P R O C E E D I N G S

(The agenda items commenced at 8:15 a.m.)

GOVERNOR BUSH: Financial Services Commission,
Office of Insurance Regulation.

MR. FOY: David Foy. Thank you, Governor, members
of the Cabinet. The first item is request for approval
to publish notice of rulemaking for new Rule
690-142.015, which is standardization requirements
applicable to insurers after hurricanes or natural
disasters.

Obviously this is very important right now that
the hurricane season is here, after the tropical storm.
This rule adopts the requirements for reporting claims
to the office, and insurer financial losses. It also

15 provides for grace periods for payment of premiums and
16 performance of other duties for policyholders affected
17 by a disaster and temporary postponement of
18 cancellations and nonrenewals.

19 This was placed into law by Senate Bill 1980 and
20 was basically referred to as shelf rules or a playbook.
21 And what this will allow us to do is help consumers and
22 the marketplace and third parties know what's coming
23 year after year.

24 And the good part, Governor Bush and members of
25 the Cabinet, if a declaration is made by the Governor,

ACCURATE STENOGRAPHY REPORTERS, INC.

6

1 the Commissioner now has additional powers, as the
2 Office of Insurance Regulation Commissioner, as does
3 the Office of Financial Regulation Commissioner. So if
4 there are things that the Commissioner needs to handle
5 as far as a disaster, he does have that power after
6 declaration of emergency, even though it may not be in
7 the shelf rules.

8 CFO GALLAGHER: Motion on 1.

9 ATTORNEY GENERAL CRIST: Second.

10 GOVERNOR BUSH: There's a motion and a second.

11 Without objection, the motion passes. Thank you.

12 MR. FOY: Thank you.

DR. ZINGALE: Good morning. Item 2, request approval of amendments to Rule Chapter 12A-16.008, Florida Administrative Code. These are changes to forms providing access of information, access to updated forms, allowing a taxpayer Web, mail, call-in, fax. All our forms have to be brought in front of you. No substantive issues, technical changes only. Request approval.

4 GOVERNOR BUSH: There's a motion and a second.

5 Without objection, Item 1 passes. Good morning, Jerry.

6 MR. BAILEY: Good morning, Governor, members of
7 the Cabinet. Our second item is a submission of our
8 third quarter performance standards results. You'll
9 see that we have met or exceeded almost all of our
10 performance standards.

11 One item of vulnerability I would like to point
12 out to you is our current turnaround times in our lab
13 or forensic system, we are -- we've got more evidence
14 coming in than we're able to process in a timely
15 manner, especially in the DNA areas.

16 We are taking a step back to look at smarter ways
17 to do some of the analysis. And other good news is we
18 do have about ten analysts that are about to come out
19 of training. Those folks, when they are in training,
20 they're actually counter-productive because we use the
21 experienced analysts to do their training.

22 But, again, we are looking at smarter ways to do
23 that. And hopefully our next quarterly report we'll
24 have better news for you on that.

20 GOVERNOR BUSH: There's a motion and a second.

21 Without objection, the item passes. I thought we were

22 delegating some of this stuff, Commissioner.

23 COMMISSIONER BRONSON: Well, that --

24 GOVERNOR BUSH: I trust you to decide whether we

25 should lease two acres of anything. I trust you that

ACCURATE STENOGRAPHY REPORTERS, INC.

12

1 much.

2 COMMISSIONER BRONSON: Governor, if I may, one of

3 the issues involved is there was discussion on whether

4 if someone gave up the lease, the Division was able to

5 re-lease that very same property to someone else to do

6 the very same thing, which is clam operation --

7 I think DEP thought that it was considered a new

8 lease, since it's going to be another person. And
9 we've always considered a new lease as any new land
10 that was going to be put under production, not the same
11 land that was already granted by the board.

12 So there is a difference of opinion on that one.
13 We probably could discuss that and maybe decide whether
14 we want to -- since it's not new property that's being
15 leased by the State but the same property under another
16 lease, lessor or lessee for the same operation, that we
17 would do that. I mean, that's something that we could
18 talk about.

19 GOVERNOR BUSH: Okay. We will, I'm sure. Where
20 are we?

21 MR. WILHELM: Item Number 4, Governor, and that is
22 what Item Number 4 is. It's a request asking for that
23 clarification on the delegation, to allow the
24 Department to issue those leases.

