

FLORIDA DEPARTMENT OF TRANSPORTATION

ADDENDUM NO. 1

DATE: 10/13/2021

RE: Solicitation #: DOT-RFP-22-4004-CF

SOLICITATION TITLE: Districtwide Contamination Assessment and Remediation (CAR) Services

OPENING DATE: 10-27-2021

Notice is hereby given of the following changes regarding the above-referenced solicitation:

Changes:

- **22.4 Presenting the Proposal (Page 16 of 22)** is revised as shown below to delete the highlighted sentence, as executive summary, is not required for this solicitation:

*Technical Proposals must not exceed seventeen (17) pages in length, excluding resumes, certificates, licenses, organizational charts, pictures, and indexes. If a Technical Proposal exceeds 17 pages, excluding resumes, certificates, licenses, and indexes, the pages over 17 will not be provided to the Technical Review Committee for evaluation. The proposal shall be limited to a page size of eight and one-half by eleven inches (8½" x 11"). Type size shall not be less than 11-point font. **The Proposer is encouraged to limit the Executive Summary to no more than one (1) pages.** The Proposer shall limit the resumes to two (2) page per person. Pages of individual resumes in excess of two (2) pages will not be supplied to the Technical Review Committee. The proposals should be indexed and all pages sequentially numbered. Bindings and covers will be at the Proposer's discretion.*

- **Exhibit C1 Instructions (Page C1 of 5)** is changed to delete the following language below:
 - ~~Save the completed Price Proposal Form (in Excel Format) to a CD-ROM and submit the Excel file with your Bid submission.~~
- **Exhibit C1 Instructions (Page C1 of 5)** is revised to now state the following language below:
 - **INCLUDE A SIGNED COPY OF THIS PRICE PROPOSAL FORM WITH YOUR PROPOSAL.**
- **Exhibit C2 – Summary Page** is updated to add the formula for Section 2 Equipment – Vehicles*. A new Exhibit C2 has been uploaded.

Bidders/Proposers/Respondents must acknowledge receipt of this addendum by completing and returning to the Procurement Office with their bid/proposal/reply via email at D4.Purch@dot.state.fl.us, by no later than the time and date of the bid/proposal/reply opening. **Failure to do so may subject the Bidder/Proposer/Respondent to disqualification.**

Failure to file a protest within the time prescribed in Section 120.57(3), Florida Statutes, or failure to post the bond or other security required by law within the time allowed for filing a bond shall constitute a waiver of proceedings under Chapter 120, Florida Statutes.

- **One (1) page** a Work Plan which sets forth the estimated staff-hours for each skill classification that will be utilized to perform the assessment needed to address the roadway improvement work.
- **One (1) page** Figure with the proposed assessment layout.
- **One (1) page** discussion on how the petroleum contamination present could impact a roadway improvement project during the design and construction phase.

b. Sample Level III Construction & Remediation Support: (0-15 points)

During a FDOT Construction project which involved roadway widening and drainage installation, FDOT ROW department has one last task to complete before turning the ROW back to the construction department. The last task was to remove the former fuel station facility which included the full fuel system, vehicular lift, used oil tank, the station building, canopy, and any other structures within the property. The CAR contractor had to coordinate with the ROW Demo contractor and the timeline was driven by the construction contractor which allowed for a one-month timeframe to complete the work.

Provide a **One (1)** page summary which explain the process and coordination needed to meet the deadline.

c. Sample ACM and MBC CAR Support: (0-10points)

Discussion and summary should not exceed **Four (4) pages**.

- Please describe your interpretation of the EPA NESHAP regulation within Section 10.4 of the FDOT Construction Project Administration Manual (CPAM) as it relates to bridges/structures and their potential impact to transportation projects.
- Please describe what is your understanding of the contractor's responsibility as it pertains to the Standard Specifications for Road and Bridge Construction (Standard Specs) Section 110-2.4 and 10.4.4.2 of the FDOT CPAM) regarding ACM and section 110-5.2.2 regarding MBC.
- Provide health and safety procedures to protect roadway construction contractor, FDOT Right of Way and waterbodies when working around Asbestos and MBC related activities?
- Please provide a list of contractors and subcontractors planned for use on facilities containing ACM and MBC testing and abatement. Please include the length of time of the business relationship your firm has with any proposed asbestos contractors or subcontractors and a discussion of related projects you have executed together.

22.4 Presenting the Proposal

Technical Proposals must not exceed seventeen (17) pages in length, excluding resumes, certificates, licenses, organizational charts, pictures, and indexes. If a Technical Proposal exceeds 17 pages, excluding resumes, certificates, licenses, and indexes, the pages over 17 will not be provided to the Technical Review Committee for evaluation. The proposal shall be limited to a page size of eight and one-half by eleven inches (8½" x 11"). Type size shall not be less than 11-point font. The Proposer shall limit the resumes to two (2) page per person. Pages of individual resumes in excess of two (2) pages will not be supplied to the Technical Review Committee. The proposals should be indexed and all pages sequentially numbered. Bindings and covers will be at the Proposer's discretion.

Unnecessarily elaborate special brochures, artwork, expensive paper, and expensive visual and other presentation aids are neither necessary nor desired.

It is recognized that existing financial reports, documents, or brochures, such as those that delineate the Proposer's general capabilities and experience, may not comply with the prescribed format. It is not the intent

Exhibit C
Price Proposal Form

MAJOR

The proposal price(s) will apply to the initial term and any renewal periods.

The proposal price(s) provided must be stated specifically in dollars and cents. If a "0" (zero) is entered, then that is the fee that the proposer will receive if awarded this contract. If a space is left blank, or a space is marked N/A, or the Department's Exhibit "C", Price Proposal Form is not utilized by the Proposer, the proposal may be considered non-responsive.

The quantities are estimated for bidding purposes only and are not necessarily a representation of the actual quantities that will be authorized under this Agreement.

- **Do Not Re-Create, Modify or Replace the Department's Exhibit "C" Price Proposal Form with your own version.**
- **Do Not Change the Department's Estimated Quantity.**
- **Do Not Change the Unit Type.**
- **The Proposer MUST bid on ALL items in all sections.**
- **Download the Price Proposal Form, and electronically enter a Unit Rate for all each item.**
- **INCLUDE A SIGNED COPY OF THIS PRICE PROPOSAL FORM WITH YOUR PROPOSAL.**

Section 1, DIRECT LABOR & FIELD OPERATIONS:

These rates (Rates per Unit) are to include all associated cost, including but not limited to overhead, fringe benefits and operating margin. Some projects may require work shift modification due to corridor access, traffic patterns, and/or the reduction of impact to the traveling public. Overtime is not anticipated for these shift change modifications. All cost for Quality Assurance / Quality Control and Accounting / Financial Management are overhead and are not billable.

Vendor staff attending any FDOT meetings within the District Four boundaries will not be compensated for travel time, fuel, or vehicle used. All work in Broward, Palm Beach, Martin, St. Lucie and Indian river counties, including the Miami-Dade Rail Corridor, will be paid as local. There will be no payment for travel or per diem for work within District four. There will be no additional payment of personnel mobilized to a site from outside of District Four (all cost should be included as part of the respective rates).

* Manager and Scientist classification includes those of Engineer, Chemist, Geologist, Hydrogeologist and Scientist.

Section 2, EQUIPMENT VEHICLES:
