RE: Houghton Mifflin Harcourt Sole Source Letter

Dear Kathy Pyle,

Please be advised that Houghton Mifflin Harcourt is the sole source for products listed in its Pre K-8, 6-12 catalogs, including student editions, teacher editions, and applicable ancillaries. Notwithstanding the foregoing, in the event that Houghton Mifflin Harcourt uses a distributor or reseller for some or all of the products covered by this procurement, the price offered by Houghton Mifflin Harcourt for the same product(s) is equal to the most favorable price available.

In addition, Houghton Mifflin Harcourt is the only source for complimentary products and/or in-service training or other services, where specifically agreed with the district or the state. Houghton Mifflin Harcourt confirms that school, district, and state customers in the United States that purchase our products will receive the catalog wholesale school price that is effective at the time of purchase.

We appreciate your interest in our products. If you have any further questions, feel free to call customer service at 800.225.5425.

With Regards,