25 CFO GALLAGHER: Motion on 4.

1 ATTORNEY GENERAL CRIST: Second.

2 GOVERNOR BUSH: There's a motion and a second.

1 GOVERNOR BUSH: Board of Trustees. Good morning,
2 Colleen.
3 MS. CASTILLE: Good morning, Governor.
4 GOVERNOR BUSH: How was your visit to Washington,
5 D.C., the nation's capitol?
6 MS. CASTILLE: It was -- it was testy.
7 GOVERNOR BUSH: I heard Congressman Peterson took
8 offense.
9 MS. CASTILLE: He did. Congressman Peterson has
10 been trying to open up our waters to natural gas
11 drilling only because it's his belief that there's no
12 environmental impact or impact to our tourism
13 committee, I mean community.
14 GOVERNOR BUSH: Two miles off our coast or

15 something.

16 MS. CASTILLE: He actually keeps saying 20, but
17 the action that he would have taken could have done it
18 as much as three miles off our coast and as much as
19 nine miles off the western side of our panhandle.

20 GOVERNOR BUSH: Next time you see him please
21 encourage him to continue to criticize me for trying to
22 protect Florida's coastline. Item 1.

23 MS. CASTILLE: Item 1, Cayo Costa Florida Forever
24 Project, this is consideration of an option agreement
25 to acquire .3 acres within Cayo Costa Florida Forever

3 CFO GALLAGHER: Motion on 1.

4 GOVERNOR BUSH: There's a motion.

5 ATTORNEY GENERAL CRIST: Second.

6 GOVERNOR BUSH: And a second. Without objection,
7 Item 1 passes.

8 MS. CASTILLE: Item 2 is the Florida Keys
9 Ecosystem Florida Forever Project. This is an option
10 agreement to acquire 2.34 acres within the Florida Keys
11 Ecosystem Florida Forever Project from the Trust for
12 Public Land for acquisition of the tropical hardwood
13 forest and also a home that's on the property. It will
14 be used as a trail head for canoes and kayaks as well
15 as bicycling.

16 CFO GALLAGHER: Motion on 2.

17 COMMISSIONER BRONSON: Second.

18 GOVERNOR BUSH: There's a motion and a second.
19 Without objection, Item 2 passes. Kent Perez would
20 like to have a market lease for this for six months of
21 the year.

22 MS. CASTILLE: I don't think Kent Perez could
23 afford a market lease on his State salary.

24 GOVERNOR BUSH: Don't you think he might have a
25 night job or something?

ACCURATE STENOTYPE REPORTERS, INC.

16

1 MS. CASTILLE: You keep him too busy, Governor.

2 GOVERNOR BUSH: All right.

3 MS. CASTILLE: Item 3 is Miami-Dade County. This
4 item is a contract to sell six parcels of
5 non-conservation, state-owned land totaling 42.5 acres
6 to Miami-Dade County. The sale price is \$425,000 and
7 is based on the appraisal at the time. This will be
8 for wellfield protection for Miami-Dade County's
9 drinking water.

10 CFO GALLAGHER: Motion on 3.

11 COMMISSIONER BRONSON: Second.

12 GOVERNOR BUSH: We're selling this?

13 MS. CASTILLE: It was a trade that -- we're
14 selling it to the County, but it was a trade that we
15 got with one of the other lime rock mining companies
16 where we do the trade in the Lake Belt --

17 GOVERNOR BUSH: When we got what we got in the
18 trade, did we get property at about 40 percent of
19 appraised value as well?

20 MS. CASTILLE: That was the appraised value at the
21 time of the swap, so yes.

22 GOVERNOR BUSH: So we didn't sell -- we didn't buy
23 high, sell low.

24 MS. CASTILLE: I can't guarantee that.

25 CFO GALLAGHER: No more than we usually do.

ACCURATE STENOTYPE REPORTERS, INC.

