.

Finding No. 7: District IT security controls related to user authentication needed improvement.

Summary of Report on Federal Awards

We audited the District's Federal awards for compliance with applicable Federal requirements. The Child Nutrition Cluster, Student Financial Assistance Cluster, Migrant Education, and School Improvement Grants Cluster programs were audited as major Federal programs. The results of our audit indicated that the District materially complied with the requirements that could have a direct and material effect on each of its major Federal programs.

Audit Objectives and Scope

Our audit objectives were to determine whether the Collier County District School Board and its officers with administrative and stewardship responsibilities for District operations had:

- Presented the District's basic financial statements in accordance with generally accepted accounting principles;
- Established and implemented internal control over financial reporting and compliance with requirements that could have a direct and material effect on the financial statements or on a major Federal program;
- Established internal controls that promote and encourage: 1) compliance with applicable laws, rules, regulations, contracts, and grant agreements; 2) the economic and efficient operation of the District; 3) the reliability of records and reports; and 4) the safeguarding of District assets;
- Complied with the various provisions of laws, rules, regulations, contracts, and grant agreements that are material to the financial statements, and those applicable to the District's major Federal programs; and
- Taken corrective actions for findings included in previous audit reports.

The scope of this audit included an examination of the District's basic financial statements and the Schedule of Expenditures of Federal Awards as of and for the fiscal year ended June 30, 2012. We obtained an understanding of the District's environment, including its internal control, and assessed the risk of material misstatement necessary to plan the audit of the basic financial statements and Federal awards. We also examined various transactions to determine whether they were executed, both in manner and substance, in accordance with governing provisions of laws, rules, regulations, contracts, and grant agreements.

Audit Methodology

The methodology used to develop the findings in this report included the examination of pertinent District records in connection with the application of procedures required by auditing standards generally accepted in the United States of America; applicable standards contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Office of Management and Budget Circular A-133.

Management's response is included in the audit report as Exhibit A.