17

1 MS. CASTILLE: It was before the real estate
2 values took off in Miami-Dade County in 2003.

3 GOVERNOR BUSH: My question doesn't relate to --

4 MS. CASTILLE: It was the appraised value at the
5 time of the -- that amount was the appraised value at
6 the time.

7 GOVERNOR BUSH: I'm not asking the appraised value
8 of this property. I'm asking -- which the appraisals
9 are two million, one million one, and we're selling
10 this at \$425,000, which seems like a hell of a deal.

11 MS. CASTILLE: It is a hell of a deal.

12 GOVERNOR BUSH: So I just hope that the same
13 deal -- we've got the same deal coming our way, too.
14 Heck of a deal. Excuse me, Father, Pastor. You're
15 still here. I have to be on my best behavior.

16 CFO GALLAGHER: The problem is we made this deal
17 in '03.

18 GOVERNOR BUSH: Well, I assume at the same time we
19 made the swap, right?

20 CFO GALLAGHER: Exactly. Both sides were done in
21 '03.

22 MS. CASTILLE: It was a swap, and it was the
23 value, it was the same value that we got. We swapped
24 value for value, right?

MS. ARMSTRONG: Let me help out. In 2003 we did a land exchange with Florida Rock. And these parcels we retained because it was within the new boundary for Miami-Dade's wellfield protection area. And we knew that we did not want to mine this. They particularly wanted to buy it. And so at that time and in that agenda item we said, we will come back to you for a sale of this property to Miami-Dade. And we did it at that value set in 2003 for these properties.

And it also has a use restriction on it so they can only leave it in its current state, and if they ever do anything on it, it reverts back to you.

GOVERNOR BUSH: So, once again, all of that is wonderful, protecting the wellfields, fantastic. I want my water, when I go back home, to be clean and available, so great news. I'm just asking the question one more time, and a yes/no would work. Did we get the same deal in the swap?

MS. ARMSTRONG: Yes. Yes, sir.

GOVERNOR BUSH: Thank you.

2 MS. CASTILLE: Item 4 is the Health Care District
3 of Palm Beach County. This is the execution of a

5 consent by the Department of Corrections to the partial
6 release, and issuance of a 50-year lease for 50 acres
7 to the Health Care District of Palm Beach County for a
8 public nonprofit hospital.

9 COMMISSIONER BRONSON: Motion on 4.

10 CFO GALLAGHER: Second.

11 GOVERNOR BUSH: There's a motion and a second.
12 Any discussion? Without objection, the motion passes.
13 Thank you for everybody's cooperation and persistence
14 on that deal. I think this will be great for the
15 Glades area.

16 MS. CASTILLE: Thank you, sir.

17 CFO GALLAGHER: I move to defer Item 5 to August
18 1st.

19 GOVERNOR BUSH: There's a motion to defer.

20 COMMISSIONER BRONSON: Second.

21 GOVERNOR BUSH: And a second. Without objection,
22 the motion is deferred until August 1st.

23 MS. CASTILLE: Item 6 is an application for a
24 modification for a 25-year sovereignty submerged land
25 lease to Rybovich. And this will increase the

1 preempted area from 240,158 square feet to 772,305
2 square feet. And it will be used in conjunction with
3 an upland yacht building and repair facility and retail

4 establishments.

5 It will also allow liveboards which will not
6 exceed six months and will authorize the severance of
7 approximately 80,000 cubic yards of sovereignty
8 material, and it revokes an existing Board of Trustees'
9 permit issued on January 2nd for Munyon Island as
10 mitigation. Also --

11 GOVERNOR BUSH: It revokes it? Is that what you
12 said?

13 MS. CASTILLE: It revokes a permit that we had
14 given to someone else who owned an island in 1975. And
15 we gave a permit to these people to build on the
16 island. It has been --

17 GOVERNOR BUSH: So this is mitigation now for
18 this.

19 MS. CASTILLE: This is mitigation for this
20 activity.

21 GOVERNOR BUSH: Okay.

22 CFO GALLAGHER: I move Item 6 with a new 25-year
23 lease.

24 COMMISSIONER BRONSON: Second.

25 GOVERNOR BUSH: There's a motion and a second.

ACCURATE STENOTYPE REPORTERS, INC.

21

1 Any discussion? Without objection, the item passes.

2 MS. CASTILLE: Item 7 is Ecoventure's Wiggins Pass
3 Aqua at Pelican Isle Yacht Club. This is a request to
4 modify an existing five-year sovereignty submerged
5 lands lease to change a docking facility's use from a
6 commercial facility to a private yacht club.

7 It will decreased the leased area from 20,000

8 square feet to 12,200 square feet and will remove an
9 existing bulkhead and replace the existing docking
10 facility with a newly configured 10-slip facility,
11 which includes eight 50-foot slips and two 40-foot
12 slips.

13 CFO GALLAGHER: Motion on 7.

14 COMMISSIONER BRONSON: Second.

15 GOVERNOR BUSH: There's a motion and a second.

16 Any discussion? Without objection, the item passes.

17 MS. CASTILLE: And that concludes our agenda, sir.

18 GOVERNOR BUSH: By the way, good work on that,
19 DEP.

20 MS. CASTILLE: Thank you.

21 GOVERNOR BUSH: Your team deserves high praise for

23 Appreciate it.

2 CFO GALLAGHER: Motion on the minutes.

3 ATTORNEY GENERAL CRIST: Second.

4 GOVERNOR BUSH: There's a motion and a second on
5 Item 1. Without objection, the item passes. Item 2.
6 Coleman, how are you doing?

7 MR. STIPANOVICH: I'm doing well, Governor. Thank
8 you. Good morning, members. Governor, if I may, I'll
9 just make a comment briefly on the minutes. You will
10 see the minutes reflected in the State Board of

11 Administration agenda item, as well as in the Florida
12 Hurricane Catastrophe Fund Finance Corporation. You'll
13 see it in the minutes as well. So it's going to be
14 duplicative.

15 And you will see that the minutes have been
16 updated for the corporation, going back to July of '96.
17 There were four previous meetings that we have all the
18 agendas. Everything is in order, the articles of
19 incorporation, the bylaws, the corporate seal, the
20 resolution. So if you'd like to see it, we've got it.

21 GOVERNOR BUSH: Thank you.

22 CFO GALLAGHER: Have we ratified all that, or do
23 we need to do that?

24 MR. STIPANOVICH: No, sir. Everything has been
25 done and we're --

23

1 CFO GALLAGHER: We pretty much did that last

3 MR. STIPANOVICH: Yes, we did.

4 CFO GALLAGHER: Okay.

5 MR. STIPANOVICH: We do have a couple of agenda
6 items today.

7 GOVERNOR BUSH: Item 2.

8 MR. STIPANOVICH: Item 2 is request for fiscal
9 determination of amount not exceeding 250 million
10 Florida Housing Finance Corporation Homeowner Mortgage
11 Revenue Bonds.

12 ATTORNEY GENERAL CRIST: Motion on 2.

13 CFO GALLAGHER: Second.

19 Corporation Multifamily Revenue Bonds.

20 CFO GALLAGHER: Motion on 3.

21 ATTORNEY GENERAL CRIST: Second.

22 GOVERNOR BUSH: There's a motion and a second.

23 Without objection, the item passes.

24 MR. STIPANOVICH: Item 4 agenda is a request for
25 you to approve filing of Rule 19-15.001 for notice of

24

1 proposed rulemaking. The rule is for the Insurance
2 Capital Build-up Incentive Program. There was no
3 request for a workshop. At the last Cabinet meeting
4 you approved an emergency rule for this program.

5 The Cat Fund did hold a workshop for insurance
6 companies last week. It was well attended, and a lot
7 of information was put out. And so we're in the
8 posture at the end of the day that we should have some
9 loan applications and will begin the process of
10 approving loans.

11 CFO GALLAGHER: Motion on 4.

12 ATTORNEY GENERAL CRIST: Second.

13 GOVERNOR BUSH: There's a motion and a second.

14 Without objection, the item passes.

15 MR. STIPANOVICH: Item 5 is request for you to
16 approve the filing of adoption of Emergency Rule
17 19ER06-4. This emergency rule supersedes the previous

18 emergency rule which you approved at the last Cabinet
19 meeting.

20 The changes made added clarifications regarding
21 the use of reimbursement of premiums, rapid cash
22 buildup to pay losses, and clarifications for the
23 grounds to adjust the emergency assessment percentages
24 and clarifications regarding emergency assessment
25 calculations.
